### Juniors Stage Annual Stunt On Thursday

#### Shadow Pantomime Gives Enjoyment to Student Body

What meant that sinister smirk? Well, it resulted when Sir Dalles told Victory that he would not foreclose the mortgage on their fair home if she would consent to marry him. Mary him? Oh, she could not bear such an evil thought, but alas, she must do it for her father. Yes, Sir Dalles then left, only to return in an hour to take his prize away and leave her father to his sorry fate with his head near the blade of a circular saw in the old mill.

Victory, however, soon heard the approaching of a horse—her heart throbed and, well, it was her true love, La Grande. He threw Sir Dalles to the floor in defeat and claimed Victory as his own. But wait—what will happen to her father? Will he needlessly meet with this cruel, cold death? Oh no! La Grande rushed to his rescue and all ended well. "Who's afraid of the Big Bad Wolf?"

This clever shadow stunt was presented by the Junior class last Thursday, preceding the Dalles-La Grande game. It was given through a white screen, backed by a strong light and all lines were read by Bob Robertson, Junior class president, by whom the script was composed.

The cast included Margaret Caldwell as Victory; Roy Freshman as her father; Wayne Gooderham as La Grande and Fred Bingham in the role of Sir Dalles. The stunt was directed by Miss Palmer, and assisted by Miss Hanks, Junior advisor. Sound effects were furnished by Bob Reuter, with Roswell Weeks, LaVeda Millinger, and Billy Gunn furnishing the music.

The stunt committee also saw fit to flash an NIA poster on the screen at the close of the stunt and it was received with loud applause by the student body.

Dr. William Peare, introduced by Ralph Floberg, addressed the student body. The Doctor is always interested in the outcome of our big games, as well as the true sportsmanship manifest therein.

The student body then gave the Tiger team a good send-off with a song of singing and yelling, which was probably the best we have had yet this year.

After the standing of the pep contest had been given, and announcements made, the assembly was adjourned. — Helen Melville.

### INTEREST SHOWN IN AQUARIUM

An aquarium in Mr. Taylor's room has been drawing much attention for the past month. The bottom of the sixty-four gallon tank is embedded with sand, and with its irregularities caused by the motion of the water, presents much the appearance of a small stream. Water cress is planted in this sand.

Mr. Taylor has three kinds of fish in the aquarium—suckers, trout, and minnows, all of which were brought from the Grande Ronde river about a month ago. Angle worms and fish food make up the family meal which is twice a day. Since being put in the aquarium, the fish have increased in size two or three times what they were at first.

Twenty-four snails are in the collection. These are used as house-keepers, since they keep the sides of the glass clear of any accumulations that would otherwise collect there.

Other specimens are to be added as soon as available, as the aim is to make the aquarium a popular spot for the exhibition of water animals and plants.—Shirley Zion.

### COMRADES

Thursday, October 12, the high school held a pep assembly preceding the Dalles-La Grande game. That same day, 411 years ago, Columbus discovered America.

Columbus had the same "Tiger Spirit" as the students of L. H. S. With unflinching strength and courage and through the perils of many storms he kept steadfastly on, not knowing that he was to discover a new land. Surely, we must honor the gallant leader, who without any wish of receiving glory for himself, undertook this strange, perilous voyage. We cannot help but honor him whose character withstood the lesser men who voyaged with him.

As long as we continue to call ourselves Americans, we must cherish the memory of him who possessed the quality of "carrying on," no matter if he won or lost. We, the student body, possess the same trait and no matter if we win or lose we "carry on."—Sophia Gethhaber.

### SOPHS TAKE ROOKS 6 TO 0

The Sophomores have a habit of making a touchdown the last thirty seconds of the game! Two weeks ago they tied the Juniors 6 to 6 in the last half minute of the game. Thursday they beat the Rooks 6 to 0 with only thirty seconds left to play.

The Rooks received the kick-off and Ed Hall led the march that carried the ball 50 yards down the field. A Rook back fumbled and the Sophs recovered. Neither team could penetrate each other's goal line so the half ended 0 to 0.

The third quarter ended without much success for either team. In the last quarter the Sophs awakened to play half 50 yards which carried them into scoring territory. With thirty seconds left to play Frank Kessler faked back and threw a 15-yard pass into the hands of George Chadwick, who ran 4 yards for the lone touchdown. The Sophs failed to convert and the score ended 6 to 0 in their favor. F. Lyle of the Rooks turned into quite a stellar tackler.

