Hoping For Fair Weather Sunday For Dedication

Stunt Flying and Parachute Jumping Will Be Big Attractions at Rankin Field.

All that remains now to make the dedication of Rankin Field east of La Grande an unequalled success tomorrow is the all-ways present question of weather.

Barring rain or high winds, both of which are unlikely, the event should attract thousands of spectators and a large number of visiting fliers from Pacific Northwest points, members of the committee in charge said today.

The two big attractions, of course, from the spectators' standpoint, will be the stunt flying by Tex Rankin and Miss Dorothy Hester, Portland, and the parachute jumps by Ted Benton and Bud Hamilton, formerly U. S. navy fliers.

This part of the program will follow Hugh E. Brady's dedication address scheduled for delivery at 1:30 o'clock, following a noon luncheon for the fliers and the morning events. All events will take place at Rankin Field.

Corvallis Man Gives Talks On School Moving

Roger Ball, of Corvallis, came to La Grande Thursday afternoon for a few days of work in the interests of the higher education school moving bill which will be presented to the voters on the ballot next month. He has been speaking at meetings in Wallowa county during the past few days, and Thursday night addressed a meeting of the La Grande O. S. C. alumni.

Monday night at Cove Mr. Ball is scheduled for a debate with State Senator C. R. Eberhart on the Zorn-Macpherson bill at the monthly meeting of the Union County Schoolmasters club.

Mr. Ball, in an interview with a member of the Observer staff yesterday, expressed himself as "much surprised to find the people of La Grande and vicinity opposed to a measure that will materially benefit the community." He believes that "they have been deluded into believing that the conversion of the Normal school into a junior college would work maliciously against the Eastern Oregon educational system" and that "such belief has no basis in fact."

"If you increase the scope of work given by offering junior college work," he asserted, "you certainly increase

Apple Harvest Now Under Way In Imbler Area

By Howard Wilson (Observer Correspondent)

IMBLER (Special)—Apple harvest started this week in this district with the crews working mostly on Jonathans and it will begin on the later varieties next week. Many crops are badly damaged by worms and a few orchards were so badly infested they probably will not be picked. General discouragement lack of finance to properly spray and poor market prospects are responsible for the high percentage of wormy fruit in this and the other northwestern apple districts. There are some good crops, however, and Imbler will probably ship 100 cars—about one-half the number estimated in mid-summer.

"Nothing Venture", Absorbing New Serial, Will Begin Next Monday

Extraordinary and peculiar provisions in wills are found frequently in the probate courts, but rarely is there one so filled with potential dynamite as that of Ambrose Weare. It is his final testament that furnishes the story for "Nothing Venture," which will begin in the Observer Monday.

The new serial was written by Patricia Wentworth.

Weare left his entire fortune to his grandson, Jervis Weare, with only one condition—Jervis must be married within three months and a day after the old man's death.

The will also provided if Jervis failed to marry within the stipulated period, the fortune would go to Rosamund Carew. Nothing so unusual about that, perhaps, except—Rosamund Carew, in addition to being Jervis' cousin, is his fiancée. They had been engaged for months prior to the elder Weare's death and continued unmarried afterwards.

Rosamund wins either way: if she

marries Jervis, her husband is wealthy; if Jervis fails to marry, Rosamund gets the fortune herself.

The will does not bind Jervis to marry Rosamund, but as the story opens, three days before his final 24 hours of grace, he still expects her to become his bride. There isn't much time to find a substitute, if it should be necessary.

Around this ironic situation, Miss Wentworth has written a powerful story of romance and adventure, a serial packed with action, excitement and thrills. Watch for the first chapter of "Nothing Venture" in the Observer Monday.

CHICAGO AND YALE FIGHT TO 7-7 DRAW

Forty-Four Yard Pass Enables Maroon to Hold Yale to a Tie.

NORTHWESTERN IS BEATEN 15 TO 6

Ohio State and Indiana Battle to 7-7 Tie; Navy Trims Washington & Lee 33 to 0.

YALE BOWL, NEW HAVEN, Conn., Oct. 8 (AP)—In a 44-yard pass, Zimmmer to Sahlin, Chicago's scrappy eleven tallied a touchdown in the first half that enabled the Maroon to hold Yale to a 7 to 7 final score. The game was witnessed by 24,000 spectators.

Bob Lassiter, star Yale halfback, was hurt at the close of the first quarter.

Yale scored a touchdown in the first period when Lassiter, Albie Booth's successor in the Eli backfield, broke away for a 33-yard gallop down the sidelines to Chicago's 40-yard stripe. The visitors threw back this threat, then Dud Parker galloped 30 yards after grabbing a punt before being hauled down on Chicago's 29-yard line. A pass, Lassiter to Parker, put the ball on Chicago's 3.

Lassiter dashed to the five-yard line and Crowley plunged through center for a touchdown. Curtin, Yale right tackle, kicked goal.

