Mrs. Emily Dwight Begins 91st Year

Ninety years were commemorated this week by Mrs. Emily Dwight, whose daughter, Mrs. J. F. Feilzhalb, of 3814 North Mason avenue, entertained in compliment to the birthday of her mother. Four generations gathered to celebrate the event, Frank Dwight and his son, Mark, coming in from Puyallup, while Donald of the fourth generation, came from Auburn. Others present were Mrs. Frank Dwight, Mrs. Leavitt and her family of Puyallup, Mr. and Mrs. F. Archambault and Miss Thelma of Seattle.

Mrs. Dwight is the wife of the late Henry Dwight, who was for many years a receiver in the land office here, and she is a former pioneer resident of La Grande. She now makes her home in Tacoma, Wash.

Past Guardian Neighbors Meet

Mrs. Mary W. Ormand was hostess to the Past Guardian Neighbors of the Neighbors of Woodcraft yesterday afternoon at her home. New members received were Mrs. A. L. Richardson and Mrs. Head.

The afternoon was spent informally and plans were made to make quilts to send to the Woodcraft home at Riverside, Cal., and to assist in the relief work in this city.

Refreshments were served by the hostess at a late hour in the afternoon. Mrs. Belle Devine will be the next hostess on Aug. 25.

Pendleton Group To Be Entertained

Mrs. Walter M. Pierce will have as her guests at her country home on Aug. 24, members of the Home Economics club of the White Eagle Grange of Pendleton, according to word received from that organization. The invitation was received at a meeting of the club held on Wednesday afternoon.

Events Planned By N.O.W. Lodge

Two events have been planned by the Neighbors of Woodcraft which are of much interest. On Sunday, Aug. 15, at Pine Cone the members will hold a picnic and anyone who has extra room in his automobile is asked to meet at the Odd Fellows hall at 10 o'clock.

They also are planning a regular meeting to be held next Tuesday at 8 o'clock at the Odd Fellows hall.

G. I. A. Picnic Is Held on Thursday

The annual picnic of the G. I. A. was attended by more than 75 railway engineers and their wives last night at 5:30 at Pine Cone. This is a special event held each summer before the opening of the regular season. Thursday, Sept. 1, is the date of the opening meeting at 2 o'clock at the Sacajawea Inn.

A potluck dinner was the main feature of yesterday's event.

Riverside Ladies Aid In Meeting

Because of inclement weather the Riverside Ladies Aid held its meeting at the Lane chapel yesterday afternoon instead of at Riverside park as was formerly planned. Mrs. R. E. McNulty presided at the business meeting at which time it was decided to equip the chapel with new curtains

and to sew on quilts during the coming fall.

Mrs. J. C. Gulling Is Complimented

Mrs. J. C. Gulling was complimented on the occasion of her birthday anniversary when a group of 15 friends from La Grande and Enterprise gathered at the W. H. Bohnenkamp Sr. cabin at Wallowa Lake on Wednesday. Mrs. Gulling makes her home in La Grande and has many friends in this city.

Cards and programs were played and Mrs. Cusey received the prize. A dinner was one of the attractive features of the event.

Mrs. Fred Heft Hostess to Aid

Mrs. Fred Heft was hostess to the Lutheran Ladies Aid yesterday afternoon at the home of Mrs. N. Nelson, 1905 Oak street. Plans were completed for a picnic to be held at Riverside park at the time of the next regular meeting, Thursday, Aug. 26, at 2 o'clock in the afternoon.

Razor hones are usually made from grained compact sandstone, or sometimes novaculite, the latter being a compact silica rock. The leather used for razor strops is usually specially treated horse or porpoise hide, with one side rougher than the other.

Inaugurated New Coiffure

One day Marie Antoinette found some peacock feathers on her dressing table. She placed one of them in her hair, looked at her mirror, and was pleased with the effect. Then she added a second plume, and around them placed a few ostrich feathers. The king, who was sitting in her boudoir, complimented her, saying that never had he seen her so well coiffured. She appeared in public with a mode was started which spread all over France and all over Europe.—Boston Herald.

