

NEWS of the CHURCHES

Church Programs For Sunday Are Announced Here

Christian Church Young People Planning C. E. Service in Deal's Canyon at 5:30 in Morning.

Programs for churches in La Grande next Sunday include the following:

Presbyterian Church (Washington and Sixth) "The Prize: Is It Worth The Effort?" will be the sermon subject Sunday morning, 11:00 o'clock. The minister, Rev. J. George Wals, will endeavor to show that all whose faith is matured should take this view of life, that the prize of the heavenward call which God gave through Christ is worth forgetting what lies behind, and straining every nerve towards that which lies in front, pressing on to the winning-post, through Christ Jesus.

Miss Gladys Miller will be at the organ. Sunday Bible school is at 9:45 a. m. and Christian Endeavor at 6:30 p. m.

Central Church of Christ (Pennsylvania Avenue) The young folks of the Church of Christ are planning to have their Christian Endeavor service Sunday at 5:30 a. m. in the form of an outdoor meeting in Deal's canyon. The regular lesson for the day will be discussed, after which breakfast will be prepared.

The Bible school begins at 9:45 at the Church. Attendance has been exceptionally good at the sessions this summer. Interesting classes are held for all those who enjoy the study of the Bible.

The pastor, Rev. Paul De F. Mortimore, will preach at 11 o'clock service, following the observance of the Lord's Supper. The subject of the morning sermon will be, "Witnessing For Christ." An anthem will be presented by the choir, under Mr. Mortimore's direction. The popular evening service at 8 o'clock begins with a prelude concert by the Christian orchestra which has begun its new season's work. Several interesting numbers have been prepared for Sunday evening service. The evening sermon topic will be, "The Light of the World." Large audiences are the rule at the Sunday evening service at this church and the public is cordially invited.

M. E. Church South (Corner U and Fir) Preaching by Rev. A. J. Starmer, pastor, on an interesting subject is scheduled for Sunday morning, also at the evening service there will be the final talk on the sermon on the mount. Sunday school is at 9:45 a. m., Epworth League at 7 p. m. and preaching at 8 p. m.

First Church of Christ, Scientist (First and Washington) Services will be held at 11 a. m. following Sunday school at 9:45 a. m. The Wednesday evening meetings begin at 8 o'clock. The reading room in the West Jacobsen building is open from 1 to 4:30 p. m. daily. The subject of Sunday's service will be "Mind." The golden text is, "It is God which worketh in you both to will

and to do of his good pleasure" (Phil. 2: 13).

Among the citations which comprise the lesson-sermon is the following from the Bible: "I delight in the law of God after the inward man. . . . But I see another law in my members, warring against the law of my mind. . . . So then with the mind I myself serve the law of God; but with the flesh the law of sin" (Rom. 7: 22, 23, 25).

The lesson-sermon also includes the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "By universal consent, mortal belief has constituted itself a law to bind mortals to sickness, sin, and death. This customary belief is misnamed material law, and the individual who upholds it is mistaken in theory and in practice. The so-called law of mortal mind, conjectural and speculative, is made void by the law of immortal Mind, and false law should be trampled under foot" (p. 229).

Church of Nazarene (On Y at Birch) There are classes for all ages in the Sunday school, which convenes at 9:45 a. m.

The morning service is at 11 o'clock with Rev. Daniel L. Swartz, minister, in the pulpit. Frank Cain is organist.

The young people meet at 8:45 p. m. for Bible questions and at 7:30 an evangelistic sermon will begin.

Zion English Lutheran Church (M Avenue Near Fourth) "The Lutheran Church in America" will be the subject of the historical sermon which Rev. Edwin W. Bracher will preach Sunday morning. The long and interesting history of the Lutheran church in this country will be reviewed. The service begins with worship at 11:00 o'clock. All are welcome.

At 9:45 a. m. the Sunday school meets for worship and study of the Bible-centered Christian life course. During the opening service Betty Swart will recite the 47th Psalm. The classes for all ages include an adult Bible class of which Mrs. Edwin Bracher is teacher. A cordial invitation is extended to all.

Frederic Matthes Jr., will lead the devotional meeting of the Luther League at 7:00 p. m. Sunday. The topics during the month of August concern the general theme, "Recreation." Sunday evening the topic will be "Joys and Dangers Away From Home." After the devotional meeting a business meeting, at which plans will be made for the coming district convention, has been called by Helen Hughes, president.

Baptist Church (Sixth and Spring) The regular morning worship service of the Baptist church will be held Sunday at eleven o'clock. In the absence of the pastor, Elliott Finley will preach, taking as his subject, "Divine Purpose." Mrs. Merville Moore will sing a solo.

