Two years later I became associated with the Inter-Church World Movement. The following year I became associated in this same line of work with the Kimball School of Theology at Salem, Ore. I taught classes in the Kimball School of

Theology and Willamette university for 10 years. When the Kimball school closed I became pastor of the Methodist church here at La Grande. Still on the Long, Long Trail

Exhausted, dejected, hungry and sweltering, the bonus army's shuffling "battalion of death" here is shown continuing the siege of Capitol Hill in Washington. The leader of the 300, Roy W. Robertson, fainted twice on this day. Marines dispatched to the scene were sent back to their barracks. Watchful Washington police kept the veterans moving, reported no disorders.

DR. GEORGE ZOOK ASKED TO VISIT

(Continued From Page One) gram from Portland extending the invitation to visit Oregon had been forwarded to the educator in New York. Oregon's higher educational system has been in a state of unbalance and unrest for several months, since the board of higher education determined to unify the system under the direction of a chancellor who will be paid not to exceed \$15,000 a year. Under this plan both the university and state college will be presided over by presidents who will report directly to the chancellor, as will the president of the normal schools. A move to urge the appointment of Dr. W. J. Kerr, president of the state college, as chancellor, fell through at this week's meeting of the board of education when a previous decision to seek a man outside the state was re-affirmed. Dr. Zook has been president of Akron university since 1925. He is the author of various survey reports on higher educational institutions. He was born in Fort Scott, Kansas in 1885, received his bachelor of arts and master of arts degrees at University of Kansas, and his degree of doctor of philosophy from Cornell in 1914.

AKRON, O., July 21 (AP)—Dr. George F. Zook, president of Akron university, has been asked to visit Oregon for a conference on the possibility of his assuming the chancellorship of the state's entire higher educational system, it was said at Dr. Zook's office today. The wire extending the invitation was forwarded to New York where Dr. Zook is delivering a series of lectures at Columbia university.

P. G. A. Contenders Face Tougher Foe In Keller Course

ST. PAUL, Minn. (AP)—Gene Sarazen's bid for a grand slam in golf honors for which pros are eligible, when he starts his tour of the Keller course in the P. G. A. tournament August 30 to September 4, will be over, around or through a new series of traps. The course over which Horton Smith carded a 278 in the St. Paul open last year has been made tougher for top-flight golfers by the installation of 32 new traps. It originally was designed as an interesting layout but not too tough for the average player. Last year the smart boys were taking advantage of hard-baked roughs to get long rolls and not at all unplayable lies. This year it will be different, with traps placed to catch the ball of the long hitter when he strays from the fairway, though the 200-yard driver is not affected. Sarazen has not been especially impressive in his two starts over Keller course, shooting a 295 last year, having trouble with his putter. Weather hereabouts this season has been ideal for golf courses, and the rough at Keller is real tough, not burned-out turf such as greeted the golfers last year. A ball into the rough today is almost sure to cost a stroke.

VELVET SKULL CAPS NEW PARIS NOVELTY

PARIS (AP)—Here are some of the novelties Paris has adopted for night time: Velvet skull caps are one of the newest tricks. They are about the size of a cardinal's cap, made of velvet to match the evening wrap and worn perched on one side of the head. Patent leather belts are being worn about some of the smartest waists these evenings. They are generally black, are only about an inch wide and often accompany the new chafy tints and white printed evening frocks. They are using wildcat fur on evening wraps. Several little jackets of brilliant tangerine red velvet are colored with the spotted pelt. Evening frocks of straw are new. They are made of a heavy peau d'ange jersey woven with straw patterns. White is the favorite color.

SEATTLE FINDS MANAGER READY WITH TIMELY HITS

SAN FRANCISCO (AP)—A veteran of a score of baseball seasons, George Burns still comes through when the Seattle Indians of the Pacific Coast league are in a tight fix. Two nights in succession the Indians' manager broke up pitching duels to beat the San Francisco Seals in their home lot. The first time he socked a triple to tally a pair of teammates, winning the game 4 to 2. The next night Burns stepped up, punched a single and Seattle won 2 to 1.

