

Chances of U. C. L. A. to Defeat Stanford Saturday Apparently Eliminated

KEEBLE INJURED DURING PRACTICE AT LOS ANGELES

Fullback's Loss, Along With Norfleet's Injury, Hurts Bruin Stock as Big Game Approaches.

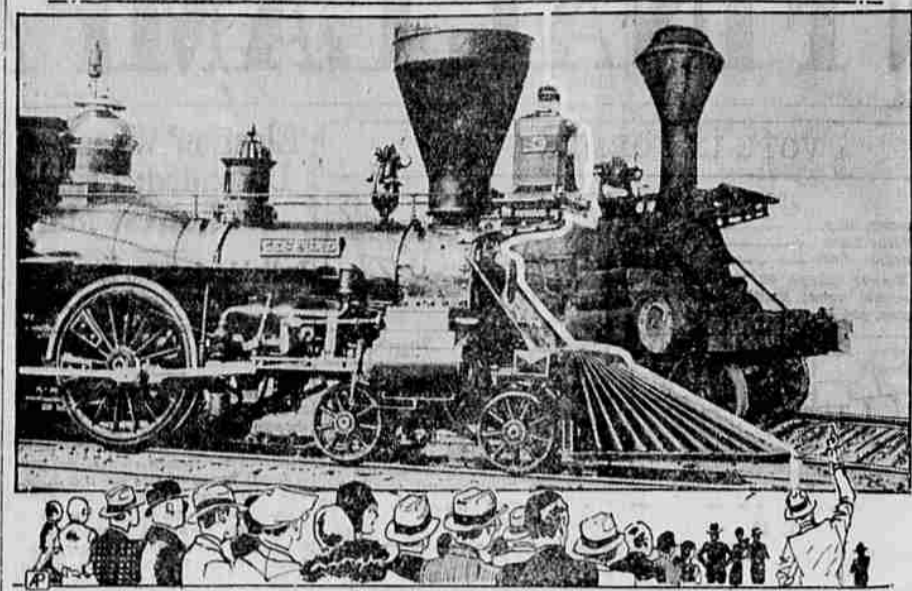

LOS ANGELES, Oct. 26 (AP)—Chances of the University of California at Los Angeles football team in its game with Stanford here Saturday took a sharp drop today with Joe Keeble, hard-driving fullback, apparently out of the contest with a badly injured arm.

The Bruin battering ram, who has been an important part of Coach Bill Spaulding's offense this year, fell on his arm in practice last night, suffering torn ligaments.

Keeble has been the best line plunger the Uclans have had for the last two years. His absence from the lineup, along with that of Houghton Norfleet, tackle, who suffered a knee injury against Oregon, apparently would eliminate any chance the Bruins had of beating Stanford.

Coach Spaulding intended to put Ransom (Pants) Livesey, the lad who caught the last second pass and ran to a touchdown to beat Oregon, in at fullback in place of Keeble.

Steam Up! Clear Off The Tracks! Civil War Engines To Race Anew

Seventy years have elapsed since the locomotive "Texas" (in background) outran the "General" (foreground), and thus prolonged the life of the confederacy. Now the mayor of Chattanooga, Tenn., where the "General" is stationed, has challenged the mayor of Atlanta, Ga., home of the "Texas," for another race, and the relics of the Civil War will stage a return engagement if plans are carried out.

Detroit Eleven, Oregon Staters May Meet Nov. 24

DETROIT, Oct. 26 (AP)—A Thanksgiving day football game here between University of Detroit and Oregon State college was considered likely today as college officials continued negotiations for the game.

U. of D. athletic officials said a suggestion for such a game had come from Paul J. Schuster, coach of the Oregon State squad, who wanted to meet Detroit while en route to the west after playing Forham in New York on Nov. 19.

Charles E. Dorais, coach and athletic director at the U. of D., said the only difficulty lay in financial arrangements, which he said had not yet been made. He said, however, that he considered it likely the game will be booked.

YOUNG CORBETT BEATS GARCIA IN FRESNO GO

FRESNO, Cal., Oct. 26 (AP)—Young Corbett, Fresno's perennial welterweight championship contender, was another step ahead today on the long trail toward the title after decisively defeating Cerefino Garcia, Los Angeles Filipino, here last night.

Five thousand home town fans yelled themselves hoarse as Corbett outpunched his way to a victory that ended discussion of his narrow edge over Garcia in a Los Angeles bout last March.

Corbett, who weighed 148 to Garcia's 145, started out with a rush, taking the first three rounds as Garcia was content to let him have the lead. The fourth was one of the Filipino's two big frames. He caught Corbett flush on the jaw with a right that made the Fresno Italian's head ring, and a few seconds later, backed Corbett into a corner and landed some telling shots to the midsection.

