THE OPEN COURT

CORRESPONDENTS MUST SUBMIT THEIR NAMES TO THE EDITOR IF THEY DESIRE LETTERS PRINTED.

Dear Editor:

I would like to say a few words in regard to our game laws, our game commission and the elk season.

First let me say the following does not apply to all elk hunters, for many went out prepared. They made their kill and took care of the carcass so that none was allowed to spoil.

Thursday afternoon the carcasses of three magnificent elk lay on the platform at the Consolidate Freight terminal. The men at the terminal said they were to be shipped to southwest Oregon. They would be shipped out of La Grande Thursday evening, and if they go straight through without having to lay over in the terminal in Portland they would arrive at their destination sometime Friday night. The meat would probably be taken care of Saturday forenoon.

We will say these animals were killed Wednesday. I can not say as to the exact date as I did not examine the tags attached to that will give the hunters the benefit of the last day. That makes 72 hours at least they will be hauled around over the country before there is anything done to them, other than removing the entrails. The meat at the time I saw it about 4:30 Thursday afternoon had started to spoil. The stench was pretty bad then so you can imagine what it would be like when they arrived at their destination. The meat will have to be thrown away and the antlers will be saved to grace the walls of this so-called sportsman's home. These three are only part of the number that will go the same way.

Last spring some young men were caught cat fishing without license. They served time in the county jail for it. It would be a pretty safe bet that had they been allowed to keep their fish they would not have been wasted.

But the elk hunter, because he has a license to hunt and a special license to hunt elk is allowed to go out, kill his elk, allow it to spoil, then ship it all over the state when common sense should tell him better. There surely is something wrong some where.

The sportsmen of Eastern Oregon have done much to build up the herds of elk and then to have them slaughtered by out-of-state and out of Eastern Oregon hunters is a poor way for the state to take care of them.

Many of the animals were so tame it was almost like going out among a herd of beef cattle and picking out the one that looked the best and killing it.

Isn't there a law against wantonly wasting or wantonly killing game animals or fish? If so, why wasn't it enforced, for this elk season has been a season of wanton killing and waste.

The game commission surely must have foreseen this and could have taken steps to prevent it. At least, this should be a lesson even though it has been dearly paid for.

(Signed) EARL BLOKLAND.

Surprise Party Is Happy Event

COVE (Special)—A surprise party in honor of W. J. Hallmark was given Thursday evening. The party was planned in honor of Mrs. T. C. Hefty also, as her birthday falls on the same date, Oct. 19, but owing to the illness of little Jimmie Chaffee it was impossible to have it at the Hefty home as planned. A very enjoyable evening was spent by the guests who were Mr. and Mrs. Guy Barker, Mr. and Mrs. T. C. Conklin, Mr. and Mrs. Alvin Orton, Mr. and Mrs. Lon Ayers, Mrs. Bernice Miller, Miss Besse Kelly and Jack McIntire.

Mrs. S. E. Smutz conducted the services at the Methodist church Sunday, while Mr. Smutz took the place of Rev. W. H. Herzog in La Grande. Mr. Herzog left recently for the convention in Chicago. At least seven deer were brought into Cove Saturday and a large number have been taken since. Among those who have brought out deer are Grover Duffek, Frank Musick, Clarence Rufus and Glenn Hereford, C. A. Smith, Leonard Towle, Roy Alexander, Francis Kelley and Alvin Orton. Clarence Hereford also brought out an elk. Mr. and Mrs. T. C. Hefty and sons, Charles and Donald, and Mr. and Mrs. Howard Chaffee and son, Jimmie, drove to Elgin by way of the new Mt. Fannie road Wednesday. The new drive which was completed this summer, is through some of the most beautiful country in this part of the state. Scores of cars drove to the Mill creek summit Saturday and Sunday and the elk hunters started back into the hills to be ready for the opening of the season. The weather throughout the three days was ideal for hunting and camping out as the nights have been unusually warm for this time of year. Mr. and Mrs. Frank Conklin, who have been in charge of the poor farm for several years have moved to their home in Cove. TIGERS CLAW BUCKS 28-6 HERE FRIDAY

(Continued from Page One)

Tiger sub quarterback—and raced to a score.

Those were the thrills, but there was a lot more football. In the last quarter Pendleton, determined to score, kept the ball in La Grande territory all the time, but three times the Tiger defense proved impregnable. Once Pendleton was held for downs on the three-yard line, four hard plays gaining only two yards.

All the scoring came in the first half. La Grande's razzle-dazzle combination of passes and running plays confused Pendleton a bit and the touchdowns came rapidly.

The second score came on a 35-yard dash by Ralph DeBole, after La Grande blocked a Pendleton punt on the fourth down.

Just before the first period ended Reynolds passed to Alvey for a 28-yard gain to Pendleton's 45 stripe. Buddy passed to Hyde as the second quarter opened, who was downed on the 27-yard line. A Pendleton penalty cost five yards, then Hyde drove off tackle to the six-yard line. Able DeBole made two yards and Jack Alvey went over on a short pass from Reynolds.

Alvey kicked three of the goals after touchdown and Ralph DeBole went off tackle for the other, after he scored.

Four Tiger Threats Haltered Four other times the Tiger's threatened but Pendleton held, once on the five-yard line.

