Mrs. Fred H. Kiddle Entertains Members of Order of Eastern Star Social Club at Island City Monday

At a delightful party last evening at her home at Island City, Mrs. Fred H. Kiddle entertained members of the O. E. S. Social club. About 20 members were Mrs. Kiddle's guests for the affair. The evening was spent informally and at a late hour the hostess served refreshments.

Out-of-town guests included Mrs. Carlson, of Seattle, and Mrs. Spence, of Wallawa, both members of other Eastern Star chapters.

Miss Rhea Beddes Weds William Vest

At a simple ceremony, solemnized by J. W. Briggs, bishop of the Second Ward of the L. D. S. church at the Briggs home on U avenue, Miss Rhea Beddes became the bride of William Vest, of Midas, Nev., last night shortly after seven o'clock. Attending the two were Mr. and Mrs. Vernie Vest, also of Midas.

Following the wedding the bride and bridegroom were honored at an informal reception at the home of Mr. Vest's parents on North Maple. A large number of friends called during the evening.

The bride is the daughter of Mr. and Mrs. J. R. Beddes, of this city, and has made her home here since of her life. The bridegroom is a member of a La Grande family.

Mr. and Mrs. Vest left this morning by car on a wedding trip. They will return to Midas in a few days and will make their home there.

W.W.G. Holds Meet At Riverside Park

A picnic supper was enjoyed last night at Riverside park by members of the W. W. G. of the Baptist church.

Following supper which was served at picnic tables shortly after six o'clock, the girls had their monthly missionary program. Jennie Nelson gave an interesting discussion of the religious beliefs of the Indians. Eluid Happersett had a comprehensive sketch of the wife of Dr. John McLaughlin, bringing out especially Mrs. McLaughlin's missionary work for the Indians. Fourteen girls and Rev. and Mrs. B. Marcus Godwin took part in the evening.

Veldown (SANITARY NAPKIN) Never Irritates

Ends Periodical Chafing and Discomfort

VELDOW is a revolutionary advance in sanitary napkins. Instead of mere layers of crepe paper it has a rayon cellulose filter—downy and gentle as fluffed silk. A filter that prevents all chafing, discomfort and packing, with no harsh edges to harden and irritate. And yet it is 3 to 5 times more absorbent than ordinary pads—safe and effective hours longer. Veldown comfort costs no more than ordinary sanitary pads. At any drug or department store—ask for Veldown.

Plays Are To Be Presented at Park

The two plays which are to be given by a group of young people from Island City, under the direction of Miss Beulah Smith, and in connection with the ten to be sponsored by the Ladies Aid of the Island City church, will be presented at the Riverside park instead of at the home of Mrs. C. H. Bidwell, as had been announced previously. The ten is to be held Thursday afternoon from 2:30 to 5 o'clock.

SOCIAL CALENDAR

Wednesday, Aug. 3
St. Peter's Guild will meet at Honan hall.
2:00 Parkdale club to meet at the park. A potluck luncheon will be served at the close of the afternoon.
2:00 The Baptist Women's society to meet with Mrs. S. E. Starr.
2:30 Missionary society of the Christian church will meet at the home of Mrs. Joe Snodgrass on Birch street. Mrs. William Snodgrass and Mrs. Henry Winburn will be hostesses.

RECONSTRUCTION CORPORATION IS READY FOR WORK

ever, doubtless will be considered by the board since Democratic leaders have insisted that upon him must rest responsibility for the corporation's relief work.

Farm Prices May Improve
The huge agency's rehabilitation program proceeds just as the agriculture department reported it had found "a number of changes that may mean the steady decline in farm prices has been checked."

The August 1 survey of the department, said J. Clyde Marquis of the bureau of agricultural economics, makes it appear that "the general landslide of prices" has been "levelled out for a few weeks."

The index of general farm prices from June 15 to July 15 went up 5 points because of increased returns for hogs, cattle, cotton and some major crops, he added, while the advance in grains, particularly wheat, did not come until after July 15. But on the whole, he said, "this month's change in farm prices is the greatest gain recorded in any one month since July 15, 1929."

NEW YORK, Aug. 2 (AP) — One phase of the railroad problem worries executives in major lines outside of railroading as much, if not more, than it does railroad executives.
That is the drastic shrinkage of the carriers' purchasing power.

