

La Grande Tigers to Meet Bulldogs Tomorrow Afternoon on Baker Field

BAKER FIGURES IT HAS CHANCE TO WIN CONTEST

Victory Over Pendleton Last Week Inspires Bulldogs as La Grande Game Nears.

BAKER, Ore., Oct. 27.—Bolstered by their 6 to 0 victory over Pendleton last week, the Baker Bulldogs will meet the La Grande football team on the Baker gridiron Friday afternoon at 2:30. The game was set early for the benefit of merchants, who can more easily arrange to attend a game early in the afternoon.

Baker is believed to have an outside chance to win over La Grande, which has been undefeated in eastern Oregon competition this fall and has been beaten only once. The Tigers fell before the alla Walla Bluejackets by a score of 6 to 0. La Grande has the heaviest team in eastern Oregon and is unusually heavy for a high school outfit.

The Bulldogs will depend, it is understood, upon a running attack for victory.

Balantyne, backfield player, is suffering from a bad Charley horse. He will probably be relieved by Ragsdale.

The probable starting lineup as announced by Coach George Scott, follows: Brookover, left end; Peyron, left tackle; Christmas, left guard; Southard, center; Smurthwaite, right guard; Arthur, right tackle; Harding, right end; Smith, quarter; Holman, right half; Ragsdale, left half; Grabb, fullback.

TIGERS OUT TO WIN

Although fully realizing that Baker will present a serious threat to the Tigers' Eastern Oregon record tomorrow afternoon, the La Grande High team expected to present its strongest combination of the season against the Bulldogs.

The team will leave tomorrow morning for Baker, and present reports are that a large number of

students and some townspeople will accompany the squad.

Coach Woodie has been working his players diligently every evening of the week, and hopes to have the strongest lineup of the season on the Baker field. There were no injuries in the squad this week and the Tigers are in the best of physical condition.

The La Grande High school band will accompany the team to Baker tomorrow.

Locally it was announced that the game would begin at 2 o'clock, and it was believed that the 2:30 time given in the Baker story was in error. High school officials here advised all La Grande people who planned to attend the game to arrange to be there not later than 2 o'clock if they expected to see the opening kickoff.

A big pep rally will be held at the L. H. S. tomorrow morning at 9 o'clock, previous to the departure of the squad for Baker.

Officials for the game follow: C. H. Reynolds, La Grande, referee; Mr. Minnaugh, umpire; Mr. Duff, Baker, head linesman.

Abe Kaplan Beats Boston Wrestler

PORTLAND, Ore., Oct. 27.—Abe Kaplan, 220-pound Jewish wrestler, defeated Pat Reilly, 200, Boston, two out of three falls here last night in another wild exhibition, during which the referee was knocked out. After dividing the first two falls, Reilly taking the first in 3 minutes 50 seconds with a flying scissors, Kaplan the second in 14 minutes 41 seconds on a winglock, both men began fighting desperately for the deciding fall. Reilly went to work on flying tackle butts and seemed in a fair way of winning, when Kaplan sideswiped him and Verne Harrington, the referee, standing behind Kaplan, took the full force of the butt. The official went sailing through the ropes and into the orchestra pit. It took several minutes to get him back into the ring. In the meantime, Reilly had turned on Kaplan and slapped him down with a body scissors, holding him down for about 30 seconds. When Harrington returned to the ring, Kaplan was on top and he was awarded the decision amid a roar of protest from the crowd.

Indian Tough And Quick To Retort, Tarheels Learn

This is the thirteenth of a series of articles in which O. W. "Red" Severence, noted official, relates the humorous and "inside" stories he has run across in a long association with leading football coaches.

By O. W. "Red" Severence

(Written For The Associated Press)

Back in 1930 the University of North Carolina Tar Heels were playing their ancient and deadly rival, the North Carolina State Wolfpack.

The game always is fought to the last minute, no matter what the odds. The university team this year, with superior numbers and more experienced players, was having little difficulty gaining ground and had scored a few touchdowns before the end of the first half.

The Wolfpack ball carriers could do little gaining through the Tarheel line, with the exception of the fullback, an Indian named Guerno. This redskin was poison to the university eleven and made gain after gain in terrific plunges.

Capt. Nash, very much disgusted, rushed up and cried out: "What's the matter with you birds, can't you stop that Indian?"

Guerno, up on one knee, looked at Nash and made the reply himself: "Capt. Nash, if all the Indians had been as tough as I am you folks wouldn't be across the Mississippi river yet."

NORTON SUSPENDED

PORTLAND, Ore., Oct. 27.—Willard Norton, Eugene middleweight boxer, was indefinitely suspended yesterday by the Portland boxing commission, following his poor showing against Al Trulmans in a bout on Tuesday night's card. The commission at first ordered Norton's purse held up, but later decided to suspend him instead.

