MRS. VICTOR RAGAIN WINNER OF CONTEST

The Merchants Essay and Miscellaneous Word contest, which has been running for the last few months in the Observer, came to a close today, with the winners of the last week's competition announced.

WILL ROGERS says:

BEVERLY HILLS, Oct. 13 — It must be terribly discouraging to Mr. Roosevelt after eight months of hard work to try to get people a job to have 'em strike the minute they get it.

It looks like if all these dissatisfied groups instead of striking would keep on working and lay their complaints before the government, with the proviso that if it's settled in their favor they get the extra back pay. Labor has seen enough of Roosevelt to know he is in sympathy with 'em and that in a government arbitration they will get a square deal.

Help your company to start making some money, and when they do Roosevelt will see that you get a fair part of it. If American labor would work while their case is being arbitrated, instead of striking, they would have the gratitude of our president and the sympathy of everybody.

Yours,
Will Rogers

Unable to stop the more experienced Indians of The Dalles High, the Tigers lost Friday afternoon, 45 to 13, but not until they threw a decided scare into the Hojden coached lads, taking an early lead of 13 to 0.

For awhile it looked as if La Grande High's football eleven was going to contribute a major upset, but The Dalles rallied sharply and soon found its championship stride.

La Grande pushed over a score in the first few minutes on line plays winding up when Ralph Floborg took a short pass through the line for a touchdown. As the quarter ended, La Grande led 6 to 0, but The Dalles came back soon after the second period opened, tying the count. Less than 40 seconds later Buddy Reynolds faded back and hurled a long

LITTLE GIRL IS SAVED FROM MT. EMILY MILL POND

What came precariously near being a tragedy occurred at the Mt. Emily Lumber company mill pond this morning, but fortunately the quick work of B. A. Van Wormer, superintendent of the mill, prevented a fatality.

Two little girls, who had gained entrance to the yard somehow, were playing near the mill pond and one, daughter of Charles Webster, fell in. The other daughter of Henry Allen,

HERE SHE IS!

Could this be Sally Rand — all dressed up and without a fan? Yes 'tis, and the smile you see here was being registered for the camera-gentlemen-of-the-press who greeted her as she arrived in New York to show Broadway some of these new fan-gled steps that helped to make the World Fair what it is today. But Broadway made her put on some ruffled panties!

Announcement of Appointment Features A. A. U. W. Banquet

SIGNAL HONOR TO STATE OF OREGON

Dr. Curtis Worth Chenoweth, of University of Idaho, Main Speaker at Conference Dinner

The appointment of Mrs. L. T. Merwin, of Portland, as northwest sectional director, including Washington, Oregon, Montana and Idaho, was announced by Mrs. Virgil Earl, of Eugene, state president, at the opening banquet of the state conference of the American Association of University Women last night at the La Grande hotel.

Dr. Curtis Worth Chenoweth, M. A., of the department of philosophy at the University of Idaho, was the guest speaker. The banquet was attended by more than 100 out-of-town visitors and townspeople.

Mrs. Merwin's appointment is a signal honor for Oregon since many capable women were considered for the position throughout the four states.

International relations is one of the phases of the work of the university women which is especially stressed and Dr. Chenoweth discussed the philosophical viewpoint in his discussion of "New Principles of International Relations."

The principle to operate in international relations, according to the speaker, is that which governs all human relations in the family, the community, the state, nation and the world humanity. Formerly the prin-

FIND MARSH'S CAR IN PORTLAND, ORE.

PORTLAND, Oct. 14 (AP) — Portland detectives said Friday they had found the automobile which was driven by Charles Marsh, former Umatilla county judge, when he disappeared here one year ago.

The car was in a public garage here. It had been left there since Oct. 24, 1932, the garage said. The machine had been checked several times by the auto theft division of Portland police, but a lack of coordination between that branch and the missing persons detail prevented earlier identification.

It's going to be orange blossoms soon for Daisy and Violet! For when the Hilton sisters, famed Siamese twins, arrived in New York from a stage tour of England, as shown here, their smiling announcement was that they'd both be married in a double ceremony about Christmas. Violet (left) is to marry an English boxer and Daisy's husband, she said, is to be Jack Lewis, Chicago orchestra leader.

NRA REACHES NEW TURNING POINT TODAY

Three New Developments in Week to Test the Recovery Act

WASHINGTON, Oct. 14 (AP) — A swift succession of events this week brought NRA to a new turning point, at which its influence and future course appear to depend largely upon impending decisions of its leaders, and the outcome of the re-employment census under way today all over the nation.

The recovery unit was faced with having to make good its claim that removal of the Blue Eagle, done now in a few instances, would be terrific punishment, even "economic death" to chiselers, or risk collapse of the whole voluntary movement for higher wages and more jobs.

Hugh S. Johnson and his aides intended to make certain there would be no public apathy toward this enforcement, and action, was due.

A public pronouncement and formal decision on the minimum price control provisions of the retail codes, which are slated for drastic revision and elimination of "markups," was promised. Johnson faced here a real dilemma. A volume of farm sentiment hostile to NRA as the promoter of the fortunes of industrial and commercial workers and higher costs for the farmer, has been reported to him as being concentrated against the "markups," with the idea these will increase the spread between

Wheat Today

The price of local cash wheat stood today at about 43 cents bulk, according to quotations at the Pioneer Flouring Mills, Portland cash 59 1/2 cents.

CHICAGO, Oct. 14 (AP) — Throwing overboard a world of wheat which speculators had bought on account of currency inflation talk smashed prices for that cereal today to about 10 cents under Wednesday's finish.