World War Registrations

The first World War registration day was June 5, 1917, covering the ages from twenty-one to thirty-one. The second registration, June 5, 1918, and August 24, 1918, included those who had reached the age of twenty-one since the first registration. The third registration, September 12, 1918, extended the age limits to eighteen and forty-five years.

Of Definite Terms

A statutory award is an award that is enacted, acquired or imposed by statute. The award is permanent in that no one can take it away, but it is not necessarily continual. For instance if a statutory award of \$25,000 is made, there is no further claim when the \$25,000 is paid.

Ridding Dog of Fleas

One lady has discovered that her vacuum cleaner will remove all the fleas from her dog, and the dog seems to enjoy the process. The dust bag containing the fleas must be plunged at once into boiling water.

Use for Old Inner Tubes

Pieces of old inner tubes are useful for pot holders, floor protectors under the furniture legs, strips to glue under the ends of rugs which slip on waxed floors, and mats to place under flower vases, and water pitchers.

Original Blood Theory

Before the time of Harvey's discovery of the circulation of the blood, the prevalent doctrine was Galen's theory of red and blue blood, each type of blood being supposed to pulsate backward and forward.

Chats With Parents

GRUESOME SCENES
By Alice Judson Peale
There had been a serious automobile accident and a crowd of people had gathered. About the scene stood not only men and women but little children, wide-eyed and clutching at their mothers' hands.

One child was crying hysterically and trying to drag her mother from the spot. She, however, refused to move until she had seen the victims lifted into an ambulance.

The crowd was composed of average, every-day people. The mothers, who had stood by with their children, did not belong to the underprivileged classes from whom one has no right to expect refinement of feeling in their dealings with children, yet in their fascination at witnessing an accident, they had quite forgotten that they were mothers.

They had satisfied their own curiosity without thought of the dreadful experience to which they were subjecting their children.

A child's attention should never be drawn to the sight of suffering or death. Often it is possible to prevent him from seeing some dreadful thing merely by conversation, which draws his attention in another direction.

Once, during a walk on a California beach, a mother prevented her 5-year-old child from seeing the body of a drowned man, through causing her to look intently for a particular kind of shell.

Where, however, a child already has glimpsed a tragedy, it is probably best to let him look for a moment and then to draw him away.

Afterwards, if the child wishes to discuss what he has seen, he should be permitted to do so freely. When the shock has somewhat worn off he may be helped to assimilate the experience through a matter-of-fact discussion, minimizing the element of horror.

Why Boil Away COSTLY FRUIT JUICE?

ASKS THIS CHAMPION JELLY MAKER

... Why not turn every last bit into delicious tasting jam... and thus save 2 1/2¢ per glass?
By Mrs. J. O. Schon
NEBRASKA STATE JELLY CHAMPION

"This year's fruit is the finest and cheapest we have had in years. And I know that hundreds of women reading this newspaper are going to take advantage of this fact and put up jams and jellies for the long winter months ahead.
"And I hope they will all use Certo! For Certo will save them, just as it saves me, a really considerable amount of money.
"With Certo, you see, only 1 minute's hard boiling time is necessary to make jelly from any fruit... and for most fruits even less.
"And thus hardly a single bit of juice has time to boil away in wasteful steam... with the result that you get one-half again more glasses from the same amount of fruit. Last year this saved me from 2 to 5¢ on every glass of jam or jelly that I made.
"And, of course, this Certo one-minute boil saves considerable time too. Indeed, I find it an easy matter to make a full batch of jelly in 12 minutes from the time I put my fruit juice and sugar on to cook."

Mrs. Schon's Certo-made jellies and jams have been awarded an almost endless succession of State Fair prizes during the past few seasons, for flavor, texture and color. In the last three years she has won 15 prizes at the Nebraska State Fair. And she is only one of the 5,000,000 jelly makers who are using this magical product.

Why don't you do as Mrs. Schon suggests and order a supply of Certo today with your fruit and other jelly making supplies? Simply follow carefully the Certo recipes that come in the booklet attached to every Certo bottle... and you can't go wrong. Don't delay. Get your bottle of Certo from your grocer today. It is a product of General Foods Corporation.
