ence season in the cellar position. The Orangemen now hold that post by virtue of four defeats and no wins whereas Montana is on the line above with no wins and three losses.

Oregon State-Fordham university game at the Polo Grounds is the first between the teams and should be a thriller for Fordham clearly evidenced its strength by defeating a strong invading St. Mary's team 14 to 7 at New York last Saturday. Oregon State will be battling to uphold its fine inter-sectional record so that the game promises to be fast and hard fought.

Following the Fordham encounter the Orangemen will go to Detroit where they meet Detroit university Thanksgiving day. The teams last met in 1929 when the Orangemen eked out a close 14 to 7 win by intercepting a lateral pass in the final minutes of the game. The Orange win also broke a string of 20 consecutive Detroit victories. Detroit has lost only one game this season and that to the strong Holy Cross eleven, 9 to 7.

Orange men who made the eastern trip are: Dan Mitola, Everett Davis, Keith Davis, Fred Macdonald and Arnold Heinkenen, ends; Ade Schwammel, Wayne Harn, Don Wagner, Curly Miller and Harry Field, tackles; Herman Leaf, Bill Tomaseck, Hugh Stanfield, Bill Kenna, Loren Tuttle and Tom Miles, guards; Vic Gurkin, Willis Danford and Clyde Devine, centers; Harold Pangle, Russ Acheson, and John Blaneone, quarterbacks; Norman Franklin, Tomny Ward, Ed McInoosh, Willard Jarvis, Hal Moe, Pierre Bowman and Ted Hermann, halfbacks; Frank Little and Harold Joslin, fullbacks.

THIS CURIOUS WORLD

THE OLD-TIME KNIGHTS IN ARMOR CARRIED LIGHT LOADS, COMPARED TO THE WORLD WAR SOLDIER.

ONE GRAM OF RADIUM CONTAINS ENOUGH POWER TO LIFT A 28,000 TON BATTLESHIP 100 FEET IN THE AIR.

THE LIFE of radium is 20,000 years, and during that length of time the electrical discharges emitted by one gram of radium would create sufficient horsepower to lift even the Woolworth building high into the air.

WORLD WAR soldiers often carried equipment weighing considerably more than 100 pounds, yet the ability of the armored knight to carry on under the weight of a 60-pound load still excite wonder.

By W. L. Flower (Observer Correspondent)
ENTERPRISE (Special)—The following justices of the peace were elected in Wallowa county: A. B. Conaway, at Enterprise, by a large vote. C. R. Patton, at Joseph; J. H. Bratton, at Wallowa; E. A. Swart, at Lostine; F. G. Potter, at Promise, and W. W. Burns, at Grouse which includes Troy.

Work was begun on the Sheep creek road to Imnaha yesterday after an elapse of nearly six months. A small crew has been employed as a relief measure and will be paid by the money borrowed by the county from the R. F. C. It is expected the men will earn on an average of about \$18 a month, they being rotated on the job and the government having set that amount as a sufficient sum for each workman during any month.

Fire Chief Given Praise In Letter From State Police

The following letter was received yesterday by the city manager, Angus McAllister, in connection with the handling of the Nelson fire investigation which ended here last Saturday with his conviction:
Portland, Ore. Nov. 8, 1932
Mr. Angus McAllister, City Manager, La Grande, Oregon:
Dear Sir:

We are taking this opportunity of writing you, as we did not get to talk with you before leaving La Grande after conviction of Harry Nelson.
We wish to express to you and to Fire Chief Lindsay our sincere appreciation for the hearty co-operation that we had in the recent investigation of the series of fires in your city.
Due to the untiring efforts of the fire chief over a period of several months, in running down clues which came to his attention in connection with each individual fire and furnishing us with complete information, we were finally placed in a position to get a confession from Harry Nelson covering his activities in connection with these incendiary fires for which he was responsible in La Grande, and which ultimately resulted in a conviction.
The thorough manner in which the fire chief handled this case is highly commendable and should be an object lesson to all fire chiefs and others interested in law enforcement.
We trust that we will continue to have such splendid co-operation in
