

# Sacramento Falls Before Bill Shore's Pitching Friday

## BEAVER HURLER WHIFFS TEN IN WINNING GAME

### Los Angeles Trim Missions and Seattle Defeats Oakland; Stars and Seals Not Scheduled.

By the Associated Press  
The Sacramento club, which has won a large share of its games lately, ran up against Bill Shore, Portland pitcher who struck out 15 men in one game last week, and the Beavers took Friday night's game, 7 to 2. Shore turned 10 batters back to the bench with nothing to show for his efforts, and allowed but eight hits. In the fourth inning Portland clinched the game with five runs, adding two more in the sixth. The best the Seals could do was two tallies in the sixth.

## A New Net Star From California

Only once before in her career had Carolyn Babcock of Los Angeles competed in a national tennis tournament. Yet as you see her here in action at Forest Hills, N. Y., she was winning her way to the finals of the women's championships. Following her brilliant victory over Joan Ridley of England in the semi-finals, however, Miss Babcock lost the crown to Helen Jacobs, 6-2, 6-2.

## Cubs Well Ahead Of The Field In National League

By Herbert W. Barker  
(Associated Press Sports Writer)  
For the first time since Charley Grimm took over the reins, the Chicago Cubs can afford to sit back and take a breathing spell.

Winners of seven successive games and 17 of the 22 they've played under Grimm's leadership, the Cubs today were six and a half games in front of the National League field. They trounced the pennant-hungry Brooklyn Dodgers yesterday for the third time in a row, 10-4, smashing Hollis Thurston, Dazy Vance and Jack Quinn for eight hits and nine runs in the third inning. Behind the lead Lon Warneke coasted to his 19th victory of the campaign. The sensational rookie right-hander has lost only five games, three of them to the Dodgers.

The Dodgers, their pennant hopes temporarily dimmed, now must turn their attention to holding on to second place. While they were taking their trouncing at Chicago, the Pittsburgh Pirates, behind the seven-hit pitching of Leon Chagnon, blanked the Phillies, 8-0, and moved to within half a game of the Dodgers.

Dean Wins Another  
The only other National League game of the day provided Dizzy Dean with a chance to win his second game in three days. He pitched the Cardinals to a 4-2 decision over the New York Giants, allowing only five hits of which two were home runs by Carl Hubbell and Melvin Ott.

There was no change in the relative standing of the American League leaders as the New York Yankees and Philadelphia Athletics both won. Johnny Allen outpitched Wes Ferrell as the Yankees beat Cleveland, 4-2. Gehrig's 21st homer and Ruth's 37th helped the young right hander hang up his eighth successive victory and his 14th against two defeats this season.

## New Miss Utah

Evelyn Nielsen is attractive, we'll all admit—but she's more than just attractive. She is the 1932 model Miss Utah, being selected at a Salt Lake annual beauty contest.

## WHISKERED TEAM HERE ON MONDAY

### Eagles and House of David Nine to Play at L. H. S. Field at 4 p. m.

The La Grande Eagles baseball squad practiced some smooth working plays last night in the usual Friday night practice session at the High school field. Every member of the squad was working at high speed and with determination. From the chatter and spirit of the members of the team it was obvious that the boys consider that they have a good chance to topple over the House of David team in a game to be played at the High school field at 4 o'clock next Monday afternoon.

Last night's practice was devoted to about one hour of steady and constantly speeding-up infield work, and completed with a practice game between the Eagles and a pick-up group, most of whom play on Gartry's Ghoul team. The Eagles had no difficulty in coming out ahead of their opponents.

Hall Hopeful  
"You bet we have a chance to win," said Manager D. W. Hall last night. "The House of David team has an impressive record, but if analyzed closely one sees that they lose from level best to do it. The members of the Eagles squad are psychologically set to do so—they have everything to gain and nothing to lose—and besides that there seems to be a prevailing opinion among the players that 'the bigger they come—the harder they fall.'"

No Game Sunday  
The Eagles will not play their usual game on Sunday afternoon. Instead, they will have a practice session consisting of a light infield workout, followed by a protracted session of hitting and bunting practice. Practice will start at 2 o'clock.

It is urged that all who plan on attending the game Monday afternoon arrive at the field about 3:30 o'clock. The House of David team will put on its "pepper game" before the game starts, and other features have been scheduled to take place between 3:30 and 4 o'clock when the game will be called.

The tentative lineup for Monday's game follows: Conrad, c; Lewis, p; Egan, 1b; Posey, 2b; Evans, 3b; Wilson, 4b; Nicholson, ss; Nelson, lf; Cochran, cf; Hall, rf; Hartman, d; Wilson, Wicketman, Parker and Courtney will no doubt see service during the game also.

Bill Workman and Gib Stokke are scheduled to umpire the contest.

## Freddie Steele Beats Townsend In Seattle Tilt

SEATTLE, Aug. 27 (AP)—Fighting a cool, heady battle for five rounds, and opening up in the sixth, Freddie Steele, Tacoma, won the decision over Billy Townsend, Vancouver, B. C., in the main event of a fight program here last night, and bounced himself into the championship contender class of the welterweight division.

Only in the second round did the Vancouver boy show Steele up. Off balance in a not quite successful effort to dodge a vicious right, Steele went down for a no-count, from a wallop in back of the ear, but came right back to explode a torrid left hook on Billy's chin.

The Tacoma youngster fought a smart fight throughout. He threw lefts into Billy's face time and again, and never gave the Canadian a chance to counter-punch. Usually dangerous in close, Townsend was kept tied up most of the time.

