

HEART DISEASE FATAL TODAY TO MARY A. ORMAND

Mrs. Mary Agnes Ormand died at the home of her daughter, Mrs. Winnie French, in the Edenholm apartments, about six o'clock this morning. She had suffered from heart attacks at different times earlier this summer and succumbed to a final attack which struck her about 5 a. m.

Funeral services have not been announced. The body is at the Snodgrass and Zimmerman mortuary.

She was the widow of Thomas J. Ormand, former La Grande merchant, and had made her home here for 37 years. She was born in Yorkshire, England, Jan. 25, 1864, and was 69 years, six months and 17 days of age. She leaves her daughter and one son, Herbert, of Nampa, Ida., two brothers-in-law, John Ormand, of La Grande; and Will Ormand, of Newberg; and two sisters-in-law, Mrs. S. D. McClain, of Nampa; and Mrs. Margaret Gard, of Burley, Idaho.

Rotarians, Lions Work Diligently—But No Umpires!

With but three more days to go until the big Lions vs. Rotary kitten ball game is played, the search for umpires is developing into a frantic event. Those approached so far have, right cleverly it is to be admitted, had excuses which could not be asailed, some logical and some weird.

The two aggregations are all set for the big fray and local interest is very keen.

Wednesday night both teams turned in a very snappy practice session indicating that the players are rounding into fine shape—at least, into shape.

Chas. Playle, Rotarian, holding down centerfield proved sure death on fly balls, and smacked the apple for a couple of base knocks during the melee. He should cause the Lions no end of worry in the game.

Jack Fariss at first, showed some very sticky fingers, hanging onto the ball with consistent good performance. Ed Fitzgerald, sub-pitcher and utility infielder, performed with equal vim and skill at all of the infield positions, and proved to a husky clutter. George Walker, scheduled to handle the main pitching duties for the Rotarians, had a little difficulty in switching to the underhand pitching but finally got it under control and had some of the Lions guessing at what to hit. Angus McAllister showed fire and ability as backstop for the Rotarians.

The Lions, a little heavier on the hitting than the Rotarians, according to reports, stacked up well with Wight catching, Curley Isbell, pitcher; Glitrap, 1st; Fries, 2nd; Finlay, 3rd; Myrick, ss; and Boone, shortfielder. The outfield is not definitely placed yet, although it is expected that Hall will handle the center-patch duties, and in case of trouble or fatigue may assist Isbell on the mound.

Wild Horses To Do Their Stuff At Oregon Fair

SALEM, Ore., (Special) — Wild horses that would rather buck than eat, and educated horses, world's champion high jumpers, will feature at the State fair here, starting Labor day. And what's best about it all, the two-hour show, taking place in front of the grandstand, is free. The only charge is for boxes and reserved seats. In addition to free grandstand seats, standing room is available for nearly 10,000.

Horse show lovers will be pleased to see Jim McCleave's troupe of trained horses in action. They are known up and down the coast and five of the number are world's champions. Leading the troupe is the famous "Diamond Jubilee", world's champion high jumper with a leap of 8 feet 4 inches, who will perform each night. Other star performers include "Bally Boy" and "Acrobat", two trick horses. Leaping over an automobile is one of the favorite feats of "Acrobat", while "Bally Boy" teams up with "Diamond Jubilee" in an extremely high-jumping act.

No. 1 act of Jim McCleave's gymnastics will present three of the most sensational jumpers in the world, performing alone at the word of command. They are "Income Tax", "Prince Charming" and "Silver Star". Other acts will include a comical rural hunting scene, steeplechase, hurdle race and "cornstarch" jumping, a new act. Another fearless horse will jump a burning hurdle with flames ten feet high. Two clever equestrian clowns help round out this part of the show.

For people who like their "hoss flesh" in the raw, a rodeo will keep them standing. Bucking horses, Brahma steers and bull-dogging steers are now being gathered in Texas by Norman Cowan, ex-world's champion cowboy. Only what are known as "top bucking" horses will be used in the show. For the Brahma steer riding contest, the toughest animals will be selected. Any one who completes his ride will have earned the prize money award.

Fistic Stars vs. Other Stars

Publicity attached to the recent pugilistic activities of Al Johnson, stage, screen and radio star, and Walter Winchell, New York columnist, have brought about boxing practice. Upper photo shows Johnson, right, in "secret training" with Max Baer, heavyweight boxer, in the Varney airplane hangar at Alameda, Calif. Lower photo shows Winchell nonchalantly walking away after flooring Jack Dempsey, all in fun, at a benefit at the Los Angeles Olympic Auditorium.

