RELIEF BILL IS PROVIDING \$1,335,000

Highway Groups Meet in Portland Friday to Allocate Large Sum

MAJOR PROJECTS GET BIGGEST SUMS

Oregon to Receive \$3,421,000 in Federal and Forest Highway Funds During the Year.

PORTLAND, July 30 (AP) — Within the state of Oregon this fiscal year \$6,045,000 of federal money will be spent on highways.

The bureau of public roads, the forest service and the state highway commission met here late Friday to agree upon allocation of the money which, however, is only a fraction of the total that will go toward bettering present roads and building new ones in the state.

A total of \$6,045,000 will be available for all roads from all sources for the year.

To Call For Bids Representatives of the three highway groups placed \$835,000 of emergency road money and authorized the calling for bids on \$700,000 of federal aid projects.

This action was taken only nine days after the president signed the federal relief bill making available the money appropriated under its provisions.

Most of the new money was assigned to completion or advancement of major projects already under way and which the highway commission is desirous of pushing. Bids will be called shortly and will be opened at a highway commission meeting here Aug. 24.

Under all the provisions of the relief bill Oregon is to receive \$3,421,000 in federal and forest highway funds. Unexpended money amounts to \$900,000, and regular forest highway and forest development funds brings the total to \$6,045,000.

Of the \$3,421,000 available under the relief bill, \$2,000,000 is advance money on federal aid to the state; \$770,000 is for forest highways; \$476,000 for forest development; \$43,000 for Indian lands, and \$132,000 for

MAX STODDARD RUNNER-UP IN GOLF TOURNEY

PORTLAND, July 30 (AP) — Three youngsters on Oregon today wore the crowns of golf champions in their divisions, the result of victories yesterday in the junior golf championship of the Oregon Golf association.

Miss Ann Chapman, of Multnomah club, won the girls' title in a thrilling final match with Miss Lyle Porter, of Corvallis, whom she beat on the 20th hole. They were scheduled over an 18-hole course. Miss Chapman dropped the 17th hole to square the match on that green. They halved the 18th and the first extra hole, and on the 20th the Portland girl won the hole and title. Each girl had 92 strokes.

Larue (Toots) Smith, of Mount Hood, defeated Max Stoddard, of Corvallis, two up to win the junior championship, and Harold Salvador, of Eastmoreland, easily won from Curtis Johnson, of Ruby's, 8 and 6 for the boys title.

Will Organize City-Wide Music Club on Monday

Local Musicians and Students of Music Urged to Attend Meeting at Sacajawea at 8 p. m.

Local musicians and students of music, vocal or instrumental, are cordially invited and urged to attend a meeting at the Sacajawea Inn next Monday evening for the purpose of organizing a city-wide club devoted to the encouragement and stimulation of local talent in all forms of music.

Music teachers and other citizens prominent in musical circles have long felt the need of some such organization which would enlist the efforts and interests of all musicians of the city and county, and sponsor public programs throughout the

Mrs. Westenskow Is Dead After Short Illness

Mrs. Annie K. Westenskow, age 57, passed away Friday afternoon after a short illness. She was a member of the L. D. S. church and of the American Legion auxiliary of Imbler and was a resident of Imbler for the past 33 years.

She is survived by three daughters, Mrs. W. A. Funk, of Baker; Mrs. George W. Perry, and Mrs. Leslie L. Peck, of Salt Lake City, Utah; by four sons, Alvin, Daniel, Jacob L. and Wilford Westenskow, all of Imbler; by one brother, Jacob Keller, of Mant, Utah; by four sisters, Mrs. Charles C. Work, of Mant, Utah; Mrs. James W. Cherry and Mrs. Hal Kerr, of Salt Lake City, Utah; and Mrs. L. A. Stringham, of La Grande, and by 20 grandchildren and two great-grandchildren.

The body rests at Walker's Funeral Home and will be taken to the family home near Imbler Sunday morning. Friends wishing to view the body may do so after 10 o'clock Sunday, as the casket will not be open at the funeral.

The funeral will be held at the Summerville chapel Monday morning at 10 o'clock with the L. D. S. church in charge of the services. Burial will be in the family plot in Summerville cemetery.

Quinland Rites Will Be Held On Sunday At 2:00

Funeral services for James Barney Quinland will be held at the Snodgrass and Zimmerman mortuary Sunday afternoon at 2 o'clock with Rev. W. H. Horton, pastor of the First M. E. church, in charge. Burial will take place in the Masonic cemetery.

