

# Squad of 40 Gridsters Working Out at High School Field

## LA GRANDE HIGH PREPARING FOR WA-HI CONTEST

### Blue Devils to Open Season Here Oct. 1—First Casualty of Season Chalked Up Monday.

A good blocking team is the thing that Coach Ira Woodie is hopeful of having this year, and already he has his squad of 40 football players learning the art. Monday afternoon, the first real practice of the season, found plenty of blocking and there was plenty of enthusiasm, too.

The coach let his men know that the sooner the blocking was mastered, the sooner would come the scrimmaging. And things hopped along from then on!

As it looks now, scrimmaging will begin Friday of this week. The squad is getting into action each afternoon about 3:30 o'clock.

**First Casualty**  
The first casualty of the season occurred Monday, when Joe Sullivan, candidate for an end position, broke a collarbone during blocking practice. He will be out of a suit for some time, as a result.

Among the new candidates, Earl Peterson, at one time of McMinville, looks very promising. He is trying out for tackle and has 200 pounds of weight as an argument, not to mention a certain ability in the science and skill of football.

Two or three others among the new men have promise of developing into first squad material.

Practically all of the veterans are in suits and with a good spring practice behind them, are swinging into fall work with a zest that indicates rapid progress ahead.

**Walla Walla Here Oct. 1**  
The first game of the season is only two and a half weeks away, when the strong Walla Walla Blue Devils will invade La Grande on Saturday, Oct. 1. Although it will be the first game for the Tigers, Wa-Hi will have played two games by that time. The Washington school started practice more than a week ago, with a turnout of 90 men, and Coach Dimick is expecting great things of his team this year.

**Summing It Up**  
After all, the kind of world one carries about in one's self is the important thing, and the world outside takes all its grace, color and value from that.

## WILLAMETTE'S GRID TURNOUT NOT SO GOOD

SALEM, Sept. 13 (AP)—Willamette university's opening grid practice here yesterday was attended by only 25 men, half the number who answered the first call a year ago.

Just two of the last season's regulars were on hand, but there is prospect of four more regulars returning by the end of the week. Walt Erickson and Loren Grannis are the first string repeaters and Kietz's Jones, Fred Smith, Jack Connors and Wenzel Kaiser are expected back.

Other lettermen here yesterday were Olson, Paul and Cannady, backfield men, and McCrae, Felton, Boyd and Houck, linemen. Material in freshman ranks is way below par in numbers.

The Beavers play O. S. C. Sept. 24 and will meet Monmouth Normal and Washington State college before entering the Northwest conference race.

## Beavers Begin Series Before Legion Crowds

By the Associated Press

With three weeks of play remaining before the curtain falls, races for several positions in the Coast league standing are far from settled. Portland is still the popular choice to cop the pennant, although its lead was cut to five games by weekend reverses. The Beavers play at home this week before title-hungry fans and visiting legionnaires, with the San Francisco Seals as opposition.

The hottest fight in prospect is the bid of the skyrocketing Sacramento Senators for second place. They south for a series with Hollywood, three games behind the Stars. In addition to contesting second place, either of these teams has an outside chance of upsetting the leading Portland club.

Los Angeles goes to Seattle for a week of night games, and Oakland and the Missions, in seventh and eighth place, respectively, play in San Francisco. Los Angeles is now in fourth position, one game behind Sacramento, and still in the race for higher honors, with the Seals only a game behind.

## O. S. C. Football Player Injured

CORVALLIS, Ore., Sept. 13 (AP)—

Howard Forrest, of Rainier, a member of last year's freshman football team at Oregon State college and a candidate for right half on this year's varsity, suffered a broken leg Monday. The accident occurred in the opening scrimmage of the second day of practice.

Forrest will be out for about six weeks.

## Yanks Need One Win To Clinch League Pennant

By Gayle Talbot

(Associated Press Sports Writer)  
The opposition willing, today promised to bring the end of the long, dusty trail Manager Joe McCarthy and his Yankees have trod on the way to Pennantville.

A victory over the Cleveland Indians today and the Yanks are "in." Or, failing that, the Ruppert rifles can lose and still sew up the American league flag, providing the Athletics and Senators also are taken for a couple of falls.

**Sure of Tie**  
The Yanks assured themselves at least a tie by yesterday's 12-inning triumph over Cleveland, 8 to 3. They scored five times after two were out in the last inning.

Washington scored its ninth consecutive victory, defeating Chicago, 9 to 3, with Alvin Crowder pitching.

Lefty Grove was in fine fettle and the Athletics thumped Detroit, 7 to 1. It was his 23rd victory.

The Brooklyn Dodgers gave no aid and comfort to the Cubs' cause in the National league when they beat the leaders, 4 to 3. The setback reduced Chicago's lead to five games over the Pittsburgh Pirates, who were triumphing the Phillies, 4 to 2, in the league's only other engagement.

A triple from the bat of Ben Chapman and a home run by Bill Dickey were the deciding blows in the 12-inning Cleveland-Yankee game, Chapman's hit clearing loaded bases and Dickey's round trip blow sending Ben home ahead of him for the five runs that sank the Indians.

If the Yankees do close the books today their manager will become the first man to pilot a pennant winner in each major league. His previous success was with the Chicago Cubs, whom he now stands a good chance of meeting in the world series.

