Local Relief Planned

COMMITTEES ACCEPT PLAN OF SMITH'S

Would Establish System Of Co-operation Of Farmer and Labor

CERTIFICATES TO REPLACE MONEY

Unemployed to Secure Necessities Without Working Hardship On Anyone.

The relief program proposed by Hiram T. Smith, representing the community service and employment groups of the American Legion, at a recent meeting of the governor's and county-wide relief committees, was enthusiastically accepted by those two bodies this morning when they met with members of a special committee, appointed to assist Mr. Smith, at 10 o'clock in the office of County Judge U. G. Couch, at the court house. The plan calls for the issuance of labor certificates, redeemable in food and clothing, for work, and, since the success of the plans lies largely on the co-operation of the Union county farmers, it will be presented at a meeting of the granges of the county tomorrow.

The backbone of the plan has been accepted and a board of trustees will be elected after it is presented to the farmers tomorrow, and the board will in turn appoint a man to have supervision over the distribution.

The plan is: the farmer will turn over his produce to the county, for which he will receive full value in labor certificates, which will be printed in different denominations. The farmer will hire the unemployed to work for him and will pay him in labor certificates on a standard wage

BANQUET HELD AT SACAJAWEA LAST EVENING

With about 30 citizens of La Grande in attendance, a dinner was given at the Sacajawea Inn last evening by E. B. Hall, of Klamath Falls, of the Security Owners association, a statistical organization which investigates different projects in the interest of investors. At present the organization is studying the rehabilitation of irrigation projects in order to formulate some system whereby irrigation investments may be taken from the speculative class.

George T. Cochran was chairman of the dinner, given under the auspices of the Security Owners association, and introduced Mr. Hall, who spoke. Wilford Allen, of Grants Pass, told something of the problems the Grants Pass irrigation district is facing, and Dr. W. L. Powers, Oregon State college, who returned recently from a year spent in Europe, talked of soils and results obtained from use of irrigation and fertilizers. Dr. Powers, who spent six weeks in Russia, studying conditions there, gave a few highlights of his experiences in that country.

J. A. Richardson Dies at Trinidad

Mrs. G. C. Headley, 805 N avenue, received a telegram this morning telling her of the death of her father, J. A. Richardson, of Trinidad, Colo., which occurred early today. Mrs. Headley was called to Trinidad early in February when her mother suffered a hip fracture in a fall. Within a few days, her father fell also and with the same result. Mr. Richardson, who was 80 years of age, never improved and failed quite rapidly. His condition had been regarded as grave for the last four weeks. Mrs. Headley, who remained with her parents for about three months, will not go to Colorado at this time. Her mother has made quite satisfactory improvement and is now able to be about in a wheel chair.

WEATHER FORECAST

Oregon: Unsettled, showers tonight or Saturday; mild; moderate south shifting to west winds offshore.

Fair weather probable Sunday.

WEATHER TODAY

7 a. m.—60 above.
Minimum: 54 above.
Condition: Partly cloudy.

WEATHER YESTERDAY

Maximum 75, minimum 54 above.
Condition: Partly cloudy. Range—21 degrees.

WEATHER JULY 15, 1931

Maximum 80, minimum 53 above.
Condition: Clear. Range—27 degrees.

Burns Wins From Baker 10 to 6 In 8th-Inning Rally

Eight Runs Scored to Put Game on Ice; La Grande and Ontario Playing This Afternoon.

Staging a hard-hitting eighth-inning rally, the Burns American Legion junior league baseball team won its way to the finals hear this morning, defeating Baker 10 to 6. Until the eighth, Baker held a 5 to 2 lead, but five solid singles tied up the score and Burns went on until it had accounted for five more. Baker scored one in the ninth.

Up until the eighth it appeared that Baker was headed for a sure victory, but that Southeastern Oregon murderer's row had merely been reposing, apparently. Anyway, when the

(Continued on Page Five)

Band Will Play Concert July 20 At Triangle Park

A concert containing many feature numbers has been scheduled by the La Grande band for next Wednesday evening, July 20 at Triangle park.

Among several features on the program will be a piccolo solo by Dolph Siegrist, one of the principal soloists of the band. Mr. McManus and Mr. Loney will also be heard in a duet arrangement of one of the latest popular hits of the day "Kiss Me Goodnight."

