Cove Schools To Start Work Of Year, Sept. 4th

COVE (Special)—School will open on Monday, September 4. The faculty consists of Kenneth La Violette, principal, J. R. Price and Mrs. E. E. Coad for the high school, and Mrs. J. E. Mills, Miss Stella Edelson, Mrs. Eva Duncan and Mrs. Hastie Powell for the grades. The janitor is getting things in shape for the opening of school.

There has been no change in the faculty from last year except that only three teachers are employed in the high school.

A meeting of the school board was held Wednesday evening to consider some needed repairs to the building.

CHOICE EWE LAMBS BRING \$7 PER CWT.

WALLOWA (Special)—Marketing of lambs from some of the larger bands has been quite extensive the past week. Better prices have been paid for some lots than has been seen in a number of years. Seven dollars per hundred for one lot of choice ewe lambs from one of the large outfits which range sheep here is reported. The wether lambs from this band sold at \$5.35 per hundred here. Other outside flock owners who have sold recently report having received \$6 per hundred for the lambs straight through.

Marketing smaller lots of lambs from farm flocks is still in progress. The larger part of this class were mostly February and March lambs and have been cleaned up the past few weeks.

There is a good demand for young ewes, the general opinion among farmers and stock owners being that sheep will be among the first meat animals to reach good prices.

WALLOWA WHEAT MAKES 10-15 BU.

WALLOWA (Special)—Combining of the fall wheat is now in full swing. L. V. Lathrop, of Leap, has had his machine at the T. T. Slaughter farm on Parlap creek the past week. The yield of wheat there is reported to be around 11 or 12 bushels per acre. Oscar Maxwell has recently been combining a crop of Ben McLaughlin's in Middle valley and expects to move his machine to his own crops on the U. O. Couch farm during the coming week.

Reports from most farms indicate yields of from 10 to 15 bushels per acre from fall sown wheat. Some of the spring wheat on dry land looks quite well and in the opinion of some will out-yield most of the fall wheat. Grain crops on irrigated lands are generally good and just beginning to ripen. Most of this grain is being bound and threshing will start soon. Oles Piazas expects to move his stationary threshing outfit to the hills soon where he will thresh a number of small crops. Scarcity of rough feeds the past winter is causing many farmers who are combining to pick up their straw this season.

INVADING PORKY PAYS WITH LIFE

ENTERPRISE (Special)—Audra Wise, a Smith mountain girl, had a thrilling time with a porcupine Saturday night. Sleeping in a room a short distance from the house, about midnight she was awakened by a gnawing noise. She discovered a large porcupine at the head of her bed. Then the fun began. Audra and the porcupine made a dash for the door and Audra won the race, slamming and locking the door. Her parents came to the rescue. Mrs. Wise with a broom and Mr. Wise with a gun. Porkey was routed by the broom from behind a trunk and fell a victim to the gun as he left the room.

STOCK WATER IS DRYING UP, REPORT

WALLOWA (Special)—Stock water is reported to be drying up quite rapidly in the Whiskey creek section and at some places further back into the timbered range districts. Wells and springs on the farms here are holding up quite good yet but some are expecting a shortage later in the fall, unless there are some good rains.

ENTERPRISE PERSONALS

Herbert Reher and Helen Dixon were united in marriage on August 13 at the home of Mrs. Tom Dixon in Enterprise. Rev. W. F. Shields was the officiating minister. The bride is a well known Enterprise girl and the groom comes from La Grande.

Rita Lorene Zollman and William Sidney Brock were married Saturday, August 12, at the parsonage of the Nazarene church. Rev. E. C. Stark performed the ceremony. The bride is a daughter of Mr. and Mrs. P. D. Zollman, of Alder Slope, and the groom is a son of George Brock.

Farmers of Lower Prairie creek have increased wages from \$1.50 to \$1.75 per day during harvest. The move was made in line with the new policy and the new deal in which the farmers will do their part.

Two hundred questionnaires on holding a county fair in Enterprise were sent to residents of the county recently. Practically all have been returned and only two votes have been registered against it. The dates will be October 5, 6 and 7.

The Enterprise grade and high school will open Monday, September 4 with a full corps of teachers for a full nine months term. Supt. J. R. Logan, of Bay City, succeeds L. Lee Williams, who held the position for six years and who will be at John Day the coming school year.

Some Wallowa Hay Is Selling Now At \$10.00 Per Ton

WALLOWA (Special)—The second cutting of alfalfa is in progress at a few farms, however, this early cutting is being done to try for a third cutting. According to others who have alfalfa tracts, the second cutting will not start for ten days yet, many hoping to secure nearly as heavy a crop as the first cutting.

Lee W. Bell, local hay buyer, reports orders for 200 tons of first cuttings at \$10 per ton F. O. B. here. This is 50¢ per ton better than was paid for a few cars two weeks ago. O. A. Hunter has had a baling crew at his ranch the past two weeks getting his hay ready for shipment. Aside from this there is little selling of hay here.

ENTERPRISE (Special)—A large addition to the Enterprise greenhouse is under construction. The new building will be 28x75 feet in ground dimensions and duplicates the first unit, doubling the capacity of the greenhouse. The major business of the greenhouse is in flowers and plants though some vegetables have been grown commercially and tomatoes are still raised.

Her Best Friends Told Her

...and SHE found it Good Advice

MRS. SMITH had been having difficulty keeping the family budget balanced. She wondered if it was her fault because her friends, whom she knew had no greater income than her own, seemed to be getting along quite well. One day she asked them how they managed it. They all said that they kept their budgets balanced by careful buying with the advertisements as their shopping guide. They advised her to try planning her buying through the ads in the Evening Observer. She took their advice... the result was a balanced budget with a comfortable margin left over for saving.
