

Portland Finishes Week With Four-Game Lead In Coast League

WINS FROM SACS THREE OUT OF 4 GAMES IN WEEK

Bowman Blanks Sacs in First Game of Double Bill But Portland Drops Second Tilt 2-2.

By the Associated Press
Portland took the series from Sacramento, three games out of four by splitting the doubleheader Sunday. The Ducks took the opener, 6 to 0, as Bowman blanked the host six-seeded bats. The Senators led 2-0 pitching by Kenzo Hoshino, the Japanese import, and Jimmy De Stang, to win the closing contest, 8 to 2. The key pitching of Earl Yde, the Seattle star, was a factor in the win while the Sacramento batsmen got 14 off McDonald and Jacobs. Portland finished the week with leading the league, and with 10 victories in the last 14 starts.

San Francisco's Sacs won three of the four games played during the weekend with Hollywood, landing in second place by the narrow margin of one percentage point. The Ducks were crowded down to fourth place, one game behind the Angels.

The Stars took the opener of the Sunday doubleheader behind the four-hits pitching of Earl Yde. The Sacs' only chance to score came in the fourth inning when they filled the bases with one out. But Yde asserted his supremacy by striking out the first batter and a force out retired the side. The second game was billed for seven innings, but at the end of the seventh neither team had scored. Hollywood tied the score in the eighth, and the Sacs came back with two runs to take the game and series.

Los Angeles made a clean sweep of the series with the Mission by taking the first game of the Sunday double bill, 12 to 1 and 4 to 3. In the opener, Win Ballou held the Reds to seven hits while his mates fell on two misadventures for 18 strikes.

The second game was tied at three-all at the end of the seventh, when it was due to finish. It went on until the ninth, when Outfielder Homer Barnett singled with the bases full for the winning run.

Oakland's Sunday double header at Seattle was rained out, the Indians taking the series, two games to none.

COLLISION IN AUTO RACE IS FATAL TO TWO

WOODBRIDGE, N. J., Aug. 29 (AP)—A collision in the second five-mile qualifying heat of the season's first racing program at Woodbridge speedway cost Frankie Farmer, nationally known automobile ace, and Bill Neppolitan, his partner, their lives yesterday.

The accident occurred as Farmer tried to pass Neppolitan on a bank. Neppolitan's car turned over and his chest was crushed. Farmer suffered a compound fracture of the skull.

The feature event was won by Bryan Balespach, of Philadelphia, who covered the 25 miles in 20 minutes, 4 seconds.

Steve Hannagan claims it was the greatest motor boat race ever staged. He cites the facts below to prove the point: Here's the testimony. Judge for yourselves.

Back in 1924, when Miami was in boom, Steve was struck with a great idea to publicize the Florida city he represented. He decided on a motor boat race in Biscayne Bay. That wasn't extraordinary in itself.

By he got eleven race track drivers from the Indianapolis speedway, headed by Tommy Milton, Louis Chevrolet, Harry Hartz, Bill Wontlerick, and the rest of the remaining sensations of the day.

He got eleven speedboats, of identical power and design. They even weighed the drivers and mechanics, and added weights to the boats to the light fellows, to make everything even.

They were done handclapping, technically. There wasn't a fraction of difference in speed between the craft, with eleven wild men at the wheels.

It just so happened that not one of the race track drivers had ever before driven a speed boat. Some had never seen them. Half the boys couldn't swim. But Steve fixed that. He let them practice 30 minutes before the race.

CAME THE TURN
They lined up, the gun barked, and eleven speed boats roared away from the mark at 50 miles an hour. They headed for the first turn in a line, no one giving an inch. It was a beautiful sight.

But it was so happened that not one of the drivers had the faintest idea what to do when they did hit the sharp turn, there were no banks, like a race track.

Wildly they whipped over their wheels and immediately they disappeared from sight in clouds of

spray and water. They were yelling, banging off one another, bows clanking up on sterns, spinning around, one of two turning over.

