

Eagles Defeat Elgin Town Team Sunday 12-4

LA GRANDE CLUB EVENS UP COUNT WITH NEIGHBORS

Wilson's Pitching and Home Run By Hall Feature Game—More Contests are Scheduled.

The La Grande Eagles baseball team evened up its count with the Elgin town team yesterday afternoon at the high school field before an enthusiastic crowd by chalking up a 12 to 4 victory over the visitors. The first meeting of these two clubs in June resulted in an 8 to 7 victory for Elgin.

The features of yesterday's game were the stellar pitching of Chuck Wilson and a four-base clout by Hall. Hall, who started in the mound for the Eagles, was too wild to be effective against the Elgin batters. He allowed three hits in the two frames he pitched and gave three free tickets to first base permitting the visitors to tally four times. Wilson took over the mound duties at the beginning of the third inning and for the ensuing seven innings decisively whitewashed the Elgin club. He permitted but two hits. Only five Elgin batters reached first base while Wilson was on the mound.

Ray Knezevich, although hit frequently, hurled a good game for the visiting nine although his team gave him but ragged support. The first two innings of the game were free-scoring affairs. Elgin tallied one in their half of the first inning due to two walks given by Hall and two errors by his teammates. The Eagles came back in the second half with three runs. Hall singled, Evans followed with a bingle and both scored on Posey's three-bagger along the left field foul line. Posey scored when Tucker bobbed at Wilson's grounder to third. In the first of the second canto Elgin went into the lead again by virtue of three hits and a walk, but the Eagles took the lead in the second half with a duplication of the first inning score. Cochran walked, Courtney singled, the former scored on Don Wilson's fly to deep left field. Courtney scored on Evans' single, and Evans scored on Posey's three-bagger. The Eagles rallied again in the fourth when Hall clouted a sizzling drive to deep center field for a homer, and put the game on ice in the seventh when Chuck Wilson, Cochran, Courtney and Wicklander tallied.

More Games Scheduled Wednesday and Friday evenings of this week the Eagles plan to tangle with two local teams. Courtney is expected to furnish the opposition Wednesday night. Next Sunday the Eagles are scheduled to play another game here against a team composed of Old-Timer All Stars. Bill Workman, manager of the Old Timers, expects to have a strong and hard-hitting aggregation on the field sporting such names as Chandler, of Elgin; Alexander, of Cove; Jackson and Doorman, of Imbler; Stokke, of La Grande, and others equally as well known in this section for their base-

ball ability.

DUCKS WALLOPED BY SEALS TWICE

Portland, Still Leading League by a Game, Beaten in Double Header.

By the Associated Press
Hollywood got back into second place in the Coast league by taking a Sunday doubleheader from Seattle, 11 to 1 and 5 to 4, the Stars also captured the series, five games to two. Frank Shellback led the Indians to five hits in the first game. The six inning nightcap was won by a four run rally in the second inning. The Angels lost an opportunity to crowd Portland hard for the league leadership when they dropped two Sunday games. Oakland beat them 5 to 2 and 6 to 0, which shoved Los Angeles back into third place. However, they took the series, four games to three. Ed Walsh turned the southerners back with six hits in the first game, while his team mates bunched hits effectively off Hal Stutzel. In the nightcap, Pay Thomas allowed only three hits as Moncrief batted the ducks for five innings, only to be nicked for six runs in the sixth inning.

Ducks Ducked Twice
The Seals beat the Portland Ducks twice, 7 to 4 and 2 to 1, taking the series, five games out of seven. Portland used three pitchers in the opener, but San Francisco stepped rallies in the fourth and eighth innings. McDonald held the Seals to four hits in the last game, but they converted them into two runs, while the Ducks could only get one tally from eight safeties.

Sacramento ran its winning streak to eleven of the last twelve starts by taking the ends of a double header from the Indians, 5 to 4 and 3 to 4. In the morning game at Stockton the Sacs came from behind to win with three runs in the ninth. Three errors, coupled with Larry Woodall's double with the bases full beat the Indians in the nightcap.

CITY'S LOCATION IN DISPUTE

There has been some dispute concerning the exact site of the ancient city of Troy. It is believed to be the mound of Hisarlik, between the main Scamander valley and its last tributary from the east.

Best Net Stars Will Take Part In Tournament

By Foster Halley, (Associated Press Sports Writer)
NEW YORK (AP)—The close-clipped sod within the walls of Forest Hills stadium will feel the tramp of the finest international field assembled in several years during the first national tennis championships Sept. 3 to 10. Ellisworth Vines Jr., the lanky California kid who defeated George Lott in last year's blazing final, will be there; so will Henri Cochet, the darling of Antwerp and still ranked by most as the world's greatest tennis player. Henry Wilfred (Bunny) Austin, England's number one man, his close British rival, Fred Perry; Marcel Bernard, best of the younger French crop; Jiro Satoh and T. Kuwabara, the latter champion of Japan, and the fine group of American youngsters—Frank X. Shields, Sidney B. Wood Jr., Clifford Cutter, Keith Gledhill and the rest.

