Action of Cube Butter Market Not Surprising

PORTLAND, Nov. 9 (AP) — Action of the cube butter market during the mid-week sessions of the produce exchange was not at all surprising, in fact it was expected and due. Advance of 1c in the price of extras and ½c in other scores was perhaps the only condition out of line with general sentiment. Interests that advocate the 92 scores were in control of the price making machinery for the day.

The shortage in butter continues more or less acute. The local trade has up to a few days ago, been fully supplied, therefore the outstate movement has been away from Portland.

Increase in demand was noted in the fresh butter trade and supply has been curtailed.

Butterfat remains at the late advance, which was in anticipation of the current rise in butter values.

Some betterment is reflected in the undertone of the egg trade with additional advance in the New York market. This applies only to top grade fresh stock, storage stock being inclined to drag.

Continued steadiness is reflected in the market for live hens with the price sustained while springers continue weak but are selling at late low price levels.

All through the market for country killed meats, prices appear steady. This applies to veal as well as to hogs and lambs.

There is a scarcity of fresh halibut, the last offerings of the season now being in sight. Sales of mediums are around 12½c with chicken 10c lb. Silverside salmon is steady around 6c with chinook 9c and trap greylings 12 cents pound.

Prices recently established by oyster growers and retailers are generally being maintained around $1.75 gallon for large Pacifics. Trade here is seeking elimination of the watered oyster and aggressive measures are promised.

There is a better local movement of home grown cranberries. Prices in general are unchanged. Much eastern stock is on the market. The chief movement is in quarter barrel boxes.

Local market has been forced upward in price for hothouse tomatoes because of the shortage and the increased values demanded at the source. Sales are around $2.25@$2.50 for best 20s.

Notes of wholesale trade:

Celery and cauliflower rail movement is still liberal without price change.

Cabbage in sacks is weaker and selling somewhat below the crated basis. Mostly 50c.

No improvement is noted in onion demand or prices.

California beans are reported in more active call with an elimination of practically all good locals.

PORTLAND CASH

PORTLAND, Ore., Nov. 10 (AP)—Cash wheat: Big Bend bluestem 52½c.
Dark hard winter, 12 per cent 51c.
Dark hard winter, 11 per cent 49c.

CABINET TO BE SELECTED SOON, REPORT

(Continued from Page One)

lating definite projects to bring into play the principles he expounded during the campaign.

Present Senate G. O. P.

The Democratic grip on the new congress did not extend to winning control of the senate for the immediate short session. A sudden spurt in the late vote counting on the part of Republican Senator W. Warren Barbour, of New Jersey, brought him safely past his Democratic opponent, Perry H. Stewart, to whom at one time he had conceded defeat. The seat is to be occupied this session, just as is the one in Colorado where Republican Karl C. Schuyler won.

His victory gave the Republicans 48 seats for the remainder of the old congress, to 47 Democrats and one Farmer-Labor.

But so many fell in the election for next term that Republican ranks were riddled and decimated, with nearly all of the "old guard" leaders ousted. With but two dozen house races in doubt, the present Republican strength of the house had been slashed, giving the Democrats the certainty of more than 300 votes.

The governor's races told much the same tale. Including four seats not at stake in this year's elections, the G. O. P. held but nine governors' chairs definitely, with a slight chance in one or two states more.

Ardent Wets Delighted

With the Democratic sweep of congress appeared to have come such anti-prohibition majorities that the hope of immediate legalization of beer, held by ardent wets, climbed high, and several key men in congress hastened to add their voices to those who have already spoken for accomplishing this modification of the Volstead act during the winter.

With this hope, up went expectations of early submission to the states of the 18th amendment repeal—which like modification was demanded by the Democratic platform and called for in the campaign by Roosevelt. The majorities for prohibition change were calculated on the basis of polls by anti-dry organizations which indicated that a minimum of 47 senators in the new congress would support repeal or resubmission while in the house some 300 were so recorded.

Hoover "Tiredest Man"

While the country's political thoughts and talk dealt almost exclusively with the winner, at Palo Alto, Cal., rested "the tiredest man in America." So his aides described President Hoover, who had conceded defeat and congratulated his successor-to-be, less than half a day after completing an extraordinary cross-country campaign, in search of the vote of confidence that was denied him.

His plans still were uncertain, his mind divided between taking a recuperative trip through the Panama canal, and making a quick dash back to the cares which have weighted him down during the critical past years.

Socialists Get Many Votes

Socialists were counting up the total of their candidate, Norman Thomas who termed his own defeat a victory. Scant third of the country heard from, his popular vote was nearing 400,000, with a strong possibility he would pass the record set for his party by Eugene Debs, in 1920, with 920,000.

The election hardly over, the bitterness and hard words of the campaign were being rapidly forgotten, covered under assurances by the losers that there would be no obstruction of any sound Democratic program.

Gov. Roosevelt's New York Lead Half a Million

NEW YORK, Nov. 10 (AP)—President Elect Franklin D. Roosevelt won only ten of this state's 62 counties in last Tuesday's election — but he defeated President Hoover by more than half a million votes.

An analysis of virtually complete returns today disclosed that Roosevelt annexed only five up-state counties, the huge vote which gave him the state coming from the five counties which comprise New York City.

The up-state Democratic counties were Albany, Clinton, Franklin, Rensselaer and Sullivan.

The city of Albany, where Roosevelt has had his official home during his four years as governor, led with 73,239 to 45,729 for Hoover.

The entire state totals today stood:
Roosevelt 2,521,33.
Hoover 1,926,600.

New York City contributed 1,437,231 to Roosevelt and 575,031 to Hoover.

Lieutenant Governor Herbert H. Lehman led the Democratic state ticket. Running against Colonel William J. Donovan for governor the poll was:
Lehman 2,654,977.
Donovan 1,813,693.

With four-fifths of the voting districts reported, Norman Thomas, the Socialist candidate had a total of 163,671.

Voters of Kansas Turn to Democrats

TOPEKA, Kan., Nov. 10 (AP) — The voters of Kansas who turned their electoral votes to Governor Roosevelt, re-elected a Democratic United States senator and elected three Democratic representatives in congress apparently have returned the Republicans to power in state offices although Governor Harry H. Woodring refused to concede that he had been defeated by Alfred M. Landon, Republican.

2,504 precincts out of 2,676 gave Landon 261,038; Woodring 256,432.

Dr. Joseph R. Brinkley, goat-gland specialist, Independent, polled 228,770 in the same precincts.
