As Dunlap was defeating Whyte, C. Ross (Sandy) Somerville, the Canadian who holds the United States amateur title, came in with an 8 and 7 victory over W. H. Sharpe, of Dunbar.

The two victories sent the American and the Canadian closer to a meeting as both are in the upper half of the draw and not far apart.

Both had first round byes and yesterday scored identical four and three victories in the second round.

son that Secretary Wallace and Budget Director Douglas planned to go through with the reduction despite a gentlemen's agreement between party leaders just before congress adjourned that this would be held up until after the opening of the next session.

The senate adopted a resolution calling for postponement of the agricultural experiment and extension reduction, but this did not pass the house.

However, Senator Robinson told Republican leaders this part of the order would not be made operative now and McNary said he was reassured to this effect today.

### Eastern Oregon Librarians Hold Annual Meeting

(Continued From Page One)

president, Miss Elizabeth Olson, of Pendleton, presiding. In a few well chosen words, Mayor D. H. Crouser gave a very cordial welcome to the visitors and Miss Olson gave a hearty response. Following a short business session and reading of the minutes of the last convention, Miss Ruth Cochran, of Pendleton, secretary of the association, called on the visiting librarians for a statement of some achievement they had made in library work during the past year.

Many helpful suggestions were given by the various librarians and in all cases their biggest problem seemed to be how to adjust the increasing demand for reading material to the dwindling appropriations allowed for carrying on their work.

Miss Harriet C. Long, of Salem, gave a delightful account of her attendance at the convention of the P. N. L. A. at Victoria, B. C. Prominent speakers had been secured for the various sessions, and the meetings, both business and social were conducted with much more formality than is usual in the states. She gave a very fine description of the Provincial library with its treasured volumes of northwest history and collections of relics of pioneer days. The librarians were treated royally during their stay and the trips to various points of scenic beauty and historic interest added much to the pleasure of the convention. Miss Long called attention to some of the distinguished library service through its extension courses carried on during the past year. Many students have availed themselves of the opportunity to continue their studies through the reading courses outlined by the state library. The morning session was concluded with a question box to which Miss Long gave answers, after which the meeting was adjourned for the noon luncheon, served at the Union hotel. The tables arranged in the form of a U were very attractive with gay bouquets, and an excellent meal was served. Covers were laid for 50 persons. Following the dinner, Mrs. George Baird, local librarian, introduced Mrs. Edith Phipps who sang "Little Brown Bird Singing" and "I Passed By Your Window." Miss Ethel Conklin played her accompaniments.

Miss Amanda Zabel, head of the English department of the Eastern Oregon Normal school, spoke on the subject of "Reading For Pleasure in Secondary Schools." She gave many valuable suggestions for the guidance of young people in the choice of reading material, stating that the most impressionable age for establishing good reading habits were the years from 11 to 13. She said the trend in modern schools is to get away from intensive, analytical study of books and to encourage individuals to develop their own tastes in reading.

Reach for a Lucky

—for always Luckies Please!

A man's cigarette? Well—here's why I enjoy Luckies

Somehow, I have always felt that it takes a really fine cigarette to please a man. And since many of the men whose judgment I value smoke Luckies... I reach for a Lucky, too. True, I enjoy Luckies' fine tobacco quality and their delicious mildness. But my real reason is perhaps a trifle feminine. Men may not appreciate this as much as a sensitive woman—but I'm particularly grateful to "Toasting" for that comforting assurance of purity. I've talked to many women about this—remember, a cigarette becomes an intimate thing with us, we place it between our lips. And so, perhaps, because I am a woman this is my woman's reason for always saying "Luckies Please!"