TROJANS WORRY WITH MOHLER OUT

U. S. C. Expects Tougher
Than Against Cards.

LOS ANGELES, Oct. 27.—University of Southern California's coaching staff to the man, feels that their football team will have greater difficulty coping with California here a week from Saturday than it did with Stanford last week end.

While the fact that the Trojans have been deprived of their greatest offensive threat as well as a strong safety man in Orville Mohler, who was benched because of spinal injuries, is partially responsible for the attitude the progress the Bears have made as the season rolled along is given as one reason for the opinion.

"I have seen California the past three weeks," said Aubrey Devine, S. C. scout, "and the Bears have shown improvement each time. Defensively, California is better than Stanford. Offensively the team is just as powerful as Stanford but not as versatile."

Coach Howard Jones had this to say:

"If you remember, the start of the year I said that California would be our toughest Pacific coast opponent. I have seen nothing to change this opinion, not even California's defeat. The loss of Mohler means that we will have a harder job than ever. It is impossible to tell how much his loss will hurt us."

Jones intends to scout California in its game with Nevada Saturday as the Trojans will not be employed in a gridiron way this weekend.

Yale Will Not Be "Easy Mark" For Dartmouth

By The Associated Press
NEW HAVEN, Conn.—If Yale's old grads are feeling pessimistic about their football team, they should listen to Coach Mal Stevens. "There has been great improvement during the past week," he said yesterday. "If the boys carry on Saturday as they have since their defeat by Army, Yale will be no easy mark for Dartmouth."

PRINCETON, N. J. — If Princeton has trouble solving Michigan plays Saturday it will not be from lack of coaching. Earl Martineau has been playing the part of Harry Newman on the Scrubs "Michigan" team for the past couple of days, and Campbell Dickson and Ted Wieman, a former Michigan coach, have also been in the backfield.

IOWA CITY — The Iowa football team which is on its way east to play George Washington Friday has a good precedent for victory. The last time the Hawkeys invaded the east they defeated Yale, 6 to 0.

NEW YORK—The Ogleshorpe team which comes here Saturday to meet Manhattan is the third to invade New York but it is the first to appear before Gotham fans by the light of day. Both previous games between the Petrels and the Jaspers have been played under the floodlights.

MODERNIZING PYRAMIDS
CAIRO (AP)—Moonlight visits to the pyramids are to be modernized, and first thing you know it won't be any fun at all. The Egyptian government has decided to light the whole road from Cairo to Guizh.

Tennessee Scout Watches Trojans

LOS ANGELES, Oct. 27.—Should Tennessee go through the season undefeated and have its football team invited to participate in the Rose Tournament game at Pasadena, New Year's day, the Volunteers do not propose to be unprepared.

A Tennessee scout was on hand for the Stanford-Southern California game at Palo Alto last Saturday. It became known here today. The Volunteers have lost only one game in five years.

Freddie Steele Defeats Herman

SEATTLE, Oct. 27.—The fistic ledger of Freddie Steele balanced again today, the hard-hitting Tacoma welterweight having defeated Tommy Herman, Chicago, in a six-round boxing battle here last night to square-up for a recent loss to the middle westerner in Los Angeles. Steele weighed 148½ pounds and Herman 150½.

The Tacoma boy crashed Herman to the canvas with a right to the jaw in the second round and he continued the onslaught to gain victory by a wide margin.

Sport Slants

By Alan J. Gould
(Associated Press Sports Editor)
Selected on the basis of the vote of major league baseball writers on the 1932 most valuable player contest, here's how an all-star team 3, scoring a touchdown in the last

would take form:
Pitchers—Warneke, Cubs, and Gomez, Yankees.
Catcher—Ferrell, Browns.
First base—Foxy, Athletics.
Second base—Lazzeri, Yankees.
Shortstop—Cronin, Senators.
Third base—Traynor, Pirates.
Right field—Klein, Phillies.
Center field—Manush, Senators.
Left field—O'Doul, Dodgers.

The only differences between this and the lineup we posted earlier in the debate involved our preference for Dickey of the Yankees behind the batt, Averill of the Indians in center field and Gehring of the Tigers at second base. In each instance a lively argument can be conducted.

"JUST PRACTICING"

It seems a red-headed lineman of Southern Methodist's team was romping around the Syracuse premises blocking everything within reach and generally having a very good time for himself as the Mustangs galloped over the Orange football outfit. He seemed to be roaming all over the field.

On one play this youngster came charging through, half-blocked an opposing player and had so much momentum that he also hit the umpire, Big Tom Thorp, and brought that ex-Columbia guard forcibly to the turf.

