

THREE EPISCOPAL CLERGYMEN VISIT YOUTHS IN CAMP

BAKER (Special)—The impressions of three Episcopal clergymen of Eastern Oregon reveal that they are pleased with the program of the civilian conservation corps at Camp Bates, where they visited this week.

Rev. M. G. Tennyson, general missionary of the Episcopal church, Rev. C. A. Kopp, rector of St. Peter's church in La Grande, and Rev. George Foster Pratt, rector of St. Stephen's church in Baker, met the boys in the Bates stub camp in the afternoon and in the main camp at Bates in the evening.

Each minister gave a short talk in the stub camp, where they found the youths apparently happy and contented. The boys, however, would appreciate a battery set radio and are in need of an old piano at Bates for community singing.

Mr. Kopp and Mr. Pratt talked to the boys informally after dinner in the main camp Tuesday evening. Group singing was led by Mr. Tennyson. The community singing was new to the youths, but they expect to continue this type of entertainment.

The ministers said the morale at the camp is splendid. "Captain Gordon is an unusual officer and has great tact with the men," the clergymen said. "Captain Gordon is to be commended for his work. The boys are doing a constructive piece of work in building forest roads and tourist camps. Forest officials seem to feel that the boys are efficient help in carrying on the work. The C. C. C. members are taking the work seriously and do not feel they are on a lark."

Mr. Kopp was particularly enthusiastic about the value of the work the lads are doing in the forests. At a cost of only \$2500 for building materials, the army has erected a mess hall 150 feet long, a canteen, a supply house, root cellar, meat house, wash house with six showers, and tool shed and has equipped the tents with wooden floors at Camp Bates. The boys have used tree boughs for rustic purposes and have used tree limbs to make seats and other structures of rustic design.

Mr. Tennyson stated that the lads are as fine looking boys as you ever looked on.

Some of the lads in the camp are musicians and play for a dance every Saturday night.

The clergymen plan to visit other camps in the district.

Gulps Down 384 Ounces of Beer; Not Intoxicated

PATERSON, N. J. (AP)—Michael Sciro drank 12 quarts of 3.2 beer—48 eight-ounce steins—to prove it is not intoxicating.

The beer was consumed in a contest, in which five others, one a woman, dropped out after the first 15 minutes. Sciro went on for 16 minutes more and gulped down a total of 384 ounces.

Dr. B. F. Smith, of Ridgewood, then examined Sciro and found him "neither liquored nor intoxicated."

E. O. N. STUDENT GETS SCHOOL

Miss Merle Rogers, who just completed her course at the Eastern Oregon Normal school, left today for her home in Pendleton. She will teach in the Weston schools in the fall.

C. R. EBERHARD RETURNS HOME

Colon R. Eberhard, La Grande attorney, returned yesterday from a business trip to Salem. Mr. Eberhard and George T. Cochran are attorneys for the state of Oregon in the case of the state of Oregon vs. the state of Oregon which involved the water rights of the Walla Walla river.

MRS. INLOW IS RECOVERING

Word has been received in La Grande that Mrs. H. E. Inlow is recovering nicely from a recent tonsilectomy. President and Mrs. Inlow are spending the greater part of the summer at Palo Alto, where Mr. Inlow is doing some work at Leland Stanford and Mrs. Inlow is studying music.

Boys swimming in a creek near Folsom, Cal., captured a full-grown frog with five large legs.

REP. PIERCE IN PORTLAND ON BUSINESS

Congressman Walter M. Pierce is in Portland transacting business today. Rep. Pierce expects to return to La Grande on the morning train tomorrow.

Representative and Mrs. Pierce went to Martin's bridge yesterday near Baker to visit the camp of the civilian conservation corps there. They were accompanied by Major Rapp Brush, commander of the Baker district of the C. C. C., and Rev. Frank B. Gigliotti, of Baker, among others.

ED SHEA HERE DURING NIGHT

Ed H. Shea, district governor of the Lions club, was in La Grande last night from Portland.

Mr. Shea was on a business trip and did not confer with local Lions on his overnight stop.

C. C. C. YOUTHS SEE LAKES IN WALLOWA AREA

Arrangements have been made whereby the men at the C. C. C. camp at Imnaha will be given an opportunity to see some of the lakes in the high mountains. The first group, composed of 40 men, hiked to Horseshoe lake above the head of Wallowa lake last weekend. Other groups will be taken during the following weekends until all have had an opportunity to see the lake basin region. Jack Blevins and Don Belth conduct the trips.

JAPANESE BUSINESS LAGS IN BRAZILIAN TRADE RACE

RIO DE JANEIRO (AP)—Despite a steady Japanese drive for trade in Brazil, Nipponese exporters have failed to capture much of a hold in this country.

