Relief Society Pageant Staged In Church Here

The activities of the Second Ward Relief society of the L. D. S. church were depicted in pageant Sunday evening at the church. Three phases of the work were included: literary, social service and theology.

Mrs. Eva Price was in charge of the literary presentation which was built around the writings of Mark Twain. Two negro boys were gaining down the Mississippi as Ray Hendrickson sang "Old Man River."

The part the home and school do in child training was portrayed in the social service lesson of which Mrs. Della Reese was in charge. The mother and children in the home was the first part of the pageant while Ann and Marylou Hendrickson sang "Flowers".

Mrs. Viola Pullmer led the theology presentation, which depicted the coming forth of the book of Mormon. Dwight Smith played the role of Joseph Smith and the scenes from his life were the first prayer, his conversation with the Angel Moroni, Mrs. Phebe Grant, and Moroni giving the golden plates to Joseph Smith from which the book of Mormon is translated.

Members of the women's chorus which sang during the pageant were Mrs. Leone Combs, Mrs. Hendrickson was the leader.

The church was decorated with a profusion of flowers.

Shell Oil Company Gets Results From Ads In Newspapers

A substantial increase in its appropriation for 1933 advertising has been decided upon by Shell Oil Company, following the outstanding success attending the first six weeks' campaign for Super Shell gasoline. This brings the current year's appropriation to a figure considerably greater than the expenditure in 1932.

When the company announced its conviction that extensive advertising and aggressive salesmanship would facilitate a return of normal business conditions.

This "New Deal" in advertising became effective August 11 and will be extended during the next few days to all the various states affected by the increase. Like the originally planned campaign, the expanded drive will continue until the end of the current year.

Company executives report unprecedented response to the announcement of Super Shell gasoline. They believe that this is due to the public's appreciation of the product and to the nationwide stimulation of buying attributable to the government's recovery policy directed toward industrial recovery.

Senator Couzens, who has promised to reveal the movements leading up to the state banking holiday, will reply to Mills' statements probably tomorrow before the jury.

An unusual feature of the Eagle broadcast program last night was a 30-minute skit cleverly presented by Blackie Graham, George Smart, Lola and Valta Graham. About 550 attended the broadcast at the Eagles hall, it is reported.

The skit depicted a bum, played by Blackie Graham, trying to get into a hotel of which George Smart was the proprietor. The Misses Lola and Valta Graham were chorus girls stopping at the same hotel.

Department officials said it had previously been decided whether Bailey, who escaped from the Kansas state penitentiary, would be tried first on the murder charge in Kansas City or in Oklahoma City on the kidnaping charge.

The department, which announced some of the marked Urachel kidnaping money had been found in Bailey's possession, declined to announce the amount discovered.

HOLLYWOOD WINS DOUBLE HEADER; IN SECOND PLACE

By The Associated Press Southern California was the far west's baseball capital today with Los Angeles and Hollywood leading the drive for the 1933 Coast league pennant.

Hollywood moved up from fourth to second place last night by blanking the last place Seattle Indians twice, 3-0 and 2-0, in games played to make up for postponements earlier in the season. Frank Shellenback stopped the Seattle men with 5 hits in the opener, and Buzz Wetzel followed with 2-hit pitching in the 7-inning nightcap, Phil Page and Dutch Ulrich did some fancy flinging for the losers, giving but 13 hits in the two games.

Some evening up in the Coast league standings is in prospect this week with the first division clubs meeting each other and the four second bracket teams fighting it out in the other games.

The Angels' half-game lead over Hollywood may not survive the 7-game series at Sacramento. The Solons are in fourth place, only a single game behind Los Angeles and eager to avenge their last series defeat at the hands of the Angels.

Hollywood entertains the third place Portland Beavers at Wrigley field; Oakland does the honors for San Francisco at Emeryville; and the Missions play hosts to Seattle at the Seals' stadium.

POET'S CORNER

OUR NEED God give us men, who in the fight Will meet the battle square Who'll do their best from day to day And treat their fellows fair.

God give us men, who're free from lust And live alone for right Whose hearts are set above all pelt Who strive with all their might.

God give us men, forgetting self They'll live for God and man And in this struggle 'gainst the wrong They'll do the best they can.

God give us men, a time like this Demands the best from all If we would do what we should do We'll hear the Master's call. (JHB)

NO FEE, NO FISHING STATES EDICT TO CCG

ST. PAUL (AP) — Not all of the "beak" go to the young members of the Civilian Conservation Corps encamped in the Minnesota woods.

The state's conservation department, eager to enable non-resident corporamen to fish in Minnesota's countless lakes, asked the attorney-general if the law would permit angling for the resident license fee of 50 cents.

The decision was that the boys had to pay the \$3 non-resident license—or not fish.

So most of the 5,000 thus affected are not fishing — because their share of a month's salary is scarcely more than \$3.

More Questions Are Answered On Allotment Plan

EDITORS NOTE: This is the second article explaining in question and answer form details of the voluntary domestic allotment plan now being put into effect for wheat.

WASHINGTON, Aug. 14 (AP) — Can a producer who signs an allotment contract stop raising wheat? No; he must seed the acreage based on his average yield in recent years needed to produce his farm's allotment.

What would happen to a producer who signed and who, because of unfavorable weather, could not seed winter wheat? In some areas he could seed spring wheat, if he does not seed such acreage as is necessary to produce his farm allotment in terms of average yield, he must return payments made to him.

Must a producer withhold from sale a part or all of his wheat crop until given permission to sell? No. If the producer's farm is mortgaged, must the mortgagee sign the contract? Not unless he receives a part of the crop as payment on the mortgage.

If a farm is sold, is the purchaser bound after a contract has been signed? Yes. What is the farm allotment? That number of bushels of wheat upon which adjustment payments may be made to the producer, supplementing what the producer obtains from it in the markets. It is intended to represent the farmer's share in the wheat required for domestic human consumption.

Will the farm allotment be changed each year? No; the 1933 allotment will remain unchanged during the 1934-35 crop years, except for correction of errors.
