

### LEAGUE LEADERS SUFFER DEFEATS THURSDAY NIGHT

By The Associated Press  
Southern California's two Coast league entries still led the pennant parade today, despite setbacks last night at the hands of Sacramento and Portland.

The fourth place Senators took care of Los Angeles 4-3 for their first victory of the series.  
Just to show he's driving for another pennant this year notwithstanding his announced intention of resigning as Portland's manager at the season's close, Spencer Abbott led his Beavers to an 8-2 win over Hollywood last night, Abbott officiated on the Beaver bench while Rudy Kallio stopped the Stars with 5 scattered blows. The Portlanders jumped on Vance Page in the eighth to make 5 singles good for 5 runs. Prince Ours homes for the Beavers in the fourth.

Art McDougal of San Francisco and Clarence Fieber of Oakland tangled in the day's best mound duel, with the Seal outpaw gaining the decision, 3-2.

Beaten twice in a row, Seattle's cellar trike recovered to trim the Missions 6-3 behind George Caster's steady tossing.

**CRAB CRUSHER SOUGHT TO SAVE FISHERIES**  
MELBOURNE, Australia (AP)—Crabs are menacing the livelihood of 200 fishermen here.

Thousands of spider-crabs, many of them five feet from claw to claw, invaded Corner Inlet and Port Phillip Bay. In some places they are said to be three feet thick on the bottom of the sea and have destroyed every bit of fish food and sea growth.

The government has been asked to provide the fishermen with a heavy roller to crush the crabs in shallow water. It is thought that the mangled remains would attract other crabs to the spot and the roller eventually might wipe out the menace.

**HOUSEKEEPING TIPS**  
Fresh orange juice poured over diced fruits or melon balls make a delicious summer cocktail.

If you dip a tomato in very hot water or place it on a fork and hold it over a gas flame, you will have no difficulty in removing the skin.

An attractive salad for a party can be made by mixing grape juice in cream cheese and dotting the fruit or lettuce with these little balls of festive looking cheese.

**SCISSORS HANDY IN KITCHEN**  
A pair of scissors is best for cutting up lettuce so that it is very fine, halving marshmallows, dicing celery or cutting up raisins for the batch of cookies.

### ELLSWORTH VINES LOSES TO SHIELDS

NEWPORT, R. I., Aug. 18 (AP)—Ellsworth Vines, national tennis champion, today was widely outplayed by Frank X. Shields as that powerful New Yorker ran up a straight set victory in the semi-final round of the Newport casino tennis tournament. Vines, casino victor for the past two years, was eliminated by a 6-2, 6-4, 8-4 margin.

### Woodburn Legion Team Will Play Washington Nine

POCATELLO, Idaho, Aug. 18 (AP)—Woodburn will play Walla Walla in the second game of the annual district American Legion baseball tournament opening here this afternoon. Pocatello will lead off against Miles City.

The drawings were announced late last night after a long discussion involving a technicality in the filing of the names of the members of the Woodburn team.  
The first game will be played at 1:30 p. m. (M. S. T.) and the second two hours later. The finals will be played Saturday afternoon and the winner will represent the district in the sectional playoff at Topeka, Kan., next week.

### Parachute Race To Be Featured At Oregon Fair

SALEM, Ore. (Special)—Adding to the thrills of the horse races at the State Fair, Sept. 4-9, will be a daily parachute race between Rusty Bol, American champion, and "Sailor" Ted Benton, one of the navy's most popular jumpers.  
At 1:30 o'clock in the afternoon the two jumpers will be taken aloft in the same plane to an altitude of 3000 feet. Then, at a given signal from the pilot, one man falls out on each side of the plane, falling through space for several thousand feet before pulling the rip cord. The winner, of course, is the one who has the nerve to delay the longest in pulling the cord, and, having pulled the cord, slips the chute.  
As each man has an opened his parachute, both start slipping the chutes in an endeavor to beat the other to earth. The first one on the ground is winner. The parachute race is considered the most spectacular stunt devised since the invention of the airplane. Similar races have proven popular in the East this year.

### Helen Hicks On Comeback Trial; Turns In a 70

By Gayle Talbot  
(Associated Press Sports Writer)  
NEW YORK (AP)—Helen Hicks, the laughing Long Island girl who won the national women's golf title in 1931 and then failed last year even to qualify for defense of her crown, has served notice she is on the road back.

In seeking to victory in the recent New York state women's tournament over the long, trap and wood infested Plandome golf club course, the former champion shot four days of the most sensational golf of her career. Perhaps hers was the greatest series of rounds ever shot by a woman.

Her game at razor edge, Helen completely outclassed a field that included some of the sport's finest shot-makers. Her 72 in the qualifying round was even par for the layout, within a stroke of the men's record and eight strokes lower than her closest rival, Mrs. Leo Federman, of New York.