Mr. Quinland died of heart disease Thursday night, his death coming as a sad shock to his host of friends. He had a wide acquaintance of friends over the valley, having made his home here since 1896. He started a grocery store here about three years before and was an employe at Hot Lake for about five years preceding that.

He was born in Kansas April 22, 1873 and was 59 years, three months and six days of age. He was married to Ethel Moore May 29, 1930 and besides his widow, leaves the following survivors: one sister, Mrs. Betty Kohr, of Boise; three brothers, Charles, of Anaconda, Mont.; Lester, of Yakima, and John, of La Grande, besides other relatives.

Biggest Show on Earth, The Olympic Games, Is Opened In Los Angeles

By Erskine Johnson (NEA Service Writer)

LOS ANGELES, July 30 (AP) — The biggest show on earth, the games of the tenth Olympiad, opened here today, Saturday, July 30.

For 16 days and nights, in nine stadia, auditoriums and water courses the cream of the world's athletes will compete in 16 different sports.

Forty-nine nations will be represented.

U. S. HAS WON SEVEN OUT OF NINE GAMES

Here is the chronological record of the Olympiad since the revival in 1896:

Year, Where Held, Winner
1896—Athens, Greece, U. S.
1900—Paris, France, U. S.
1904—St. Louis, U. S. A., U. S.
1906—Athens, Greece, U. S.
1908—London, Eng., Gt. Br.
1912—Stockholm, Swe., Swe.
(The Seventh Olympiad was scheduled for Berlin, Germany, but was not held because of the World war.)
1920—Antwerp, Bel., U. S.
1924—Paris, France, U. S.
1928—Amsterdam, Hol., U. S.

BOYS AND GIRLS LEAVE FOR CAMPS

About 80 to Depart From La Grande Tomorrow For Wallowa Lake, Cove

More than 80 boys and girls will make an exodus from La Grande tomorrow morning when two annual outings—one the boys' encampment at Wallowa lake and the other the Camp Fire girls vacation at Cove—will begin.

Enrollments for both camps were heavier than leaders had predicted. While the Camp Fire registration had not been definitely tabulated today the boys' list included 44 names.

The boys will leave from the W. H. Bohnenkamp company store at 9 o'clock in the morning and one hour later, the girls will be loaded into trucks at the corner of Fourth and Washington. Transportation for the girls has been furnished by W. C. Perkins who also loaned a truck to the Boy Scout leaders this morning to haul provisions to the Wallowa Lake Methodist camp grounds where headquarters will be established today.

Madeline Larson is director of the girls' encampment. Elmo Stevenson, while he is head of the scout movement here will not

Sentence Ripley To Life In Pen

SALEM, July 30 (AP) — Robert Ripley, 22, who was brought here from the Monroe reformatory in Washington to face trial for the murder of James V. Iverson, silverton night watchman, was sentenced to spend the rest of his life in the Oregon penitentiary by Judge Fred Wilson of The Dalles today.

lombia and Uruguay, while Japan will be represented by 150 athletes, the largest team.

In all, 2099 male and 250 female athletes are participating in the games. The men will be housed in Olympic village, \$500,000 model city, during the sport festival. The women will live in a downtown hotel.

Unlike the ancient Olympic games, which were held thousands of years ago in Greece at small expense, the 1932 games in Los Angeles will be staged at a cost of approximately \$6,000,000.

The state of California and city and county of Los Angeles have spent nearly \$4,000,000 for construction of stadia and Olympic village. Competing nations will spend \$1,000,000 to transport and feed and house their athletes. Incidental, expended by Los Angeles amounts to another million.

The origin of the ancient Olympic games is lost in the obscurity of centuries. Historians disagree as to the date of their revival. Some say they were revived in 884 B. C. and others give the date as 828 B. C.

In 394 A. D., during the reign of Emperor Theodosius, the games were abolished. Following the subjugation of the Greeks by the Romans, interest in the games waned steadily.

500 MEN WILL BEGIN WORK IN COOS, DOUGLAS

MARSHFIELD, Ore., July 30 (AP) — More than 500 men will go back to work Monday in Coos and Western Douglas county when four lumber plants re-open for indefinite operation, according to a survey made by the Coos Bay Times.