The Bible school begins at 9:45 a. m. Interesting classes are provided for children, young people, and adults, and all who are not regular attendants elsewhere are urged to attend. The young people of the B. Y. P. U. will have an outdoor meeting Sunday evening, gathering at the church at 4:30 p. m. and bringing lunches with them. Due to the absence of the pastor

there will be no evening worship service, and the Thursday evening prayer meeting will also be omitted.

The following Sunday, August 27, the only service held at the church will be the Bible school session at 9:45 a. m.

First Methodist Episcopal Church (Fourth and Spring) Following the regular Sunday school which begins at 9:45, there will be the morning worship service at 11 o'clock. The vested junior choir, under the direction of Miss Ruth Fraser, will provide the special music. The pastor will speak on the subject "The Prayer of the Righteous."

The Epworth League will meet for devotional study at 7 p. m. **Island City Community Church** At the 9:45 morning worship hour the pastor, Rev. W. H. Hertzog, will speak on the text "The Prayer of the Righteous Man Availeth Much in its Working." The Sunday school will meet at 10:45 with interesting classes for all.

Sermonette

Edited by Harriet R. MacDonald

I was glad when they said unto me, let us go into the house of the Lord (Psalm 122-1).

For churches to close now or to "let up" is like hospitals closing during an epidemic. We say this because an epidemic of fear, such as is raging today, is as dangerous as an epidemic of "flu" such as raged in 1918. The need of the hour is not more money, more real estate, or more stocks and bonds, but rather more self-control, unselfishness, faith and courage. Self-control, unselfishness, faith and courage are spiritual qualities which cannot be secured from bankers or stores, but only from ministers and churches. In this connection, let me say just a word to those laymen who are troubled and yet are not willing to take an hour and a half on Sunday morning for church attendance. For a man to expect spiritual help when he is not willing to give an hour or two a week to "showing his colors" and aiding the churches, upon which he is absolutely dependent, is to me beyond comprehension. Such a man does not deserve help and cannot logically expect it. (Roger W. Babson).

The Sunday School Lesson in Rhyme

By Carlos A. Plummer

"SAMUEL" While yet in childhood's early days The little Samuel Began to learn Jehovah's ways, And in His temple dwelt.

God's thrice-repeated call he heard And answered, "Here am I, Speak Lord, and I will hear Thy word, And with Thy will comply."

He soon became a prophet great, And a reformer, too; A minister of Church and State, To God and man most true.

He was a judge of great renown; Most honest, just and fair, And went about from town to town To judge the people there.

He banished idols from the state, With other sins as well; And wrought a reformation great Throughout all Israel.

He served his people long and well, And died a prophet true, Lamented by all Israel, And loved by those he knew.

HIG TAG, LITTLE BOTTLE? TEXAN WORKS OUT SCHEME PLAINVIEW, Tex. (AP)—A Plainview pharmacist, Bud Miller, has patented a device for attaching price tags and display cards to the tops of bottles and other small containers.

It is made of spring steel wire and is adjustable to any size bottle. Miller said he worked out the idea after several years of difficulty in displaying drugs, in containers, with prices attached.

Playing Manager Hits HOUSTON, Tex. (AP)—Managerial worries seemingly rest lightly on Carey Selph of the Houston Buffaloes, who not only plays second base but has been pacing his Texas league club in hitting with a .300 batting average. Good pitching and fine support.

FOR OBSTINATE WINDOWS If you are having trouble making your windows go up or down, here's a trick that may help. Rub Paraffin on the sash cords and they'll probably work easier.

LA GUARDIA FOR MAYOR-TAMMANY TIGER IS ROARING

By Noel Thornton
NEW YORK (AP)—Buoyed by the confidence of 150 years operation of its gigantic political machine, Tammany is confronted by the most militant opposition it has faced in more than half a century.

In November a mayor is to be elected to rule New York for the next four years. John P. Curry and his governing council in the ranks of the Tiger Wygwan already have named Mayor John P. O'Brien as their choice to succeed himself.

McKee Vote Significant Ordinarily this would be tantamount to saying that he would be the next mayor, but this is not an ordinary year. The 400,000 Republican voters in New York have aligned themselves with several powerful fusionist groups, in close association with Judge Samuel Seabury, and the result has been selection of the independent, Fiorello H. LaGuardia, as mayoralty candidate to wrest control from Tammany.

Usually Tammany has been able to corral 80 per cent of the registered voters, of which there are 2,339,617 this year. Political observers think they will have more than ordinary difficulty keeping their forces in line at the November polls.