BROWNELL IS ARRESTED ON HOAX CHARGE

(Continued from Page One) removed from the safe. Langley said Brownell explained his visit to the office was for the purpose of storing a jug of mineral water in the safe. Brownell had no official connection with the petition circulation, it is said. He and Slocum, who had charge of the circulation of the petitions, were formerly business partners and continued to occupy the same offices after their partnership was dissolved. Brownell was defeated in the May primary for Republican nomination as United States congressman from the third district. George Mowry, chief criminal deputy attorney, said conviction on the charge of larceny carries a maximum sentence of ten years in prison. In announcing that the complaint had been issued, Langley made the following statement: "With the idea in mind of filing the present larceny charge, this office has been for more than a week in close conference with Mr. Hector MacPherson and his associates who sponsored the consolidation measure. "The crime of larceny, as every lawyer knows, includes several vital elements, besides the mere taking of property and the intent to deprive the owner of all times and forever, to proceed carefully in this matter, having in mind that it is a serious thing to file a criminal charge of this character against a man of Mr. Brownell's standing in this community. "A careful examination of the evidence available convinced us that there is sufficient probable cause for the issuance of this warrant, and we intend to continue the investigation and prosecution as speedily and vigorously as possible."

SNELL ANSWERS BOURBON CHARGE

(Continued from Page One) paign chest and federal tax refunds. Said Snell: "I know that any contention that the Republican administered treasury has financed a Democratic campaign fund through tax refunds is absurd. But it is no more absurd that Mr. O'Connor's claim that by the same means it has financed Republican campaigns. "Furthermore, said the house Republican leader, several prominent Democrats have gotten personal tax refunds or returns to firms with which they were connected. Among these he listed: Governor Franklin D. Roosevelt, \$46,889; Alfred E. Smith, \$45,928; John J. Raskob, \$9,000,000; Bernard M. Baruch, \$6,228; John W. Davis, nearly \$4,000,000; Pierre S. DuPont, \$283,238. "Of course," Snell added, "I do not believe a Republican administered treasury, as wicked as Mr. O'Connor would have the country believe our treasury is, would have been so politically unwise as to take public funds to furnish sinecs of war to the enemy."

LARGE CROWD AT BAND CONCERT

(Continued from Page One) of the leading piccolo artists in this district, presented a featured selection, "The White Blackbird," by DeMars, a selection well suited to his instrument. Other numbers on the program were "Caucasian Sketches," by Ippolitow-Ivanow, which include the depiction of two moods, the first, "In the Mountains," and the second, "Procession of the Sardar." Scenes from the musical comedy, "No, No, Nanette," by Youngman, furnished a lifting deviation from the classical tone held by the opening numbers on the program. "Dance of the Hours," from "La Gioconda," by Ponchielli, and "Auf Wiedersehen," "Kiss Me Again," "River Slow Away," from "My Door," and "I Love a Parade."

BONUS MARCHERS ARE ORDERED TO EVACUATE CAMPS

(Continued from Page One) transportation home. At 9 a. m. today, railroad tickets or oil and gasoline had been furnished to slightly more than 4,000. Roy W. Robertson, leader of the California contingent, indicated today he would lead his men out of Washington within the next 48 hours. He said he did not intend to take advantage of the transportation offered through the veterans administration but "would leave the way we came, on freight trains."

WATERS APPOINTMENTS FOOD

WASHINGTON, July 21 (AP)—Who should have the food was beginning today to bother the capital's bonus marchers. Walter W. Waters, commander-in-chief of the chartered bonus expeditionary forces, had charge of the commissary. But he issued orders that no supplies should be issued to groups

