N. R. A. HEADS OPPOSE A 63 HOUR WEEK

(Continued From Page One)

Grande had signed the N. R. A. agreements here, entitling them to display the Blue Eagle. Insignia was still unreplenished at the post office, with signers the last two days forced to wait for their Blue Eagles, which are expected early next week.

A quick glimpse at the status of major matters pending before NRA officials working out trade practice codes in Washington today follows:

Coal—Hearings continuing. Lumber, steel, oil, shoes—Deputies and advisers working on reports. Retail drug stores—Awaiting hearings.

Theatrical—Hearings completed. Newspapers—Revisions to be made by the industry.

MAJOR INDUSTRIES ADOPT CODES

WASHINGTON, Aug. 12 (AP)—Employees of four more major industries—electric light and power, telephone, canning, and construction—today were brought under NRA wage and work time supervision with approval by Hugh S. Johnson of modified presidential re-employment agreements.

More than 1,500,000 workers officially were estimated as affected immediately by the action, under which the employers may sign the blanket presidential agreement with their own modified wage and hour specifications and receive the blue eagle.

The administration estimated 150,000 new jobs would be provided under the four temporary agreements, and that millions of dollars would be added to annual payrolls and to mass purchasing power by the minimum wages.

Approval of these brought to 64 the number of temporary wage and hour agreements which have been placed in effect.

Six permanent codes also have been made effective by presidential order, hearings have been completed on a dozen permanent codes, a number more have been set for hearings, and hundreds are under analysis with hearings to be set soon.

Concentrating upon rushing through the temporary modified agreements to bring workers under maximum hour and minimum wage provisions at the earliest possible moment, the administration expects to turn them out at the rate of at least half a dozen a day.

'Economy Ensemble' Hails The Autumn

By Rita Ferris (Associated Press Fashion Editor)

PARIS (AP)—A new 'Economy Ensemble' designed to satisfy the demands of both limited budgets and fashion is Paris' newest offering to advance September styles.

'Chic without great cost' is the essence of its construction, since it is designed as a fresher of late summer wardrobes, intended only to fill the style gap until real fall fashions appear.

A full length coat combined with a frock, or a skirt and blouse is a favorite design for the 'economy ensemble.' Bright scarfs and novel trims, instead of costly furs and fabrics, are used as accents.

One model combines an olive green wool coat and skirt with a beige croch string blouse and a pert scarf of beige and green taffeta tied under the chin. Another unites a grey djalip wool coat lined in grey and green checked wool with a high necked frock of the same checked wool.

The coats which accompany the costumes are slender simple models with semi-high necklines.

The hip-length coat and frock of the same wool fabric is another smart design. One dressmaker shows a deep beige wool frock designed on a slender silhouette with a high roll collar, worn with a hip length coat collared in beige shawl lamb. Another displays a dark green wool frock with a matching jacket having epaulettes of black Persian lamb.

Velvet suits of burgundy red, brown or black made other economy ensembles. Most of them are designed with slender skirts about ten inches from the ground, hiplength or three quarter length jackets and pelum blouses of beige faille or plaid taffeta.

LOS ANGELES IN FIRST PLACE DUE TO DOUBLE WIN

By The Associated Press

Los Angeles occupied the Coast League's shaky first place throne today after beating Seattle twice last night while Portland and Sacramento were taking trimmings from San Francisco and Hollywood.

With 14,000 hometown fans looking on, the Angels thumped Seattle 15-0 and 3-2.

San Francisco knocked Portland out of first place with a 4-2 win that evened the series. After Curt Davis of the seals and Rudy Kallio had battled on even terms for nine innings, Joe De Maggio doubled in the tenth and came home on Ernie Sulik's two bagger.

In addition to the double, De Maggio hit a pair of singles and a triple and prevented a Portland score in the eighth with a great catch of Fred Berger's line drive.

Beaten three in a row, Hollywood recovered last night behind Archie Campbell's 4-hit flinging to shut out Sacramento, 5-0.

Oakland made it four straight over the Missions, 5-3. Ed Walsh Jr. was hit freely by the Reds but proved strong in the pinches.

TOP SCORES OF BUTTER HOLD UP

PORTLAND, Aug. 12 (AP)—Pressure against poor grade butter continued on the open market for cubes but top scores were holding up well. There was no change in the price list for the weekend.

Make of butter continued chiefly below top score which has created a weakening situation for the offgrade while forcing fair strength for extras and standards.

Butterfat values were at least steady. Trading in the egg market continued to reflect more or less steadiness with the exception of undergrades which were weak.

Betterment in the tomato market was again showing. Local stocks were insufficient to take care of needs.

Slow opening of the peach trade continued. Retailers were well stocked with California Elbertas and J. H. Hales but appeared to show little interest in Oregon Crawford's. A few local Elbertas were also showing.

There was a weaker tone for local potatoes with further increase of offerings.

PORTLAND LIVESTOCK

PORTLAND, Ore., Aug. 12 (AP)—Cattle: 1907, calves 345 for week. Trade was practically on the same basis as ruled a week ago in steers and sheeps, while bulls, calves and weaners have not shown any change for several weeks.

Much offgrade quality arrived during the week with extreme low values in effect.

Hogs: 3707 for week. Trade appeared steady most of the week insofar as price was concerned, but the undertone was not so favorable on account of Missouri river hogs being landed here at lesser prices than quoted here.

Late Friday there was a loss of 150 indicated with a general top of six dollars for best light butchers. Feeder pigs continued in good demand up to five dollars for best weights.

Sheep and lambs: 3987 for week. In general there was no change in price for either sheep or lambs. For lambs the general top was held at six dollars.

Competition also was keen in the parade feature Thursday night, in which 11 drum corps competed, and which gave the La Grander the Jackson cup.

Medford's smart outfit in blue was fourth and Roseburg took fifth place. Al Knudston, veteran drum major from the Roseburg post, was named champion leader and Medford won the Best military trophy for outstanding marching formations.

Salem was not in the competition but made a farewell appearance before leaving for the legion convention in Chicago. Klamath Falls, infant drum and bugle corps of three months, exhibited at its first convention.

The concluding session of the 15th annual convention was under way today with election of officers the main business. Harold Warner, of Pendleton, and J. L. Chamberlain, of Corvallis, were leading candidates for state commander.