Corbett took the fifth, seventh, ninth and tenth rounds, while Garcia had the edge in the eighth, with the sixth even. The Filipino was as good in the eighth as in the fourth, rocking Corbett with a terrific right about the heart. In the final stanza Garcia swung wildly attempting to land a knockout blow, but Corbett ducked most of the swings and fired away with his left.

Youngster, 15, Wins Boat Championship

NEW YORK, Oct. 26 (AP)—Jack Maypole, 15-year-old youngster from River Forest, Ill., has won the national outboard motorboat championship and will receive the Townsend metal, emblematic of the title, at the annual national motorboat show here in January.

Maypole scored 11,728 points during the 1932 season according to a compilation by the American Powerboat and National Outboard associations.

All told 420 men drivers who finished fifth or better in sanctioned regattas were listed.

Miss Violet Mathieson of Oakland, Cal., had the best record among women pilots with 1591 points.

Geis Will Coach Princeton Runners

PRINCETON, N. J., Oct. 26 (AP)—Matthew Geis has been appointed to succeed Keene Fitzpatrick as head coach of Princeton's track and field team.

Geis, coach at Lawrenceville, N. J. school for nine years, came to Princeton in the fall of 1931 as Fitzpatrick's assistant. Fitzpatrick, trainer of Princeton athletes for 22 years, resigned last week.

Geis will be assisted by Earl Martineau, his coach of Princeton's football team.

GOOD GRID RECORD

BIWABIK, Minn., Oct. 26 (AP)—Football statisticians will have to make a place in the records for this one.

Halfback Saari of the local high school football team, has intercepted at least one forward pass in the last five games his team has played, each time scoring a touchdown. His runs for counters in such cases have averaged 75 yards.

Dudley DeGroot, San Jose state college football coach, collects birds' eggs as a hobby having a collection of more than 10,000.

Investigation Of Professionalism Now Under Way

NEW YORK, Oct. 26 (AP)—Investigation of charges of professionalism in athletics, particularly football, at Columbia university has been undertaken by a committee of seven appointed by Dr. Nicholas Murray Butler, president of the university.

Lois Little, head coach, who has developed a strong team in his short tenure of office, had no comment to make.

Meanwhile there was a report that

Little already had signed a new three-year contract with Columbia, starting at the end of the present season. It was said he had taken a salary cut of about \$2500. His present contract generally has been understood to call for \$18,500 annually.

ESTATE WORTH 40 CENTS

WAPAKONETA, Ohio (AP)—An estate valued at 40 cents has come into possession of the county treasurer here. The estate consisted of a pocketbook, two pencil stubs, and 40 cents in change. The estate was "inherited" from an itinerant accidentally killed along the railroad.

Looking Toward Stardom

From a Brooklyn church club came two young women to Broadway a few years ago. One was named Ruby Stevens; the other Ruth Stanwyck. Good movie fans will recall that Ruby Stevens became Barbara Stanwyck, and was grabbed up by Hollywood and starred. Meanwhile, Ruth Fallows (shown above) was slowly climbing toward the top; went from the Follies to the legitimate stage; trouped in stock, and now gets her first real Broadway break in "Rendezvous."

One Way to Solve Tax Problem

At Adairville he found 60 yards of track torn up and again set out on foot for two miles until he met the express freight, drawn by the "Texas." Taking charge of the train, Capt. Fuller ran it backward to the first switch, where the engine was uncoupled. Then began the last lap.

ONE WAY—2 COL. At last—one sure way out of the tax problem. Tired of paying taxes, Mrs. Ida Horwitz, 70-year-old boarding house keeper of Paterson, N. J., is having her home torn down as shown here. And how does that help? She is going to convert the site into a cemetery because cemeteries are not taxed in New Jersey.

ORVILLE MOHLER OUT OF FOOTBALL

Trojan Quarterback Hit By Injury Jinx; Play Would Endanger Life

By Paul Zimmerman (Associated Press Sports Writer)

LOS ANGELES, Oct. 26 (AP)—Orville Mohler, one of the greatest quarterbacks the University of Southern California ever had, was rudely pushed out of the football picture today by the injury jinx.

The slight but staunch signal shooter, who was so industrial in the Trojans' climb to the mythical national championship a year ago, and the guiding hand in their string of five victories this season, was ordered off the gridiron by school officials in lieu of possible paralysis or even death.

Mohler was knocked unconscious in Southern California's game against Stanford at Palo Alto last Saturday while leading the interference. In the play he hurt again the tissues which hold together the fifth and sixth vertebrae in his neck, pulling them slightly apart.

