Speaks at Cleveland Saturday on Unemployment Relief; Replies to Bourbon Charges.

WASHINGTON, Oct. 17 (AP)—After a nation-wide appeal for funds to provide for community support of winter relief needs, President Hoover today resumed consideration of plans for continuing his personal campaign for re-election.

These included a determination of when and where, in the three weeks remaining before election day, he will make his next appearances before voters. An Atlantic seaboard trip, ending with a speech in New York or New Jersey, was indicated by Republican leaders.

Opens Drive For Relief But before considering this question and the possibility of traveling to California near election time, Mr. Hoover paused last night to open the drive for relief contributions of the welfare and relief mobilization committee headed by Newton D. Baker. He spoke into a microphone at the White House only a few hours after returning Sunday morning from his second midwestern campaign swing and speech at Cleveland.

"We must make our material provision for the support of our charitable and character building institutions," the president said. "We must provide to the utmost extent for the local community support of the increased distress over the country."

Enterprise Boy One of Two To Win Trip East

Wayne McFetridge, 17, Selected as Delegate to National Convention of F. F. A.

ENTERPRISE, Ore., Oct. 17 (Special)—Two Oregon youths who have already made successful ventures in farming on a large scale, Wayne McFetridge, 17, of Enterprise, and Harold Schaid, 19, of Newberg, were chosen Sunday as Oregon's delegates to the national convention of the Future Farmers of America at Kansas City, Mo., Nov. 15.

They were selected because of the possibilities that they will become successful farmers, because of their leadership in Future Farmer's work, the advancement they have made in four years high school work, their participation in community activity, and their scholarship.

There are 1050 members of the Oregon association of Future Farmers of America in 35 high schools of the state. Young McFetridge and Schaid will leave here with Kenneth Pettibone, Corvallis, national president of the Future Farmers; Charles Fitzgerald Jr., Sequim, Wash., and Lenley Wooten, Chelan, Wash., delegates from that state, about Nov. 10.

The trip of the two Oregon youths will be sponsored by the Imperial Valley through the courtesy of Phil Metachan, manager, and the Portland Union stockyards, through A. G. Pierson, president.

Wayne McFetridge graduated from Enterprise High school a year ago. He rents from neighbors of his father 150-acre farm, 85 acres of irrigated land, on which he grows grain and alfalfa for Shorthorn cattle. He also has 35 Poland China hogs and four Shire horses. In addition to this large project he has a

Capt. W. A. Bean Named to Make Trip to Georgia

If present plans of the Oregon national guard remain unchanged, which is very likely, Captain Walter A. Bean, of a Grande, will be one of three Oregon national guard officers who will be sent to Fort Benning, Georgia for a three-month course from Feb. 24 to May 24, 1933.

Announcement of Capt. Bean's selection, along with Capt. Raymond M. Scott, Co. L, 162nd Infantry, and Capt. Carl V. Shoemaker, Co. B, 180th Infantry, has been made in Salem by the commanding general. All three officers have signified their desire to go and have so arranged their private affairs as to permit of the absence, it is announced.

Resignation of Hall Accepted By State Board

Board of Higher Education in Session in Portland—First Meeting Since Kerr Appointment

PORTLAND, Ore., Oct. 17 (AP)—The resignation of Dr. Arnold Bennett Hall as president of the University of Oregon was accepted by the state board of higher learning, and went into its afternoon session confronted with the demand of one member that the cost of education in Oregon must be slashed drastically.

Dr. Hall several weeks ago submitted his resignation and announced he would probably accept a position in New York. Dr. Kerr was, until his appointment as chancellor, president of Oregon State college. The state board controls both institutions, and Dr. Kerr, as chancellor, has jurisdiction over both, as well as over the three state normal schools, reporting to the board.

It was said today that for the time being, president for the university and college will not be appointed and that Dr. Kerr's office will do this work.

The entire forenoon session today was devoted to routine matters, although several major issues such as the biennial report, the preparation of the budget for the coming biennium and student use of automobiles will be presented.

In accepting Dr. Hall's resignation the state board expressed its appreciation of his work in Oregon, and of its best wishes for his continued success.

La Grande High Defeats Enterprise Saturday 6 to 0 in Stiff Contest

By Nolan McKiff
Coach Ira Woodie's young pack of Tigers, with their furs stroked the wrong way, became thoroughly infuriated some time during the last week and when they went on the L. H. S. gridiron Saturday afternoon pitted against a stalwart crew of Savages, the fur—well, no, it didn't fly—but it charged! And a hard-fighting, well-trained horde of Enterprise lads went home that evening no longer bearing in full significance that proud name of Savage! Of course, they still call themselves that, but nevertheless they—for the first time in two years—were tamed.

The score was 6 to 0, and it just about represents the ferocity of the conflict. Those Savages objected most strenuously and at times, most effectively, to the taming process and a few fired up gangs of stalwarts might never have turned the trick.

Power Demonstrated
But for the first time in many months, the blue and white gridiron cut themselves loose from languor of body and went places and did things! They raged, and dug their cleats into the mud earth, and blocked and charged! And, best of all, you could even hear 'em tackle—sometimes! They had the crowd real-

3 Negroes Slain By Posse During Hunt For Killer

SENATOBIA, Miss., Oct. 17 (AP)—Three negroes were wounded last night by a posse hunting Jesse Williams, 45, negro, accused of killing Deputy Sheriff Walker Williams Sunday afternoon.

County Jailer J. T. Dixon said the posse surrounded the home of a negro "Judge" Crawford at midnight and two shots were fired from the house. The posse returned the fire, killing Crawford and two of his sons and wounding Crawford's wife and another son.