Because of having to cut the last concert short the band was unable to play the overture to "William Tell" as scheduled and this overture will be on next Wednesday night's program. Mr. Gekeler and Mr. Siegrist, oboeist and flutist, respectively, carry the principal solos in this well-known number.

The concert will start promptly at eight o'clock.

350 Game Birds Received From Pendleton Farm

A truck load of Chinese pheasants, between six and seven weeks of age, arrived here this morning from the state game farm in Pendleton. There were 350 birds in the load, and of this number 150 were released in the holding pens recently constructed at the sewage disposal plant, and the other 200 were taken to the holding pens at the Union fish hatchery.

The 150 birds left here will be kept until fall, when the males will be released. The females will be kept in the pens through the winter and then freed next spring, so that they may nest—insuring an augmented crop of young pheasants next summer in the Grande Ronde valley.

The local holding pens will take 100 more birds, which probably will arrive here the last of the month.

The truck was driven to La Grande by Mr. Spanger and he was met here by Tracy Hollister and Oscar Poarch, two of the local sportsmen who have been active in the work of preparing the holding pens and planning for the arrival of the birds.

Mrs. Eliza Tobin Is Taken by Death

Mrs. Eliza Tobin, age 73, passed away Thursday afternoon after a short illness. Mrs. Tobin has been a resident of Union for the past 32 years and leaves many friends to mourn her loss. She was a member of the Catholic church. She married Stephen Carroll in Lowell, Neb., in 1876 and to this union were born ten children, Mrs. W. E. Corum of La Grande, Mrs. L. H. Davis of Tacoma, Wash., James and Fred Carroll of Union, Joseph Carroll of Washington, D. C., and John N. Carroll of Portland, Ore. Four children have passed away. She is also survived by three brothers, Nathan Nelson of Sheridan, Wyo., James and Warren Nelson, of Union and a sister, Mrs. Nettie Rich of Union. Stephen Carroll passed away in 1912 and Mrs. Tobin married Scott Tobin in 1918. He passed away in 1921. She is also survived by 23 grandchildren and three great-grandchildren. The funeral will be held Saturday morning at 10 o'clock at the Church of the Sacred Heart in Union, with Rev. Father Lee, of Baker, in charge, and burial will be in the family plot in Union cemetery. The body will lie in state in the chapel of Walker's Funeral home until 8 o'clock Saturday morning.

Post Office Will Shift Its Service

After 12 o'clock on Saturday afternoon only the general delivery window will be open until 2 o'clock at the post office, and stamps will be available at that window, R. R. Huron, postmaster, announced this morning. The new plan has been devised to give the public practically the same service while cutting down on the necessity for substitute workers.

Only money order and postal savings service will not be procurable between 12 and 2 o'clock, after which the entire office is closed as formerly.

HALTS ESCAPE

Mrs. Herbert Shelton, Albany, Ore., never fired a gun, but her husband is sheriff, and when she heard suspicious noises in the jail and had no keys to investigate, she stood guard until police arrived and arrested two men who had dug through a wall.

DRYS FINALLY ADOPT POLICY

Will Issue Statement For Guidance in The Coming Campaign.

WASHINGTON, July 15 (AP)—After rejecting a proposal for immediate endorsement of President Hoover, the national prohibition board of strategy today adopted a statement of policy prepared by a specially appointed committee.

The statement will be submitted to the board's constituent organizations for its guidance in the political campaign.

It was strongly indicated the policy agreed upon included submission of a resume of the prohibition records of Candidates to those interested without directly backing any one candidate as such.

Dr. Oliver W. Stewart, president of the flying squadron, an organization which has endorsed President Hoover for re-election, urged that the board

Kill Farm Bill; Both Hoover And Garner Blamed

WASHINGTON, July 15 (AP) — The house today returned the Norbeck farm relief bill to the senate at its request.

After passing the relief plan without a record vote, the senate voted late yesterday, 30 to 25, to ask its return for purposes of reconsidering the vote by which it was passed.

Speaker Garner laid the request before the house. Representative Summers (R., Wash.) objected to its unanimous approval, but it was carried on a voice vote.

(Continued on Page Three)

FINAL FORM OF AID BILL IS PUZZLE

Provision For Publicity Of Loans Causing Much Trouble.

CREDIT STRUCTURE MIGHT BE HARMED

Hoover Says Responsibility Would Rest Entirely On Congress in Case That Clause is Included.

