

OANA'S BIG BAT GIVES PORTLAND ANOTHER VICTORY

By The Associated Press
Every time Henry "Prince" Oana returns to San Francisco he demonstrates he is very much of a class AA baseball player.

He did it again yesterday, accounting for the two runs that beat San Francisco, 6-4, and kept Portland at the head of the Coast league pennant race. The big Hawaiian outfielder, signed by Portland after his release by the Seals at the start of the season, drove in the Beavers' fifth run with a resounding ninth inning double and scored the sixth on Palmisano's double.

Until the ninth Bruce Cunningham had the better of the pitching argument with Joe Bowman, Portland ace. Leading 4-3 as the last frame began, Cunningham walked Sankey and was touched for a single by Monroe. Blackberry's long fly scored Sankey with the tying run, and Oana and Palmisano did the rest.

Apparently completely recovered from their 5-3 series trouncing by the Seals last week, Sacramento made it three straight over Hollywood, 9-7.

Los Angeles stayed close to the Senators with a 4-1 win over Seattle. Ray Kremer, former Pittsburgh Pirate star, pitched a 5-hit game yesterday to give Oakland its third triumph in a row over the Missions, 13-1. The Oaks pounded Johnny Babich and Italo Chellini for 15 blows.

We Agree--She's A Great Grandmother!

REGINA, Sask., Aug. 11 (AP)—A "young" lady of 63, Mrs. T. McLelland, of Weyburn, Sask., is the heroine of the opening day's play in the annual Saskatchewan ladies' golf tournament.

While friends of her own age were content to wrinkle with a bit of knitting on the club porch, Mrs. McLelland marched out and battled Mrs. Perry, of Regina, in the first round. She came from behind to square her match at the 18th but lost out one down on the first extra hole.

Mrs. McLelland is a great-grandmother.

TORNADOES CAUSE PROPERTY DAMAGE

By The Associated Press
A pair of tornadoes clipped down in Delaware and Maryland early today, causing heavy property damage but apparently no loss of life.

National guardsmen of the two states, encamped at widely separated points, appeared to be the heaviest losers.

At Bethany Beach, Del., a twister swept in from the sea and leveled every tent of the Delaware guard encampment there.

Many of the 800 men were injured and property damage was described as being "very great."

At Cascade, Md., where the Maryland guards was encamped, heavy rain and high winds put an end to the picnic war and did some damage to the tents. None was reported injured.

No Beer Will Be Sold Legally In Palo Alto, Cal.

Projects submitted by the state board Wednesday night must, to be carried out, receive the approval of the state recovery advisory board of Dana, as regional adviser, and of the national advisory board. Quick employment and permanent values will be outstanding measurements.

Dana said he understands that a government engineer to work with the state board already has been appointed, although his name has not yet been announced, and it is not known when he will arrive.

Prices Are Now Well Maintained For Quality Eggs

PORTLAND, Aug. 11 (AP)—Prices are now being well maintained for quality eggs within the local territory by regular operators. Edna Reed, manager of the Pacific co-op says that quality eggs are not experiencing difficulty in moving at quoted figures.

The fact that some of the cash buyers recently advanced their buying prices is on all except the undergrades indicates that the underdone of the market was more favorable.

There was still too much a supply of undergrade stock in the local trade, a condition which creates a low price for such offerings.

Egg market in California was showing some improvement at a late advance in prices.

Market for butter was generally without change in the open trade locally for the day.