Not only are there the Republicans, but what some regard more significant is the fact that Joseph V. McKee polled 200,000 anti-Tammany votes last fall when his name was written in as an opponent to O'Brien.

Budget Is Sore Spot The precarious condition of the municipal budget has kept Tammany office holders in constant hot water this year, and there is the added annoyance of the fiery protests which have greeted Mayor O'Brien's proposals for taxation.

Judge Seabury, who refused the fusionist mayoralty candidacy himself, is the man behind the scenes in this newly organized barrage to drive out Tammany from its political control. Since his wholesale indictment of city office holders during the Hoitlander legislative investigation—an inquiry which resulted in the resignation of Mayor James J. Walker—his political influence has risen.

LaGuardia a Fighter When he and Kingsland W. Macy, state Republican chairman, demanded that LaGuardia be selected as fusionist candidate, they won a dynamic candidate.

LaGuardia, an Italian and a former congressman, has long been a power in New York politics.

Despite the potentiality of the threat of this fusionist attack, the Tammany ranks are going quietly along with their plans. With many years of victories behind them, and with the influence of nearly 150,000 current office holders, they say they have little to fear.

Withal, New York seems nearing one of the most bitterly fought mayoralty races in its history.

FIVE CLUBS HIT OVER 300 IN PACIFIC COAST LEAGUE SAN FRANCISCO, Cal. (AP)—Five Pacific coast league clubs were hitting 300 or above when the season started down the home stretch. Sacramento was leading the pack.

The only individual batter hitting over the 400 mark was Oscar Eckhardt, slugging outfielder of the San Francisco Missions. His average was .408, or 29 points ahead of his closest rival, "Frenchy" Bordagaray of Sacramento.

Fashion Flash

Presenting the Misses Chic— They're off to the races and are they proud of their trim tweed jacket suits with frivolous linen blouses. Would you care to be as smartly suited? It is easy.

THESE trim tweed jacket suits with frivolous linen blouses are just the thing for early fall wear, being made of light weight tweed or wool crepe. If the occasion presents itself, the jacket, with its wide shoulders, may be removed, revealing a blouse of handkerchief linen or crisp organdie. Smart, and yet so easily made!

This ensemble is designed in 6 sizes—14, 16, 18 and 20, with corresponding bust measure, and 40 and 42 bust. The jacket and skirt for size 18 require 4 1/2 yards, the blouse 1 1/2 yards, and to line the jacket requires 1 1/2 yards of 36-inch material. For the ensemble in monotone, size 18 requires 5 1/2 yards of 36-inch material.

To secure a pattern and simple sewing chart of this model, cut out this sketch and mail it to Julia Boyd, 103 Park Avenue, New York, with Fifteen Cents in coin. Be sure to enclose, on a separate sheet of paper, Your Name, Address, Your Size, the number of this pattern (No. 101), and the name of this newspaper.

Russell Sherwood Upheld by Court

NEW YORK, Aug. 18 (AP)—Russell T. Sherwood, confidant of former Mayor James J. Walker, Thursday was upheld by Federal Judge Robert P. Patterson in his refusal to answer before a federal grand jury questions U. S. Attorney General Z. Medalle said "were put to him in an inquiry concerning an alleged willful evasion of the payment of income taxes by one James J. Walker."

Make Efforts To Clear Up Strikes

SAN FRANCISCO, Aug. 18 (AP)—Efforts to settle farm labor strikes in a number of California fruit and vegetable centers were under way today after the California Packing corporation announced an immediate wage increase for field workers.

Five deputy state labor commissioners were directed by Timothy A. Reardon, named mediator by Governor James Rolph Jr., to make investigation in the strike areas.

Dover Plans To Become Pro SAN FRANCISCO (AP)—Frank Connelly, 235 pound amateur boxer attending San Francisco university, is planning to turn professional this fall.

AMERICANS WILL HELP TURKEY IN ECONOMIC CHANGE

By Priscilla King
ANKARA (AP)—Facing the heat and dust of an Anatolian summer, American experts, called by Mustafa Kemal to prepare an economic report for Turkey, have set out from Ankara on tours of investigation.

Two expeditions, one in search of gold, and the other in search of oil, are in the field.

Gold At Ark's Haven? The gold expedition is headed by Matthew Van Sledright, of Washington, former assistant chief engineer of the United States bureau of mines, who is an authority on gold mining.

He is traveling with Turkish mining engineers 500 miles east of Ankara to Mount Ararat, on the Turkish-Persian frontier, and to Kagisman, northwest of Ararat. Both regions are believed to be rich in gold.