**That Dazzling 70**  
In succeeding rounds she shot brilliant golf, once doing the last 17 holes one under par to defeat Mrs. Marion Turple Lake, but it was not until the final round that Helen really got hot.

With the present national champion, Virginia Van Wie of Chicago, looking on, Helen of Hewlett blazed around the first 18 holes in 70 strokes, with only one five-foot putt conceded. She was out in a miraculous 33, despite the fact she missed three short putts, as a result, she was nine-up on her opponent, Mrs. Federman, at the lunch period and then coasted to a 7 and 5 victory.

**Winter Rules in Force**  
The records disclose only one better round than Helen's ever shot by a woman in this country. That was the 69 turned in by Mrs. Glenna Collett Vare last October in a tournament at Huntington, Pa. Joyce Wedd-ered, England's great star, has been many times in the low seventies, but a 71 was her lowest figure in competition.

The only thing to detract from Miss Hicks' sensational play was the fact that winter rules were in force. This enabled her to improve an occasional bad lie on the fairways.

**HERE'S A LAUNDRY TRICK FOR SHORT PUFF SLEEVES**  
One way to simplify laundering of short puffed sleeves is to put snaps on the elastic that holds them. Remove the elastic while washing and ironing the frock and then snap it back into place when it is to be worn.

Mortie Dutra captured the Michigan open golf title this year with four consistent rounds, 70-70-73-72.

### Wonder Horse Heads East

Winooka, the great Australian horse which won his American debut at Timpanum recently, is headed east, where he may appear at Hawthorne track in Chicago. It is rumored that C. V. Whitney's great equine, Equipoise, who will be at Chicago, too, may stage a match race with Winooka. Above is an excellent closeup of Winooka.

### SPITBALL ALMOST HISTORY—ONLY 2 LEFT IN MAJORS

By Paul Mickelson  
(Associated Press Sports Writer)  
CHICAGO (AP)—Except when Urban Faber and Burleigh Grimes uncork their aging arms as relief pitchers, "spit ball" pitching is only a chapter in major league baseball history.

Gone is the big army of pitching stars who belted the willow wafers in the days of the hitless wonders. Only Faber and Grimes, at the sunset of their illustrious careers, remain as reminders of the good old days of the "talcum," "wax," "shinie," "licorice," and "emery" balls.

Nothing stirred baseball in its long, bright and stormy history more than the "spitball" and its contemporary tricks with the old horsehide. As the pitchers "doped" the sphere and Allan Russell of the Boston Red Sox fired his unorthodox "emery ball," a great chapter was written in America's national game.

Mighty Coopers, helpless and crestfallen, drowned their sorrows in the old corner saloon until one day, in 1920, the major leagues legislated the trick pitching from baseball.  
In rulling out the trick pitches, the major league banned the "emery," "licorice," "wax" and "talcum" balls immediately, but permitted the clubs to retain two "spitters" each. Those thus named could use the "spitball" during the rest of their baseball careers.

All others, including rooking, coming up from the minors, were barred from using it in the plan to weed out the trick pitching.  
So, one by one, the 18 officially designated "spitball" pitchers—10 in the American and eight in the National league—have passed from the game, except Grimes and Faber. Jack Pious Quinn is still angling to get back to the majors but with small prospects after his release this summer by the Cincinnati Reds.

Here is the official list of the "spitball" pitchers handed out in 1920:  
American League—Allan Russell, Boston; Urban Faber and Eddie Cicotte, Chicago; Stanley Coveleskie and Ray Caldwell, Cleveland; Jack Quinn, New York; Urban Shocker and Allan Bothorn, St. Louis; Yancy "Doc" Ayres and "Dutch" Leonard, Detroit.  
National League—Bill Dook, St. Louis; Paul Douglas, New York; Fillingim and Dick Rudolph, Boston; Ray Faber and Clarence Mitchell, Cincinnati; Burleigh Grimes, Pittsburgh; and Marvin Goodwin, St. Louis.  
All those names bring back memories.

### NOTRE DAME TO EMBARK ON NEW FOOTBALL ERA

By Paul Mickelson  
(Associated Press Sports Writer)  
SOUTH BEND, Ind. (AP)—A new football era dawned at Notre Dame this fall.

For the first time in three years Coach Harty "Hunk" Anderson will deal almost exclusively with football candidates who never came in contact with Knute Rockne, the great Viking master of the gridiron.

Neither the advantages of Rockne's teaching nor the disadvantage of unfair comparison with Rockne's methods can assist or bother the commander of the "fighting Irish." He will be on his own.

**Some Have Heard Him**  
There are a few candidates for the 1933 Notre Dame team who have listened to Rockne, but they were freshmen then and heard only his short, informal group lectures—never the intimate, individual talks for which "Rock" was famous.