Steele showed a willingness to gamble in the last session, and the two boys boomed away toe-to-toe. Left hooks to the head staggered Billy and a right to the jaw drove him against the ropes. Townsend swung, but couldn't land effectively, and Freddie continued to throw vicious rights and lefts to take the round by a good margin.

Chances for a rematch in the near future seem improbable. Townsend flew from an eastern campaign last week, and will fly back again in a few days for a Montreal bout.

Rodolfo Taglia, Argentine bantamweight, and Ganto Robble, Seattle, socked each other steadily for six furious rounds in the semi-final, and came out all even.

Abie Israel, Seattle bantam, handed out a lacing to Chris McCardle, Vancouver, B. C., in six rounds. McCardle made it interesting for three stanzas, but was on the receiving end most of the time.

Profits from the show went to swell Mayor John F. Dore's unemployment relief fund.

## New Lubrication System Adopted In Union Stations

The inauguration of a lubrication system at all Union Service Stations, Inc. stations that completely takes the "guess" out of automotive lubrication, was announced today by J. H. Dastel, general manager.

"Not one motorist out of a thousand can remember from one month to the next what parts of his automobile were last lubricated, unless he keeps a record of what has been done, and few do that," Mr. Dastel said in outlining the new system.

As a result, his instructions to the service station attendant, when he drives his car for lubrication, are usually pretty indefinite. Not knowing what parts of the car were adequately lubricated at the previous servicing, the attendant, to eliminate the possibility of any part going dry after he completes his work, is prone to over-do the job. Too much oil and grease can do virtually as much damage as too little.

To eliminate this guess work, Mr. Dastel explained that under the new arrangement a systematic record is being kept of every car lubricated at Union Service Stations, Inc. stations throughout the Pacific coast states. The record follows the car whether it is lubricated in San Diego or Seattle, a card on which the work done at each lubrication interval being carried in the car. Each time a car is brought into a station an entry of the parts lubricated and the amount and kind of lubricants used is made on the card. A duplicate copy is retained at the station and a triplicate sent to the district headquarters.

Each car is given a lubrication number which is stenciled on the cowling under the hood. As each

## Less Yearling Ewes On Hand In Western States

CORVALLIS, Ore., Aug. 17 (AP)—A prospective reduction in the sheep population in the western states where two-thirds of the total are grown, is foreseen because of the material reduction in the number of yearling ewes on hand, according to a report issued Friday by the economic department of the Oregon State college extension service.

In the western area including Texas and South Dakota, where two-thirds of the sheep in this country are found, the present number of yearling ewes is now about 15 per cent less than enough to maintain the flocks, with normal death losses and marketings. In the rest of the country little change in sheep production is expected, the report states.

"Numbers of sheep in this country reached a peak Jan. 1, 1932 when more sheep were on hand than ever before," the report said. "Owing to unfavorable conditions for sheep in the western states last winter, heavy death losses of ewes occurred after January 1, and the number on hand at shearing and lambing time was less than a year previous. The lamb crop was 8 per cent smaller and the wool crop estimated at 7 per cent under 1931."

"The sheep industry has been feeling the combined effect of increased supplies of lamb and wool and sharply curtailed consumer demand, so that in July 1932 the farm price of sheep in Oregon was but 91 per cent of the 1929-1930 average, lamb 83 per cent and wool 24 per cent."

"There is a close relationship between prices for lambs and wool and the purchasing power of consumers as indicated by the index of industrial psychology," the outlook report concludes. "This index is now at 40 per cent of the 1923-25 level, a situation which can reasonably be expected to improve materially within a year or two."

## \$500 VANDALIA OPEN WILL BE TODAY EVENT

VANDALIA, Ohio, Aug. 27 (AP)—Nine days of continuous firing at clay targets in the grand American handicap tournament will end today when the doubles championship of North America for men, women and professionals will be decided.

The \$500 Vandalia open is also billed for this afternoon, the final event of the thirty-third annual trapshooting program.

Gus Payne, Oklahoma City, will defend his two-target title won last year, when he smashed 185 out of a possible 200.

Yesterday Arthur E. Sheffield, of Dixon, Ill., a railway postal clerk, won the grand American handicap, the highest honor and richest purse in the gun world. The award was \$11,000.

Standing on the 21 yard line and facing a driving rain that at times almost obscured the targets, the Illinois marksman cracked 98 out of 100.

One target back of Sheffield came L. W. Becker, Canton, Ohio; P. A. Rogers, Mt. Sterling, Ky.; A. H. Conkey, Cleveland; Billy Brimmer, Omaha, Neb.; D. N. Wiyarich, Lancaster, Ohio; and B. C. Coffee, of Prairie City, Iowa.

In the shootoff, Rogers won second place; Wiyarich third; Becker fourth; Brimmer fifth; Conkey sixth and Coffee seventh.

## Golfer's Slice Costs Him \$4.00

MINNEAPOLIS, Minn., Aug. 27 (AP)—A golfer's slice and a broken automobile shield cost two men \$4 apiece in court yesterday.

As C. L. Phillips drove his car past a golf course a ball shattered the glass. E. A. Hagan admitted his bad slice was responsible. Phillips wanted \$8 but said he knew how it was—he played golf, too.

Judge W. C. Larson, also a golfer, suggested they share equally—such things would happen, he said. Both concurred.

### Leap Year Bride

(Continued From Page Five)

Three more hours of searching enlightened Cherry. By the end of that time she had visited two-thirds of the places on the list. She had walked, ridden on street cars and climbed stairs until she was convinced that she had covered miles. And in all that time she had found not a single apartment remotely within their price.

Cherry was too tired to stop for lunch. She went to the hotel, threw herself down on the bed and then, because she was so weary and disappointed, cried herself to sleep. The attendant, ringing of the telephone awakened her.
