Novel Features Accent New House Dress Mode

Here's a house dress that's different! It has a novel neckline and half-circle pockets hold the series of pleats in place. Both ends, fastened to the front panel-like section, hold the dress snugly in at the waistline, and form a bow at the back, as shown in the small sketch. The frock can be fashioned from four yards of material with an extra three-fourths necessary for the sash and trimming on pockets, cuffs and collar. To obtain a pattern of this dress, with instructions for making, send 25 cents, coin or postage, to Claudette, 105 North Broadway, Los Angeles, Cal. Do not forget to state your size.

HEAVY TONE IN STOCK EXCHANGE

NEW YORK, Sept. 5 (AP) — A stock market today showed little inclination to emerge from its recent state of indolence and, with support lacking in most categories, prices displayed a heavy tone. Losses of 1 to more than 2 points were scattered throughout the list at the close. Dulness, however, was the rule until the last half hour. Turnover approximated 1,250,000 shares. Record-Breaking Crowd at State Fair

grounds, indicating nothing short of a record would spend their day at the annual fair. Exactly 27,222 persons passed through the turnstiles yesterday, which exceeded the best day, Saturday, at the fair last year by more than 3000. Crowds were everywhere and at the afternoon horse races and the night shows the grandstand was packed and all available standing room was taken.

Waiting at the first post marked race ever held at the annual show, however, was slow with approximately 4000 being placed on the horses. The highest return for a two-dollar ticket was the straight bet on the winner of the Governor's derby, which gave a return to holders of \$10.00.

EX-GOVERNOR VISITOR HERE

Ex-Governor Oswald West and family spent Saturday and Sunday in Union and Willows counties on a short vacation trip. They were at Willows Lake Saturday night. The former chief executive of Oregon always finds time to visit a few leading Democrats in each county he passes through.

Gladly we cooperate

with President Roosevelt and pledge ourselves to live up to the spirit and the letter of the National Recovery Act. We have reduced working hours in all departments at no loss of pay to any employee. As a matter of fact, all our employees have not suffered from cuts, layoffs or shut downs. Neither have we reduced our advertising. During 1933 we plan to use approximately 9,000,000 lines of newspaper space. 30,000,000 booklets will be distributed from homes to homes, covering every state in the Union. Latest sales reports show that the year to date is 14% ahead of last year. We do appreciate this evidence of the confidence of the American people in the Pinkham products.