Cleveland Wins 14, Loses Four In East Sector

(Associated Press Sports Writer) It is rather late in the season for the Cleveland Indians to start getting somewhere in the American league—what with their being 9½ games out of first place and a full game behind the second place Philadelphia Athletics, but the results of their recent tour of the eastern sector indicate that they still may make some progress. The Indians, playing the road, outshone all rivals in both circuits in the inter-sectional series which winds up Thursday and with a few good breaks at home in the next week or two they stand a good chance of getting into the fight. 14 Wins, Four Losses Three inter-sectional games remain before the final records for the series can be compiled, but Cleveland's record of 14 victories to four defeats can't be beaten. The best other records so far are the New York Yankees' 12 victories and five defeats. The 12-7 records of the Philadelphia Athletics and Pittsburgh Pirates, both of which can be improved Thursday, and the Chicago Cubs' 11-7 mark. And all these teams played on their home grounds. The Red Men topped their tour Wednesday by trouncing the Boston Red Sox 8 to 1 as Mel Harder gave only seven hits for his fourth triumph of the trip. Yanks and A's Win The two teams still ahead of Cleveland, the New York Yankees and the Athletics, followed the lead Wednesday. Johnny Allen gave the Yanks some more first class flinging and they made it five straight over the Chicago White Sox, 7 to 2. The Athletics pounded out an 8 to 5 victory over the St. Louis Browns for their sixth consecutive victory and the Browns eleventh defeat, collecting 16 hits, including Mickey Cochrane's 14th homer and a double and two singles by Jimmie Foxx. Washington salvaged a game out of the Detroit series after losing three and going into the second division. Tip Senators bunched three of their nine hits with a couple of walks and a useful fly in the sixth inning to score all their runs in a 4-1 triumph. Chuck Klein was the leading figure in the National league program. His bat led the way to a 6 to 2 victory. Eddie Holley aided considerably with five-hit pitching. Braves Profit The Boston Braves, who had a day off bracketed with Cincinnati, were the only one to profit much by Pittsburgh's defeat. "The second place Chicago Cubs took a 9-1 beating from the New York Giants and remained two games behind and as far ahead of Boston. Burleigh Grimes failed to survive the fourth inning while Southpaw Carl Hubbell, pitched a seventh hit game, made three safeties himself and allowed only one man to reach third dealer Woody English hit for the circuit in the first inning. The Brooklyn Dodgers tried five pitchers and didn't find one who could throw past the St. Louis bats with any regularity. The Cards pounded all five impartially for 22 hits and a 10 to 5 victory that gave them an even break for 16 games against the east.

LEGION JUNIORS PLAY SATURDAY

(Continued from Page One) opening contest Saturday afternoon at 2 o'clock. "It will depend on how they look just before the game," he said. The other eight boys on the starting lineup follow: Fowler, catcher; Crouser, first base; Jones, second base; Prizzell, shortstop; Irwin, third base; Kimmel, centerfield; Howell, leftfield and Mills, rightfield. Others with the squad are Vorus and Beck. The winner of the play-off at The Dalles will enter the state finals to be played at Portland.

NATION GETS SOME RELIEF FROM HEAT

(Continued from Page One) the Rockies to the Great Lakes and on into the North Atlantic states, but southern areas still gasped in anticipation of relief promised by Friday. Minneapolis produced an official record for Wednesday with 102 degrees but last night its citizens slept at 70 degrees. Mid-West Cooler The Dakotas and Nebraska also cooled off considerably, while showers and breezes brought much-needed relief to Texas, Missouri, Kansas and Oklahoma, seat of the worst of the current wave. The drop averaged ten degrees, but El Paso still suffered from 100-degree heat. Twenty-eight heat deaths were distributed widely. St. Louis reporting six, Minnesota and Illinois four each, and Pittsburgh three. Ten others died of drowning or electrocution during thunderstorms. The weather man unqualifiedly promised temperatures "not so warm" today to most of Wisconsin, Iowa, Minnesota, the Dakotas, Nebraska and Kansas, while showers were predicted for the lower lake region. St. Louis thermometers read 99, Milwaukee, Louisville and Chicago 97, New York and Washington were not too warm at 87, while Pittsburgh and Detroit suffered at 92. New England weather was merely seasonal. Similar reports came from the Pacific coast and western mountain region.

tively well, speculators for the advance managed to chalk up a few gains of 1 to 3 points in today's stock market, although the list as a whole refused to push through its upper resistance level of its July trading range. The closing tone was firm, turnover approximated 900,000 shares. Tobacco, foods, oils and a few specialties made substantial headway, and some rails were given a boost, on the strength of the promise of the executive association to co-operate to reduce expenditures. Persistent strength of bonds was helpful to shares, but principal commodities failed to provide much encouragement.
