NEW YORK STORE

More Offerings Of Butter From Outside Oregon

PORTLAND, Oct. 28 (AP)—Increased offerings of butter from out-state points and decrease continued in the local churning, were features of most interest in the trade. There was no change in general prices for the day. Demand continues chiefly for 90 score and less although there is quite a good call for 91 score. For 92s and better, the call is of most nominal character with a surplus of this stock increasing rapidly. Storage butter withdrawals are extremely heavy and this class of stock is finding most favor because of the lowness of the price. Those interested in storage butter are not at all adverse toward having the price of fresh goods shot higher to aid the sale of lower grade. General trading in the market for eggs continues of fully steady character despite the pushing of sales of storage goods. Production appears to be holding its own in the immediate territory. Cut of 1c lb. in the price of cheese is announced. The new price at Tillamook is 14c for triple and 15c for loaf. Tillamook is still the highest priced cheese in the world for like style. Weakness is generally continued in the market for live spring chickens but without price change for the day. The movement into consuming channels appears insufficient to keep stocks cleaned up. Average quality is poor. This is considered a reason. Demand for live hens continues of rather good character along the wholesale way. Both light and mediums are moving out promptly with heavy stuff just holding its own. Fractional loss in price for lambs appears in the trade for the day with the former top not generally obtainable with increased offerings and rather "sticky" weather. Veal is easy but unchanged. Hogs are steady. There remains a very slow movement of cranberries. More Grays Harbor stock has been received and has found a fair sale around \$3 generally for quarter barrels. Regular association stock is being quoted \$3.00 @ \$3.25 for quarter bbls. and \$3.75 @ \$4.00 for third bbl. McFarlane or late Howes. Movement of pumpkins has been induced both by the approaching Halloween period as well as the changing weather which call for pie of this material. Sales to retailers are chiefly 1 1/2 lb. This also applies to squash generally. Remaining supplies of the 1932 crop of brisnute, the cultivated hazelnut, are very likely to move to Los Angeles, according to west coast fruit distributors. The south is seeking what's left on account of sheer quality of the Oregon product. Notes of wholesale trading: Artichokes are practically back to recent low level. California sprouts are moving steady around 9c with lima beans 12c and peas 12 1/2 @ 13c lb. Some improvement in the cauliflower demand is shown for carlots. Local trade slightly better. Lettuce market is firmer and higher all around for good stuff.

Modest Advance In Wall Street Today

NEW YORK, Oct. 28 (AP)—The stock market edged out of its extremely narrow range of recent sessions with a modest advance late today. The market remained extremely quiet, but many issues pushed up 1 to 3 points. The final tone was firm. Transfers approximated only 600,000 shares. Closing figures of 14 of the leading stocks follow: Al. Chem. & Dye 74 1/2; American T. & T. 104 1/2; Bethlehem Steel 17 1/2; General Motors 13 1/2; Johns Manville 22 1/2; Liggett & Myers B 58; Montgomery Ward 12 1/2; J. C. Penney 21 1/2; Public Service of N. J. 41 1/2; Southern Pacific 21; Union Pacific 66 1/2; United Aircraft 25 1/2; United Corporation 9; U. S. Steel 36 1/2.

WOOL REPORT

BOSTON, Oct. 28 (AP)—The Commercial Bulletin will say tomorrow: "Sales of wool have been comparatively few and far between this week, being mostly for the fine and fine medium French combing type of wool selling at 40 cents, clean basis, more or less. Prices have changed but little during the week, in spite of the dullness, due perhaps to the profound conviction on the part of the wool trade that wool was never in a sounder position statistically, as revealed by the wool trade census, showing stocks of wool in the five leading consuming centers of about 148 million pounds of wool on October 15, compared with 186 million pounds a year ago. Allowing for unreported stocks, the supply should be about sufficient to last up to the first of June, on the basis of 35 million pounds monthly consumption, or the average monthly rate over the last five years. Foreign markets have been fairly steady on the whole, showing some recession with the downward trend in sterling exchange but recovering towards the weekend. The East India sales in Liverpool were off 5 to 7 1/2 per cent from the close of the previous sale. The piecegoods market is quiet so far as new business is concerned, but the mills are making deliveries steadily. Mohair is dull and unchanged. The Bulletin will publish the following quotations: scoured basis: Oregon: Fine and f. m. staple 44-46; fine and f. m. combing 41-43; fine and f. m. clothing 38-38; valley No. 1, 40-42. Mohair: Oregon 13-14; domestic combing 24-25; second combing 22-23; third combing 17-18; fourth combing 16-16; good carding 24-25; first kid 45-50; second kid 35-40.

Cutting To Vote For F. R.; Calls Hoover 'Yes-Man'

DENVER, Colo., Oct. 28 (AP)—Attacking President Hoover's record in office, U. S. Senator Bronson Cutting, Progressive Republican of New Mexico, has announced his intention to vote for Franklin D. Roosevelt for the presidency of the United States. Senator Cutting praised Roosevelt as an "idealist who has been able to put many of his ideals into practice" and declared the Democratic presidential candidate "is his own master and makes his own decisions." Pointing out that no one supported Mr. Hoover more enthusiastically than he did, Mr. Cutting said, "it is not pleasant to admit political errors." He expressed disappointment in the president's actions in the last four years and listed as the reasons for his disappointment: the cabinet selected by President Hoover, his judicial and diplomatic appointments, his attitude on the power issue, and finally, his policy relative to existing economic conditions. Senator Cutting also said "no president in history has been more amenable to dictation of party bosses and politicians have never had a more docile yes-man in the White House." Referring to President Hoover's remarks on the nation's financial status as a "mass of nonsense," Senator Cutting said there was "not the slightest danger of this country going off the gold standard and many economic authorities believe it might be a good idea if we did go off." He declared the president as saying the balancing of the budget saved the country from going off the gold standard and added that the budget was "not anywhere near balanced."

FISHER TO VOTE FOR HOOVER

COLUMBUS, Ohio, Oct. 28 (AP)—Irving Fisher, Yale university economist, declared in an address here, that President Hoover could "bring us out of the depression quicker than Governor Roosevelt." Prof. Fisher, addressing the Ohio convention of building and loan associations, said "I am going to vote for President Hoover because he can bring us out of the depression quicker than Governor Roosevelt. I do not mean to talk politics, but I am talking economics." He urged the restoration and stabilization of the purchasing power of the dollar as a means toward eventual economic recovery.

CANDIDATES IN 'GET-TOGETHER'

(Continued From Page One) ous candidates were present and those unable to be present were conspicuous by their absence. TIGERS, BULLDOGS IN ANNUAL GAME

(Continued From Page One) weight advantage with a hard, driving attack. "It's going to be a tough game and we'll have to play our best if we win." Coach Ira Woodie said, adding that he expected the Bulldogs to turn to a forward-passing attack if the Tiger line held Baker's running attack. Both teams are in excellent condition although there was doubt as to whether Bean, sophomore backfield man, would get into the lineup because of eligibility in classes. The starting lineups were announced this morning as follows: La Grande.....LE.....Baker Irwin.....LT.....Brookover Howard.....LT.....Pyrn Munhall.....LG.....Christman Owsley.....C.....Southard Alvey.....RG.....Smurthwite Feuerhelm.....RT.....Arthur Kimmel.....RE.....Robb Webb or Munsell.....Q.....Smith Sailer.....LM.....Ragdale Roe.....RH.....Holman R.