With Rockne's direct influence gone and probably the hardest football schedule in a decade facing the team, Coach Anderson will place a real mystery team on the field next fall. Thirteen lettermen from the 1932

team were lost by graduation while another, big George Melnikovich, one of the greatest fullbacks in all football, may not be able to play because of an illness that almost cost him his life this summer.  
Bringing up the rear, however, will be a typical Notre Dame "squad" of 100 to 120 candidates, among them some of the most promising sophomores in years.

Four of the sophomores promise "Hunk" a "new deal" backfield of power, speed and deception. They are Tony Mazzotti of White Plains, N. Y., who already has been hailed as another Frank Carideo; Andy Pilney of Chicago, rated as one of the best halfbacks ever developed in prep football; Mike Layden, brother of Elmer Layden of "four horsemen" fame, and Don Eisler, a crashing 215 pound fullback.

"Hunk" is confidently expecting that quartet to make football history at Notre Dame.

Because of the loss of three starting quarterbacks—"Chuck" Jaskiewicz, Laurie Vejar, and Emmett Murphy—Coach Anderson's principal worry revolves about that position, although he has at least a half dozen good prospects.

**Big Gaps To Plug**  
Other losses, by graduation, which he must overcome, are: Mike Koken and Joe Shreeveski, halfbacks; Ben Alexander, center; Jim Harris, Norm Greeney and Bill Pierce, guards; Joe Kurh, Mike Leding, "Tackles," and Paul Host (captain), and Ed Kosky,

ends.  
Notre Dame will meet nine teams, many of them the strongest in the nation, on consecutive Saturdays without a rest next fall. Here's the Notre Dame campaign:  
Oct. 7—Kansas at Notre Dame.  
Oct. 14—Indiana at Bloomington.  
Oct. 21—Carnegie Tech at Pittsburgh.  
Oct. 28—Pittsburgh at Notre Dame.  
Nov. 4—Navy at Baltimore.  
Nov. 11—Purdue at Notre Dame.  
Nov. 18—Northwestern at Evanston.  
Nov. 25—Southern California at Notre Dame.  
Dec. 2—Army at New York.

The tallest member of the fore camps in the west is Samuel C. Mack, 21, of Fort Worth, Tex., who is a seven footer.

### NOTICE

We sell only Artificial made from pure water. All our products are guaranteed.

**Gaither Ice & Fuel Co.**  
Main 528

**MIXED GAS HALF AND HALF; NOW USES ONLY SUPER SHELL AND GETS 3 1/10 EXTRA MILES TO THE GALLON**

"I always used half premium gasoline and half regular in my Hudson," says Chas. Grant of Seattle, and "then Mr. Harris sold me on using straight Super Shell and my mileage by actual test increased from 11 to 14.1 miles per gallon."

**Super-SHELL**  
YOU HEAR IT EVERYWHERE  
What a difference Super-Shell makes!  
WITHOUT FORMER 3¢ PREMIUM  
Contains Eka-benzol, a pure petroleum product high in anti-knock and mileage qualities

## How to make good coffee everytime

- Use a Drip Coffee Maker in which boiling water drips through a specially prepared coffee and a filter paper.
- Specially prepared Schilling Drip Coffee. Schilling Drip Coffee is specially blended, specially roasted, and specially ground for the immediate extraction of all its rich, fragrant flavor. Coffee intended for a percolator is not adapted for the drip process in which the water drips through the coffee but once.
- A filter paper rests below the coffee to let through nothing but the delicious healthful amber drops. Real Drip Coffee cannot be made otherwise. For your convenience, filter papers are packed in each Schilling tin.

**Delicious crystal-clear coffee!** Coffee made in this manner never fails. Morning after morning it is always the same.

**Costs far less.** First, you use far less coffee than with any other process (saves you over 5c per lb.). Then, the 20 filter papers in each lb. of Schilling DRIP Coffee save you 2c (regular retail price).

**The Schilling Drip Maker** shown here is of sturdy enamel enameled by "The Good Housekeeping Institute". The color is rich ivory, trimmed in pastel green—in keeping with the finest table service.

**If your grocer cannot supply you,** send his name and \$1.20 to A. Schilling & Company, San Francisco. The Drip Maker and the Drip Coffee will be sent to you direct.

**Introductory Offer!**  
**\$1.20** Special model Drip Coffee Maker and 1 lb. Schilling Drip Coffee both for only \$1.20.  
**at your grocer's**

**Moneyback.** Try them for a week—for a month. If, morning after morning, they do not produce the most delicious coffee you ever tasted—your \$1.20 back from your grocer or from us.

# Schilling Drip Coffee

For Percolator or ordinary coffee pot use Standard Schilling Coffee as usual