With a glare in his generally smiling countenance, Thorp pulled himself to his feet, looked the boy over and demanded to know what his idea was in being so reckless.

"I'm sorry, mister," replied the youngster, "I was just practicin'."

GAMBLER AND LOST

The Alabama-Tennessee game furnished an example of where quick thinking might have reversed the result. Tennessee won the game, 7 to 0.

period after a hurried and ineffective punt by John Cain, Alabama fullback, from behind his own goal line.

The pass from center to Cain was low and struck him in the knee. The ball was soaking wet and the field a sea of mud. Cain, in a tough spot, chose to punt but the ball

caromed off to one side and went out of bounds on Alabama's 12-yard line, from where the Vols rushed over a touchdown. Had Cain grounded the ball for an intentional safety, Alabama would have kept the lead, 3 to 2, and with a better chance to kick out of danger, might have won.

NO STATE CAN SHIFT JUNK then EXPAND its School System Without INCREASING TAXES

A reproduction of the "SCHOOL EXPANSION Measure," as it will appear on the ballot.

BILL MOVING UNIVERSITY, NORMAL AND LAW SCHOOLS.
ESTABLISHING JUNIOR COLLEGES. Purpose: To ~~move~~ the University of Oregon from Eugene to Corvallis and ~~establish~~ it with the Oregon State Agricultural College under the name of Ashland State University, ~~move~~ the normal schools under the name of Oregon State Teachers' College, ~~combine~~ them under the name of Oregon State University, ~~move~~ the University of Oregon Law School to Salem; all said institutions and the medical school at Portland to be conducted as units of said Oregon State University; make university president ex-officio secretary of board of higher education. Vote YES or NO.

316 Yes. I vote for the proposed law.
317 No. I vote against the proposed law.

X NO

THE EXTENSIVE LAW LIBRARY at Eugene is a gift, without cost to the State, from the late Judge Fenwick and would be abandoned by this measure. The Law School would then be shifted to Salem; NEW buildings would be necessary immediately for the housing of this department of the University. Another ~~unnecessary~~ expansion!

"DISPOSE" IN THIS CASE means destruction and loss of over \$700,000 State-owned buildings and property.

In Addition . . .
THIS "JUGGLING" SCHEME will increase instruction costs 25% for University and Oregon State students. This costly experience of 18 States having combined institutions should be a warning!

Oregon's present unified system of instruction and management is saving \$900,000.00 annually, compared with previous costs. It is not economy to discard this saving, then add tremendous expenditures for NEW buildings, NEW equipment, and NEW dormitories.

Over half the students attending college are dependent upon employment; hundreds would be deprived of an opportunity for higher education.

The Zorn-Macpherson School "Juggling" Bill is extravagant EXPANSION . . . Not consolidation.

These excerpts from President W. J. Kerr's biennial report (July 1, 1928, to June 30, 1930) BLAST the "economy" plea and misleading claims that no new buildings would be needed:

"... the College is far behind in its building program. The urgent need for additional buildings has been emphasized . . . for the past six years . . ."

"... Conditions have become such that it is imperative that funds be provided for the construction of buildings, during the next biennium . . ."

"... The Physics Building . . . has been used to some extent for lecture and classroom purposes, because no other place was available. . . the Men's Dormitory and the Memorial Union Building . . . afford no relief whatever for the congestion that has long existed in the teaching of fundamental academic subjects at the College. Some provision must be made in the immediate future for the work of such schools as Basic Arts and Sciences and Vocational Education, that are now driven from pillar to post in an effort to find even temporary classroom accommodations. . ."

THIS "MOVE" ORDERS the entire student body "hailed" from Eugene and "dumped" onto the State College campus, which now accommodates the enrollment of one institution. NEW buildings—NEW lecture rooms—NEW equipment—NEW dormitories, must be provided at Corvallis for this doubled enrollment.

THE EXPERIENCE OF OTHER STATES, having combined institutions, has proved that non-technical courses, given on the same campus, tend to submerge agricultural, mechanical, and scientific courses. Training in those courses pertaining to the major industries of this State would be seriously, if not fatally, handicapped.

THINK!

Can you afford to "Junk" over \$4,000,000 of land, buildings and equipment, establish 4 NEW schools, create 2 NEW types of schools? The total of taxpayer-owned property that would be jeopardized as a result of this "Juggling" bill, is the staggering sum of \$15,000,000. STOP the most costly SCHOOL EXPANSION Scheme and RAID on TAXPAYERS' MONEY ever proposed in the history of Oregon.

**Prevent Higher Taxes
Unneeded NEW Schools!**

**VOTE
317 X NO**
