Whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.

SUPPORTING OUR NORMAL SCHOOL

The citizens of La Grande have been slow in getting acquainted with the Normal school — its faculty, its student body, and its broad program of activities.

In the first year or two of its existence the Normal school was pretty well occupied in solving internal problems and in perfecting its organization.

Another big step in the process of getting acquainted was made last Tuesday evening when the young men of the student body staged a stag party and invited the business and professional men of the city.

The next big event at the Normal school will be the annual Homecoming, which will be celebrated this week, Friday, Saturday, and Sunday.

This year Coach Bob Quinn has developed a strong team which romped away with the Albion team last Saturday and promises to give Ashland Normal a real battle.

If we continue to have good football here — games that bring college teams of wide renown to our city — we must expect to support it — not by lining up with the spectators in Tightwad Row just outside the fence — but by buying season tickets.

THE GOOD MONTH

The poets have ever sung the praises of stormy March, "With ugly looks and threats," and fickle April, "when every tear is answered by a blossom," and merry May, "when those who love must wed," and chill December, "bleak and drear," but do not all ordinary humans agree that colorful October is a better object for their art and eulogies.

"What is so rare as a day in June," unless it be an afternoon in October when the departing sun lends a tint and a mystic charm to all the purple and gold, yellow and brown and green of the trees, the hills and the fields?

The melancholics that has been attributed to October is but reflection and pensiveness. October days invite sober thought and speculation on the beauties of nature and the sheer joy of loving.

continued services of President Hoover. "Confronted with greater difficulties than any other president has had to meet in times of peace, if not indeed in times of either war or peace, he has been the outstanding leader in preventing disaster and promoting recovery.

He closed the door to foreign immigration. He was the leading factor in maintaining wages for eighteen months, thus softening the first blow of the panic. He promoted public and private construction running into hundreds of millions of dollars and employing hundreds of thousands of men.

But who will pay them? Everything is going to be all right, everything is going to be all right, we are told when prohibition is laid on the shelf and the government levies a tax on beer to help pay the war debt and the government deficit.

How to Get Relief From Catarrh

If you have catarrh, catarrhal deafness or head noises caused by catarrh, you should know this simple home treatment which frequently overcomes these distressing conditions. Secure from Red Cross Drug Store or your druggist one ounce of Parmitin (Double Strength). Take this home and add to it 1/4 pint hot water and a little sugar.

Take one tablespoonful four times a day, breathing should become easier, while the distressing catarrhal head noises, drooping mucous and ineffective hearing should gradually disappear under Parmitin's tonic action. Catarrh sufferers find Parmitin just what they need. —Adv.