But those still alive never let up on the thrills. They got out of it somehow and Tommy Milton limped into the dock with his craft, sinking rapidly.

FIRST AND LAST

Gar Wood, who has raced the flying scud races everywhere, could not contain himself. He rushed to the dock to greet Milton.

"Tommy," he said, with wild excitement, "that was the greatest start in the history of motor boat racing. I've never seen anything like that turn. It was magnificent."

Milton shakily pulled off his helmet and goggles.

"Mr. Wood," he said, "I'm glad you saw it. If we knew as much about speed boats as you do you never would have seen it. You can just bet this, you'll never see it again."

Yanks Need 18 More Victories To Clinch Flag

By Herbert W. Barker
(Associated Press Sports Writer)

If you're interested in mathematical possibilities, the New York Yankees can clinch the American league flag with 18 more victories while the Chicago Cubs need 22 to assure themselves of the National league pennant.

The Yankees, by winning 18 of their remaining games, can clinch the pennant regardless of what Philadelphia accomplishes. Washington is in an even more dangerous position for the Senators automatically will be eliminated as soon as the Yankees win 13 games.

In the National league Pittsburgh could win all of its remaining games and still finish no better than second if the Cubs can take 22 decisions. Brooklyn will be eliminated as soon as the Cubs win 20 games. It might be remembered too that each time their closest rivals are beaten the Cubs and Yankees will need one fewer victory to clinch.

Cubs Win 10 Straight
The Cubs continued their mad dash through the older circuit yesterday, going out the New York Giants, 5-4, for their tenth successive triumph. Kiki Cuyler drove in four runs with a single, home run and long fly, the latter blow knocking home the winning marker in the ninth. Brooklyn's hopes took a sharp drop as the Dodgers hit two decisions to the St. Louis Cardinals, 4-1 and 6-4. Dizzy Dean won his third game in five days in the nightcap although he was relieved by Sylvester Johnson in the ninth.

Yanks Split Double Bill
The Yankees maintained the 10½ game lead in the American circuit by splitting two games with the Chicago White Sox. The Sox won the first game, 5-2, as Ted Lyons held the Yankees to five hits, but dropped the second, 11-5, when New York collected 15 hits. Babe Ruth hit a homer in each game to bring his season's total to 39.

Cleveland scored seven runs in the first inning to win the first game from the Boston Red Sox, 10-1, but dropped the second, 4-3, when Benny Tate eluded a homer in the 11th inning. Detroit pounded Weaver, Brown and Coffman for 21 hits and won a 15-7 victory over Washington.

11 Veterans Off O. S. C. Grid Team After Graduation

(This is the first story in a series of seven articles on football prospects at Oregon State college.)

Stories will outline the prospects for each position.

OREGON STATE COLLEGE, Corvallis, Aug. 29—Eleven Oregon State lettermen who started on the gridiron last season will be let to the squad this year either by graduation or the three-year rule. Of this number eight are line men and three backfield men.

The biggest loss is in the line where five regulars will be missing from tackle to tackle. The heaviest loss in the backfield is at left half where both lettermen ball carriers have been graduated.

The end positions should be as strong as last year as only one letterman, Floyd Ross, who alternated with Keith Davis on the left side of the line, will be missing. Davis, a two-year letterman, who came to Oregon State from St. Paul, Neb., is a triple threat and did most of the punting for the Orangemen last year. This, his senior year, should be his best.

Other candidates for left end are Dean Mittle and Milton Campbell, both of Prairie City. All three were members of last year's freshman squad.

Two lettermen, Everett Davis, of Omaha, Neb., and Fred MacDonald of Astoria, are among the outstanding blockers for right end. Davis is an all-around athlete having won letters in football, basketball and track. MacDonald is also a letterman in basketball. Both are good blockers and pass receivers.

Other candidates for right end are Ed Adams of Santa Ana, Cal.; Don Johnson of Portland; and Bill Johnson of Muskogee, Okla., all varsity reserves last year; Mel Masterson of Long Beach, Cal., and John Woodard of Portland, both freshmen last season.

