LA GRANDE WILL DO ITS PART

Under the leadership of the merchants committee of the Chamber of Commerce, La Grande today joins in the national effort of recovery under the Roosevelt plan to place five to six million workers back on jobs throughout the country by Labor Day.

Within the next few days, employers of help the country over will receive from Washington an agreement form which it is expected will be returned to the national headquarters with the signature of all employers, large and small, that each individually will subscribe and adhere to the general plan of shorter working hours and improved working condition.

HARVEST TIME AT HAND

Harvest time is at hand in the Grande Ronde valley. The cherry crop is being picked, packed and shipped to outside markets. The first combining of wheat brought forth a yield of about 45 bushels an acre.

In many respects, harvest time in the Grande Ronde valley is the best of all. Roughly speaking, it stretches from the cherry picking time in July to pumpkin gathering in the fall, and during that period of several months, visitors may rightly think that Mother Nature has been truly bounteous in this valley.

It raises a great variety of products, and many of them compare with the finest in the world. The soil is rich, the flavor of the sun ripened Delicious apple is just what its name implies, the pumpkin often is large enough to feed several families, the potato is the kind you like to tackle at a fall dinner after its sojourn in the baking oven.

The tragedy of it all, however, is that every year, hundreds, perhaps thousands, of bushels of fruit and vegetables go to waste. Not quite up to the best offered the market, or because prices are not attractive, they are permitted to spoil in the field and orchards.

In the last year or so an effort has been made to save a lot of these fruits and vegetables for relief purposes and much has been accomplished, and we are hopeful that an even greater and more successful attempt will be made this year. Already the relief committee at the court house is asking for vegetables. And in this Grande Ronde valley, where Mother Nature was generous, there should be no want from winter to winter. Crop failures are unknown; usually, there is more than enough to go around.

When you harvest your crop this year, you agriculturist or horticulturist, if there is going to be any wastage, let the relief committee know. Something surely could be done about it that would help relieve the hundreds less fortunate, and when wastage is converted into food for hungry stomachs for growing boys and girls, a great deed has been done. It is much better than letting the birds pick through the rotting skin and meat of the fruit to get to the brown seeds!

RESTRICT RADIO ADS

Canada has taken steps to limit the amount of time a radio broadcasting station may devote to advertising. The Canadian Radio Broadcasting Commission has ruled that advertising shall occupy one-twentieth of the broadcasting time of any station and "spot announcements" (short advertising messages interspersed between programs) are forbidden from seven-thirty until eleven o'clock each evening.

In America broadcasting has been allowed to develop with very little regulation. It would have been far better if the national and state governments had created and maintained official broadcasting stations throughout the nation. As there can only be a limited number of citizens using the air the ownership of these channels should be entirely reserved for the public.

LONEY TELLS OF GROWTH OF ARMY

Major Andrew Loney, for 48 years an officer in the western territory, told some interesting stories Tuesday night at the Salvation Army hall to an interested audience. He explained how the Salvation Army had grown from 46 officers to 600 during his 48 years of service, and had increased its property holdings in that time from two buildings to nearly 400.

In speaking of the persecutions of the early days, he told of himself and comrades doing 128 days in jail in Portland in one year while fighting city ordinances against street meetings. He briefly referred to the killing of a number of officers and crippling of soldiers by mobs that gathered to fight the open air and street side meetings.

Major Loney is the only living officer who has given to the army so long a service in the 11 western states. From La Grande he will proceed to Walla Walla and Spokane the first of the week. He is returning from San Francisco headquarters since being retired about six years ago, and in turn donated his time to the army in his later years of life.

TODAY IN BRIEF, IN AND AROUND OREGON

AS CHRONICLED BY THE DAILY LEASED WIRE OF THE ASSOCIATED PRESS

THREE CHILDREN RESCUED

THE DALLES, Ore., July 26 (AP)—Hungry and nearly frozen, two girls and a boy, 12, 14 and 16 years old, were rescued from a refrigerator car here yesterday by a railroad telegrapher who heard them crying in the locked car. The three, whose names officials did not learn, entered the car at Sacramento. Trainmen closed the doors and inside, unaware the children were in there. For two days and two nights the girls and the boy were in the extremely cold car.

BRANCH BANKS OPENED

ALBANY, Ore., July 26 (AP)—Branch banks of the United States National and the First National Banks of Portland opened in Albany today, giving this city its first regular banking facilities since the March financial holidays.

MAKE NRA PLANS

PORTLAND, July 26 (AP)—A mass meeting of merchants and manufacturers in this district will be held here Thursday in the municipal auditorium in response to President Roosevelt's request for support of industry and business in the national recovery program.

WAGES INCREASED

SALEM, July 26 (AP)—An increase of 25 per cent in wages for hop pickers and workers during the coming harvest season beginning about August 15, was voted by the Independent section of the Oregon Hop-growers association last night. This action by one of the largest divisions of the association was expected to be followed by the others.

TRIAL BEGINS

KIAMATH FALLS, Ore., July 26 (AP)—Opening statements were completed and the first state witness called to the stand this morning in the trial of Earl H. Fehl, county judge of Jackson county, charged with ballot-theft conspiracy.

PORTLAND GAINS ON SENATORS IN PENNANT CHASE

By The Associated Press Four hit pitching by Dick Ward, of Los Angeles, had tightened the Coast League pennant race today until only half a game separated the first place Sacramento Senators and hard-pushing Portland Beavers. Ward stopped the Solons 4-1 last night, with Outfielder Tuck Stauffer back clinching the game for the Angels in the seventh when he lifted one over the fence with Jigger Stark ahead of him. Returning to their home grounds, the Beavers had an easy time turning back Hollywood 9-3. The 1932 champions showed over three runs in the opening inning, added two more in the third, another in the fifth and their final three in the sixth when Prince Oana clouted a four bagger. Although hit freely by the Stars, Joe Bowman was never in trouble. An 8-run San Francisco rally in the eighth inning gave Joe De Maggio an unlooked-for time at bat and a single which ran his consecutive game hitting record to 61. His sliding single over second drove in two real runs as San Francisco won from Oakland 14-5.

Weakness Through Butter Trade; Egg Market Is Steady

PORTLAND, July 26 (AP)—Despite the decreasing churning operations in practically all districts of the Pacific sector, there was considerable weakness suggested through the entire butter trade with open market prices generally being made at a further fractional loss. Butterfat values appeared about steady.

AT THE LIBERTY Thundering thrills of naval battles, adventure unheard of, under the surface of the sea, and an intimate panorama of the sailors of the submarine fleet form a huge background for romance in "Hell Below," in which Robert Montgomery, Walter Huston, Madge Evans, Jimmy Durante, Eugene Pallette, Robert Young and a large supporting cast are playing at the Liberty theatre. Described by one critic as "The Big Parade of the Ocean," the spectacular production, filmed with top cooperation and with actual submarines, gives film fans another of those authentic spectacles such as "Hell Divers" and "Tell It to the Marines." There are thrills below the surface in depth bomb attacks, torpedo action near the ocean's bottom. There is tense drama in the hold of a submarine, in the submarine battle airplanes, and a whole lot is blown up in a remarkable episode in which a harbor full of enemy destroyers is bottled up. Against this crescendo accompaniment is the simple love story of a lieutenant who falls in love with the daughter of his commander. Montgomery does the finest work