Frederick Hitts Homer  
The Cubs' downfall may be laid to Johnny Frederick, who retired from strenuous competition this year to sit on the bench and every now and then hit a home run when Manager Max Carey asked him to. It was the last half of the ninth. Glenn Wright was on base, the Cubs were a run ahead, so he smacked one of Burchigh Grimes' offerings against the right field screen to settle the argument.

Paul Waner's home run in the first inning with his brother, Lloyd, on base, helped the Pirates make a clean sweep of their three game series with the Phillies.

## Sport Slants

By Alan J. Gould

(Associated Press Sports Editor)  
The thoughts of tackling the New York Yankees again in the world's series does not seem to strike as much terror into the heart of an average National league partisan as you might imagine, remembering that the Yanks have taken their last eight world's series games in a row.

Those sweeps, however, were registered back in 1927-28 when Miller Huggins directed his last and greatest aggregation, when players like Penneck, Lazzari, Ruth, Gehrig, Combs and others were in their prime, fortified as well by a great defense.

The current Yankees have clinched the American league flag impressively enough, shaking off the champion Athletics early in the campaign and having no special difficulty with any other outfit, but Joe McCarthy has not yet put together the finished product that Huggins turned out.

Marse Joe, of course, has done a splendid job in two years, with a record of being the only manager in the big league history to pilot winners in each of the two major circuits. But his forces, with a few exceptions, still are concentrated around the slugging prowess of Gehrig, Ruth, Combs and Lazzari. Offensively as dangerous as ever, this quartet nevertheless has neither the speed nor defensive skill it possessed five or six years ago.

**GOMEZ NEW 'PENNOCK'**  
In place of the aging Penneck, Vernon Gomez has moved forward as one of the best southpaws in the game. Bill Dickey is a great catcher, much more useful in every respect than Bengough or Collins, the men behind the bat for the 1928 Yankees. Ruffing, Allen and MacPadden replace Hoyt and Zachary, with Pipgras one of the few pitching survivors of the last championship combination.

Chapman, Lary and the veteran Joe Sewell have replaced Meusel, Koenig and Dugan, respectively, with the youthful Frank Crossett in a position to make his world's series debut if needed for infield duty.

It is a coincidence that finds Koenig a factor in the late surge of the Chicago Cubs, ready to oppose his old teammates in the battle for the big end of the series players' pool.

**CUBS FASTER**  
Considering the Cubs as the National league's hope to make it two straight over the American League, the chances are they will show more speed and dash, better pitching and perhaps a stronger all-around de-

They are not present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

Holiday Closes Part of Oregon Market Centers

PORTLAND, Sept. 13 (AP)—Owing to the state holiday created for the big parade of the American Legion there was no trading today on the Portland livestock alleys. The grain markets were also closed locally, both the merchants' exchange and the Portland futures market suspending operations for the day. Other wholesale markets were open but there was little activity.

Butter trade conditions continue to reflect steadiness in the local territory. Decrease in the output of the entire country is generally noted with an especially liberal loss reflected in churning throughout the Pacific northwest. This is a reasonable condition and is due to the protracted dry weather.

Prices were unchanged for cubes during the late session of the produce exchange and on the open market a similar condition was reflected. Demand, however, continues best for those offerings below extra grade.

Markets for butterfat reflect strength with prices practically uniform in all sections of the Portland trade territory.

Eastern butter trade conditions are practically the same as those shown locally.

General trading in the egg market appears of strong character despite the offering of considerable under-grade stuff to large consumers by outsiders.

Real strength appears in the market for live chickens. There is an especially strong tone in the springer market but all prices are firm at full figures generally.

Rather limited call is reflected for live broiler turkeys in the local trade with the best offerings moving slowly around 17@18 lb. Dressed old stock is unchanged at late figures.

Offerings of peas out of the Brownsmead section are not of sufficient volume to take care of trade wants inasmuch as practically all other sections are sending very inferior stock. Brownsmead peas mostly 6c lb.

Trade in peaches is very disappointing according to local distributors. Even the record low values recently in effect here have failed to stimulate demand to the point where cleanups are shown daily.

Recent extreme of \$1.25 crate for Dillard cantaloupes of the better grade is being maintained. In fact other cantaloupes are firmer.

Fresh salmon remains at low prices. Coast red-meated chinook is selling 8c with Columbia river 8c while a similar price is shown for steelhead and silverside salmon. Crabs are practically off the market.

The extreme shortage of quality country killed calves has forced the top price to a dime a pound. Hogs and lambs were unchanged generally.

Notes of wholesale trading:  
Potato prices still firmer up in the Yakima section.

Onions are about steady for Oregon with Walla Walla stock being shaded here to clean up.

Tomatoes are still held at the low point with heavy supplies.

Grapes are very slow sale for all varieties.

Hothouse mushrooms are appearing again. Mostly 50c lb.

Justice  
We are told to be just to our fellow men, and most of us try to be just. But often we lose sight of the fact that the one real definition of justice for all of us is "Do unto others as you would have them do unto you."—Grit.

Original "Kidnaping"  
The word kidnap was originally one of the canis used by thieves. It is composed of the word kid, meaning child, plus the English dialectic nap, meaning to seize or snatch.
