Three of Ontario's touchdowns were scored by the aerial route. Ontario scored the fourth counter on a line play from the two-yard line. Smith did the ball-hurling for Ontario.

RELATIVES OF DEAD MAN ARE BEING SOUGHT

The whereabouts of relatives of Bert Scritchfield who died in a Prairie City hospital last Saturday is desired by friends of the deceased. Scritchfield, 51 years old, was buried in Canyon City on Sunday. A post mortem examination revealed a blood clot at the base of the brain as the cause of death. He was found unconscious in his bed at a sheep camp near Hamilton, Grant county, last Wednesday. At time of burial no relatives had been located, and friends at Heppner, where he had been for the last three years, believe that Scritchfield may have been an assumed name.

He came to Heppner in July, 1930, and had worked on farms in area about there. He had mentioned a sister residing in Wallawa county, name unknown; an older brother, name and address unknown, and an unnamed son 17 years old residing at Klamath Falls when last heard from 10 years ago. He went to school at Cofax, Wash., as a boy, leaving school when 13 years old; was known at La Grande and Baker, also at Lewiston, Ida., and Klamath Falls.

He rode at the Pendleton Round-Up in 1914, worked in a saloon there when prohibition came; later on large wheat farm near Pendleton.

Anyone suspecting true identity of deceased or relatives are asked to communicate with Leon Tostorico, Heppner, Ore., for full particulars.

TWO GRID TEAMS REMAIN IN RACE FOR 1933 TITLE

The Northeastern Oregon High school football race has narrowed down to two teams this week—Baker and La Grande—with the latter as favored champion and generally favored to repeat. The two teams will meet in La Grande on Nov. 11 in a game which may decide the 1933 title.

But there are complications. Among them is the fact that La Grande plays a return game at Pendleton Nov. 18, and a win for the Bucks might upset all calculations. And the Bucks, after the 28 to 5 beating they took here last week, are expecting to do some tall "pointing" for that return game with the Tigers, and anything may happen, fans say.

Then there is another matter. Saturday found Ontario delighted with a 31 to 0 victory over Baker. But it does not change the Northeastern Oregon race, any more than The Dalles victory over La Grande did. The Dalles is in Central Oregon, and Ontario—unless it plays a representative schedule in Northeastern Oregon—cannot hope to win this title. However, if Baker should defeat La Grande to win a claim to the Northeastern title, then Ontario—if it were undefeated the remainder of the year in Oregon—would have a clear claim to the Eastern Oregon title, which is generally construed to mean all of the country east of the Central Oregon district.

Ontario has no games scheduled with La Grande or Pendleton, and its only chance to claim an undisputed title would be if Baker defeats La Grande.

The Tigers take on Union this weekend at Union, a team that Enterprise humbled last weekend at Enterprise, winning by a margin of one touchdown.

TEAM OF FORD CARS TRIUMPH IN ALPINE RACE

A team of Ford V-8 stock cars, driven by Dutch drivers in the grueling five-day international Alpine trial over 1,165 miles of Swiss, Italian and French mountains, triumphed over five European and two other American entrants in the fifth annual running of the event, according to H. H. Wilcox, Northwest division manager.

"The Alpine contest is probably the most severe test of motor car endurance in Europe," Wilcox said. "Its 1,165 miles include ascent and descent of 12 major passes through the Alps, and its 52 'hair-pin' curves, together with a wide variety of surfaces, make it an even more strenuous. The course is from Merano through St. Moritz, Turin and Grenoble to Nice. Officials made rigid inspections of the cars at the end of the race, and all the Fords entered were given high ratings."