Belief was general among grain traders that the Washington administration had abandoned any such inflation plans. Corn and oats led a late rally, but wheat closed nervous, 2 1/2 @ 4c under yesterday's finish, corn 3/4 @ 1 1/4c down, oats 1 1/2 @ 2 1/2c off, and provisions at 47 @ 50c setback.

SESSION CALL WITHHELD
FIGHTING IN SIAM
JAP TROOPS CONCENTRATING

PITTSBURGH, Oct. 14 (AP) — Rev. William F. Rothenburger, of Indianapolis, today was elected president of the Disciples of Christ (Christian church).

SALEM, Oct. 14 (AP) — The call for a special session of the state legislature will not be made until next week, putting the meeting off until the middle of November at least, it became apparent here today as another day passed without word from Washington, D. C., on definite relief plans of the federal government.

BANGKOK, Siam, Oct. 14 (AP) — Heavy fighting was reported in progress today between government and rebel troops on the outskirts of this city.

TOKYO, Oct. 14 (AP) — Authoritative sources said here today that Japanese troops were being concentrated at Mukden, Changchun and Harbin in Manchuria. Apparently the concentration was a precautionary measure, ostensibly in preparation for a bandit drive.

GERMANY TO QUIT LEAGUE, DISARM MEET

By Louis F. Lochner
BERLIN, Oct. 14 (AP) — By one of the boldest strokes of official action taken since his assumption of power, Chancellor Adolf Hitler today served notice on the league of nations that Germany will withdraw two years hence, and on the disarmament conference that the reich no longer finds it possible to continue its attendance.

To demonstrate to the world that all Germany stands behind the chancellor's foreign policy, President Paul von Hindenburg ordered the dissolution of the reichstag and all the state parliaments and set new reichstag elections for Nov. 12.

PARIS, Oct. 14 (AP) — A French spokesman today characterized the announcement of Germany's intention to withdraw from the disarmament conference and the league of nations as "the gravest news in 20 years."

WASHINGTON, Oct. 14 (AP) — Germany's notice of withdrawal from the disarmament conference and the league of nations sent reverberations through official and diplomatic Washington today, one immediate result being a hurried conference of state department chiefs.

The sudden move of the Hitler government took American officials by surprise.

Through Norman H. Davis, chief of the American delegation at Geneva, the United States has been striving to exert a conciliating influence in the hope of bringing Germany and France into some sort of accord.

Justice Overton held that the bus and truck law combined the executive, judicial and legislative functions of the state into one department and made all circuit judges, the attorney general, district attorneys and the state police subservient to the public utility commissioner.

He ruled that there was nothing to show that the utility commissioner had complied with the act in providing forms, rules and regulations.

ODD FELLOWS WILL ATTEND ONTARIO MEET

An interstate meeting of the Odd Fellows of Idaho and Oregon will be held at Ontario next Thursday and among those planning to go are W. J. McClure, Ed. Bork, Orlin Anson, R. J. Kitchen and S. B. Zion, it was announced Friday night when the local lodge met at the hall.

The first degree was conferred on Jacob Johnson of Union and John A. Keown, of La Grande. A large delegation from Union participated in the ritualistic work. The second degree will be conferred next Friday evening at the regular meeting.

NRA CODE VIOLATORS MAY BE PROSECUTED

WASHINGTON, Oct. 14 (AP) — Violators of the NRA lumber code may be prosecuted by federal authorities "the same as for violating any federal law."

This statement was reiterated here by Thomas Glasgow, deputy administrator, who declared the administrator's authority stops with the adjustment of objections to the code provisions.

The administration is an arbitration body, the deputy said, designed to hear complaints and disputes without the industry. It has nothing whatever to do with violations. Violations of the code will be turned over to the attorney general, Glasgow said, "and this ends the NRA connection."

Rulings of the local NRA board may be appealed to the national

PRELIMINARY PETITION IS FILED TODAY

F. W. Stevens, of Lane County, Charges General Neglect of Duty

83,331 SIGNATURES NEEDED FOR VOTE

Election Clerk Estimates a Recall Election in Oregon Would Cost State \$75,000

SALEM, Oct. 14 (AP) — A preliminary copy of a recall petition charging general neglect of duty was filed against Governor Julius L. Meier here today.

F. W. Stevens of Goldson, Lane county, filed the petition with Secretary of State Hal E. Hoos.

The specific complaints set forth were:

"1. That said Julius L. Meier is utterly devoid of that leadership necessary to the office of governor of the state of Oregon.

"2. That the real duties of the office of governor of the state of Oregon have been left to persons whom the people of the state of Oregon did not elect.

"3. That the incompetency of the said Julius L. Meier and his intention to the duties of the office of governor have placed the state of Oregon in an impossible condition.

"4. That for the reasons above set forth, the welfare of the state of Oregon demands the recall of the said Julius L. Meier as governor of the state of Oregon."

For completion the petition requires 83,331 signatures, or 25 per cent of the highest vote cast for a supreme court justice at the last election. The completed petitions must be filed within 90 days.

On filing of the completed recall petition, the governor would be allowed five days in which to resign. If he failed to resign within that period the secretary of state would be

Truck And Bus Law Given New Blow in Courts

WOODBURN, Oct. 14 (AP) — Justice of Peace Overton released eight defendants charged with operating trucks without P. U. C. plates and declared that the bus and truck law was unconstitutional here yesterday.

Justice Overton held that the bus and truck law combined the executive, judicial and legislative functions of the state into one department and made all circuit judges, the attorney general, district attorneys and the state police subservient to the public utility commissioner.

He ruled that there was nothing to show that the utility commissioner had complied with the act in providing forms, rules and regulations.

Judge Lewelling of the Marion county circuit court recently held invalid those provisions of the bus and truck law relating to private and contract carriers. This case is now on appeal to the supreme court and a final decision is expected next week.