Labor Unions Of La Grande Against School Moving Bill

The La Grande Central Labor union, in regular meeting this week, went on record as being "unalterably opposed" to the Zorn-Macpherson school moving bill. "We urgently request all working men to vote 317 No. and defeat this bill at the November election," the resolution read. The union believes the bill would "work an irreparable damage and loss to the working people in these communities who would have no way of securing redress for their losses."

The union will endorse candidates at the next meeting.

By the Associated Press

At the same time a request for his provisional arrest and detention was delivered by the American embassy in Paris to the French foreign office. Insull had left Paris shortly after the indictment against him was returned in Chicago.

The most recent reports of the 73-year-old former utilities magnate reaching authorities was that he and his son, Samuel Jr., spent 24 hours Wednesday and Thursday at the Palace hotel in Turin, Italy. They were reported to have planned to go to Florence.

Cook county officers, hunting Insull, announced at Chicago they intended to obtain copies of reported cable messages exchanged between Insull and a Chicago friend after the former financier left Paris suddenly a few days ago.

Herman Oliver Speaks Against School Moving

PORTLAND, Oct. 8 (Special)—The people of Oregon today were asked to vote down the Zorn-Macpherson college moving bill and mass their influence behind Chancellor Kerr and the state board of higher education for speedy economic unification of Oregon's higher educational system by Herman Oliver, one of the largest livestock and ranch operators of Central Oregon and a member of the board. Mr. Oliver is president of the Cattis and Horse association of the state and has just been chosen as a member of the advisory board of the new agricultural credit corporation for this district.

"As a straight business proposition, the proposals contained in the Zorn-Macpherson bill are unsound," said Oliver. "State appropriations for the higher educational institutions have already been so heavily reduced that they average less than two and one-half millions of dollars per year for 1931 and 1932."

"Now, proponents of the bill make the impossible claim that they can make a further reduction of a million dollars a year if they are allowed to create five new experimental institutions and wreck five proved and established ones."

"It is self-evident that there is no economy in immediately establishing five new institutions to replace others.

Wheat Today

CHICAGO, Oct. 8 (AP)—With United States corn prices apparently on a world basis, corn showed independent movement and did much to rally wheat from bearish effects of cotton weakness.

Wheat market rallies for new record bottom quotations for the season were aided by advice of North American wheat export business estimated at 2,000,000 bushels, chiefly Canadian but including some hard winter wheat from this country.

Corn closed unsettled, 3/8 to 3/4 cents above yesterday's finish, wheat a shade to a dowdy, oats a 1/2 c up, and provisions unchanged to 1/2 c lower.

GARNER REPLIES TO PORK CHARGE

"When is 'Pork' Not 'Pork?'" Question of Democratic Vice Presidential Candidate.

TODAY IN POLITICS

Cleveland—Report heard that Hoover will speak in Cleveland Oct. 22.

Washington—National Women's Trade Union league president to support Roosevelt.

Washington—Hoover and campaign advisers discuss political conditions.

Washington—Garner replies to Hoover's speech on "pork barrel."

Washington—William Green, labor president, urges defeat of Senator Wesley Jones.

CLEVELAND, Oct. 8 (AP)—The Cleveland News today said it had learned from authentic sources in Washington that President Hoover will make a campaign address here Saturday, Oct. 22.

GARNER REPLIES

WASHINGTON, Oct. 8 (AP)—Speaker John N. Garner today replied to President Hoover's Des Moines speech with a statement which contained the question "when is 'pork' not 'pork?'"

The answer, said the Democratic vice presidential candidate, is "when it is served by Mr. Hoover of his administration."

Garner recalled that the president in Des Moines used the word "pork" in discussing the public buildings bill sponsored by Democrats in the house of representatives last session. Now, the speaker added, President Hoover, the secretary of the treasury and the postmaster general have begun a public buildings program. Garner went on:

"A comparison of the programs of the Democratic congress and that of the Hoover administration reveals virtually identical aims but with the Democrats favoring a more comprehensive, unrestricting designed to relieve a greater number of 'idle.'"

The president, Garner said, denounced the Democratic program as "pork" and through the efforts of his administration it was defeated.

"Yet, only a few months prior the president had advocated public works as a means of taking up slack in employment."

FLIER KEEPS PLANE LEVEL AS 4 ESCAPE

GODALMING, Surrey, Eng., Oct. 8 (AP)—Two British flying officers were dead today as a result of the crash of a giant bombing plane near here last night. The crash killed two companions of their lives to the 21-year-old dead pilot, who remained with the ship and gave them a chance to drop to safety with parachutes.

"Jump for it, boys, I'm going to see it through!" shouted Pilot Officer Bernard Gully to his comrades when he saw that the plane, which was flying high, was sure to crash. Four of the men jumped and alighted safely, except for a broken leg sustained by one. A fifth, Arthur Page, Gully's fellow officer, stayed in the plane, but apparently was persuaded later to jump. His parachute failed to open instantly and he was killed.

Gully, the pilot, burned to death when the ship exploded near the ground. The crew said he could have saved his own life by jumping, too.
