Delegates to State Convention Of U. S. W. V. Auxiliary Leave For Sessions in Salem

Delegates to the state convention of the United Spanish War Veterans auxiliary left this weekend for Salem to join delegates from 22 branches through the state for the opening session on Sunday. Among the women attending from La Grande are Mrs. Jesse Nelson, department secretary, Mrs. Lee Hanford, department treasurer, Mrs. Floyd Sherwood, and Miss Marion Nelson.

June Deal Weds Myron Anderson

The marriage of Miss June B. Deal and Myron H. Anderson, both of La Grande, was solemnized Saturday afternoon at 5 o'clock at the parsonage of the White Temple Baptist church in Walla Walla, with Rev.

Useful Frocks for Summer Days

Pattern 0082

BY CLAUDETTE

Do you want to be graceful? Would you like to look more slender? Then this casual summer frock is the answer to your wishes. The drop shoulder line and front panel are distinctive features. The side sections, gently flaring at the hem, end in an inverted pleat at the back. Puff sleeves and a clever butterfly organie bow at the neck add their bit. The waistline is snug and held with a small sash at the back. Four and one-half yards of silk or cotton material will be required and, by careful laying, this will cut all sizes up to 42. Patterns can be obtained in standard sizes from 14 to 42. To obtain a pattern of this frock, with explicit instructions for making, send 20 cents, coin if possible, to Claudette, 100 North Broadway, Los Angeles, Cal., with your name and address carefully written on a slip of paper or at the end of your letter. Don't forget to state your size.

Tonight an open-air banquet will be served to all delegates at the convention in Marion square, followed by the grand ball and entertainment. Tuesday night will be stant night, with reports of officers, ritualistic explanation and nomination of officers, and on Wednesday there will be election and installation of officers. The officers and color team of Scout Young auxiliary, No. 3, of Portland, under the direction of Miss Ruth E. Carr, its president, will exemplify the floor work and the fancy drill tea mwill put on an exhibition drill during the convention.

Auxiliary To Meet Thursday

The Frances Brown auxiliary to the Sons and Daughters of Union County Pioneer association will meet this coming Thursday at Riverside park. The chief item of business for the afternoon will be the annual election of officers.

Camp Fire Girls To Plan Outing

The Dorian Camp Fire girls are planning several outings in the mountains in this summer, the first to be arranged tomorrow afternoon when they have been called by their guardian, Miss Alyce Milne, to meet at her home at 2 o'clock. The outing will be in the form of an overnight hike into the woods, it is believed.

W. R. C. To Observe 50th Anniversary

The Woman's Relief corp, more than 2000 strong in Oregon, will observe during the coming week the golden jubilee of their national organization which marks the passing of nearly 50 years of service to the Grand Army of the Republic. The national body, one of the major patriotic organizations of women in the United States, was called into being in 1883 by Paul Van Der Voort, of Nebraska, then commander-in-chief of the Grand Army as an auxiliary to the men's order. The first encampment was held that summer in Denver, when Mrs. E. Florence Barker, of Massachusetts, was named as the national president. Since that time, 50 women have been honored by elevation to the office, 17 of whom are still living. Port-

HEAT GRIPS EAST OREGON; 100 SUNDAY

here, and since then days have seen the maximum usually in the 80s or lower 90s. Saturday's high was 90 and then yesterday the mercury climbed to the 100 mark again. Today was hot, but it was doubtful whether Sunday's mark would be equalled. At 7 o'clock this morning the mercury was at 72 above and the minimum last night was 59, five degrees warmer than the night before. Over the city a great deal of irrigating was in progress with lawns and gardens drying up rapidly. The heat also was bringing late cherries and apricots along rapidly. Picking of Lamberts was to begin today, and harvesting of Royal Annes and Bings has been under way for several days. Rivers and streams in this section are quite low at present. Over the valley wheat is ripening rapidly and it will not be many days until the first grain is threshed.