Although the Trojan quarterback recovered sufficiently after the game to be the dinner guest of Bill Corbus, Stanford guard and student body president, and has felt no ill effects except a stiff neck, school officials considered the risk too great for him to continue playing.

There really isn't much a fellow can say," Mohler commented after the action. "I have worked seven years to make my senior year the biggest and best of my college career and it is awful to have to go out like this, but I am convinced it is the right thing to do."

Coach Howard Jones, always reluctant to eulogize his players, said Mohler "is one of the greatest quarterbacks I ever coached. I have never seen a better ball carrier any place, but the last thing I would do would be to sacrifice a boy to win a football game. For his sake I hate to see him drop out."

Maranville May Manage The Red Team Next Year

BOSTON, Oct. 26 (AP)—It seems that Red Sox manager Bill Carrigan is about to kick Boston's beloved Rabbit Maranville upstairs again.

Reports have it that the Cincinnati Reds want the Braves' colorful second baseman as their manager next season. President Emil Fuchs has been approached on that proposition.

"Yes," said Fuchs, "the Reds have inquired about their chances of getting the Rabbit to manage their club next season."

"President Well talked only recently with Manager Bill McKechnie on that subject. We'd like to keep the Rabbit with us, because he is a valuable influence and still a great defensive player. But those managerial changes are the dream of all veteran players and the Braves would not stand in his way of having a chance to better himself."

Maranville, who will be 40 years old next month, has played 21 years of major league baseball. Until recently, as time is recorded, in the long career of baseball's Peter Pan, he was the game's perennial freshman.

It was during those carefree days, back in 1925, when he had his first taste of managerial experience with the Chicago Cubs. He did not care for such responsibility then, and his lack of success as a pilot was not disappointing to him.

If the Rabbit thinks it will be the position seeking the man, for the midget has not been a member of the horde of baseball notables who have been clamoring for the difficult job Dan Rowley relinquished at the close of the past season.

Turns Back on Chile's Turmoil

Forsaking Chile's turbulent political arena after having resigned as provisional president, Carlos Davila is shown above as he arrived in New York with his wife and two daughters to make his residence in the United States for an indefinite period. Denying he is an exile, Davila said he left the strife-torn republic "to work, to write and study." He formerly was the Chilean ambassador to the United States.

World's Tallest Office Building

There it is — the biggest office building in the world! This picture was taken as the last girder was placed atop the central structure of the \$25,000,000 Rockefeller Center development in New York. Seventy stories, and more than 800 feet, in height, it is not the tallest skyscraper but has the most office space.

Benny Pelz And Ah Wing Lee Draw

PORTLAND, Ore., Oct. 26 (AP)—Benny Pelz, 157½ pounds, Portland, and Ah Wing Lee, 155½, St. Johns, slugged to a 10-round draw here last night. Both boys tried hard to win the special \$100 prize offered by Promoter Joe Waterman for a clean knockout. There were no knockdowns.

In the sixth Pelz had Ah Wing in a bad way momentarily from a fierce volley of body punches.

"Fighting" Bob Beckler, 171 pounds, Salt Lake City, former Pacific coast light heavy amateur champion, making his professional debut, gained the referee's decision over Dave Humes, 163 pounds, Portland.

'DEMISEY-STUNNEY' NEW BROTHER ACT FOR RING

CHICAGO (AP)—Tunney and Demsey are around putting on a "brother act."

It's a real brother act this time— for this Tunney and this Demsey are brothers, 11 and 12 years old, respectively, and their last name is Dhaboit.

They started their boxing tour from their home town of Great Falls, Mont., where their father Edward Dhaboit, began teaching them boxing eight years ago.

They weigh 94 and 96 pounds, respectively, and though they have fought more than 300 times, neither claims a decision over the other.

YOUTHFUL DIXIE HURLER DEVELS UP WORK ON MOUND

ANDERSON, S. C. (AP)—Kirby Higbee, the 16-year-old who pitched Columbia's American Legion Juniors to fame in the national tournament last year, still strikes 'em out on South Carolina soil.

The young pitcher was on the mound here for Anderson during the playing for a county league championship and turned in a game in which he allowed but three hits, two of them scratched.

Higbee's team won 8 to 0, and no member of the opposing team was allowed to cross second base during the game.

MOONEY PLEASED AT DEAL SENDING HIM TO ST. LOUIS

SYLVA, N. C. (AP)—Jim Mooney, the big league southpaw who is so left-handed he shakes hands that way, is right glad to have Gabby Street for his new boss.

Traded to the St. Louis Cardinals by the New York Giants along with some other players, Mooney was not surprised, he said, but "didn't expect to go to the Cardinals or any other particular club."