A remedial proposal which is receiving much attention in both governmental and financial quarters is the suggestion that the reconstruction finance corporation loan the carriers money to renovate their equipment.

Just how severely the purchasing power of the roads has been restricted by the great decline in their traffic over the past two years is shown by the following comparison of their expenditures for material and supplies for maintenance and for capital improvements in 1931, as contrasted with 1929:

	1931	1929
Fuel	\$224,200	\$394,392
Forest products	75,500	167,551
Iron and steel	220,000	437,840
Miscellaneous	175,300	369,752
Total	\$695,000	\$1,329,535

The above represents only expenditures out of earnings for maintenance. In addition the roads are normally big spenders for improvements, structures and equipment, all of which are classified under capital account.

RAILROAD SEEKS \$4,000,000

WASHINGTON, Aug. 2 (AP) — The Denver and Rio Grande Western Railroad company today asked the interstate commerce commission to authorize a \$4,000,000 reconstruction finance corporation loan with which to build the Dotsero cut-off between its line and the Denver and Salt Lake railroad.

Poland Beats Finland in Long Run

With Paavo Nurmi out of the Olympics, the Finns lost first place in the 10,000-meter run at Los Angeles to Poland, but took second. Photo shows Kusocinski, Poland, winning, with Y. Iso-Hollo, Finn, coming in second, after a close bitter race between the pair.

PLAYING IN "GRAND HOTEL"

Wallace Beery and Joan Crawford are pictured above in a scene from "Grand Hotel", which comes to La Grande for two days—Thursday and Friday, Aug. 4 and 5—and will be shown on a road show basis at the Granada theatre. The picture will be presented twice daily, at 2:30 and 8:30 p. m., and all seats will be reserved for all performances. Greta Garbo, John Barrymore, Lionel Barrymore, Lewis Stone and Jean Hersholt also appear in the cast of this M-G-M production. The story is from the famous novel by Vicki Baum.

OUT OUR WAY

Feminine Bluebeard To Return to Cell

TOPEKA, Kan., Aug. 2 (AP) — Mrs. Lydia Southard, known as the "feminine bluebeard," will set out tonight on a journey, under guard, back to the Idaho state prison from which she made a sensational escape 15 months ago.
Warden R. E. Thomas of the Idaho prison, accompanied by his wife, arrived here early today and immediately went to the women's quarters in the city jail where they received a friendly greeting from the convicted husband poisoner, who escaped their custody May 4, 1931.

U. S. Deficit Aug. 1 Gains \$62,000,000

WASHINGTON, Aug. 2 (AP) — The government ended the first month of the present (1932) fiscal year with a deficit of \$263,200,020, which was \$62,000,000 greater than for July a year ago.
Though the deficit for the first month was larger, there was a bright spot in the situation because \$100,000,000 of it was due to money paid to the adjusted service certificate fund from which World war veterans draw their bonus.

During the month the government collected from all sources \$87,784,206 and spent \$851,054,827.

Holding Lambs In Western Districts

CORVALLIS, Aug. 2 (AP) — With ranges generally continuing in good condition in the west, growers are not rushing lambs to market, and as a result the movement of Idaho and Oregon lambs to the middle west fell off materially last week, according to a review issued today by the federal market bureau and the state college extension service.
Buyers from California have moved into Nevada, Southern Oregon and late mountain regions. Ranch hands in Lane and Douglas counties are being bought at \$3 to \$3.50 at the ranches, while in Lake county where lambs are in exceptionally fine condition, farm flocks brought mostly \$3.50 with best fat range lambs at \$4, f. o. b. cars.

The movement from Klamath Falls is expected to reach its maximum in the next 30 days. Little activity was reported from the intermountain territory for the past week.

acts, without explanations or a declaration of war.
"When the attack on Fort Bogado by the Bolivians was repulsed on July 25 the Bolivian chancellor falsely alleged that Paraguay had attacked (the Bolivian) Fort Florida, which does not exist."
Paraguay was willing to submit the controversy to arbitration, the foreign minister said, and accepted an offer on neutral nations to make an investigation of the mid-July incidents but military hostilities developed in the meantime.

more than two weeks. In addition dozens of persons were employed on farms throughout the cherry growing sections, on picking crews.
Shippers included the La Grande Co-operative association, which had its packing done through an arrangement with the Erickson and Lotten Packing plant, the Stackland Fruit company, which packed in La Grande and with a co-operative arrangement in Cove; and a packers' association in Union. Percy Litter also packed the fruit at Union.