Imports from Japan in 1932 were only about \$350,000, and for the first quarter of 1933 in proportion.

PRESIDENT'S AGREEMENTS BEING SIGNED

(Continued from Page One) ing 17 employees.

No Way to Check As Yet

The postmaster has no way as yet to determine the actual number of people in this territory signing the agreements, but will be able to check them as soon as Aug. 1 arrives and the certificates of compliance are received. A large number are signing, however.

When Aug. 1 arrives, each employer presenting a certificate of compliance will receive from the post office the following insignias:

Two indoor cards, two outdoor cards, two hangers, ten large stickers, 20 small stickers, 20 consumers stickers and 20 consumers statement of co-operation. Apparently each employer will present the consumers statement of co-operation to his employees and then present them with their insignias—at least, that is the belief at present. Consumers will agree to patron-

the only places showing the "Blue Eagle" sign, and in turn will have a small "Blue Eagle" badge. Consumers blanks also may be obtained at the post office.

Busy With Code

In the meantime, the retail merchants division committees of the chamber of commerce reported progress in drawing up codes for the local business men, and further statements are expected within a day or two.

Thousands were signing agreements in Portland as well as in all other cities of the northwest and the United States. Four thousand Portland business firms met last night and signed agreements. Also a vigilance committee of 100 was appointed to see that no "slackers" break from the line of employers who are doing what they can to aid recovery by adding workers, shortening hours and increasing wages. The committee will see that all who display the "Blue Eagle" will live up to the provisions of fair hours and a fair wage.

Governor Meier urged "all employers to get behind this and help carry out our president's program."

Chrysler Raises Wages of Employees

DETROIT, July 28 (AP)—K. T. Keller, general manager of Chrysler corporation today announced that beginning August 1, the corporation will place in effect hourly wage scales 20 per cent higher than those in effect for the first period in March.

The 20 per cent increase, he said, includes a previous 10 per cent raise, given effect last week, for the 46,000 wage earners and salaried employees of the corporation throughout the country.

Dust Storms Total 83

TEXHOMA, Okla. (AP)—Practically everybody lost count of the dust storms this year, so a check was made to determine the exact number during the first six months of 1933. It showed a total of 83 in this section.

That Old Debblil Hagweed

The NEW FLYING A quality can be found in no other non-premium gasoline on the Pacific Coast today.

That's why tests and claims of yesterday's gasolines don't mean a thing. That's why NEW "FLYING A" is closer to ETHYL than any other gasoline. That's why it is smoother, quieter. And you don't need a laboratory, a stopwatch or technical experts to prove it. You in your car can hear and feel the difference. Try it today.

ASSOCIATED OIL COMPANY

WHEAT CROP ALLOTMENTS MADE PUBLIC

(Continued from Page One)

the production agreements.

Union county is fifth largest wheat producing county in the state, surpassed only by Umatilla, Morrow, Sherman and Gilliam counties. Umatilla's benefits will amount to \$941,342.64.

Wallowa county's benefits will total \$114,149 and Baker county will get \$87,507.48.

Extent of acreage reduction, if any, depends on the outcome of the London wheat conference, according to word from Washington.

Wheat allotments by counties in Oregon follow:

Benton	101,109
Clackamas	227,512
Clatsop	1,317
Columbia	35,943
Lane	190,777
Linn	389
Lincoln	255,405
Marion	332,731
Multnomah	13,340
Polk	205,803
Washington	356,125
Yamhill	331,128
Gilliam	927,898
Hood River	2,038
Morrow	1,050,053
Sherman	1,139,333
Wasco	660,012
Baker	244,241
Umatilla	3,391,938
Union	682,730
Wallowa	407,675
Coos	1,076
Douglas	67,948
Jackson	121,021
Josephine	24,710
Crook	45,230
Deschutes	28,501
Grant	12,802
Harney	16,294
Jefferson	27,734
Klamath	135,002
Lake	25,443
Malheur	194,301
Wheeler	37,924

WHEAT WARNING ISSUED

WASHINGTON, July 28 (AP)—A farmer who signs an agreement to reduce his wheat acreage and fails to live up to it after receiving pay for doing so will be in danger of going out of the farming business.

In the contract he signs there will be a provision, now being put into final form, that will give farm administrators a claim against the farm for the amount paid in case of non-fulfillment of the contract by the grower. It will have the effect of a lien on the farm.

Administrators said this was being inserted not because they believed there would be an epidemic of non-performance of contracts but as a precaution.

While I. Francis of Mills, Cal., was away from home, thieves carried away his windmill and tower.