### Volleyball Teams Chosen; Girls on Hikes

The girls' volleyball teams have been chosen by the physical education director, Miss Osborne. The squad teams are now being organized. Four squad teams are expected from the freshmen, and one or two squad teams from the other classes. The teams are beginning to play games this week.

The following girls made the first teams: Seniors—Nadine Attebery, Opal Conner, Florence Doherty, Doris Duncan, Sopha Gethhaber, Ruth Nelson, Anna Mae Whitting, and Muriel Gray; Juniors—Ma Mae Andrea, Le Wanda Cantrell, Marjorie Gray, Loree Robertson, Gloria Spran, Faye Walker, Zelma Serrin, and Norma Stein; Sophomores—Ida Mae Ambrose, La Verne Carbine, Mary Fross, Rosella Matott, Viola Nobler, Mary Ellen Stoddard, Ellen Torrence, and Margaret Young; Freshman—Lorraine Burnett, Marian Gehring, Doris Githens, Estella Kube, Elys Marshall, Marian Walker, Louise Whittney, and Cosance Whitty. Lucille Thompson is substitute for the Seniors, Colleen Plummer for the Juniors, Kathleen Peare for the Sophomores, and Adalene Bunch for the Freshmen.

Last week there have been three different hikes that the girls have had. The most interesting hike was a supper hike up Table Mountain, where they later cooked their steaks over the campfire at Dutch Springs. The girls also enjoyed a good baseball game up in the mountains.

### A FRESHMAN'S REACTION

There is a long jump between the eighth grade and high school. The Freshmen are suddenly confronted with different rules, regulations, and subjects, and so far, we believe, have met the situation fairly well. They have fallen in line with high school procedure, and by the end of the first month, are going about the school like students of experience.

Some of the Freshmen have chosen extremely difficult subjects, but nevertheless, most of them are going ahead with their program. Some, however, have dropped subjects, they selected at first, and are now settled down to the new schedule.

The social side is practically the same. You will find the Freshman class co-operating with the Student Body officers in every way. In the ticket sale, the Freshmen won first place, which shows that they got out and worked. The class is now electing its officers for the coming year.

On the whole, it should be said that the Freshman class reacted quite favorably to high school life.—Carlyle Wilson.

### SENIOR STUNT UNDER WAY

The "Sad Tale of the Buckaroo" will be presented October 20 to the Student Body. It is well timed because the Tigers play the Buckaroos the following afternoon.

The Seniors in the cast are as follows: Melba Shepherd, Marianne Boyles, Myron Wheeler, Glen McKenzie, Joanna Leslie, Laurence Fillmore, Margery Spencer, Donald Higgins, Joseph McHugh, Walter Dahl, Delores Stuart.

Costumes—Betty Martin. Make-up—Eileen Waldorf. Light effects—Carl Douhan. Mr. J. H. Blunt is directing the stunt. The public is cordially invited to attend the program.

### FRESHMEN IN ASSEMBLY

An assembly was held Tuesday last for the purpose of having the names of candidates for the Freshman officers read. They were nominated Monday by the nominating committee, consisting of the home-room representatives from each Freshman room. Nominations were also received from the floor.

On Thursday, the candidates gave a speech setting forth what they would do if they were elected.

Friday morning, the Freshman class voted on its officers, and as soon as this result is made known, we shall publish the list.—Carlyle Wilson.

A large group of students watched the game, which was interesting all the way through.

The starting line-up:

Sophs	LE	B. Rogensen
Bianchard	LT	F. Lyle
Beum	LG	Worrel
Snodgrass	C	Winters
Bohnenkamp	RG	Morgan
J. Hendrickson	RT	Ragan
Klein	RE	C. Hendrickson

### Freshmen Lead In Pep Contest Attendance Puts Juniors Second

It looks as though the Freshmen "take a march" on the rest of us and came popping up at the head of the parade. They must give them credit for their ability to sell student tickets and keep a fair attendance. We wonder if this is just a burst of enthusiasm to show their ability or if it is the former, but nevertheless they promise to give other classes good competition although the seniors and sophomores have a reputation for pep and juniors are improving.

Last year the Sophomores were usually on the small end of pep points but since they have become Juniors, they have changed and are now second in line. If their attendance were higher they probably would be first. We can give no definite reason for this surprising change but it is our opinion that a large portion of the "thanks" should go to Miss Palmer.

