PHILIPPE BUNAU-VARILLA, a representative of the French government, wanted the United States to buy the Panama canal rights from France, instead of building a canal through Nicaragua. He insisted that the Nicaraguan location was dangerous because of active volcanoes. The Nicaraguan government denied this, saying that there had been no active volcanoes there for years. M. Bunau-Varilla then secured 90 Nicaraguan postage stamps, 1900 issue, showing the volcano Monotombo in violent eruption. He mailed these to United States senators who were voting on the canal question. The Panama location won by the narrow majority of eight votes.

bernatorial election there. Hoover is carrying the state by a percentage of 55.15 to Roosevelt's 40.44 although Roosevelt is drawing more of his votes from Republican ranks than he is from Democrats. Hoover leads in Massachusetts by the comfortable margin of 55.27 to 34.26 per cent over his opponent and the president is also ahead in Connecticut by practically the same ratio. Ohio For F. H. Ohio gives Roosevelt a clear majority of the state's vote with the president trailing with 42.12 per cent of the total tabulated so far. In Illinois and Indiana, the Democratic candidate also has a majority while his Republican rival is polling 43.88 per cent and 44.17 per cent respectively in these states. Similar to last week's returns, in none of the eleven states reporting is Roosevelt shown obtaining less than 25 per cent of his strength from the Republican columns while Hoover does not obtain more than 8 per cent of his current votes from Democratic partisans of four years ago. 13.26 per cent of those sending in ballots in this Literary Digest "straw" poll state that they did not cast a vote in 1928. Of these new voters over 55 per cent are registering their choice for Roosevelt. A state by state tabulation, which The Literary Digest cautions may be far from indicative of the final result, shows California voting Hoover 4,119, Roosevelt 7,985; Connecticut: Hoover 5,441, Roosevelt 3,979; Illinois: Hoover 2,601, Roosevelt 3,068; Indiana: Hoover 3,399, Roosevelt 3,951; Maine: Hoover 1,090, Roosevelt 1,239; Massachusetts: Hoover 6,847, Roosevelt 4,244; New Jersey: Hoover 10,431, Roosevelt 14,188; New York: Hoover 34,229, Roosevelt 31,483; Ohio: Hoover 4,803, Roosevelt 5,709; Pennsylvania: Hoover 17,441, Roosevelt 21,833; and West Virginia: Hoover 3,322, Roosevelt 5,039.

Peaceful Crook Refuge

Liechtenstein, the little country of 10,000 people, which lies between Switzerland and Austria, has today no crime, courts or prisons, yet it contains, paradoxically a large colony of crooks who have "cleaned up" in other countries and retired there to live under the protection of the simple naturalization laws. -Collier's Weekly.

Patience

"Patience is good," said H. Ho, the sage of Chinatown, "if you remain alert and ready, but not if you only doze and dream." -Washington Star.

Ralph Metcalf, Marquette university negro sprint ace, has turned down an offer of a European tour to return to his college classes.

The other 8.79 per cent of the votes are divided among the minor candidates - Thomas Reynolds, Coxy, Uphaw and Foster - with Norman Thomas leading his nearest competitor of these by over 10 to 1.

In the eleven states reported Hoover is ahead of his rival in Connecticut, Maine, Massachusetts, New Jersey and New York while Roosevelt leads in California, Illinois, Indiana, Ohio, Pennsylvania and West Virginia.

On the basis of an electoral college division this would give Hoover 93 votes to Roosevelt's 135.

The significant feature of the poll is that nearly 40 per cent of Roosevelt's strength is coming from former Republican voters as against nearly 45 per cent from Democrats while Hoover is gaining only slightly over 6 per cent of his votes from erstwhile Democrats and 80 per cent from Republican adherents, according to an analysis of "how the same voters voted in 1928."

On the basis of the current returns each of these political rivals is carrying his opponent's home state. Roosevelt is leading in California with 63.08 per cent of the state's total vote while Hoover leads Roosevelt in New York with 47.22 per cent of the state's vote, as against Roosevelt 43.46 per cent.

Roosevelt continues to lead Hoover in Pennsylvania by a 10 per cent margin, gaining over 45 per cent of his strength here from Republican voters at the last quadrennial election.

The returns from Maine show an opposite trend from the recent gu-

What Is the PRICE OF BEAUTY?

Without health there can be little natural beauty. The wise woman knows that the condition of her body shows itself on her face, her complexion, and in her eyes.

She takes care to avoid constipation. This treacherous ailment frequently causes headaches, sallow skin, pimples, premature aging.

Try the pleasant "cereal way" to protect yourself from constipation. Science has proved that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. ALL-BRAN also furnishes iron, which helps build up the blood.

The "bulk" in this delicious cereal is much like that of lettuce. How much safer than abusing your system with pills and drugs - so often habit-forming!

Two tablespoonfuls daily will correct most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

The Garden SHRUBS FOR SPRING BEAUTY TO BE PLANTED THIS FALL There are many reasons for setting out shrubs in the fall instead of waiting until spring. One reason, however, that is most convincing - the one that changes fanciful musing to eager activity - is the pleasant anticipation of the picturesque garden that will be yours next year. Shrubs are the backbone of the planting so give them first consideration when you plan the development of your outdoor living room. Can you imagine spring coming and going without Lilacs to cast their spell over your garden? If you haven't several kinds of this gracious old friend, plant them now. The Lilac (Syringa) season is all too short, but by proper selection of varieties you can extend their blooming period several weeks. Most familiar of all is the ever-popular Syringa vulgaris with its lovely clusters of sweetly scented purple flowers. Syringa vulgaris is a sister variety that grows slenderly upright and has blooms of white instead of purple. Closely following are the Chinese and Persian varieties. Syringa persica and Syringa chinensis (the latter is also known as Syringa rothomagensis, the Rouen Lilac) both have unusually large prunes of exquisitely perfumed blossoms. Syringa villosa is a later flowering type, as well as Syringa josikaea, which forms a large bush with rather small, faintly scented blooms of helio trope color. The common Lilac is perfectly hardy and does well under the most unfavorable conditions. Of course, if it is given plenty of sun and is planted in good soil it shows its appreciation with increased beauty. The other varieties, however, need a better soil in order to make a successful start, and they like an occasional feeding of bone meal or manure. Another shrub that will be a charming feature in your planting is the Flowering Almond. Like the Lilacs, the Flowering Almond is also very hardy and forms a very pretty dwarf bush. Early in the spring, even before the leaves have dared to venture forth, the brave little flowers join the spring symphony of color. The blossoms put one in mind of roses, except that they are smaller and smugle close to the branches. Flowering Almond can be had with either delicate pink or pretty white flowers, and for early bloom in the shrub border, you will find it especially valuable. A shrub that will add still another color to the border is Golden Bell (Forsythia). Its flowers also appear before the leaves, and their sunny golden color seems to light up the whole garden. The earliest blooming member of the family is Forsythia intermedia. Forsythia suspensa has long, slender, trailing branches and is adapted to foreground filling, while the tallest grower (Forsythia fortunei) makes an excellent tall hedge. Surely the longing for an abundance of spring loveliness in the garden is reason enough to plant some of these interesting shrubs this fall! Government publications may now be had. The United States exported 1,987,000 doors to 51 foreign markets in 1931. Johnny Risko, of Cleveland, has turned down more than 30 matches since his defeat of Mickey Walker and Tuffy Griffith. Paul Pirro, of Cleveland, and Ben Jebb, of New York, middleweights, have signed to fight eight times but never have gotten into the ring together.