WASHINGTON, July 15 (AP) — The house late today approved the conference report on the huge new relief bill, leaving only similar action by the senate before the measure could be signed by President Hoover.

WASHINGTON, July 15 (AP) — Whether the mammoth relief bill will be sent to the White House containing the provision for publicity to reconstruction corporation loans remained a question today, while President Hoover served notice the responsibility would be on congress if that section is made law.

Representative Rainey, the Democratic leader, said the house would insist on the disputed clause and "we accept the responsibility."

Conferences to adjust the differences between senate and house on the legislation had yet to agree.

After conferring with Mr. Hoover, Democratic senatorial conferees insisted he would not veto the bill even

(Continued on Page Five)

Jurges Refuses To Testify And Case is Dropped

CHICAGO, July 15 (AP) — Bill Jurges, star Sub shortstop, stepped into court with a timely assist today to save his gun toting girl assailant from prosecution on a charge of assault with intent to kill.

After answering two questions put to him by the assistant state's attorney concerning the shooting in which Miss Violet Popovich Valli wounded him twice and herself once, Jurges suddenly halted in the midst of a sentence with:

"I have no desire to testify."

"Do you think you will have no more trouble?" asked Judge John Sbarboro.

"No, I wish to drop this case," Jurges replied.

"Then the case is dismissed for want of prosecution," ruled the judge, "and let's hope that no more ball players are shot."

Questioned as to her plans, Miss Valli, a striking brunette dressed in a fashionable white crepe dress, said: "After what's happened, I feel I

Portland Legion Is Selling Convention

PORTLAND, Ore., July 15 (AP) — Aboard a special train, more than 100 members of the American Legion and the auxiliary left for Seattle today to tell Puget Sound residents about the national legion convention to be held here Sept. 12 to 15. The group will return at 11:30 p. m.

Mayor George L. Baker headed the delegation, as the city's official representative. Alex G. Barry, commander of the state legion; Earl S. Dutro, chef de gare of the 40 and 8, and other legion officials made the trip.

Many of the veterans were in uniform, as was the official drum corps.

Robinson Flays Republicans

Aimee, Very Ill, May Dispose Of Angelus Temple

Negotiations Believed to Have Been Opened With An Associate of Rev. Paul Rader.

LOS ANGELES, July 15 (AP) — Evangelist Aimee Semple McPherson Hutton, beset by what her physician said was a critical illness, was reported today as seeking some one to take over Angelus Temple which she founded in 1922 and of which she is pastor.

Negotiations for the purchase of the temple were said to have been opened between David L. Hutton Jr., husband of the evangelist, and the Rev. Ernest Roberts, an associate of the Rev. Paul Rader, owner of another of the city's tabernacles.

"Any negotiations occuring to date came from the temple," said Jonathan E. Perkins, business manager for Mr. Rader. "We have made no overtures here at the tabernacle. Following Mr. Roberts' visit with Hutton at Lake Elsinore yesterday, he came to us saying Hutton had told him the temple was in such financial straits that it was necessary to get rid of it at once."

Mrs. Hutton remained at the Lake Elsinore resort today, her physician, Dr. Edward H. Williams, declaring her condition too critical to permit her removal in an ambulance to a Los Angeles hospital. The evangelist

Rejuvenation of Graybeards His Plan For Relief

PUNXSUTAWNEY, Pa., July 15 (AP)—A compulsory operation for every high government official over 55 is Dr. Harry Benjamin's suggestion toward extricating the nation from present difficulties.

Rejuvenation of graybeards, with increase in mental efficiency as its principal effect, would be the aim, Speaking to physicians meeting under the auspices of the Jefferson county medical association, Dr. Benjamin, a New York expert, reported last night on almost 1000 cases of using the Steinach rejuvenation method for aid age, which is treatment of endocrine glands.

Good results shown in many cases included restoration of vitality, possible improvement of diseases of old age, a better sense of well-being, improved nervous equilibrium and occational new hair growth.

GERMAN LEGISLATORS TOLD HOW PAY IS 'ARRANGED'

BRUNSWICK, Germany (AP)—"What is Adolf Hitler doing to earn his salary?" was asked by an inquisitive socialist member of the Brunswick diet.

