### LAND OF FLOCKS PLANNED FOR NORTHERN AUSTRALIA

MELBOURNE (AP) — Pastoral industries are to receive first consideration in the forthcoming development of Northern Australia, for which charters have recently been granted to two companies. Plans elaborated by the minister of defence create conditions permitting profitable raising of sheep, cattle and pigs. Agricultural development may follow, he says, but pastoral industries come first. The Australian government emphasizes that the companies must furnish transport which the government is unable to provide because of lack of funds.

well pleased with the situation. Three distinct groups totaling 59 leaders and boys, are operating under the direction of David B. Stoddard. Thursday the boys followed the blaze marking the boundaries of the 17 acres of virgin forest recently attained by the L. D. S. church for camp site purposes. On the following day the entire group took a nine-mile hike, going by the Group monument to Buck creek. Horses were provided for those who were not in physical shape to stand the hike. Every morning sees setting up exercises, patriotic talks, flag drills and general exercises with games and organized play constituting the program. Howard Peterson and Grant Bean have charge of the morning exercises.

## Straight Silhouette In New Styles

By Adelaide Kerr

PARIS (AP) — Straight line clothes which heretofore had received scant notice made their debut here in a varied winter style picture when Lanvin displayed a new clean-cut straight silhouette. The most outstanding models were wool ensembles with three-quarter length coats hanging loose in the back and flaring out slightly from the figure. They were collared to broaden the shoulder line and often were banded down the front with furs such as beaver, astrakhan and Indian lamb. The chief colors were light green, bright green, grey, navy blue and black. Hats were small and featured high-crowned felt with narrow brims rolled up on one side and down on the other, and the fabric touches rising to a high point in the back. They were worn pulled well over the forehead.

## ASTORIA WILL BE HOST TO LEGION MEET

(Continued From Page One)

meeting in Astoria. La Grande, the only other bidder for the convention, withdrew when the votes began piling up for the lower Columbia river city, according to Associated Press dispatches. Fred E. Kiddle, of La Grande, former state commander and president of the state senate, told the legionnaires his city would ask for the convention again in 1935. In the meantime, the La Grande drum and bugle corps was "hitting it up" in Klamath Falls, making a splendid impression. La Grande's corps was the first on the scene, arriving Wednesday afternoon and since then has been staging impromptu parades, serenades, etc. Newton Green, of the Klamath Falls corps, won the individual bugle championship today in this contest, competing against buglers from Portland and Roseburg. Governor Meier and Congressman and Mrs. James W. Mott were due at Klamath Falls this afternoon. The Rose City glee club of Portland, national American Legion auxiliary champion, won first in a contest at Klamath Falls last night and, with the Salem post auxiliary trio and quartet, will represent the Oregon legion in Chicago at the national convention. Most of the La Grangers at the convention expect to arrive home sometime Sunday.

ers and Grant Bean have charge of the morning exercises. Thursday evening the Christian church troop had a gala feed consisting of mulligan stew topped off with camp biscuits prepared by Rodney Miller, of Union. George Baxter is sending a whole mutton to camp tonight to be distributed to everyone. Thursday was a big day for the L. D. S. camp, too. They started off with oatmeal mush, hot cakes, butter syrup, bacon. Several mothers came up in the evening to finish the day's menu with a fine feed. The Baker contingent is adopting a two by two system of cooking while the other camps are working their meals on a troop basis. The swimming pool originally built by the boy scouts has been repaired and will be ready for use this weekend. Plans to make it permanent are under way and it is believed a satisfactory pool will be provided.

The two L. D. S. wards' delegations and the Riviera group are quartered together with Mr. Stoddard in direct charge with the occasional assistance of Grant Bean. Bob McAnulty, Doug Melburn and Athall Melburn constitute the Riviera quota while the following are first and second ward delegations: Jack Hendrickson, Grant Hendrickson, Lynn Salkield, Lyle Salkield, N. Fullmer, Clayton Klein, William Klegg, Bob Klegg, Henry Stoddard, Frank Stoddard, Dick Stoddard, Bob Stoddard, Bob Hognesen, Howard Lyman, Robert Waldruff, Darrel Trow, George Hill, Gerald Hill. Troop 13 of the Christian church has a fine group of boys "doing their stuff" under the direction of Howard Peterson and Chas. Skinner. They are grouped and tented together doing their cooking as a unit, but like

all the other units are under the general program conducted by Mr. Stoddard. The membership is: Edward McKim, Johnnie Newman, Howard and Ray Weatherspoon, Elbert Anson, Howard Anson, Bernard Delisman Robert Walcruff, Darrel Trowbridge, Darrel Williams, Gerald Hendrickson, Bernard Kaapcke, Eugene and Gail Matthews. One of the snappiest quarters on the grounds is that conducted by the Baker troop, Jess Smurthwaite, veteran scout leader, in charge and has with him the following Baker boys: Don Yancey, Bob Landreth, Melvin Lewis, Bruce Isaacs, Gordon Smurthwaite, Bobby Smurthwaite, Norman Hill, Reginald Chambers, Jack Stratford, John A. ## 2 ARRESTED BY OFFICERS FOR BAKER

(Continued From Page One)

Heved to have boarded a freight train, riding with 40 or 50 other transients, the phone call said. A partial description of the two "frisked" the train and made the arrests. They reported that the stolen articles were found on the train when they apprehended Waitkus and Jensen. Those who participated in the arrest were Lieut. Yancey, Sgt. Frank Osmond, Sgt. J. A. Robertson, Bill Roach and Bill Howard, all of the state police, and City Policemen Charles Spivey and Art Weagle.

# BLOW-OUT PROOF\*

## RIVERSIDE TIRES

Blowout Proof because of an extra patented process:

# LATEX WELDED CORDS

(100% PURE LIQUID RUBBER)

which prevent Cord Separation... the cause of blowouts

Blistering heat develops inside your tire every time you drive your car 35 miles an hour or faster! Heat so terrific that in many tires it causes cords to separate. It weakens the tire from within, causing blisters you can't see. You hit a rock or a bump. Suddenly—BANG—a blowout! It may come today, tomorrow, any minute! A blowout that can send your car hurtling off the road! The lives of your family are at stake!

Riverside tires are built to prevent blowouts! Riversides' Cords—the heart of the tire—are made from extra strong, long staple, premium cotton. Every cord in every ply is dipped in LATEX—100% pure, liquid, virgin rubber. This welds the cords into a super strong unit! It gives Riversides the strongest tire carcass made! It prevents cord separation—the cause of blowouts!

**Why We Save You Money**

Of course Riversides are made in one of America's largest and best tire factories. BUT—they come direct to us—minus the manufacturer's selling and general overhead expense. That's a saving. The second saving comes from Wards low cost method of distribution. These two reasons explain why we sell high quality tires for less. It's simple to figure out for yourself why Riversides are better in quality, mileage, and safety than any other tire at the same price.

\*RIVERSIDE TIRES will not blow out under normal road conditions during the life of the tread if they are kept properly inflated in accordance with the specified air pressures.

**Wards Unlimited Guarantee**

For your protection every single Riverside tire is guaranteed by Wards to give service that is satisfactory to you. No time limit! No mileage limit! A tire has to be extra good—has to be extra safe to be backed by the strongest tire guarantee ever written!