Olympics Leave Coast Athletes Stadia Heritage

LOS ANGELES (AP)—Three monumental athletic stadia erected in Southern California have been left by the games of the Tenth Olympiad.

Chief of these is the Olympic stadium, originally built when the games were in Los Angeles and now only an idea in the mind of William May Garland and enlarged a year ago to its present capacity of 105,000 persons.

Second to the stadium is the Marine stadium of Long Beach, prepared for the games at a cost of a quarter of a million. The 2500 member Olympic program on the basis of records shattered in the Olympic games.

Unlike most large stadiums, there is no seat out of range of good view of the track or playing field.

The swimming stadium pool is 50 meters long. The water is constantly run through a filter system which makes it 3 per cent more pure than is required of the city's drinking water. A heating plant keeps the water at an even temperature at all times. Permanent stands to seat 5000 will remain while the temporary stands on the east side of the pool will be removed for the construction of a shallow pool for youngsters.

University of Southern California and the University of California at Los Angeles have indicated that they may make crew racing part of their athletic program on the basis of the success of the events in the Long Beach stadium.

While the course is shorter than the Toughest distance of four miles, it is considered likely that California and Washington, the two coast universities now actively interested in rowing, would be willing to race at two miles.

FRANCIS OUMET REGAINS HEALTH

Captain of Walker Cup Team Visits Golf Course; American Stars Practice

BROOKLINE, Mass., Aug. 29 (AP)—Francis Oumet, captain of the United States Walker cup golf team and national amateur champion, expected to get out to the country club today for a short visit and perhaps a round of golf.

Oumet was stricken with a severe cold during his match with Gene Sarazen last week and Thursday was ordered to bed. His recovery, however, has been rapid.

The United States team appeared in something of a bunch yesterday. Billy Howell, the sensational Virginia-born George Vogt and Maurice McCarthy, the New York members of the team, and George T. Dunlap Jr. played a practice tournament, while Chasley Beaver and Don Moe, the coast giants, started out on a two-man team.

Jack Westland of Chicago arrived too late to play yesterday. Gene Westers' throat infection has cleared up and he's expected today, and Harrison Johnson, amateur champion in 1929, was on his way here.

The British team took the day off yesterday.

BILL BLAUFUS KEEPS OREGON COAST CROWN

GEARHART, Ore., Aug. 29 (AP)—Bill Blaufus, 21, who in a couple of years of tournament play has become one of Portland's most famous golfers, retained his Oregon coast golf championship on the Seaside links here Saturday by defeating George Will of Portland, 7 and 6.

Blaufus played better than par golf the entire 36 holes. Mrs. B. E. Eva of Portland clinched the women's title for the second consecutive year by defeating Miss Jean Playeman of Portland, 19 and 9.

PARIS DOCTOR IS WINNER OF CHESS TITLE

PASADENA, Cal., Aug. 29 (AP)—In the final round of the international masters tournament of the California chess congress, concluded last night, Isaac Kashdan of New York finished second to Dr. Alexander Alekhine, of Paris.

Third, fourth and fifth prizes were divided among Arthur Dake, of Portland, Ore.; Samuel Reshetky, of Chicago; and Verman Steiner, of New York. Sixth prize went to Harry Borochow, of Los Angeles.

Rev. H. E. Ohman, of Omaha, Neb., won the minor tournament with 75 per cent in the women's class with 75, score of 8½-1½. Miss LeVine Hines Mexico won the team matches against California by 8½-7½.

Domestic Wheat Market Independently Firm During Week

QUOTATIONS ON COAST DECLINE A BIT, HOWEVER

Drop in Portland Represents Principally the Lack of Export Outlets in This District.

WASHINGTON, Aug. 29—Domestic wheat markets were moodily steady during the week ending August 26, despite declines at Winnipeg and weakens in European markets, states the weekly grain market review of the U. S. Bureau of agricultural economics.