The American-born fascist chief, it will be recalled, became a German citizen through being appointed "regierungsrat," or "government counselor" at the Brunswick legislation in Berlin, with "economic duties." His first act after being appointed was to apply for a vacation.

So, when the questioner asked whether Hitler was doing any work for his money, and if not, why not, a spokesman for the Brunswick government blandly replied: "Regierungsrat Hitler's work was so arranged that he could do political work as well."

The spokesman sat down. Nobody laughed.

HOOVER CUTS OWN SALARY 20 PER CENT

President Will Receive $15,000 Less Per Year Due to Order.

CABINET MEMBERS CUT 15 PER CENT

Action Taken While Mr. Hoover and Cabinet Members Engage in Regular Session.

WASHINGTON, July 15 (AP)—President Hoover today ruled himself a $15,000 a year reduction in salary, and simultaneously reduced the salaries of his cabinet officers by 15 per cent.

The order, cutting cabinet members from $15,000 a year to $12,750 a year, was issued while the president sat with them at his regular semi-weekly cabinet meeting.

Mr. Hoover himself, it was said, took a 20 per cent cut as the maximum allowed under the law. Ordinarily he receives $75,000a year.

The following statement was issued at the White House:

"The president has received the unanimous request from members of the cabinet that they should be subject to the maximum reduction of salaries possible under the economy bill. The president has, therefore, issued the necessary order by which they will be reduced 15 per cent instead of the alternative which would amount to 8 1-3 per cent under the furlough provisions."

It was understood authoritatively that undersecretaries in the various departments would receive a ten per cent cut under the same orders, and assistant secretaries a nine per cent reduction.

Under the recent economy bill, the president and other cabinet officials are permitted to return portions of their salary to the treasury.

Vice President Curtis was the first member to leave the cabinet meeting

DEAN OF OREGON BAR PASSES ON

Death Takes Judge Martin Luther Pipes Today at Age of 82 Years.

PORTLAND, Ore., July 15 (AP) — Judge Martin Luther Pipes, Oregon's oldest member of the bar and one of the most dynamic personalities in the state, died here today. He was 82 years old, and had been in failing health several months.

Editor, jurist and practicing attorney, Pipes was regarded as the outstanding authority on the constitution of the United States, and held the post of dean of the Oregon Bar association not only through length of service but through general regard.

His widow and five children survive him. They are John and George, both attorneys; Wade, an architect; Nellie, secretary of the Oregon Historial society, and Mrs. Harry Beckett, all of Portland.

Born in Louisiana

Judge Pipes was born in Louisiana in 1850. His father was a Methodist minister and an ardent supporter of the confederacy. One of his son's life-long regrets was that he was too young to serve in the army under General Robert E. Lee. Throughout his life Pipes was an ardent supporter of states rights.

He was educated in the Louisiana seminary at Baton Rouge and at University of Louisiana. In 1874 he married Miss Mary C. Skipworth, and a year later the couple moved to Oregon. In 1878 he moved to Independence where he taught school, edited a semi-weekly newspaper, was city re-

(Continued on Page Two)

Eagles Planning Midsummer Picnic

The annual mid-summer picnic of the Eagles lodge, to which members of the Baker and Huntington aeries will be invited, will be held at Radium Springs on July 24, it was announced last night when the Eagles met at 7:30 at the lodge hall. Arthur Bremer presided over the meeting.

Everett Walker, James Proffitt and Oscar Hobson are members of the committee which made the initial arrangements and assistants will be appointed by the president to assist in arranging the program of games for the event. A baseball game is being promoted and other features planned.

Initiation was held for Carl Tourey and the aerie discussed the county relief plan as well as the Eagle program.

Hurley Carries Hoover Campaign To Middle West

Secretary of War Declares Democrats Have "No Program" For Breaking the Depression.

COLUMBUS, O., July 15 (AP)—The national administration's attack on the presidential candidacy of Franklin D. Roosevelt was turned loose for the first time in the middle west, last night, by Secretary of War Patrick J. Hurley.

The speech, declaring the Democratic party and its candidate have "no program" for breaking the depression, was delivered at the platform convention of Ohio Republicans.

Both Hurley and U. S. Senator Simeon D. Fess praised President Hoover. The secretary termed the president the champion of American principles, while Fess described him as "the only man living equipped to handle the problems of the day."