It would not be surprising if Vines' head rested uneasily under the American crown as he surveys that field. Cochet, of course, will be his hardest hitter. The little Frenchman is dangerous at any time and he has the added incentive of wanting to atone for the defeat he suffered at Vines' hands in the final match of Davis cup play.

It was his first defeat in five years' defense of the Davis cup and his friends say he felt it keenly. That was the final incident which led to his decision to make the American invasion this year. A trip long planned but almost abandoned. Whoever wins the title, he will have a hard row to hoe getting to the throne seat. On any given afternoon Shields, Wood, Gledhill, John Van Ryn, Wilmer Allison, Satoh, Kuwabara, Austin or Perry are very likely to heat whoever goes against them.

He'll Remember Shields
Cochet probably still has memories of the tall, gangling 18-year-old who faced him across the net in the semi-finals of the 1928 play and by sheer power carried him to 8-6 in the second set before losing. That was Shields, at that time the most promising of the younger American players.

Vines has come along since to take number one rank, but some day Shields may be able to conquer that nervousness which ties up his muscles before every important match and seldom wears off until too late. Kuwabara is a newcomer to the United States, but Satoh has played here before, when Japan competed in the American zone of Davis cup play. Kuwabara is the present champion of Japan and had a better Davis cup record this year than his better known countryman.

Austin A Stylist

Austin and Perry are both well known in the east. Perry going to the semi-finals of the nationals last year, where he lost to Vines. Austin is a stylist but without the physique to withstand the battering he must take from a Vines, a Lott or a Shields.

National Teams In Red Hot Race For 1932 Flag

By Herbert W. Barker (Associated Press Sports Writer)
Whatever the scientific improbability of two or more objects occupying the same place at the same time, the eight clubs of the National league are busily trying to demonstrate that it can be done.
With the end of the season only six weeks away, the clubs are so closely bunched that an attempt to pick the winner can be classed as pure speculation. Chicago's Cubs still lead the parade but their margin over the Pittsburgh Pirates is only half a game with the Brooklyn Dodgers another game and a half to the bad. The Phillies, Boston Braves and St. Louis Cardinals follow at such brief intervals that the Cardinals are only six games out of first place.

Cubs Lose Ground
The Cubs lost valuable ground yesterday as they surrendered two games to the Cardinals, 2-0 and 2-1 in 10 innings. Tex Carleton spaced seven Cub hits in the opener and Dizay Dean gave up only six in the nightcap and struck out eight men, six in a row.

Brooklyn, driving ahead toward the lead, marked time for the day by splitting two games with the New York Giants, winning the first, 2-1, in 10 innings and dropping the second, 8-4. Johnny Frederick set up a new major league record when he clouted a home run in a pinch-hitter's role for the fourth time this season. Frederick's homer, coming with two out in the ninth frame of the first game, tied the score and the Dodgers then won the battle in the next frame. The Giants mauled three Dodger pitchers for 13 hits to win the second game.

Reds Trample Braves

The Cincinnati Reds, in last place but only 13 games out of the lead, mowed over the Boston Braves twice, 3-1 and 8-3, getting excellent pitching from Red Lucas and St. Johnson. The New York Yankees stretched their American league lead to nine games by whipping Washington, 5-4. Lefty Gomez won his 20th victory of the season although he was knocked out of the box in the ninth when a Senator rally fell one run short of tying the score.

The Philadelphia Athletics clubbed out a 2-1 victory over the Boston Red Sox in the first game as Jimmie Foxx hit his 43d homer but Johnny Welch pitched the Sox to a 2-0 shut-out in the nightcap, allowing eight scattered hits.
Tom Bridges stopped the Cleveland Indians with five hits and drove in two runs as Detroit won a 3-0 triumph that dropped the Indians another half game behind the Athletics.
St. Louis Browns won two games from the Chicago White Sox, 5-0 and 9-5. Bump Hadley allowed only five hits in the opener and Sam Gray pitched as well as he had to in the second game after his teammates had given him an 8-0 lead.

DOMESTIC GRAIN MART UNSETTLED DURING THE WEEK

Pacific Coast Wheat Firmer Than in Eastern Points—Lighter Yield is the Reason.

WASHINGTON, Aug. 15—Domestic grain markets were very unsettled during the week ending Aug. 12. Prices fluctuated rather sharply, but at the close of the period most of the gains made early in the week had been offset by later declines, according to the weekly grain market review of the U. S. bureau of agricultural economics. Advances in cotton and security markets, further damage to North American spring wheat by drought and heat, and reduced offerings of southern hemisphere grain, were the principal strengthening factors in the wheat market. These were largely offset by continued European lack of inquiry for American wheat and the official estimate of a larger domestic spring wheat output than was generally expected in trade circles. Corn strengthened with wheat, but declined towards the close of the period, under heavy country offerings. Oat prices remained higher than a week ago. Barley markets were barely steady at the close of the period, but were unsettled by the influence of a light demand for the heavy receipts and prospects of increased returns both in the U. S. and Canada. Flax was firmer and prices advanced 1c per bu. with prospects of reduced yields.