The oil survey, which is heading for Mardine to the southeast, is under another Washingtonian. He is Sidney Paige, formerly of the U. S. geological survey. That oil is one of the chief undeveloped natural resources of Turkey, has long been known.

Hines As Surveyor General The anti-foreign complex which the old caputulatory regime under the sultans bequeathed Kemal Turkey, is wearing off. The call for foreign expert advice, particularly American, is a new development in Kemal's modernization program.

To help in giving a new economic day to Turkey, the government has called Walker D. Hines, director general of the railroad administration of the United States in the World War, to make a general survey of economic conditions. Officials expect Mr. Hines to arrive in Turkey shortly.

For railroad reform, Charles E. Bell of Washington, traffic analyst, has been engaged. He is now at work here, studying the operation of the 1,000 miles of new railroad lines constructed during the 10 years of the Turkish republic.

Turkey's Customs Probed Two other American experts are completing investigations for the government in other fields. Robert H. Vorteld of California, formerly of the United States tariff commission, is completing a report on Turkish customs which is aimed at reducing the mileage of red-tape in this organization. Ali Rana Bey, the Turkish minister of customs, has expressed great satisfaction with the American's proposals for reform.

Wallace Clarke, of New York and Paris, engaged to reform the administration of state monopolies, has just, after four months' study, handed in his report. It proposes reorganization of such big state monopolies as tobacco, alcohol and salt.

He has contributed a new idea for Turkey, the spreading of American advertising methods, and has recommended also that these concerns, through state monopolies, be run as purely business enterprises.

He has contributed a new idea for Turkey, the spreading of American advertising methods, and has recommended also that these concerns, through state monopolies, be run as purely business enterprises.

UNITED AIR LINES ADOPT NEW SERVICE

Marking a high point in the history of air transport service in and out of the Pacific northwest, United Air Lines has inaugurated new speedy schedules along the Pacific coast and provided additional, speedier service between Puget Sound and the east.

Air travel time between Pacific northwest cities and their coast neighbors has been reduced by approximately one-fourth with the placing of a fleet of new three-mile-a-minute Boeing transports on both the daylight and overnight schedules of the 1231-mile airway. At the same time, the Puget Sound district is given an additional direct schedule to the east which places Chicago only 16 hours away from Seattle and New York City just 21 1-3 hours distant.

U. S. News Service At Former Status WASHINGTON, Aug. 18 (AP)—Further restoration of funds for the agriculture department's market news service Thursday brought this agency, once ordered abolished, to a scale approximating its former status.

CARRIES ALL-BRAN ON EVERY VOYAGE

Seaman Finds This Delicious Cereal Relieves Constipation

Here is an unsolicited letter from Mr. Darragh:

"I have been going to sea for the past fourteen years. Every trip, I underwent severe headaches, nervousness, and sleeplessness. Tried all sorts of remedies, and received only temporary relief.

"So hearing about Kellogg's ALL-BRAN thought I would get a box, which I did. That was six months ago, haven't been without it at home, and when I go to sea a box of Kellogg's ALL-BRAN is always with me."—George D. Darragh, 1914 82nd Avenue, Oakland, California.

Tests show ALL-BRAN contains two things for common constipation: "Bulk" to exercise the intestines; vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

How much pleasanter this is than taking pills and drugs—so often harmful. Two tablespoonsful of ALL-BRAN daily will correct most types of constipation. If not relieved this way, see your doctor.

Serve as a cereal or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

"PLEASE TELL ME, MARY, why your tuna salads are always so much more delicious than mine!"

"I always use that recipe you gave me, but my salads never taste like yours. I guess I haven't the knack of cooking that you have."

"Nonsense, there's no knack to it! Let me ask you, do you use White Star Tuna?"

"Why, no, Mary, I never have. I didn't know that there was such a difference in their quality."

"Well, that's the answer, Helen. I tried several brands before I found out that there isn't any other so good as White Star Tuna. And now I buy nothing else. That's the secret of my successful salads."

WHITE STAR TUNA FISH

ACCEPTED AMERICAN MEDICAL ASSN. A PURE FOOD, HONESTLY ADVERTISED. The Seal of Acceptance of the Committee on Foods of the American Medical Association is your best guarantee of the quality of any product and the truthfulness of the advertising claims made for it. Look for this seal on every food you buy. White Star Tuna has this acceptance.

NOW as **THEN-**

ALL THAT GOOD BEER SHOULD BE

This is what you want to know about beer and this is what you want to get: the beer that was worth waiting for, the beer you're entitled to, the beer that achieved a reputation by its quality and now delivers that same sincere quality in ample measure. That's what you get in PABST BLUE RIBBON because it is now, as it was then, all that good beer should be.
