

# Wichita Girls Win Monday Game, 15 to 9

## UNSTEADINESS IN FIRST 2 INNINGS HARD ON EAGLES

### Girls Leading 12 to 1 Before Local Team Was Able to Pull Itself Together and Play Ball

The S. K. S. L. Wichita girls baseball team took an easy victory from the La Grande Eagles at the High school field yesterday afternoon, 15 to 9, largely because the unsteadiness of the Eagles in the first few innings spotted the visitors to an 11-run lead.

With the score 12 to 1, the Eagles settled down and played a better brand of ball, scoring eight runs to three for the girls in the last few innings. Evans and Nelson furnished much of the fireworks with their bats, with several of their team mates aiding and abetting these two in accounting for runs.

Errors were plentiful on the part of the Eagles, although the girls were not playing faultless ball. As a matter of fact, of the five feminine players, only one—Coryne Jaax, at first base—played ball comparable with ordinarily good men players. The others, although able to throw well and occasionally get a hit, were weak on fielding. Girls were stationed at first, second, third, left field and right field. Two men did the pitching for them, both being of the flashy, heady type, although they were hit rather freely at times. The starting pitcher for the Wichita outfit, however, was plenty capable—a good receiver, fair batter and with a peg to second that cut down the stealing to a minimum.

The girls, on a few hits, a few walks and several errors by the Eagles, scored four in the first four innings, adding four more runs before the Eagles began to break the spell. Then La Grande counted one run to begin the game when Hall laced out a two-bagger and came in on Evans' hit, but that was all for several frames. Courtney, La Grande's starting pitcher, was wild and the catcher, Nichols, was having an off day both behind the plate and at bat. Lewis went in later in the game, relieving Courtney, and held the visitors down in good shape.

A fair-sized crowd witnessed the game, which started shortly after 4 p. m. and did not end until the sun dropped behind the hills to the west.

## HAMAS EVENS UP HIS SCORE WITH RAMAGE

LOS ANGELES, July 26 (AP)—The punching honors were all even today between two of the country's better young heavyweights, Steve Hamas of New York, the former Penn State all-around star, and Lee Ramage of San Diego, not long out of high school.

Hamas squared matters last night in 19 exciting rounds by battering Ramage all over the ring at Wrigley field, before a crowd of Olympic notables, scoring two clean knockdowns and gaining the decision of Lieutenant Jack Kennedy, the referee, by a wide margin. Ramage won their previous bout on points here last winter.

The bell saved Ramage from a knockout in the third round after Harris, rf, had twice been slugged to the floor by Steve's terrific left. The California boy took a count of eight, staggered to his feet and went down in a heap in his own corner from another barrage. He was reclining helplessly when the bell sounded at a count of three.

Ramage came back in the fourth to weather another storm of leather so gamely that he had Hamas arm weary and baffled. The Penn State slugger was so tired that he took a severe counter punching for two rounds before again taking command. Ramage was punched groggy again at the close of the sixth and eighth rounds but he had enough left to slug head to head through the tenth and last round. They threw punches by the carload up to the last bell.

Hamas was the aggressor but frequently wild and a mark for his opponent's left. He won seven rounds and Ramage three, the first, fourth and fifth. Hamas had an edge in the weights, at 188 1/2. Ramage scaled 175 1/2.

### STEEL DECLARES DIVIDEND

NEW YORK, July 26 (AP)—The regular quarterly dividend of \$1.75 a share on preferred stock of the United States Steel corporation was declared by the board of directors today. The common stock was removed from a dividend basis three months ago.

A statement issued by the directors said that, in view of the large draft upon surplus and available resources in the last year "it is apparent that improvement in the business and earnings must in future determine dividend action on the preferred stock."

Deficit for the second quarter of 1932 after operating expenses, was \$3,392,798 compared with loss of \$1,128,007 in the first quarter and total earnings of \$13,817,524 in the second three months of 1931.

## Georgia Youth's Golf Career Recalls Start of Bobby Jones

ATLANTA (AP)—Southern golfers are wondering if the East Lake Club here, made famous by the exploits of Bobby Jones, may not have a budding successor to Robert Tyre in young Charley Yates.

Excepting only the retired emperor of the links, the 18-year-old Yates is in a class by himself among Georgia players. He's won the state crown for two years.

Thus far his golf career has all most paralleled Jones'. Both grew up across the fairway from the East Lake club house and were turned loose on the course as soon as they were able to toddle about.

Charley received his first clubs when he was four and he's been playing ever since. Like Bobby, he learned to play by imitating the better club players. Neither had lessons until he could play fairly well through his own efforts.

Slower Than Bobby Yates' game did not mature as rapidly as Bobby's, for Jones was Georgia champion at 14 and Southern at 16. Until last summer Yates was just another of the kids who turned in hot rounds occasionally.

Then, at 17, he stepped out to win the Southern Interscholastic, the Georgia and the Atlanta championships in the same summer—his first in competition, which also saw him fire and just reaching its peak.

Fellows like Ruth, Combs, Lazzeri and Little Joe Sewell cannot be expected to star much longer, and Manager Joe McCarthy probably will have to do plenty of revamping next season. He will have plenty to build from, a fine nucleus in Gomez, Allen, Dickey, Gehrig, Crosetti, Chapman and the rest, but history proves it takes more than one year to build a championship club.

With the Philadelphia Athletics getting no better fast, the Cleveland Indians, a young, courageous outfit that just are realizing their strength look like the best bet at the moment, "schoolboy wonder," and the old "murderers' row."