A domestic wheat crop about 172,000,000 bushels smaller than last season was indicated by the Aug. 12 estimate, which placed the 1932 crop at 722,667,000 bushels. Of this total, 244,831,000 bushels is hard red winter, 146,653,000 bushels soft red winter, 191,913,000 bushels hard red spring, other than Durum, 52,175,000 bushels Durum, and 87,115,000 bushels winter and spring white wheats. The winter wheat return is only a little over half that of last season, while the spring wheat harvest is nearly three times that of 1931.
No estimate is yet available of the Canadian spring wheat crop, but the condition at the end of July was officially estimated at 88 per cent of the long time average and the acreage was placed at 27,069,000 acres, or nearly a million acres over the area harvested in 1931. The fall wheat crop in Canada was placed at 14,395,000 bushels. Weather in the prairie provinces since the first of August has continued hot and dry, and further deterioration has taken place in Southern Saskatchewan and parts of Alberta. Harvesting in general in Manitoba and wheat is half cut in the earliest districts.

Estimates and forecast of production in 23 Continental European countries, which last year represented 97 per cent of the European crop, exclusive of Russia, give a total production this season of 1,406,000,000 bushels compared with 1,403,000,000 bushels harvested in the same countries last year. Stem rust has spread rapidly in the Danube basin and a large part of the crop is reported to be of unusually poor quality. Production in the surplus areas of Europe is only about two-thirds as large as last season, but the crops in normally deficient areas are well above the 1931 harvest.

No Russian Estimate
No estimate is yet available for the Russian wheat crop, but winter wheat prospects have been reduced by excessive heat in North Caucasus and parts of the Ukraine. Trade reports indicate also that yields of spring wheat will probably be below average. Harvesting has been delayed and the July procurings were only about 45 per cent of the plan. Trade reports of the Russian exportable surplus this season range from 36,000,000 to 50,000,000 bushels. This compares with 70,500,000 bushels exported last year, and about 96,000,000 bushels two years ago.

Of about equal significance with crop returns are remaining stocks of old wheat. World wheat stocks Aug. 1, were somewhat under those of a year ago, with an increase in the U. S. more than offset by smaller stocks in other areas. The carryover of old wheat in the U. S. July 1, 1932 reached a new high record of 392,568,000 bushels and was about 44,000,000 bushels larger than July 1 a year ago. Stocks of wheat remaining in Canada at the close of July totaled 130,948,000 bushels compared with a revised figure of 134,079,000 bushels a year ago. In addition to the domestic stocks in the U. S. and Canada there were 15,364,000 bushels of Canadian grain in store in the U. S. and 4,707,000 bushels of U. S. grain in store in Canada at the first of August. Southern hemisphere stocks are apparently considerably under those at the corresponding date last year, with exportable stocks as of Aug. 1 placed at 76,819,000 bushels or about 28,000,000 bushels less than a year ago. Argentine stocks are about 9,000,000 bushels less and Australian stocks about 19,000,000 bushels less than a year ago. Data on stocks of old wheat in other areas are incomplete, but from such information as is available it appears that supplies of old wheat in European exporting areas and remaining exportable stocks in India and North Africa at the first

of August totaled about 45,000,000 bushels as against 110,000,000 bushels in these positions a year ago.
Pacific coast wheat markets were firmer than those at eastern points, with continued light reports by growers the principal strengthening factor. Receipts at Pacific northwestern terminals totaled only 700 cars for the week, compared with 1,030 cars for the corresponding week last year. Harvesting and threshing of winter wheat is well advanced and some spring grain was cut during the week. Demand from local domestic mills was fairly active and exporters were taking fair amounts, although prevailing prices were above export bids. Exports of wheat and flour from Columbia river and Puget Sound terminals during July were the lightest for that month since 1925 and totaled only 1,639,000 bushels.
Cash prices advanced about 1/2c per bushel at Portland during the week, with B. B. bluestem hard white quoted Aug. 12 at 63 1/2c, soft and western white at 56 1/2c, hard winter, northern spring and western red at 55 1/2c, sacked, basis No. 1 western white and western red sold at Seattle at 57c, hard winter at 58c and Baart hard white at 65c, sacked, basis No. 1, with Montana dark northern spring, 16 per cent protein, quoted at 68c per bushel in bulk. No. 1 Manitoba northern was quoted at Vancouver at 58c, equivalent in U. S. currency to 59 1/2c.