The southern boy who made good in big time baseball, spends his between-seasons at this little mountain retreat, telling the boys at the corner drug store about his summer experiences.

COACHES STUDY ROOMMATES

NASHVILLE, Tenn. (AP)—Who is whose roommate before a big football game is important in the eyes of Vanderbilt coaches. The pre-game psychology has a lot to do with winning games, they think, and temperament, friendship and morale between roommates has a lot to do with psychology. Consequently they give careful study to pairing off the players to their rooms.

Imbler School To Begin Hoop Practice Soon

By Howard Wilson (Observer Correspondent)

IMBLER (Special)—With the onset of cold weather fall basketball practice has been brought to a close at Imbler High school and basketball will hold the center of interest from now on. A few have started preliminary practice but the majority are working in the apple harvest and are not expected to report for approximately a week yet. Intensive practice will not start for a couple of weeks.

The prospects for a winning team are fairly good, with three lettermen from last year and several first string substitutes around which to build a team.

The lettermen who are back include Carol Wagoner and Dwight Conklin forwards and Keith McKinnis guard.

Others of experience as first string substitutes or second team material last year expected to make the first squad this year are Lyle Crouser, Delmar Pogue, Harland Pratt, Chadwick Pratt, Chase McCoy, Lynn Anderson, Sheldon Lloyd, Dick Howell and Raymond Munson.

The basketball schedule has not been completed as yet but will include at least two games before the Christmas holidays. Close games will hold the spot light the last of November.

The dramatic contest has been tentatively scheduled for November 10th. The classes have all selected their plays and at this writing are picking their coach and starting practice. Their is much interest among the student body in this contest which is to take place of the annual student body play and the audience is to choose the winner.

All types of plays have been selected from Parce to Tragedy. The class winning this contest will have its members engraved on a loving cup which will be the permanent possession of the school and be kept in the trophy case.

The Imbler High school's green and gold teams held their party last Friday afternoon. These two teams were made by Curtis Publishing Co. which offered a radio to the school if they sold so many subscriptions which they did. The radio will be in the school next month. The first half of the party was given over to games and the latter half to dancing. Refreshments were served.

The M. E. Sunday school had a total of 55 people last Sunday. The Willing Workers class under direction of Mrs. H. A. Watson has increased its number from two to nine pupils.

Harry Johnson, of Imbler High school, made a trip to Portland last Friday taking five students of the High school who are Virginia Brock, Reta Hudson, Marjorie Woodell, Clyde Ott and Charis Noyes. While there they visited the following places: Municipal Terminal dock No. 4, ship interment, police station and radio station KGW, U. S. S. Oregon, Jefferson High school, Swan Island Airport, Washington park zoo and a ship building company. They returned Sunday night.

Mr. Woods returned from Wallowa Saturday evening where he has been staying for the past three months. He is now staying with his daughter Mrs. Bess Hale.

James Baker, of Elgin, made a business trip to Imbler Monday. The Imbler P. T. A. will meet in the music room of the school house Thursday evening at 8 o'clock. Mr. King will have charge of the meeting the subject will be "Adequate School Finances and Study of the School Budget." There will be a short program of musical numbers.

Prof. Harry Johnson, of Imbler High school, took the science class between Imbler and Elgin Wednesday to gather and study rocks.

COAST GRID TEAM TO MIX COLORS FOR THREE TILTS

SANTA CLARA, Cal. (AP)—New and lighter football equipment will be worn by Santa Clara's eleven this year. Likewise, the Broncos will display an assortment of colors. They'll wear white against California, blue against Stanford and their traditional red against St. Mary's.

No padding will be sewed to the pants and backfield men may not use the detachable pads at all. The thigh and hip pads will be detachable.

Modern Kitchens in Modern Homes — are equipped with electric cooking devices

THE new MONARCH Electric complies with all the essentials of up-to-date home equipment. It is both dependable in performance and attractive in appearance—thereby recommending itself to the discriminating homemaker.

The MONARCH Grand, a most remarkable electric range design, furnishes adequate cooking surface and a large oven equipped with automatic time and temperature controls—it requires only a reasonable amount of floor space. The heavy insulation and general construction of the oven assures maximum heat from the fuel consumed, as well as a uniform temperature throughout the entire baking compartment. This in turn is accurately maintained by the automatic temperature control for any length of time. This model is furnished in two attractive, colored enamel finishes: Ivory-Tan and Nile-Green, as well as all White.

W. H. BOHNENKAMP CO.

Ranges are modern in design and finish — over one hundred models from which to choose—all available in full enamel White, Nile-Green or Ivory-Tan—a beautiful finish easily cleaned.