True, many of that famous crowd are still around, and they are doing yeoman work in the Yanks' current drive. But they no longer make up a team that is young and full of

reason why they should not stay up there a couple more years. With the exception of Pie Traynor at third base and the Waner boys in the outfield, the Pirate lineup fairly sparkles with youth.

One of the veterans of the Athletics' championship machine, George (Mule) Haas, came back to grasp the headlines in the only game played yesterday in either league. His home run in the last of the ninth off Lefty Gomez with one on gave the Athletics an 8 to 7 victory over the Yankees. It was Gomez's misfortune to lose his fifth game of the year by pitching to only two batters.

## Filbert Nut Market Will Be Stabilized

PORTLAND, Ore., July 26 (AP)—For the first time in the history of the industry prices in the filbert nut market will be stabilized in Oregon this season.

The North Pacific Nut Growers association, the chief factor in the market because of the size of its contributing membership, today named the prices that will prevail during the current season. Two other marketing interests, the Oregon Nut Growers' association and the Pacific Brix-Nut association will use the same list.

The prices are: Du Chailly, large 17c, fancy 13c, baby 11c; Barcelona, large 13c, fancy 12c, baby 10c lb.

In addition, the Brix-Nut association markets a large size nut, termed the jumbo grade, which it is quoting at 23c lb. for 25-lb. bags, and 25c lb. in 3s.

At a meeting of commercial nut prices held at the North Pacific association it was decided the prevailing price of \$20 per ton of green nuts will prevail.

LIVERPOOL WHEAT LIVERPOOL, July 26 (AP)—Wheat close: July 56 1/2; Oct. 53 1/2; Dec. 55. Exchange \$3.55.

SUGAR AND FLOUR PORTLAND, July 26 (AP)—Cane, granulated \$4.45 100 lbs.; beet sugar \$4.20 100 lbs.

## Most Golfers Are Bluffed By Traps

By Johnny Farrell (As Told to Artie McGovern)

Golf has many mental hazards, but none is more annoying to the average golfer than the sight of his ball landing in a sand trap. And yet, getting out of a trap need not be the difficult matter that many players make it.

If you consider the "explosion" shot as just one more part of the game, you can overcome your fear of it quite readily. Practice this shot just as thoroughly as you do your drive. Take a number of balls into the sand—place them at every possible angle—bury them—step on them—and practice getting them out with your niblick until you have mastered this stroke.

The bunkers and sand traps make golf the fascinating, interesting game it is, and no matter how good or bad his game may be, I doubt if any golfer has ever enjoyed playing on an easy, simple, course.

## SOLID RIGHT TO THE JAW ENDS BATTLE

NEWARK, N. J., July 26 (AP)—A solid right to the jaw a minute after the opening bell gave Mickey Walker a one-round knockout over Salvatore Ruggiero at Dreamland park last night but he had to argue for his pay before the state athletic commission today.

Officials of the commission ordered

the purses of both principals held up. Walker tore into Ruggiero, whipped a few lefts into the giant's mid-section and, backing him into a neutral corner loosed the right that spelled the end, 1 minute and 10 seconds after the start.

Walker weighed 160 to Ruggiero's 205 1/2.

## Ernie Schaaf Wins From Basque Boxer

NEW YORK, July 26 (AP)—Ernie Schaaf, the man who would like to fight his part-owner and chief second, Jack Sharkey, for the heavyweight title, had taken one short, faltering step today in that direction.

By beating out a 15-round decision over the aging Basque, Paulino Uzcudun, in Madison Square Garden's big bowl last night, the Boston blond survived the first round of the garden's heralded elimination tournament.

But it was a subject of debate with the crowd of 8,000 whether Schaaf had proved anything except, possibly, that he is not a worse fighter than Paulino. The audience voted, informally, to eliminate both of them. Schaaf weighed 210, Paulino 198 1/2.

## QUOTATION NOW HIGHEST SINCE EARLY JANUARY

Advance Appears Justified in View of the Decreasing Supplies in the Home Sector.

PORTLAND, July 26 (AP)—Advance of 1c in the price of eggs all through the list effective today was the offering of the local co-op toward a general improvement in the trend of the trade here.

The advance, while unexpected in some quarters, because of the late recessions at some midwest points, appeared justified in view of the decreasing supplies in the home sector.

The latest advance places the price of eggs at 18c, the highest since January 12 when the market was quoted 20c for extras here.

Market for butter continues to reflect a generally strong tone locally and along the coast. Advice from San Francisco says that although a slight advance in the price was expected, the trade was caught off its guard last week when a 2c rise was forced.

Improving trend is reflected in the cheese market along the coast generally with California's late advance as a leading factor. No change was made by Tillamook but the price there remains somewhat above other centers. Coos Bay advanced 1c.

There are plenty of colored broilers now available and buyers are offering 13c for this sort and while 14c is the general bid for white stock.

Market for country killed meats appears a trifle slow generally with changeable weather conditions. Some carryover of veal was shown from last week.

With California stock being crowded off the market, demand for northwest offerings was greater for tomatoes than supply, resulting in a general advance of about a dime a box.

Letture market deal is perhaps the poorest ever seen here, owing to the lack of shipping orders, what little local trade is available has been grabbed by Seattle interests who are flooding the Portland trade. Few sales beyond 50c crate.

Notes of wholesale trading: Apricot market is rather active and at late prices. New potatoes are holding steady. A few old crop turkeys are still selling around 14c lb. Peach sales are limited with only early stuff offering. California nectarines are reported in.