Turning to Roosevelt's speech accepting the Democratic nomination, Hurley said he was intrigued by the nominee's pledge to a "new deal" for the American people. "Just what is this new deal?" he asked. "The governor dea not enlighten us."

No Mention of Prohibition

Hurley made no mention of prohibition, but reviewed the administration's accomplishments which he said included a fight for maintenance of American standards of living, proper tariffs, opposition to wage reductions, and the bolstering of confidence of the financial world and the stopping of bank failures by the formation of a private banking pool of half a billion dollars.

The secretary criticized the Democratic vice presidential nominee, John N. Garner, and other members of

(Continued on Page Three)

Cannon, Wilson Wait For Word From President

WASHINGTON, July 15 (AP) — A statement of policy to be pursued in the coming presidential campaign was laid before the national prohibition board of strategy today by a committee which it appointed for that purpose.

There were indications the recommended course did not include any specific endorsement, but that it calls for a resume of the candidates' records and statements on prohibition to be submitted to the board's constituent organizations.

Opposition to an endorsement of President Hoover at this time arose from Bishop James Cannon Jr., of the Methodist Episcopal Church, South, and Dr. Clarence True Wilson, secretary of the board of temperance, prohibition and public morals of the Methodist church.

They felt the Republican prohibition plank should be interpreted by the chief executive, and favored waiting until the president has made a personal statement of his attitude on repeal.

The full board today discussed the procedure proposed by the sub-committee with a view to adopting it as the basis of the campaign activities of the dry organizations.

Chinese Irregular Forces Loot Train

TOKYO, July 15 (AP)—A dispatch to the Rengo news agency from Harbin, Manchuria, today said Chinese irregular forces attacked and looted a train on the Chinese Eastern railway as it was passing through the Hingin mountains this morning. It was believed several passengers were killed and several wounded.

The train left Harbin at 3 p. m., yesterday.

Irish Will Tax British Imports

DUBLIN, Irish Free State, July 15 (AP)—While President De Valera was on the way to London to confer with Prime Minister MacDonald on differences between Great Britain and the Free State, the dail rushed through all stages of a measure taxing British imports.

The final government majority was 88 to 57. During the debate the finance minister, describing enactment of the measure as "due to British penal legislation," said the powers which it confers will be used primarily to open new channels of trade, to establish new industries in the Free State and to reimburse the nation for any possible losses due to the new tariff enacted by Great Britain.

Child Unhurt By Three-Story Fall

BALTIMORE, July 15 (AP) — Left to play in the back room of a third story apartment, three-year-old Donald Gogel last night climbed in the window, toppled over the ledge and fell.

He struck a telephone wire, bounced off, cleared a fence and landed in the yard next door.

Neighbors rushed him to a hospital, where he was found unhurt.

DEM LEADER HITS "THREE MUSKETEERS"

Secretaries Mills, Hyde, Hurley Charged With Neglect of Duty.

POLITICS FLARE UP IN SENATE

Warm Words Provoked By Request For Printing Hurley Speech in Congressional Record.

WASHINGTON, July 15 (AP)—Secretaries Mills, Hurley and Hyde were characterized in the senate today by Senator Robinson, the Democratic leader, as the "three musketeers of the Hoover administration."

He charged them with neglecting their official duties to make partisan political speeches.

Replying to recent speeches by these cabinet officers, Robinson said they were making every possible effort to discredit the Democratic platform and the Democratic candidates.

"They scoff at the proposal of the great nominee of the Democratic party for president that the American people be given a new deal," he said. "These three musketeers insist on playing the game with marked cards. Plainly there is a widespread demand for a change in the political policies of our government.

"They go forth by day and night to partisan meetings of state Republican conventions and deliver bitter partisan addresses, causing them to be inserted in the congressional record and attempting, while neglecting their official duties, to influence the judgment of the electors.

"I would think with a deficit of $2,900,000,000 and a new tax bill to be administered, that Secretary Mills would have enough to do to stay at his post of public duty and discharge his official responsibilities without abandoning and neglecting his duties to participate in a partisan political campaign.

"Of course, the department of agriculture, is just as well off with its head secretary absent from his post as if he were present in the capital."

The political flareup was set off by a request by Senator Hastings (R., Del.) for consent to print in the record the Hurley speech made at Columbus, Ohio, last night.

Senator Borah (R., Ida.) who recently announced he would not support the Republican prohibition

(Continued on Page Five)

LIONS ELECT E. H. SHEA, OF PORTLAND, ORE.

