

### WILL ELIMINATE 50 ARMY POSTS

WASHINGTON, Sept. 14 (AP)—President Roosevelt has approved a plan to eliminate approximately 50 army posts and authorize expenditures of about \$50,000,000 for consolidating 50 other posts into permanent stations.

It was indicated that definite choices could not yet be announced as to which posts would be dropped from the army lists and which ones would be given sizeable authorizations of funds for building up into large and more permanent bases.

Federal aid totaling \$50,000,000 has been ordered by President Roosevelt.

to meet the emergencies resulting from drought, hurricane and grasshoppers.

Patronage, that trouble zone of politics, has produced in the capital rumbles of Democratic unrest that resounded even above the intensity of President Roosevelt's recovery drive.

A group of party stalwarts in the senate was reported to have sponsored a round-robin to the chief executive asking jobs for old-line Democrats. These senators protested the appointment of Republicans — particularly Secretary Ickes, Wallace and Perkins.

At the other end of the capitol, Speaker Henry T. Rainey blamed the "old Republican set-up" in the farm credit administration for failure to give the farmer "adequate" mortgage relief.

The senatorial round-robin could not be located.

### NEW CLEANING PROCESS AT LAUNDRY HERE

A dry cleaning process that takes less than an hour to complete has been installed by the Modern Laundry. A man's suit can be cleaned and pressed in 40 minutes, leaving no odor since a special fluid is utilized. It is reported. The process is perfectly safe also since the fluid is non-inflammable.

The soiled garment is placed in a small Karet washer in which a slight agitation forces the fluid through the garment. It is put in the extractor to dry and then hung up for about five minutes after which it is ready for the finishing. The cleaning and drying process takes about 15 minutes.

After the fluid is used it is distilled and the discoloration is removed and it is used again and again until it becomes permanently discolored. The fluid is stored in a large storage tank which is attached to the filter. The filter is attached by pipes to the machine and the entire process of filtration is accomplished mechanically.

### All But Three Local C. C. C. Men to Remain

(Continued From Page One)

possible some others may be discharged later to accept better positions.

Approximately 600 of the 2000 C. C. youths who have been working during the summer in this district are expected to return to their homes in Oregon and eastern states between Sept. 15 and Oct. 1. The movement homeward probably will be concentrated in Baker and the youths travel from there east by special train. The New York men will go to Mitchell field and Hamilton, N. Y., and the Pennsylvania men will go to Ft. George Mead, Maryland. They will not be discharged until they reach those points.

The re-enrollments in the district are as follows:

Rock Creek, 48 New York boys and 34 Oregon boys; Innaha, 158 Oregon boys; Bates 129 Oregon boys; Maury, 153 Oregon boys; Parrish cabin, 31 New York and 31 Oregon youths; Murderer's creek, 50 New York and 33 Oregon boys; Martin's bridge, 60 New York and 20 Oregon boys; Bull Prairie, 43 New York and 33 Oregon; Crane Flats, four Pennsylvania, and 136 Oregon; Frog Heaven, three Pennsylvania and 129 Oregon; Baker detachment, 1 New York and 65 Oregon.

Mike Donlin, one-time slugging outfielder with the New York Giants but now a character actor in Hollywood, would like to return to baseball as a minor league manager.

### Car Is Standard Need For Maori Football Officials

AUCKLAND, New Zealand (AP)—Maori Rugby footballers need careful handling when they break the rules.

At a rugby match at Te Huii between two teams, one of which contained 12 Maoris, the latter's captain was ordered to leave the field for arguing with the referee.

"All right," said the captain, "and I take my ball with me."

"And we go, too," decided his two brothers. The three left the field with the ball.

After a slight delay a second ball was found and the somewhat one-sided game restarted.

Suddenly the dismissed captain rushed back on the field shouting "That's my ball, too," and took it away.

Spectators at this time rushed on the field and a melee ensued, during which the referee made for home in a fast car.

### IMPROVING SPINACH

After the spinach is thoroughly cooked cream well and serve with poached egg on each portion. It makes a good substitute for meat and with a dish of cottage cheese and sliced radishes takes care of a light meal.

### A CHILD'S PUSHER

If your child is very small he should always have a "pusher" for his food, or if you lack a real "pusher" substitute with a piece of bread used for that purpose.

### FAMILY MOVES TO LA GRANDE

Mr. and Mrs. Bill Thompson and two children have moved to La Grande from Wallawa and will make their home here where he is employed at the Bowman-Hicks Mill. The children have entered the La Grande schools.

### SOX SLUGGERS LIKE TIGERS

CHICAGO (AP)—The Detroit Tigers seem to be the White Sox' favorite home run victims this season. Of the 20 White Sox home runs hit on the home lot up to the end of August, 10 were massed against the Tigers' hurlers.
