By Johnny Farrell (As Told to Artie McGovern) Distance and direction depend entirely upon a proper follow through. All golfers are aware of this but in trying to perfect the follow through, many of them attempt to pull the club through with the arms and body, thus losing the timing and rhythm of the swing.

If correctly swung the clubhead is traveling at its maximum speed at the time it strikes the ball, and in a proper follow through there should be the feeling that the club is leaving the hands, following the ball in its flight.

Bring the clubhead back slowly along the ground and at the top of the swing hesitate for a fraction of a second, then start the clubhead down with the thought in mind that you are pulling down with the left arm.

When the clubhead strikes the ball it should be traveling ahead of the hands, and the body, completely relaxed, follows behind. Any tightening of the muscles at the hit is fatal to a perfect follow through.

102 AT SALEM SALEM, Aug. 5 (AP)—Evening thermometer readings here today, running parallel with that of yesterday, gave indications that the peak of 102 degrees here, previous to today, would again be reached during the afternoon hours. At 11 o'clock today the thermometer read 87 degrees.

The 102 degrees heat yesterday was declared the hottest weather at the state capital for five years. It exceeded the previous high mark of the year Wednesday by 8 degrees.

COVE PERSONALS By Mrs. A. G. Conklin (Observer Correspondent) COVE (Special)—Mrs. S. L. Corpe, of El Monte, Cal., is visiting among her friends in Cove. She came Sunday in company with her son, Thornton, and Mr. and Mrs. Geo. Corpe. They came up by automobile and will be here only a few days. The homes of all these folks used to be in Cove, since the death of her husband Dr. S. L. Corpe, a number of years ago, has been engaged in library work, having had charge of the county library in Los Angeles county, California. This library has 10,000 volumes, and serves a public of hundreds of patrons, the monthly circulation amounting to 4,000 volumes.

Mrs. Corpe was a visitor at the library board meeting at the library Tuesday and gave many helpful suggestions on library work. She also desired to become a member of the Woman's club of Cove having lived here for many years and she was accorded a membership.

The Methodist Sunday school held its picnic at Riverside park at La Grande Thursday. About 75 children and adults were in attendance. After the picnic dinner, which was like most picnic dinners—replete with everything desired in the way of food, the children played games and were given many contests. Later in the afternoon many of the picnicers watched the plays presented by the Island City church. It was a very happy day for everyone.

Mrs. A. E. Hattler went to Milton on a business trip Wednesday.

The Ladies Aid held its regular meeting at the church parlors Wednesday afternoon.

Mr. and Mrs. Thos. Towle and children Inez, Verna and Clifford, Mr. and Mrs. O. Lund and Mr. and Mrs. H. G. Lund spent Sunday above the power plant where they had a picnic dinner.

Mr. and Mrs. D. Lowell Weimer are fishing on the Miam.

Many huckleberry parties are out after the luscious fruit, and nearly everyone comes back heavily laden.

Mr. and Mrs. P. A. Conklin, who have been living in the Goley house because of whooping cough in the family, are now quite recovered and are moving in with their mother, Mrs. A. G. Conklin, where they will make an extended visit, before returning to their home in Santa Barbara, Cal.

Mrs. Lydia M. Lantz went to Hot Lake Thursday for a little medical treatment.

A grass fire at the Karl J. Stackland ranch Wednesday afternoon caused considerable excitement, but small damage was done.

ELDON SMITH KILLED NEAR HILGARD, ORE. (Continued From Page One)

crumpled heap a few feet from the sidewalk, about 10 feet lengths from the crossing above Hilgard. One bullet entered his face just below his nose and lodged in his brain and five others hit his body, one in his right leg, another in his right hip, one in the back, one shattering his left arm above the elbow, and the sixth grazing his left arm. In addition he had three deep gashes in his head and an apparently broken neck. The gashes probably were caused by some iron instrument, although officers did not believe a knife was used by the slayer or slayers. A .38 caliber shell was found nearby.

Inquest Tomorrow Coronator P. L. Snodgrass announced today that an inquest would be held tomorrow night in connection with Mr. Smith's death, beginning at 8 p. m. at the Snodgrass and Zimmerman mortuary.

An earlier inquest could not be held because officers must wait the return of the train crew. Officers believe that at least two and probably more participated in the killing.

Mr. Smith's body will be sent to Yakima Saturday or Sunday for burial. He formerly lived in Yakima and at one time was a sergeant of police at Hoquiam, Wash. He came to La Grande last night.

Fighting Spreads In Manchurian Area

SHANGHAI, Aug. 5 (AP)—Fighting between Chinese and Japanese in South Manchuria, which broke out again Wednesday, was spreading over a wider area today, Chinese reports received here said.

The Chinese claimed their Manchurian volunteers were driving the Japanese out of Yingkou while other volunteers recaptured Tungling, important railway terminus northwest of Mukden.

TWO NEGROES ELECTROCUTED HUNTSVILLE, Tex., Aug. 5 (AP)—Two negroes, John L. Green, 20, and Ernest Johnson, 18, were electrocuted in the state prison here early today for the murder of Frank Kempf Medina county white dairyman.

Kempf, Medina county white dairyman, died Aug. 1, 1931.