The Coos Bay Lumber company of Marshfield is to employ 300 men at the mill and logging camps; the Coos Bay Logging company at North Bend will put 75 men to work in the plant, and 70 in the woods; the Moore Mill and Lumber company at Bandon will give jobs to 70 men in plant and camp, and the Dolen Veneer plant of that city reports increased orders and probably continued operations.

The Winchester Bay Lumber company at Reedsport is scheduled to open with 50 men on government contract work, and at Coquille, the Coquille Lumber company is to employ another 30 when the plant re-opens the first of the week under the receiver.

Enrollments for both camps were heavier than leaders had predicted. While the Camp Fire registration had not been definitely tabulated today the boys' list included 44 names.

37,000,000 German Voters Preparing

BERLIN, July 30 (AP) — More than 37,000,000 German voters prepared today to mark, at the voting booths tomorrow, their final decision on the bloodiest and noisiest election campaign in the history of the reich.

The closing hours of the campaign took a total of five lives in the provinces. During a bloody affray between communists and police at Hindenburg, one communist was killed and three policemen received bullet wounds.

At Esslingen one communist was killed and two policemen were seriously stabbed. Several hours later the leader of the radicals was found shot to death.

In Reichenberg, near Koenigsberg, a street battle resulted in the death of two retchabannermen and in injuries to two Nazi storm troopers.

Seven members of the Republican Iron Front organization, one of them a young girl, were seriously stabbed during a fight with Nazis at Nuremberg.

Minor rows in Berlin resulted in the arrest of 250 persons.

Blast Occurs In Powder Works In Oakland Vicinity

OAKLAND, Cal., July 30 (AP) — Three men presumably were killed shortly before 8 a. m. today in explosion of the powder house in which they were reported at work at the giant powder works near Pinole, Contra Costa county.

Names of the men were not immediately available. Heavy smoke at the plant interfered with the search for bodies.

The explosion started a fire which company officials said was quickly extinguished. The amount of damage could not be learned.

Secretary Hoss To Investigate 368 Auto Tags

SALEM, July 30 (AP) — A list of 368 car owners giving Oregon addresses and securing their license plates in Washington was received here today by Secretary of State Hal E. Hoss. The applications for these licenses were made at the time new plates were due in Oregon, Hoss said, and would be checked for violation of the Oregon statute.

Hoss announced the list was submitted him by Charles R. Maybury, director of licenses at Olympia, who has co-operated with Oregon officials in detecting Washington plates on cars owned by Oregon citizens. The half year Washington licenses can be secured for \$1.50 if it was understood here.

The list of Oregon addresses is to be checked to determine whether or not the motor vehicles so licensed were registered in Oregon during the last registration year. Names found to be of bona fide Oregon residents will be turned over to the department of state police for final investigation. Names supplied from the Washington motor vehicle division will not be made public until Oregon records have been checked, Hoss added.

Through the co-operation of the California division of motor vehicles, a similar check has been made during the past year on those persons applying for California licenses from an Oregon address. Russell Bevans, registrar of motor vehicles, at Sacramento, supplies the Oregon motor vehicle division with the names of all persons applying for licenses in that state from Oregon addresses and such names are turned over to the state police for investigation.

In all cases, final decision as to the rights of the motorist to operate on Oregon highways with license plates of another state is in the hands of the state police, who make their ruling after an investigation of

Soviet Russia Is Fortifying Siberian City

Russians Preparing to Abandon the Chinese Eastern, Now Operating at Loss, Many Believe.

HARBIN, Manchuria, July 30 (AP) — Travelers arriving from Vladivostok, Siberia, report the Soviet Russian authorities are fortifying that city's harbor approaches on a large scale in anticipation of a possible attack by Japan.

Troops are arriving every day, they said, transported in closed railway cars and disembarking at night. Ten armored trains were reported to be in the railway yards, and nearby are fifty tanks, sixty airplanes and numerous artillery units.

The travelers said trains arrive every day with munitions, food and miscellaneous supplies including material for building steamers, piers and small warcraft.

People of City Trained It was said the people of Vladivostok have been trained in the use of gas masks, in rifle fire and in seeking safety in underground shelters already prepared. Similar activities are reported at Khabarovsk and Blagoveshensk.

Meanwhile the soviet authorities are rapidly liquidating their interests in Manchuria. The staff of the Soviet bank here has been reduced by more than half.

The Soviet Naphtha syndicate is preparing to withdraw. All the most able soviet engineers and technicians have left the Chinese Eastern railway which also has lost hundreds of locomotives and most of its best rolling stock, withdrawn by the soviet authorities.

