## Predicts Passage Of Bonus Measure By Next Congress

SACRAMENTO, Cal., Aug. 31 (AP)—Barold De Coe, commander in chief of the Veterans of Foreign Wars of the United States, told that organization in convention here Tuesday he predicted passage of a bill for full payment of military service certificates by the next congress.

"I make this prediction without fear of contradiction," De Coe said, "that by reason of the activities of the Veterans of Foreign Wars of the United States this year in our legislative program in Washington that the bill for pensions to World war widows and dependents and the bill for cash payment of the balance due on out-adjusted service certificates will be passed by the next session of congress." In further explanation of his confidence for victory De Coe said:

"We are and have been for the last 90 days seeing to it that our friends and men in the political life of our country who are friendly to the veteran cause are being elected as our representatives in congress."

## WALLOWA PERSONALS

**By G. C. Meek (Observer Correspondent)**

**WALLOWA, Ore.** (Special)—Ed Bell has had two teams haul several days the past week hauling some wheat from the C. A. Hunter farm in the hills to Dr. Gregory's ranch east of town. Some of the other farmers of the community also have been delivering some small lots of wheat to various farmers in the valley.

Roy Gastin was busy during the week with his threshing outfit and was busy a couple of days the latter part of the week threshing his own crop. He reports a yield of a little better than 15 bushels an acre from his fall wheat. He expects to move his machine to the M. A. Peterson farm on Whiskey creek in a few days where he will thresh and also thresh several other crops in that community as soon as the spring grain is dry enough.

T. O. Johnson, who lives a short distance east of town, has been rebuilding a silo at his farm. He has an exceptionally heavy crop of oats, peas and winter barley with which he intends to fill the silo for winter feed for his herd of dairy cows.

Eugene Gastin has been working at the John Couch place in L. H. district the past several days. They are finishing putting up at present and expect to start combining in a few days.

L. V. Lathrop recently finished combining about 200 acres of fall wheat for J. D. Slaughter and sons, of Parsnip creek.

Reports from some parts of the community indicate that considerable petty stealing is being done. M. A. Peterson, of Whiskey creek, reports the loss of a half barrel of gasoline and some machine oil during the past week. Giles Plasse also reports the loss of a five gallon can of tractor oil.

J. R. Anderson was an Enterprise business visitor the latter part of the week. He was looking for work while here, but reports jobs scarce and hard to obtain. He says harvest of the spring grain in that section is later than in this end of the valley.

Mrs. Ed Bell left the early part of the week for a few days visit with her daughter, Mrs. Jessie Carlton, who is with her husband at the fire lookout station near the old toll gate.

Mrs. L. E. Bell and children spent the past week visiting her parents, Mr. and Mrs. Martin, in the Flora section.

**At Huntington**—Mrs. Sam Ruby and daughter, Imogene, spent Monday and Tuesday with Mrs. Ruby's sister, Mrs. W. P. Hartwell, at Huntington.

**Operation**—Mrs. S. B. Morgan, prominent clubwoman and wife of the county roadmaster, Mr. Morgan, underwent a major operation yesterday at the Grande Ronde hospital.

**At Hospital**—A major operation was performed on Mrs. J. D. Smart yesterday at the Grande Ronde hospital.

**Tourists**—Among the tourists from neighboring states who stopped in La Grande last night were Misses Esther Huse and Jennie M. Haley, of Boise, Mr. and Mrs. P. L. Mears, Priest River, Ida; Mr. and Mrs. L. A. Garmon, Caldwell; Mr. and Mrs. A. M. Solomon, Burley, Ida; Mr. and Mrs. Roy S. Wagner and H. D. Ellison, Portland.

**To Teach**—Mr. and Mrs. J. H. Gaiser have arrived in La Grande to make their home where he has accepted a position on the teaching staff of the Eastern Oregon Normal school. Mr. Gaiser is a graduate of Whitman college, Walla Walla, and also studied in Europe for a year. He will fill the vacancy left by E. G. Daniel, who has gone east to study at Harvard.

**Leave Saturday**—Miss Nora Bishop, La Grande High school graduate with the class of 1932, will leave Saturday to enter nurses training in Walla Walla.

**From U. S. S. Spokane**—B. A. Schuster and O. C. Clementson, of the U. S. S. Spokane, were visitors in La Grande last night.

**Carroll Here**—Mr. and Mrs. Craig Carroll are visiting here while he is transacting business. She has been visiting friends, having been a former resident of La Grande. Mr. Carroll formerly made his headquarters in this city, but they now live in Portland.