3450 Coal Miners On Strike Today

MCALISTER, Okla., Aug. 2 (AP) — A walkout of approximately 3450 coal miners in the McAlester district, on orders issued by David Fowler, organizer for the International Miners union, took operators by surprise today. Approximately a half dozen workings were affected.

PARAGUAYAN MOBILIZATION IS ORDERED

(Continued from Page One)

Economic pressure and the need for both nations to expand have aided in bringing the old issue to the danger point again. Although the Chaco is a vast jungle, consisting of thousands of square miles between the Pilcomayo and Paraguay rivers, it is also potentially one of the richest areas in the world.
Bolivia has been land-locked ever since she was pushed back from the Pacific by Chile. The Paraguay river, along the west bank of which Paraguay has built her settlements and strung her forts, is navigable, while the Pilcomayo, where Bolivia's outposts are, is not.
The present crisis began to develop in the middle of last month when a clash occurred at an outpost between the settlements of the two countries. The Bolivians called it

Fort Mariscal Santa Cruz and the Paraguayan Fort Carlos Antonio Lopez.

Who started the trouble is not clear, but the incident served to break up a conference at Washington where Bolivia, Paraguay and five neutral nations, the United States, Cuba, Uruguay, Colombia and Mexico, were endeavoring to arbitrate the dispute.

U. S. HOPEFUL OF TRUCE

WASHINGTON, Aug. 2 (AP) — The American government today looked for something that would at least bring a truce in arguments between Bolivia and Paraguay, two South American countries where United States citizens have millions at stake.

Just what could be done was problematical, especially in view of the decision by the Paraguayan congress last night to order a general mobilization of its armed forces.

Disturbing replies to neutral nations for several days had greeted peace moves. Paraguay said she would not be responsible for reprisals following the reported seizure of some of her forts by Bolivians. Bolivia expressed disinterest in any offer from neutrals to investigate clashes since June 15.

Further difficulties between the two would be reflected in their trade with the United States. In 1931, Bolivia used \$1,772,172 worth of American goods while sending only \$42,975 to this country. Paraguay's exports to the United States last year were \$155,926 and her imports \$692,493.

Then, too, Americans hold some \$54,000,000 in Bolivian securities. These include a 1927 loan of \$14,000,000 and one in 1928 for \$43,000,000. Bolivia already had defaulted on a number of her foreign loans.

There are 248 Americans in Bolivia and 74 in Paraguay.

ST. LOUIS (AP) — Bill Lamborn, qualifying in the caddies' tournament at Forest Park here, sank his tee shot on the 230-yard tenth hole.

URGES BUYING OF EXCHANGE WOOD

(Continued from Page One)

"We urge the farmer to co-operate in the movement, which will render valued assistance in obtaining an outlet for his products. We will welcome all calls, letting us know at the exchange what products farmers have. We now have requests for wheat, barley, oats and hay, most of which will be sold for cash. We have requests to exchange wood for hay."

"Many of the woodcutters are now getting out the old gray mare, as they have no funds for a truck license. There is a demand for home grown spuds. Farmers having a supply should take advantage of the present price rather than letting other sections take advantage of our market," he added.

HUGH KATLER SLAIN

THE DALLES, Aug. 20 (AP) — The death of the grand-daddy of the rattlesnake clan of the Antelope country is reported by Kenneth A. De War, southern Wasco county rancher. The snake was 43 inches long and four inches thick, he said. Although it had only six rattles, those versed in the lore of snakes estimated its age at about 20 years.

14 RADICALS RELEASED
WASHINGTON, Aug. 2 (AP) — District Attorney Rover, after an examination of all evidence collected by immigration inspectors, today ordered the release of 14 of the alleged radicals arrested in a round-up following the army drive Thursday to remove bonus marchers from government property. The 14 men were found to be lawfully in this country, but were escorted outside the city by secret service agents and local police.
Havanes Macklodian was held for further investigation as to his citizenship.