The posse is combing the Tate county hills for Williams, aided by bloodhounds.

The deputy, a son of Sheriff A. O. Williams, was slain with his own gun, the jailer said, after he had arrested Williams for robbery.

His slayer invaded a church of his race nearby and broke up services by shouting "I have just killed a man."

Export Business May Show Gains; Reasons Given

NEW YORK, Oct. 17 (AP)—Dow, Jones and Co. said today that for the first time in nearly two years "the United States appears on the verge of being able to re-enter the world wheat export markets on a competitive basis" a development that is considered "possibly the most constructive single factor in the present wheat outlook."

At present Liverpool wheat in American funds, is roughly 7 1/2 cents over the corresponding Chicago contract, the analysis said, although normally exporters figure the cost of shipping a bushel of wheat from Chicago to Liverpool at about 12 cents, in seaboard quarters, "important factors indicated that there was a good chance of business developing should the spread rise to only 10 cents."

"Moreover, even at slightly less than that spread some sales might be worked 'distress' wheat or grain, already at ports with transportation from the interior paid, which has been taken over from the former owners, Greece is bidding fairly heavily for American winter wheat from the gulf with premiums for

Scripps-Howard Papers Oppose Herbert Hoover

Refuses to Underwrite a Roosevelt Administration in Advance Despite Support.

NEW YORK, Oct. 17 (AP)—An editorial published in all Scripps-Howard newspapers today expressed the opinion that "the nation will be better served if the Hoover administration is not returned" and at the same time stated that "we cannot underwrite a Roosevelt administration in advance."

"Despite the effectively critical and enlightening campaign of Norman Thomas, the Socialist candidate who promises to poll an extraordinary vote," said the editorial, "the defeat of Hoover would mean the election of Roosevelt."

"Whether a Roosevelt administration can meet the challenge of the national crisis we do not know. We merely know that he and his party offer a fresh start and, we believe, a better chance.

"Since Roosevelt has yet to prove himself a great leader, since the men in his party with whom he must work in congress have yet to demonstrate outstanding leadership, we cannot underwrite a Roosevelt administration in advance. But we can say that Roosevelt's expressions of political philosophy are expressions of the philosophy in which we believe."

"As liberals we have supported Roosevelt, in New York as governor and a presidential candidate, whenever he was on the liberal side. We shall continue that policy during the campaign and if he enters the White House, it is our hope that he and his party will merit such support increasingly."

TWO POINTS EXPECTED ON HIS PROGRAM

Will Oppose Cash Payment and Favor Relief For Destitute Veterans

NEW YORK TIMES MAKES STATEMENT

Paper Declares Governor Roosevelt Will Present Plan at Pittsburgh on Wednesday.

NEW YORK, Oct. 17 (AP)—The New York Times says Governor Franklin D. Roosevelt will announce opposition to immediate cash payment of the soldiers' bonus in an address at Pittsburgh on Wednesday.

At the same time, the paper says, he is expected to link his disapproval of bonus payment a program calling for relief for destitute veterans, with machinery similar to the draft boards of World war days.

While the program for relief to be offered along with opposition to cash payment of the bonus has been kept a secret, the article continues, it is suggested that the governor will propose that the boards would see to it that needy veterans who had an active war service would be assured of relief during the depression.

It is also indicated, the Times says, that the governor will take President Hoover's administration to task in respect to veteran relief measures and have something to say about the ousting of the B. E. F. from Washington.

The bonus speech, the paper learns, has been practically completed, although it will not be fully assembled until a few hours before he speaks in Pittsburgh.

By Walter T. Brown
ALBANY, N. Y., Oct. 17 (AP)—Governor Roosevelt will make a campaign speech in Albany today on a question during his forthcoming eight day trip but according to sources close to him he has not determined whether the scene will be Pittsburgh or Indianapolis.

He will speak in the Pennsylvania city on October 19 and on Oct. 20 in Indianapolis, general headquarters of the American Legion. At its recent convention at Portland, Ore., the legion demanded immediate payment of the bonus. It also is the home city of Paul V. McNutt, former national commander of the legion, who is the Democratic candidate for governor.

WINNIPEG, Man., Oct. 17 (AP)—An "army" of several hundred industrial workers and farmers, some of them shouting for "a soviet Canada," were encamped about this city today prepared for a march on the government offices to ask relief from economic stress.

They have been marching into Winnipeg since the middle of last week. Their demands will be made upon Premier John Bracken.

Last night they gathered in Market square and listened to speakers who urged cooperation between the industrial workers and the "agrarian proletariat."

Some of the men marched from homes as far away as 90 miles.

Klamath Weather Chilly—28 Above

KLAMATH FALLS, Oct. 17 (AP)—The Klamath basin felt the first touch of winter last night when the mercury dropped to 28 degrees above zero. Snow fell in the surrounding mountains and a thick frost coated the basin area this morning. Rain, hail and sunshine alternated here yesterday.

Bird hunters, out in large numbers, were pleased at the turn in the weather and reported good hunting throughout this area.

Wheat Today

CHICAGO, Oct. 17 (AP)—Influenced by statements that for the first time in almost two years United States wheat appeared on the verge of a competitive export basis, grain values stabilized today.

Owing to a steady advance in the Canadian exchange rate, Winnipeg December wheat contracts are lower to Chicago than for some time.

Wheat closed irregular, 1/4c lower to 1/2c higher compared with Saturday's finish. Corn was 1/4c off to a shade advance, oats unchanged to 1/4c up, and provisions varying from 15 cents decline to a rise of 2 cents.