HEAT BEATS DOWN TODAY OVER OREGON (Continued From Page One)

local station of the U. S. weather bureau. In August of 1894 the mercury reached 104 degrees. Yesterday's temperature was equaled in 1908.

The highest ever recorded here was 107 degrees in July, 1926.

FOREST FIRE CONTROLLED PORTLAND, Aug. 5 (AP)—Waging a successful battle against terrific heat, burning winds and low humidity, more than 300 fire fighters today had halted the advance of a fire that started yesterday from a donkey engine spark and spread over 2500 acres of slashings in the Clark & Wilson holdings near Vernonia.

Use of dynamite was resorted to and old snags were blasted during the night, eliminating further danger from spot fires. No property damage resulted and the fire was successfully kept from marketable timber.

Twenty small slashing fires put a smoke haze over the entire Coos Bay country yesterday. The largest blaze was near Powers where 200 acres of slashings and felled timber burned. The fire hazard there is said to be acute.

Six acres of wheat and orchard land burned near Springfield yesterday in a fire started by a tractor.

OREGON HEAT WAVE CONTINUES PORTLAND, Aug. 5 (AP)—Oregon had no relief in sight today from the blazing heat that has beaten on its cities and fields for two days.

High temperatures in the interior and in the west, except for the immediate coast line, were predicted by the weather bureau here.

Thursday's temperatures rang up new high marks for the year. At Medford the high was 108. The Dalles had 104, Roseburg 102, Salem 102, Wolf Creek 106, Umatilla 100, Eugene 100, Baker 88, Coos Bay 93, Seaside 90, Portland 95, Albany 99.

An earlier inquest could not be held because officers must wait the return of the train crew. Officers believe that at least two and probably more participated in the killing.

Mr. Smith's body will be sent to Yakima Saturday or Sunday for burial. He formerly lived in Yakima and at one time was a sergeant of police at Hoquiam, Wash. He came to La Grande last night.

Officers questioned seven men from the group which was riding the train and reported 31 held at Pendleton and 17 at Baker. It is believed between 50 and 60 men were on the train prior to the shooting.

Shots Heard No one questioned here this morning witnessed the death struggle, although two or three heard the firing of six shots. The men said they were about 100 yards from the scene at the time the shots were heard and they continued on their way, fearful that they would be wounded by the person firing the gun.

When Mr. Smith's body was found his .45 caliber revolver and his watch were missing. The wounds in his body appear to have been made by a smaller caliber bullet.

Sheriff Jesse Breshears and Railroad Detective Geary left for Baker this morning to question the prisoners held there and Deputy Sheriff Huggs, Klinghammer investigated in the Hilgard-Kamela district for any possible clues.

Officers also reported that a group of men spotted by the police on Jefferson avenue last night ran when the concerta destroyed. The Quincy grain elevator was owned by the Chicago, Burlington and Quincy railroad but was under lease to the Stratton Grain company.

NEGRO IS QUESTIONED

PENDLETON, Ore., Aug. 5 (AP)—Police here today were questioning 31 transients held in connection with the death last night of E. L. Smith, railroad detective, near Hilgard.

The officers said they had been unable to determine anything definite after questioning the men but declared the interrogation would be continued.

Police announced later, however, that one negro in the group of men here said he saw three men apparently holding up a fourth last night at Hilgard. He was to be questioned further this afternoon.

MEN AT BAKER FREED BAKER, Ore., Aug. 5 (AP)—Seventeen hoboes held here overnight for questioning in connection with the murder of E. L. Smith, special agent of the Union Pacific system, were released at noon today after questioning by Sheriff Henry McKinley, of Baker, Sheriff Jesse Breshears, of La Grande, and W. L. Geary, special railroad agent.

Officers said the men apparently knew nothing of the La Grande shooting. They were taken from the train there.

Baker city officers said hoboes lodged in the city jail have on several occasions remarked that "somebody will get Smith some night."

FIND ALL-BRAN HAS TWICE THE USABLE IRON IN LIVER

Also Furnishes "Bulk" and Vitamin B to Overcome Common Constipation

Liver is known as a good source of iron for the blood. Now, new tests show Kellogg's ALL-BRAN contains twice as much blood-building iron as an equal amount by weight of beef liver.

But more important still, laboratory experiments show ALL-BRAN provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract.

This means Kellogg's ALL-BRAN is a fine way to overcome constipation—with the headaches, loss of appetite and energy that so frequently result.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it absorbs moisture, forming a soft mass, which gently clears the intestines of wastes. Special cooking processes make ALL-BRAN finer, milder, more palatable.

How much better than risking pills and drugs—so often habit-forming. Just eat two tablespoons of ALL-BRAN daily for most types of constipation. It is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

GIRLS TO CLOSE CAMP SATURDAY

(Continued from Page One)

Marguerite Hesse, Margaret Milne and

Naomi Twitwell had their leader, a marshmallow roast followed the hunt. Elmo Stevenson talked before the group on Indian languages. A rally of Camp Fire songs ended the evening.

Mothers who prepared the meals yesterday were Mrs. Hal Bohmken, Mrs. Gus Keuman and Mrs. Russell Clark. Girls on kitchen duty were members of old troops that have been without leaders this year. Miss Naomi Twitwell had their leadership.

Miss Helene Price's instruction in swimming has made it possible for many of the girls to learn to swim.