In the first half, La Grande's offense was clicking almost perfectly, and in the last quarter, the Tiger defense stood out. Alvey made a first down as the game ended, after Fred Gehring intercepted a Pendleton pass on his own 13-yard line and returned to the 20.

Every man on the La Grande starting squad played fine football, and several of the reserves, particularly Hyde, showed up well. K. Webb, who sprained his ankle in the last quarter, was continually knitting the Buck line to throw Pendleton runners for losses, and some of the other linemen duplicated his defensive tactics. Reynolds, the DeBole brothers and Alvey all gained obstinately, and broke up many passes. The blocking of the Tiger team showed quite a bit of improvement, although falling down a bit at times. V. Bean and Irwin worked well at the ends.

In first downs La Grande chalked up 15 to Pendleton's nine. Grayheal played the most outstanding game for the losers, kicking, passing, running the ball and starting defensively as well. The Pendleton line seemed to grow stronger as the game advanced. Between halves, the College of Idaho pep band furnished a concert.

The lineup: (28) La Grande Boomer LE Irwin Gummell LG Sulder Chataas LT Halley Schmidt C Gehring Fugit RG K. Webb McDonald RT Walden Bacon RE V. Bean McClure Q Reynolds Lassen RH R. Boie Grayheal LH Alvey Greenwell P E. DeBole

Substitutions: For Pendleton: Belle, Nond, Sams, Rosenberg, Rees. For La Grande: Hyde, Osborn, Coalwell, Waldron, Hogenson, Stitt, M. Bean, Young, Hansen, Blackman. Officials: C. H. Reynolds, referee; E. R. Quinn, umpire; Tuck Hodgson, head linesman.

The High school enrollment reached a total of 65 Monday with the addition of Lottie See of Pleasant Grove.

The F. F. A. stock judging team did not bring back a first place but the team average was exceptionally high—13 among 73 teams, and 4th among the Oregon teams. Delmer Fowler, Elton Prizzell, Clyde Ott, and Harland Pratt, their coach, Mr. Erick and his wife made the trip. Previously this team placed 1st at the Wallowa county fair, then winning the plaque for the third time. It is now the permanent possession of Imbler.

LOCAL AMATEURS WILL ENROLL AT EAGLES FRIDAY

A chance to get a flying start up the pugilistic highway will be given the amateur heavyweights who compete in the Eagle big relief fund benefit district championship amateur boxing tournament in Eagles hall here the nights of Nov. 21, 22 and 23, tourney chieftains pointed out today.

Practically every great ring champion began his career by first competing as an amateur. This goes for Jack Dempsey, Benny Leonard, Jimmy McLaughlin, Fidel La Barba, Jackie Fields, Barney Ross, etc. And it is not beyond the bounds of reason that from the coming Eagles ring revival may come some young giant destined to carve his name high upon the leather-pushing ladder.

Another thing about great ringsters is that most of them hail from small cities, towns, or communities and invariably are front jobs requiring hard labor.

The amateurs slated to compete in the Eagles big tourney here, too, will come from all walks of life. There are to be classes in all weight divisions. The contestants may rest assured of being matched evenly as all bouts are to be arranged according to age, weight, and ability each night of the meet, tourney officials say.

Charles Hildebrand, trustee of the Eagles, announced that the local amateurs are to be taught how to box free and trained in a training camp to be set up in the lower floor of the Army building. The locals are to assemble at the Eagles Friday night of next week to enroll and on the following Monday night they are to begin pepping up for the fray. It costs nothing to sign up, learn how to box, and compete for the "Jack Dempsey" trophies and other awards that go to the winners.

Cancer Cure Is Scoffed At By Dr. James Ewing

MADRID, Oct. 28 (AP)—Dr. James Ewing, director of Memorial Hospital, New York City, told delegates to the international cancer congress Friday that the idea of discovering a cure for cancer is "absurd."

The only hope of reducing cancer fatalities, he added, lies in prevention.

He said that in his opinion only the lip, skin, mouth, and breast cancer is curable.

These, he went on, constitute 95 per cent of the cases, but the remaining 5 per cent are not curable. He criticized physicians who hold forth a cure in the early stages of cancer, saying that early diagnosis seldom is possible and even when possible is useless if the cancer belongs in the incurable category.

Stomach cancer is the most deadly of all, he said, and only one in 1,000 cases survive. This cancer is impossible to diagnose in its early stages, he declared.

ST. MARY'S WINS FROM NEVADA 61-0

SAN FRANCISCO, Oct. 28 (AP)—Bolstered by a rousing 61 to 0 victory over the University of Nevada Wolves, the Gaels of St. Mary's were on their way to New York today. Planning to finish the same bewildering offense against the Fordham university Rams next Saturday.

In their farewell appearance here yesterday, a few hours before they entrained for New York, the Gaels had the satisfaction of piling up the largest score ever made by a St. Mary's team—and against a team which had been conservatively expected to hold the Madigan men to at most half that many points.

It was a team of astonishing power which flipped the Nevada defense to pieces for touchdown after touchdown. Two weeks out of competition after their defeat on successive Saturdays by the University of California and the University of Southern California, the Gaels came back for their most brilliant exhibition of the season.
