Smart fall styles and colors.

An important letter ...

Phoenix Hosiery Company ...

You will be glad to know that these new fall styles and colors were made under the HRA program of shorter hours and increased wages.

6666 Phoenix employees are now working a full 40-hour week with increases from 5 to 8%.

661 new employees have been added. Payroll for hosiery operators in Milwaukee alone has been increased \$850,000 annually.

This increased employment and earning power in Phoenix mills alone places Phoenix workers in a position to buy other commodities, many of which are no doubt manufactured by your own local industries.

NEW "GIBSON GIRL" COLORS IN PHOENIX HOSIERY. Smartest shades for fall. Created to harmonize with the bronze greens, wine reds, purple blues so popular in this Autumn's costumes.