REP. PIERCE IN CENTRAL OREGON

PENDLETON (Special) — Looking physically fit and apparently in excellent health Congressman Walter M. Pierce was in Pendleton for a short time Thursday en route to Central Oregon to keep several appointments.

"He rode horseback all day long over near the Box Canyon of the Snake river," said Mrs. Pierce, "and he was not even tired."

Just now the Eastern Oregon congressman is giving much attention to the Columbia river improvement subject and is bombarding officials at Washington with appeals in behalf of the Umatilla rapids project.

While here he met with George Hartman, postmaster and president of the Umatilla rapids project.

From here Mr. and Mrs. Pierce are driving to Madras where they have a speaking date. They are also to be in Prineville, Bend, Redmond and Ironsides.

Congressman Pierce's support of the Umatilla rapids project is based upon the fact it is the work most needed to improve navigation on the Columbia and thereby reduce freight rates.

SIX FAMILIES PROSPER IN CO-OP FARM PROJECT BEMIDJI, Minn. (AP) — A farm colony where "no political or religious angle is involved" is thriving near here.

Six families have established a co-operative farming project, each family having its own cottage but taking meals together in a community dining hall.

That part of the corps not needed to feed the members is sold, with proceeds distributed on a "work done" basis. Nearby stands of timber keep the men engaged during the winter months. Last season they cut and hauled to town more than 400 cords of wood.

DELICIOUS CEREAL OVERCOMES COMMON CONSTIPATION

ALL-BRAN Provides "Bulk," Vitamin B and Iron

Kellogg's ALL-BRAN meets a basic need of the American dietary. It supplies "bulk" which is helpful in correcting common constipation. In eleven years, ALL-BRAN has won millions of satisfied users.

New tests show added reasons for the success of ALL-BRAN. Laboratory experiments prove that, in addition to "bulk," it provides vitamin B to help tone the intestinal tract.

The headaches, loss of appetite and energy that so often result from constipation can be overcome by this pleasant cereal. It's much better than using pills and drugs.

ALL-BRAN is mild. Its "bulk" is much like that of lettuce. Within the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Two tablespoonfuls daily are sufficient to overcome most types of constipation. Chronic cases, with every meal. If not relieved this way, see your doctor.

Another benefit of ALL-BRAN is that it has twice as much blood-building iron as an equal amount by weight of beef liver.

Serve as a cereal, or use in cooking. Tempting recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

Will Call Bids This Month On U. S. Road Jobs

PORTLAND (AP) — Bids will be called this month on about \$2,705,000 of the federal highway projects in Oregon, Washington and Montana by the federal bureau of public roads in connection with the national recovery program. Employment will be given to more than 2000 on direct construction, in addition to those employed in supplying materials and equipment.

The Oregon projects which the national administration has approved, include:

- Grading 4.8 miles Middle Fork-Flowers Gulch section of Pendleton-John Day highway. Grant county, \$234,700.
- Grading 4 miles, one timber bridge, Dixie-Lime section of Old Oregon Trail, Baker county, \$172,930.
- Paving 3.8 miles of Durkee-Nelson section of Old Oregon Trail, Baker county, \$27,140.
- Paving six-tenths mile Nelson-Gales section of Old Oregon Trail, Baker county, \$18,640.

STATE DEPUTY INVESTIGATES INSURANCE CO.

R. C. Stevinin, deputy to A. H. Averill, state insurance commissioner, was here today investigating the Idaho Benevolent society, a mutual insurance company. Stevinin said the company was unauthorized to sell insurance in this state and that agents are not and cannot be licensed. He informed state police today to pick up any person soliciting for this company or any other similar mutual assessment insurance company. The Idaho Benevolent was found to be operating in North Powder, Huntington, Ontario and other Eastern Oregon points, he said, adding that Oregon is the only state in the northwest which has protective insurance laws that may stop soliciting for this type of insurance.

MERCURY NEAR HUNDRED MARK IN LA GRANDE

The mercury soared to 99 above here Thursday, the warmest weather for La Grande since July 26, when the high was 103 above. The sky remained clear this morning and another scorching was in progress, with the mercury at 71 above at 7 o'clock this morning after a night that saw the minimum no lower than 63 above. No immediate change in the weather for this weekend was predicted.
