N. R. A. SIGNS GIVEN OUT AT POST OFFICE

(Continued from Page One)

To Roosevelt's national recovery act plan, and by 9 o'clock, 18 employees had called at the post office for Blue Eagles, and the calls continued during the day. Early this afternoon 42 packages of Blue Eagles had been distributed for a total of 46 places and there still were more calls at the post office. Consumers pledges also were being signed generally. The journeyman barbers of La Grande at a meeting last night pledged themselves to support only those who sign the N. R. A. pledge or who operate under whatever government approved code applies to them.

The La Grande Retail Coal Dealers association has adopted a tentative code in keeping with the national recovery act, which will become effective next Monday, Aug. 7.

A shorter week has been adopted, and a minimum wage of 40 cents an hour has been approved. Coal dealers of the city will remain open from 8 a. m. to 5 p. m. each week day, including Saturday.

The association also announces an increase in prices of coal, effective immediately. This was made necessary because of the shortening of hours of miners and increase in wages at the mines. Actually, the increase in retail prices is not as great as the increase in wholesale prices, local dealers report, as the La Grande coal dealers say they are absorbing a part of the increase at the mines.

Averaging about 50 cents more per ton, the new prices now in effect follow: lump coal \$13.75, stove coal \$13.25, nut coal \$11.50, pea coal \$10, slack (5-ton lots) \$7.75, slack, less than five-ton lots, \$8.25.

Members of the local association are: Home Lumber & Coal Co., Gaither, Lee & Fuel Co., Broomfield and Richardson, Erickson and Lottes, and the Van Petten Lumber Co.

Automobile dealers of La Grande, at a meeting at 2 o'clock yesterday afternoon, unanimously agreed to sign the president's N. R. A. agreement. It also was agreed that the Oregon Motor Dealers' association code would be adopted as to closing hours. New and used car salesrooms are to close at 7 p. m. daily and remain closed on Sundays and the following holidays: New Year's day, Decoration day, Fourth of July, Labor day, Thanksgiving and Christmas. It also was agreed that no shop work would be done on Sundays or the above mentioned holidays.

M. J. Goss was temporary chairman of the meeting yesterday and N. W. Frees temporary secretary. The automobile dealers of La Grande were represented 100 per cent—M. J. Goss, Perkins Motor Co., L. C. Smith, Bliss Mountain garage, Munnhall Motors, Larison-Frees Chevrolet Co., and Gettings and Hanks. Decision was reached to hold a meeting Friday evening at 8 p. m. at the Salsalava Inn for the purpose of organizing a Union county automotive association which is to take in all businesses in the county pertaining to the automobile trade—service stations, small shops, etc. The purpose of this organization is to have

an association within the county for the handling of all grievances and local problems relative to the national recovery act, as it is through associations that such action invariably is taken. Within the organization, each group will have its own group such as garages, service stations, small shops, and each will work on the problems of its particular membership.

The gold tassel for the first half of the summer session with the score of 77-84. At the end of each week the girl in each of the four archery classes placed her name on the Maid Marian mug which belonged to her class. She whose name appeared on the mug the most number of times during the term retained it. Alfa Knotts with a score of 58-304; Nora McDaid with a score of 36-152; and Doris McMillan won the tassel of the gold classes. Although the girl who makes the highest score at the end of the term is the only one entitled to wear the gold tassel, every girl enrolled in archery has the privilege of wearing the black tassel.

MOUNT EMILY IN LINE WITH N. R. A. PLAN

(Continued from Page One) nouncement of August J. Stange. In addition, the minimum wage at the plant was raised 30 per cent and wages in the higher brackets also in some proportion.

This brings the minimum wage for common labor in the mills and yards to 32 1/2 cents an hour, according to Mr. Stange. The raise of today is in addition to the 38 per cent raise that became effective at the local plant July 1. Today's wage raise at the Mt. Emily concern is in close conformity with the wage and hour scale reached by the 41 organization and in operation among member mills on the coast but not yet generally adopted by mills of the inland territory.

"Though no final or definite code has as yet been laid down for the lumber industry, we make this hour regulation and wage increase at the Mt. Emily plant today in order to show our desire to do our part in the president's efforts toward national recovery," said Mr. Stange this morning. "Any further changes that may come with final adoption of a lumberman's code we will naturally adhere to."
