TOMORROW at La Grande

E. O. N. ATHLETIC FIELD

2:30 P. M.

LET'S SHOW OUR COLORS STRONGLY BEHIND E. O. N.

La Grande owes much of its progress and development to the presence here of the Eastern Oregon Normal School. The growth and expansion of that institution will be reflected in turn in the further stabilization and progress of our city. In every way possible it behooves the city and its citizenry to get behind and support this institution which is growing up in its midst. Recognition of all forms of endeavor and advancement at this school, whether it be progress upon the field of athletics, the platform of oratorical contest or the everyday activities and conquests in educational

endeavor — should be watched, followed and encouraged by all of this community. This is "homecoming week" at E. O. N.—the time when scores of former students and alumni return to show and prove the continuance of their interest in the school they call their alma mater. Let all who can of this community join with them — go to the game tomorrow; attend various other programs of homecoming week to which the public is invited; show the students and alumni of this school the undivided support of La Grande is behind them.

The Following Business and Professional Firms of La Grande Have Contributed to This Page Presentation and Urge All Who Can to Attend Tomorrow's Game