107 AT PENDLETON
PENDLETON, Ore., July 24 (AP) — The temperature hit the highest mark of the year here Sunday, with a maximum of 107 degrees. Today's maximum was expected to be nearly as high.

House Guests— Mr. and Mrs. Carl G. Helm have had as their house guests the former's mother, Mrs. Lyman Burnam, and brother, Chester Helm, both of Walla Walla. They returned to their home Sunday.

AUSTRALIAN ART LINK WITH AMERICA
SYDNEY, Australia—Son of an American engineer, born in Petrograd, Russia, George Lambert became a famous Australian artist—many think the greatest painter to shed the lustre of his talent on the island continent. When his father died he was taken as a child to the Australian "bush," learning to love passionately the strange blue mountains, the rolling plains, the cattle, the horses and the stockmen. Study in Paris and London, recognition in famous European galleries, marvelous work as an official war artist with the Australian mounted forces in Egypt and Palestine, triumphant return to his adopted land, and the tragedy of death just when he had reached the top of his art. No other son of the United States has left his mark more definitely on Australia than Lambert, who in addition to being a great artist was a man of brilliant intellect and striking appearance—tall, lithe, bright-eyed, with bronze-gold hair and beard.

LOUISIANA HIGHWAY SYSTEM
TO INCLUDE 11,000 MILES
BATON ROUGE, La. (AP) — When existing road contracts have been completed the Louisiana state highway system will include more than 11,000 miles of improved arteries of travel. At the end of 1932 the state had 2042 miles of "concrete roads completed together with 874 miles of asphaltic type, says the highway commission. When contracts now in progress are finished the state will have 2142 miles concrete roads, 1001 miles of asphaltic surfacing, 8471 miles of gravel roads and 886 miles of embankment completed ready for surfacing.

MOLLISSONS NOT HURT SERIOUSLY IN PLANE CRASH

BRIDGEPORT, Conn., July 24 (AP)—Refreshed by nine hours' sleep, Britain's famous flying couple—Captain Jim and Amy Johnson Mollison—regarded cheerfully today the crack-up which ended their flight over the North Atlantic. He is the first to twice cross the ocean from the east and she is the first woman to accomplish the feat. Friends said they were in good spirits when they awakened at the Bridgeport hospital. A friend, Vernon Stuart, of New York City, said they would issue a statement soon regarding the future. They were not seriously injured in the crash. Their plane "Seafarer," in which they flew from Pendine, Wales, planning to start over the ocean again to Baghdad, and thence back to England, lay in swampy grass at the rim of the Bridgeport airport, virtually a complete wreck from last night's mishap. Airport officials said only a few parts could be salvaged. Physical exhaustion caused the accident after the Mollissons had flown 30 hours from Pendine Sands, Wales, to within 60 miles of New York. They tried to bring the plane down on a runway at Bridgeport airport, only to have it shoot into marshlands and turn over. "I was so tired I didn't know where I was headed," Mollison said. The Mollissons planned to leave Bridgeport for New York late today in an amphibian piloted by Ralph Wickford, Boston pilot.

After spending three weeks visiting in La Grande with her parents, Circuit Judge and Mrs. J. W. Knowles, Mrs. Edward G. Brown returned to her home in Portland Sunday. Judge and Mrs. Knowles accompanied her to Phoebe's orchard beyond Arlington where she was met by Mr. Brown. Mrs. Brown was formerly Miss Inez Knowles.

RELIEF OFFICE ASKS DONATIONS OF VEGETABLES

The Union county relief officers, operating under R. F. C. funds, stated today that there were no vegetables available now at the county court house and issued an appeal to owners of large gardens for donations. It was thought that many gardeners might have large enough carrots, turnips, etc., when thinning to turn over to the relief office. Any donations of vegetables will be gratefully received. Many of the people who depend upon the relief committee for food have no opportunity to raise gardens, either because of lack of ground or because of the infirmities of old age, and it is this class in particular the county office hopes to relieve.