Oregonian Loses His Position On Shipping Board

WASHINGTON, July 30 (AP) — President Hoover today reorganized the United States shipping board by appointing T. V. O'Connor, of New York; Samuel S. Sandberg, of California; and Hutch I. Cone, of Florida, to take the place of the present seven man board of directors.

All three men now are serving on the directorate. Reorganization of the board, created during the war to speed American water transportation, was provided under the recent national economy act.

When they will take over the affairs of the board is yet to be determined. O'Connor has been chairman.

The men who will be retired under the reorganization are Albert H. Denton, of Kansas; Jefferson Myers, of Oregon; and R. K. Smith, of Louisiana. The seventh seat on the board has remained vacant since the death of E. C. Plummer.

Automatic Removal

PORTLAND, July 30 (AP) — Reorganization of the United States shipping board, as completed today by President Hoover, automatically removes Jefferson Myers, Oregon member, who now is on his second six-year term as commissioner. The president reappointed him a few months ago.

Under the new setup, it is explained, T. V. O'Connor of New York will represent the Great Lakes district; Capt. S. S. Sandberg of California will represent the Pacific coast, and Admiral Hitch I. Cone of Florida will represent the east coast and the gulf.

Myers was first appointed by President Coolidge to succeed Bert E. Haney of Portland. While holding the office Myers aided materially in formation of the States line of the Orient, and the Quaker line to the east coast, both of them Portland-owned.

MAHONEY BEATEN BY 21 TO 11 VOTE

Ralph Hamilton, Former Speaker of House, Declines to Have His Name Submitted.

PORTLAND, July 30 (AP) — Leslie M. Scott, elected chairman of the Republican state central committee today, announced this afternoon that he will not accept the position. A new election will be held.

PORTLAND, July 30 (AP) — Leslie M. Scott, former chairman of the state highway commission, will guide the destinies of the Republican party in Oregon for the next four-year period. He was today elected chairman of the Republican state central committee.

Scott's selection was the result of efforts of several factions of the party to find a man agreeable to all. He succeeds Floyd J. Cook, who refused to be a candidate again.

Mahoney Considered The only opposition came in the candidacy of T. J. Mahoney. Scott received 21 votes and Mahoney got 11. Ralph S. Hamilton, former speaker of the house, early considered by the "regular" wing of the party as the most available man, declined to have his name submitted.

Scott was nominated by Arthur Praelux of Chiloquin. Seconds were made by John U. Smith, of Newberg, and T. O. Elliott, of Milton. John Belsacker, of Condon, nominated Mahoney and his nomination

FORD 69 YEARS OF AGE TODAY; INSPECTS FARM

DETROIT, July 30 (AP) — Henry Ford, now a farmer as well as an automobile manufacturer, passes his sixtieth birthday today and he hopes to spend most of the day inspecting the 16,000 acres and innumerable gardens which are contributions to his "back to the land" movement.

There will be interruptions, however. He has promised an interview with newspapermen, an innovation to the birthday routine, and then he will read the many messages of felicitations which are pouring in. A sad omission will be the absence of the usual greeting from the late Thomas A. Edison.

Most of the Ford farms are in Southeastern Michigan. The garden plots are in Dearborn and environs. Mr. Ford is in good health and shows few signs of advancing years.

Salem's Request For Loan Received

PORTLAND, July 30 (AP) — Formal application from the city of Salem for a federal loan of \$1,850,000 has been received by the reconstruction finance corporation, according to a special dispatch to the Journal today from Washington, D. C.

Proceeds would be used for construction of a gravity water system from the Cascade mountains for the city and state institutions. The application said \$1,000,000 would go for new construction and the rest would be spent in purchasing existing properties or in new construction to replace them.

Wheat Today

CHICAGO, July 30 (AP) — Abatement of speculative interest accompanied a narrowing of price changes in wheat today, and the market developed no definite trend.

Reports suggesting that the 1932 United States output of all wheat would be somewhat below trade expectations and 38,000,000 bushels under the government figures of July 1 had no lasting effect, and neither did absence of rains in Canada or likelihood of a return of high temperatures. Late firmness of the stock market was a steadying influence.

Wheat closed irregular 1/4c lower to 1/4c up compared with yesterday's finish, corn at 1/4c decline to 1/4c 1/2c advance, oats unchanged to 1/4c 1/2c off, and provisions unchanged to a rise of 5 cents.