Modest offerings of winter wheat, a fairly active milling inquiry for both winter and spring grain and some advance in securities, were strengthening influences which offset the weaker situation in foreign markets caused by increased marketings of Canadian wheat. Liberal offerings of native wheat in Europe and generally favorable prospects for the southern hemisphere crop on materially increased acreage in both Argentina and Australia. Corn markets were weak, with larger receipts in exports of light current trade requirements. Oats and barley were unsettled with price gains reported at some points and declines at others, depending upon local supply and demand relationships. Rye strengthened with wheat. Flax held steady under an active crusher demand despite increased receipts.

Harvesting of the domestic spring wheat crop is now practically completed, but marketings remained relatively small with growers slow sellers at prevailing low prices. The quality is generally good with protein averaging higher than last season. Outings of spring wheat was practically completed in Manitoba, 40-60 per cent accomplished in Saskatchewan and 30-45 per cent finished in Alberta, according to the Manitoba Free Press. Threshing was about 60 per cent completed in Manitoba, 15-30 per cent in Saskatchewan and 10-20 per cent in Alberta. Conditions for the completion of the European harvest are favorable and indicate a harvest about equal to earlier expectations. The quality of the French crop is reported good and early offerings of new German wheat also show excellent quality. Some rust damage has occurred to Italian wheat and offerings of new Rumanian wheat are reported of very low quality with test weights ranging from 56 to 55½ lbs. Early offerings of Russian wheat are reported to be equal in quality to those of last season. Prospects for the new southern hemisphere crops are becoming more prominent in the world supply situation.

The 1932 Argentine acreage is placed at 19,250,000 acres, against 17,250,000 acres a year ago. The Australian acreage has also been increased, with early unofficial advice indicating an increase of 1,000,000 acres over that of last season which is placed at 13,900,000 acres. The condition of the growing crop was generally favorable in Argentina, Western and Southern Australia and Victoria. The condition in New South Wales is less favorable as a result of deficient moisture. Crops in both New South Wales and Victoria have deteriorated recently as a result of dryness.

World wheat markets were not greatly changed during the week, with liberal offerings of new crop supplies in deficit European areas and larger visible stocks in North America offsetting the light offerings from European surplus areas and smaller shipments from the northern hemisphere. Canadian wheat is being offered freely and Canada is supplying the bulk of world shipments. Southern hemisphere shipments during the week totaled 2,941,000 bushels. The first shipment of Russian wheat, totaling 144,000 bushels, was reported during the week and comprised the entire Black Sea movement, since there were no exports from Balkan and Danubian countries. Continental European markets were quiet, with prices about unchanged from a week ago. Prices at Liverpool showed some changes, with German wheat reported solid at the close of the week at 50½c compared with 48½c a year ago. In addition to the current wheat's export receipts, 19,000 bushels arrived at Portland by truck and 15,000 bushels by boat. Domestic markets furnished the principal outlet since no export business was done, either in wheat or flour. Canadian and Australian wheat was being sold in the Orient at prices below quotations on U. S. wheat. A cargo of Canadian wheat was reported to Shanghai from Vancouver during the week and some export business was also worked to the United Kingdom. No 2 Manitoba northern was quoted at Vancouver Aug. 26 at 53½c, which is equivalent to 45½c in U. S. currency. As compared with this price, No. 1 soft and western white was quoted at Portland at 54½c, hard winter, northern spring and western red at 53½c. No. 2 southern hard white at 61½c and 12 per cent protein dark hard winter at 57½c per bu., sacked. Western white, western red and hard winter were quoted at Seattle at 55c

and Baart hard white at 61c, sacked, basis No. 1, with No. 1 Montana dark northern spring, 16 per cent protein, in bulk quoted at 70c per bushel.

Famous French Palace

The palace of Versailles is mostly the work of Versailles. It consists of a central block surrounding the three sides of a large court and of two immense wings, each inclosing two or more courts. The total length of the building with its dependencies is nearly one-half mile. It houses a picture gallery, upon which alone Louis XIV spent \$5,000,000.
