A JOB WELL DONE

The more we think about it, the more we are convinced that the expeditious and efficient way in which the recent Cove murder case was handled, deserves special comment.

Then, with the man in jail, the district attorney's office lost little time in obtaining an agreement from the prisoner to plead guilty to second degree murder.

A college president says students have changed very little in the past thirty years. This is why parents who have sons or daughters in college worry.

It's good sense, good business, and good science to cheer up and be merry. After all, it's gravity that keeps us down.

Business is booming: "Pay your bills!"

required to call a special election within 20 days. Election Clerk David O'Hara estimated that a special election would cost approximately \$75,000.

EUGENE, Ore., Oct. 14 (AP) — P. W. Stevens of Goldsboro, whose name was attached to a preliminary copy of a recall petition directed at Governor Meier today, operates a store at Goldsboro, a community about 90 miles from Eugene.

In a telephone conversation with the Register-Guard, Stevens denied he had any relation "with any group." There have been rumors here that a recall petition would be directed at the governor by a group of truck men and log haulers who are fighting the recent act forcing them to pay insurance and to post "good faith" bonds such as are required of public freight carriers.

prices at which they sell and those at which they buy. On the other hand, an overwhelming proportion of the country's 1,500,000 retail merchants, officials say, have their hearts set upon minimum prices ten per cent or seven per cent above the cost of goods as delivered to them. In the last analysis, the decision was up to President Roosevelt.

The judicial arm of NRA, the national labor board, next week will have to make good also. Its chairman, Senator Wagner of New York, has said flatly and uncompromisingly that Kentucky coal mine operators who ignored the board's summons to an arbitration meeting will be made to come in. They have challenged the industrial law already in public refusal to deal with the United Mine Workers.

The present census was to tell whether the Blue Eagle did its job. Three million employers have been given cards on which they will indicate what the payroll and number of employees is today and what it was on July 17.

Regents Permit Sale of Beef On Wisconsin Campus

MADISON, Wis., Oct. 14 (AP) — The sale of beef in the Memorial Union, a special center of the University of Wisconsin and in the refectory of the men's dormitories — demanded by the students' board of regents. There was one dissenting vote.

Beef was barred on the campus in pre-prohibition days.

Puget Sound Wins From Willamette

TACOMA, Oct. 14 (AP) — In a thrilling last period climax to a bitterly fought contest, College of Puget Sound upset the strong Willamette University football team 6 to 0 here last night.

pass to Ralph DeBoie, who raced 55 yards up the middle of the field to a score. Jack Alvey kicked the point and La Grande led 13 to 6.

The La Dalles turned on the heat. La Grande's defense allowed up the ball and ended 26 to 13. In the last two periods the Indians scored 19 more points.

Eddie Miles, George Watson and Dick — the stellar passer and quarterback — acquitted for the winners. While Hughey Irwin and Ralph DeBoie shone most brightly for the Tigers, while Beyond turning in some fine passing, Vic Bean showing up well on defense while he was in the game, and Fred Gehring and Coalfield playing nice ball at center. Floberg also chalked up some nice gains until he was taken from the game with a shoulder laceration, which will keep him out of play for a week or two. Vic Bean suffered an injury to his hip, but the others came through the game without hurts.

Cochran Ira Woodie used nearly his entire squad of 24 in an effort to stop The Dalles, but without success. Two or three long forward passes which would have been sure touchdowns were dropped by La Grande receivers.

The team returned about 11:30 o'clock last night. The next game will be played at Enterprise next Friday.

board and thence to the administration. The deputy administrator may then call a hearing and give his decision "which may be appealed to the courts." Glasgow said "any interested party has a right to complain," but he explained that the mere fact that an operator objects to the provisions of the code does not indicate he is a violator of the code.

attempted to save her and went into the deep, cold water but could do no good and barely managed to get out. Mr. Van Wormer, who saw the child fall in from his place on the mill deck, rushed to the scene and rescued the child as she went down for the third time. She was taken to her home.

MRS. M'DONALD COMING HERE

Mrs. Margaret McDonald, of Los Angeles, who has been spending the summer at her cottage at WaWawa Lake will arrive in La Grande tomorrow to visit until Wednesday with Mrs. Turner Oliver and Miss Margaret Anson on her way to the southland. Mrs. McDonald has been visiting for a few days at the Mrs. P. A. McDonald and Duncan McDonald homes in the valley.

Needy To Receive Butter Purchased By the Government

WASHINGTON (AP) — Many million dollars worth of butter will be distributed to the needy in a new government effort to simultaneously improve unemployment relief and lighten the surplus pressure on prices.

Detailed figures are undecided, but Harry I. Hopkins, relief administrator, has promised to buy "a substantial portion of the butter surplus." This surplus is estimated at 100,000,000 pounds more than a year ago and 45,000,000 greater than the last five years averaged.

To help bear the cost, the farm administration is considering a one-cent pound processing tax on butterfat. This would raise about \$30,000,000.

LOOK IN THE EGG BASKET FOR BREEDING RESULTS

Every hen and pullet on Washington, Oregon and Idaho farms produced an average of 107 eggs in 1932. Hens and pullets on Ohio, Iowa and Nebraska farms (to pick three other states at random) produced a yearly average of only 81 eggs. Why did Pacific Northwest hens contribute to the egg check so much more liberally than their Eastern sisters?

"Better breeding, feeding methods and climate," answer poultrymen. Note that better breeding leads the list of success factors. Royalty of the poultry world — chickens, turkeys, geese and ducks — highest producers in their classes — will be exhibited at Pacific International Livestock Exposition in Portland, October 21-28. See these exhibits.

Attend this exposition if you possibly can and, as one of the features hear poultrymen discuss the latest methods for making poultry pay.
