

Eighth Birthday Is Celebrated

NORTH POWDER (Special)—Opal Simons, daughter of Jake Simons, was surprised Saturday when 20 of her playmates met at her home to help her celebrate her eighth birthday. Games were played by the children under the supervision of Mrs. Lawrence Gray and Barbara and Mar-

Opal and Myrtle Jeanne Simons, Audrey, Lorene and Loreta Gorham, Maude, Lucille and Luella Lovens, Joe Swift, Pharis and Carol Timpy, Verna, Delpha and Merlin Smith, Joyce Harrison, Elsie Nice, Jasper, Allen and Daisy Nafitz, Margaret Shaw and Marvin Gilkinson.

Scott W. Phillips, civil war veteran of Grants Pass, Oregon, in his eighty-sixth year, recently landed a 39-pound salmon without assistance.

WHEAT GROWERS ATTEND MEETING

WALLOWA (Special)—Some wheat growers from this end of the valley went to Enterprise Saturday to attend the meeting for discussion and explanation of the government wheat plan. Mr. Ballard and another speaker from Corvallis explained the purpose of the plan and those present were greatly enlightened on various phases of the act. Due to the busy season many of the larger growers could not attend, but a series of meetings will be held in various sections in August. The plan appears to meet with the approval of those who have heard it discussed.

HUCKLEBERRYING IS ON PROGRAM

WALLOWA (Special)—The huckleberry crop is reported to be heavier than for a number of years in many parts of the timbered areas of this county. Some berries have been brought to the local stores from promises the past week or two. Reports from Maxville state that berries are plentiful there and ripening nicely. People who have made trips into other parts of the woods also report a good crop. Much of this is in the sheep range district and many of the best patches will likely be ranged over before the berries are ready for picking.

LA GRANDE TO VOTE FRIDAY ON PROJECT

(Continued From Page One)

allows an outright grant of 30 per cent, with only 70 per cent of the bond issue to be eventually repaid—and that over a long period of time at a low rate of interest.

During the last few days several articles have appeared in connection with the bond issue, and today City Manager A. McAllister, in discussing the project, pointed out that one of the greatest benefits would be the employment of a large number of men on the pipeline project, at a fair wage and working hours set by the government.

Practically all of the pipeline reconstruction would have to be done by hand labor, such as digging out the old pipeline, installing the new, distributing the pipe, etc. For this reason, Mr. McAllister believes, no other project could give employment to a larger number of men per dollar spent than this one.

He also reiterated that the reconstruction of the Beaver Creek pipeline is an absolute necessity, if not now within a year or two or three, and that unless the present opportunity is grasped, it may be necessary to rebuild the pipeline some day at a much greater expense.

Indications today were that the vote in Union county, as well as in the rest of the state, would be light. This is based largely on a decrease in registrations, and the fact that voters in general have shown little excitement as election day approaches.

WET LEADERS PREDICT 2-1 OREGON VOTE

(Continued From Page One)

vately they would consider it a "victory" if Friday's wet majority is no greater than last November when repeal of the state prohibition enforcing laws carried 206,619 to 138,776. Prohibition headquarters reserved comment on a telegram from James A. Farley, Democratic national chairman, that "it is highly essential that Oregon votes overwhelmingly in favor of repeal this week." The message was addressed to Oregon Democrats.

The "Wets" Only Worry Anti-prohibition leaders said their only worry was that the voters might be confused by the phraseology on the ballot. To vote against the 18th amendment a voter must mark his ticket in favor of the 21st, or repealing amendment.

In addition to the two repeal measures, Oregon will vote tomorrow on a 2 per cent state sales tax, the revenue to be used to lift part of the burden of the property tax, and on several other measures.

REPEAL BY CHRISTMAS?

WASHINGTON, July 20 (AP)—Postmaster General Farley told President Roosevelt today "we will have prohibition repeal by Christmas" and he said to newspapersmen later "the president agrees with me."

TENNESSEE VOTING TODAY

NASHVILLE, Tenn., July 20 (AP)—Tennessee voted its verdict on prohibition today. It was the nineteenth state to declare its will on the pro-

posed prohibition repeal amendment to the federal constitution. The other 18 have voted for repeal.

An anti-prohibition statement forecast a majority in this state for it of at least 50,000.

The dry chairman said he believed the state would become the first to reject repeal.

Of 9,807 students in 30 Lutheran colleges, 66.8 per cent are Lutherans.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Karin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative sandy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your health is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills.
