By The Associated Press
Joe Demaggio, San Francisco's 18-year-old rookie sensation, had today scaled the Coast league's baseball heights to tie the 49-game consecutive hitting record set in 1915 by Jack Neas, of Oakland.

With a resounding home run and two singles the Seals' kid fly chaser made it 49 in a row at the Seals stadium yesterday. Since he went on his batting rampage May 28 the ex-newboy, playing his first year of organized baseball, has faced the twirling staff of every team in the league except Sacramento to build up an average of .418. In 101 games this season he has hit 86 singles, 24 doubles, seven triplets, and 17 home runs for a .333 average.

His three bingles yesterday were three of the ten granted by Pay Thomas of Los Angeles as he beat San Francisco 8-2.

Sonnenberg's Wife Is Asking Divorce

LOS ANGELES, July 14 (AP)—The Boston society girl who married Gus Sonnenberg, the wrestler, in the flush of young romance two years ago, has been masquerading behind two fictitious names in an effort to get ahead in the movies.

And, said Marie Elliot Sonnenberg, she wants a divorce.

Sonnenberg's resentment over his wife's name being linked in film gossip columns with that of Gary Cooper, the six foot Montana boy who drew his way into stardom, led to the disclosure that "Marie Colman," "Judith Allen" and Marie Elliot Sonnenberg are one and the same person.

Kotsonaros, Greek Wrestler, Killed

EUTAW, Ala., July 14 (AP)—The death of George Kotsonaros in a prosaic automobile accident near here closed a story-book career the Greek wrestler pursued on the theory that "When a man's number is up, it's up."

Educated in Athens, Kotsonaros fought in the Balkan war of 1912 against the Turks and saw comrades fall on all sides.

"Don't worry," he would say, "When a man's number is up, it's up."

The strength of the Ontario and Burns teams is not known locally so there is no way to determine how La Grande's chances are to win the series.

CARL GRAY FINDS GOOD WHEAT CROP

NEW YORK, July 14 (AP)—Wheat crop conditions are poor in some parts of Union Pacific railroad territory, but are favorable in Idaho, Washington and Oregon, said Carl R. Gray, president of the road Thursday.

A longer haul is expected on wheat from this territory he said, since a large part of it will be moved to eastern milling centers. A section of Kansas served by the road has a fair crop but in other parts of Kansas and Nebraska it was reported by Gray as "very poor."

"Demand for lumber along our line," said Gray, "is good and the present movement is going into immediate consumption rather than storage."

"June gross revenue showed a large increase over 1932 than was shown in May. Net operating income was better than in May and was of course, ahead of the same month last year."

COOK MEALS IN ADVANCE IT'S A HELP IN SUMMER

Summer meals can be prepared with less discomfort from the heat if the cooking is done on certain days, preparing meats, vegetables and desserts for the "leisure" days of the week.

Meats can be re-heated or served cold, vegetables can be creamed, browned or made into salads, a variety of desserts can be made at one time to last for several days.

MAKING MEAT TENDER

A pinch of baking soda added to the water in which you are boiling meats, particularly meats you have bought in an economical frame of mind and which are good but not so tender as the choicer cuts, will add to their tenderness.

Prospects were that the jury could be completed before evening.

Sino-Japanese Trouble Stirred Up By Capture

TOKYO, July 14 (AP)—A direct clash between followers of General Feng Yu Hsiang and forces of General Nobuyoshi Mito, commander-in-chief of the Japanese army in Manchuria, on the Jehol-Chahar frontier seemed most likely today as a result of the former's recapture of Toluinoerh (Dolon Nor), a town in Chahar province just across the border from Jehol province.

(General Feng is engaged in a campaign to regain Jehol and China's "lost provinces" from Japan and Manchukuo. The Chinese Nationalist government at Nanking has indicated no force will be used against him, although his drive is opposed as conflicting with peace negotiations with Japan.)

Statements to the Tokyo war office from General Mito's headquarters in Changchun, capital of the Japanese-occupied state of Manchukuo, indicated that the most serious view is being taken of the frontier station, which allegedly menaces the peace and safety of Jehol, lately conquered by the Japanese.

However, the agricultural adjustment act provides means whereby farmers can reduce wheat acreage and still benefit from increased prices and immediate cash allotment payments. The plan is ideally suited to Union county, H. G. Avery, county agent, believes.

F. L. Ballard, county agent leader, discussed the agricultural adjustment act, and L. R. Brethaupt, extension agricultural economist, spoke on "The Economic Situation and Wheat Market Outlook."