KLAMATH FALLS, July 15 (AP) — Roseburg was unanimously chosen as next year's convention city at the closing business session of the state Lion club convention here Thursday.

Convention interest centered for a time on the proposed physical consolidation of the Oregon higher schools, when consideration was given to a resolution urging dua consideration to all measures on the November ballot and naming the consolidation measure in particular.

Ted Gillenwaters, of Klamath Falls, in endorsing the resolution, made a vigorous speech in opposition to the consolidation scheme.

Ed H. Shea, of Portland, was elected district governor and O. F. Tate, of Portland, was reelected secretary and treasurer.

Orangemen Break Cathedral Glass

LIVERPOOL, England, July 15 (AP) —A strong police guard surrounded the cathedral here today after last night's attack when 300 orangemen surged up the hill on which the edifice stands and hurled bricks through four of the lofty windows.

The Orangemen, who came to the attack singing hymns, shattered stained glass believed to be among the best examples of its kind in modern times.

Wheat Today

CHICAGO, July 15 (AP) — Reports the Kansas corn crop was being hurt by dry hot weather brought higher values in grain today.

Wheat, however, dropped at one time as low as 45 cents, a price within ⅜ of a cent of the all time bottom record here for any future delivery. Domestic primary receipts of wheat were much larger than a week ago, foreigners displayed no change in their holding off attitude, and advices both from American and Canadian spring wheat territory indicated the danger of black rust damage this season was getting more remote daily.

Corn closed unsettled, ½ at ⅝ cents above yesterday's finish, wheat unchanged to ½c higher, oats ½c off to ½c up, and provisions unchanged to 5c down.

Bonus March Continues On

Veterans Trudge Back and Forth At The Capitol

WASHINGTON, July 15 (AP)—Bonus-seeking veterans continued their trudging back and forth in front of the capitol this afternoon, while police puzzled over what to do about it.

For the first time of late, doors of the capitol were closed to all except persons with credentials. In recent days numbers of the veterans had been congregating in the corridors and galleries.

Differences between the District of Columbia police and authorities charged with policing of the capitol grounds were apparent. The sergeants at arms of senate and house conferred with Speaker Garner on the situation.

Meanwhile, a left-wing group of the veterans marched down Pennsylvania avenue, but were stopped at the capitol grounds to await a decision from Brig. Gen. Pelham D. Glassford, superintendent of Washington police, as to whether it could enter the grounds. The men rested under the trees in the botanical

(Continued on Page Eight)

Northwest Grain Farmers Demand A "New Deal on Freight Rates"

SEATTLE, July 15 (AP) — Grain farmers of the Pacific northwest, facing inability to continue production, Row W. Ritner, of Umatilla county, Oregon, told the I. C. C. grain rate hearing here yesterday, are "demanding a new deal on freight rates."

"They are tired of having the deficits from passenger departments and from non-profitable freight service charged against their wheat," he said. "The growers' credit and all reserves are exhausted and with the farm price of export wheat in this section below cost of production, they face inability to continue producing."

Ritner contended the Pacific northwest, shipping a larger percentage of grain for export than any other section, is the only area which has failed to receive the benefit of voluntary reductions in grain rates.

An attempt to expunge his testimony was overruled by Examiner Arthur J. Mackley.

Other testimony was heard with regard to the interstate and intrastate rates in Oregon under which conflicting tariffs have led to the filing of reparation claims by the shippers.

The carriers are asking a boost in rates which would mean about a four per cent increase over present grain freight rates.

ROOSEVELT IS CHEERED BY CAPE COD MEN

SANDWICH, Mass., July 15 (AP) — Governor Franklin D. Roosevelt and his cruising companions aboard the yawl Myth II passed through the Cape Cod canal today at the end of a tow line and emerged on the waters of Massachusetts bay a few minutes after 10 o'clock. The yacht's course was set for Gloucester, Marblehead or Manchester, some 60 miles up the coast.

The governor and his party were cheered by crowds of Cape Cod residents and summer visitors who gathered on the bridges spanning the canal. The crew of the Sandwich coast guard station gave the governor a hand salute and, in a power surf boat, delivered five telegrams to him.

On the voyage up the Massachusetts south shore, the governor will pass Duxbury, the home of his maternal ancestors who landed in 1624.
