

Los Angeles Takes Another From Portland, 15 to 7

HOLLYWOOD WINS TO CUT BEAVERS' LEAD TO 3 GAMES

Art Jacobs, of Portland, Pitches Only One Ball in Game But is Charged With Defeat.

By the Associated Press. Art Jacobs, Portland southpaw, pitched only one ball in the Beavers' contest Wednesday night, but was charged with the defeat as Los Angeles took the game, 15 to 7. Jacobs' fatal pitch occurred in the sixth inning. Homer Summa, Los Angeles outfielder, smacked it for a hit which eventually meant the winning run. The victory was the fourth for the Angels in 16 starts. They fell on four duck pitches for 20 hits, making 10 runs in the big sixth inning.

Stars Take Pitching Duel. While Portland was losing, Hollywood reduced its second place margin to three games by beating Sacramento 1 to 0. Ed Bryan held the stars to two hits and no runs in eight frames, but in the ninth the visitors broke through with a double sacrifice and a single to score the winning tally.

San Francisco took an easy 10 to 5 decision from the Oaks by allowing three pitchers for 14 hits. The Missions made 12 hits against Seattle but had difficulty pushing runners across the plate, so the Indians won 6 to 4. Phil Page, Seattle hurler, got into several tight places, the bases being filled behind him three times, but managed to extricate himself without serious consequences.

Yesterday's results: R. H. E. San Francisco 10 14 0 Oakland 5 11 2 Davis and Brenzel; Fieber, Hemenway, Phebus and Raimondo. R. H. E. Seattle 6 11 1 Missions 4 12 2 Page and Botarini; Lieber and Hofmann. R. H. E. Hollywood 1 4 0 Sacramento 9 6 1 Turner and Baaser; Bryan and Woodall. R. H. E. Portland 7 11 4 Los Angeles 15 20 2 Peterson, Jacobs, Frudhomme, Koupal and Palmisano; Baecht, Ballou and Campbell.

GELBERT'S FIELDING SLUMP HURTS CARDINAL CHANCES. ST. LOUIS (AP)—Several things have contributed to the poor showing of the St. Louis Cardinals in the 1932 pennant race, but not the least has been the fielding of Charley Gelbert.

With two months of the season yet to go, Gelbert, rated one of the best defensive shortstops in the business, had committed almost as many errors as during the entire 1931 schedule. He was charged with 31 bobbles last year.

Firemen Stick to Jobs. COLUSA, Cal. (AP)—Colusa's volunteer fire department has celebrated its fifth birthday and fed its third chief, Charles Young. The department was founded in 1874 and has had only three chiefs.

UNCLE SAM'S STARS TAKE FOUR FIRSTS

medals in these four events, no less than ten were the American emblem as the hosts of the tenth Olympiad completed the greatest single day they have ever had in these international games.

Far from the stadium's tumult and shouting, Great Britain's game and radiant pedestrian, Thomas William Green, hoofed his way to victory in the 50,000-meter walk but he had to wait until today to step up on the Olympic pedestal and hear "God Save the King" played in honor of his achievement.

Today, too, Finland and Japan may take their turn in the spotlight, with favorites in the javelin and triple jump, while Americans have their eyes focused on the chances of "Pen" Hallowell, Glenn Cunningham and Frank Crowley in the classic 400-meter final, feature of this afternoon's program.

Story of Tolan Dramatic. Meanwhile, and for the next four years, the United States can bask in the outstanding achievement of its star spangled day—the triumph of Tolan.

The dramatic story of the little 200-meter runner in the 100 meter heights overshadowed the record breaking chapters that have made these Olympic games the dearest whirl of all time.

Tolan make the American team four years ago. Like many another youth, he was hard pressed for funds this year and needed the aid of a friend to get to California by automobile for the final American tryouts. At Palo Alto, Tolan twice trailed the great Ralph Metcalfe, of Marquette, to the tape in the combined race for places on the American team as well as national championships.

Simpson Runs Second. The experts thought Metcalfe won from Tolan Monday in the 100 meter final and it took the official motion pictures to convince them that Tolan was victorious by the shadow margin of two inches. George Simpson, the third American sprinter, by a good two yards in the Olympic record time of 21.2 seconds, while Metcalfe came in third, handicapped by a poor start and ragged work on the turn.

Two Olympic championships and two Olympic records ought to be enough to prove the greatness of Tolan's come-back. He maintains a good one of the most unique traditions of American track history. He is the third American sprinter to take the Olympic double crown. Archie Hahn in 1904 and Ralph Craig in 1912 being the others, and all three came from the University of Michigan.

Guy Bush, Once Country Lad, Now Real 'City Slicker'

By Paul Mickelson (Associated Press Sports Writer)

CHICAGO (AP)—There was a time when Guy Bush, the "Mississippi Mudcat" of Chicago Cubs pitching fame, feared city slickers.

But now he's a city slicker himself—the kind who makes his money and keeps it.

No grass has grown under Bush's feet since the day he was virtually a baseball player he runs a gasoline filling station—and in the rest of his spare time he is scheming and planning other means of replenishing the Bush coffers.

He has become one of the busiest men in baseball—and one of the shrewdest. Between his work as a baseball player he runs a gasoline filling station—and in the rest of his spare time he is scheming and planning other means of replenishing the Bush coffers.

Now Walks in Dark. He stopped looking for well-lighted streets to do his walking, grew long sideburns and piloted a high-powered sports car through the heaviest traffic—meanwhile becoming one of the stars of the National league.

Now, when the Cubs are in town, you can find the "mudcat" almost any time at night at his filling station. As soon as the games are over, he rushes away to his business and stays there until the last car has come and gone.

INDIAN BURIAL GROUND UNCOVERED AT AIR FIELD. SAN RAFAEL, Cal. (AP)— Workmen leveling off Hamilton Field, new army bombing base under construction in Marin county, uncovered several skeletons from six to seven feet underground.

Mortars and other relics indicated the site was a former burial ground of the Digger Indians.

Sport Slants

By Alan J. Gould (Associated Press Sports Editor)

No less impressive than the world gathering of athletes at Los Angeles for the Olympic games was the turnout of the international press.

When the games started there was at least one newspaper delegate for every three athletes. The boys in the press section were 900 strong.

The gallery of experts easily broke all world's records for size, range of representations and were set to shatter the output of copy over a given period of time, exceeding anything that has taken place for world's series baseball competition, heavyweight championship fights or other events of all-commanding interest to the sporting public. More languages also were spoken in the Olympic press box than ever before and the facilities provided for their benefit easily reached a new high.

For the games, ticker machines of the type used in brokerage offices were installed in all newspaper and press association offices to carry a "running story" of daily Olympic developments.

By a complicated system, all scores of competitive activity, from the start of the games, were connected with a central distributing system for the benefit of those desiring the returns in tabloid form.