**Dog Unappreciated**

In Old Testament days the dog was not the friend and faithful companion of man he is today. No term of contempt was too low for application to him by the inspired writers, who mentioned him some forty times, nearly always with foul language. Divine law recognized this feeling, and forbade that the price of a dog, the money received for him, should be paid in with the tithes or religious fees to the priests of the tabernacle (Deuteronomy 23:18).

**ROOSEVELT'S REPEAL PLAN IS ATTACKED**

liquor traffic by the 18th amendment.

Outlaw for 12 years

"For a dozen years liquor has acted the part of an outlaw, running its business illicitly, refusing to obey, and thus spreading its evil. He All this has scared people of weaker moral constitutions; and a smaller Roosevelt has arisen who offers to restore the liquor traffic to a respectable place in business, with its old opportunities to debauch in return for a license, if only the liquor traffic and its friends will quit kicking and place this second Roosevelt in the White House.

"This spectacle of inferiority makes America long for the big stick. Can anyone imagine the greater Roosevelt surrendering to the importunities of political organizations fostered and supported by the liquor traffic? The liquor traffic has always supported the politics of bad government; it

was the cornerstone of much of the evil President Roosevelt exposed, opposed and dethroned.

"Corrupt government, corrupt interests, selfish politics not only state control of liquor but state control of everything. It makes no difference to the corrupt city political organizations which party wins this election, as long as state control comes along with it. The racketeer, the liquor dealer, the underworld are the control of city politics largely; city politics in many localities control the state; hence the loud cry for 'state rights' from certain quarters. It will put state control in the hands of the city hall gangs.

"Supported by racketeers"

"The drive against prohibition is supported in practical political matters by racketeering politicians who derive support from liquor interests, legal or illegal. The cry for state rights is accompanied by a strong effort to remove state prohibition laws; a situation which always creates happy hunting ground for bootleggers; and giving control of state politics and state government to the lower order. It builds that type of liquor dealer support on which selfish political interests climb to power; the exact opposite of the requirements for good government.

"Governor Roosevelt makes much of the promise of a liquor-soaked nation without saloons. Liquor, no matter how sold, has a universal and uniform debauching effect. However, the liquor business wants and will have saloons in case of repeal. Right according to newspaper advice liquor people are taking options on property they hope to turn into saloons. We are informed that the brewers are laughing in their sleeves at the gullibility of the American people who think the saloon can be prohibited.

"Leaders of high standing may promise there will be no saloons; but the situation which always creates happy envisions a political empire based on booze know that the strong points of their power will be the saloon, no matter what its name.

"In many larger cities the gangs which attempted defiance of the federal government, have sold out their depleted business to smaller fry of the underworld and have taken up gambling, commercial racketeering, and vice; disapprobations which are covered mainly by state law.

"Those gangs working closely with state and city political organizations know they cannot successfully buck federal law but can, will and do defy state law by their control of and city political organizations. So also the small bootleggers. All they want is a wet majority in politics, withdrawal of federal law and state control. The Chicago and New York crowd that evasions a political empire based on booze know that the strong points of their power will be the saloon, no matter what its name.

"In many larger cities the gangs which attempted defiance of the federal government, have sold out their depleted business to smaller fry of the underworld and have taken up gambling, commercial racketeering, and vice; disapprobations which are covered mainly by state law.

The attendance at this summer's concert has been greater than at any time in several years and the public has enjoyed each concert immensely which has been evidenced by the large attendance and applause.

The band is busy preparing its music for the annual Round-Up and Happy Canyon shows where it will appear again this year as the official band.

## Longfellow Speaks At Rotary Lunch

J. T. Longfellow, superintendent of schools in La Grande, who has recently returned from a summer's work at Stanford university, was the principal speaker at the luncheon of the Rotary club at the La Grande hotel this noon.

He spoke of the constant flux of educational methods, and the subsequent necessity of continual study on the part of those who hope to keep abreast of their fellow workers in the teaching profession; and he briefly pointed out several recent trends in educational movements throughout the nation, illustrating them with well chosen incidents and stories.

Members of the club enjoyed unusual entertainment today through the courtesy of Jack Wright, manager of the Liberty theatre, who brought six members of the vaudeville company, now appearing here, to furnish some excellent music. Joe Vine, a marvelous tenor, sang two solo numbers which were greatly appreciated; and the Incolucci quartet, two brothers and two sisters of the same family, were enthusiastically applauded for their delightful musical numbers played on three violins and a piano accordion.

Guests of the club today were Rev. J. George White, Rev. Clarence Kopp, Roy Currey and Jack Wright.

Irving "Bump" Hackley, pitcher of the White Sox sent to St. Louis, held the Chicago team to five hits and no runs, and in the same game got a walk, two singles and a double for himself.