The Seniors who won the contest last year were taken down a little when the classes that worried them least walked off with first and second places and left them third position. Perhaps they will recover from this shock in time to get another, or maybe the rest of us will get one.

With only three points difference between them and the highest, the Sophomores need not be discouraged. We all know that they have the material and if they only use it to the best advantage they may soon be topping the list.

This pep contest is a contest between the classes in order to determine which one is able to accomplish the most in such things as: selling student body and family tickets, attendance, class skits, selling play tickets, and inter-class sports. The class excelling in any one of these receives 4 points, the other classes receive 3, 2, and 1 point respectively according to their rating. At the end of the school year the class with the largest total of points wins the honor of having their name placed on a large silver cup which is kept from year to year especially for this.

So far this year the sale of student body tickets, family tickets, and the September attendance have been the means of earning points but with the class stunts soon coming to end the standing may change.

The final report is as follows:  
Freshmen: Sale of family tickets, 1; sale of student body tickets, 4; attendance, 4; total—9.  
Juniors: Sale of family tickets, 4; sale of student body tickets, 3; attendance, 1; total—8.  
Seniors: Sale of family tickets, 3; sale of student body tickets, 1; attendance, 3; total—7.  
Sophomores: Sale of family tickets, 2; sale of student body tickets, 2; attendance, 2; total—6.

### THE OWL SPEAKS

The Wise Old Owl sat in an oak. The more he saw the less he spoke. The less he spoke, the more he heard. Why can't we be like that old bird?

I'm just a wise old owl boxed up in an old apple box in a room—I believe it's Mr. Taylor's room in the high school. That's the biology room. I'm told, so I'm wondering how long it will be before I'm bottled in alcohol and become a permanent fixture in there.

Somebody caught me in the daylight when they knew I couldn't see them—then they carried me to this high school room with skylights where there is no more daylight than ever, so all the enjoyment I had was the few hours at night when I could take in the situation all by myself. Then spend all the next day snapping and hissing at those outrageous-looking creatures called high school students.

One night, after several efforts (and thanks to a good set of claws) I managed to get out of the box. That didn't seem to be appreciated so much, so I was traded to another school a short distance from here, for two squirrels. Now the room will be quite lively.

Just before I left, however, a girl in the biology room stopped in front of my cage (they all did, as I was the main attraction), and said, "My what beautiful eyes." That was about the only time the box wouldn't quite hold me, because she was really a beauty—I couldn't say that for everybody who stopped and commented on my looks. Looking around to see if there was anybody else in the room, she asked, "Wise old owl, could you tell me anything about my future?" "Do you know whether he really loves me, or is there another?"

Well, that was just about the last straw. I'd heard all kinds of questions asked in that room, but nothing quite like that. Had not someone come in about that time, I was about to tell her not to count her chickens before they hatched—she probably knew that anyway, or she wouldn't have asked me.

Well, to my old L. H. S. friends, come and see me some time—I'm "at home" over at the Normal school from now on.

### BACK HOME

The football squad returned home defeated, but any of our hearts were soon lightened by the thought that brought back to us the opportunity to gain knowledge of nature and

### Seniors Win In Football Series By Virtue of Tie

The orchestra made its first public appearance of the year, when it played at the meeting of the High School P. T. A. It is headed this year by Roswell Weeks, president; Walter Dahl, vice president; and Catherine Scully, librarian.

Mr. Loney plans to have the orchestra appear as often as last year, if not more. As usual it will furnish a large part of the operetta. Many well merited compliments were received last year on their work. The string and wood instruments played at the A. A. U. W. reception Friday night. This was regarded as an honor.

The personnel of the orchestra is as follows:  
Violins: Andrea Ainsworth  
Marian Chausse  
Walter Dahl  
Genevieve Fleser  
Norma Hanks  
Anita Hermann  
Louise Hug  
Catherine Scully  
Isabel Williams  
Catherine Wagner  
Clarinet: Thomas Cook  
Roswell Weeks  
Flute: Everett Reynolds  
Cornet: George Denny  
Ben Grandy  
Ben McMillan  
Piano: Ola Mae Hough  
French Horn: Delores Powell  
Trumpet: Jack McGlay  
String Bass: Myron Wheeler.  
Tuba: George Wilson  
Drums: Laurence Fillmore  
Later in the semester several additions are planned.

The term "orchestra" was originally applied to space in theaters between the seats occupied by the stage. The Greeks used this space for choruses and musicians. Now the term is applied to the instrumental performers, taken collectively.—LaVelle Hanna.
