

NAME KATE HOUX ON COMMITTEE

WASHINGTON, D. C., Nov. 8 — Paul C. Stetson, superintendent of schools, Indianapolis, Indiana, and president of the National Education association, announced at association headquarters here today that Miss Kate L. Houx, director of training, Eastern Oregon Normal school, La Grande, Oregon, has been appointed a member of a national committee on the administration of teacher training. This committee will meet and report at the Cleveland convention of the Department of Superintendence, February 24-March 1, 1934.

The appointment of this committee is an important item in a fundamental reorganization of the convention plan followed by the educational leaders in their national professional organization for many years. The reorganization is to extend greater responsibility to individual members in the department's attempt to plan more effectively for meeting the current crisis in education.

New Organization Planned For NRA, Johnson Declares

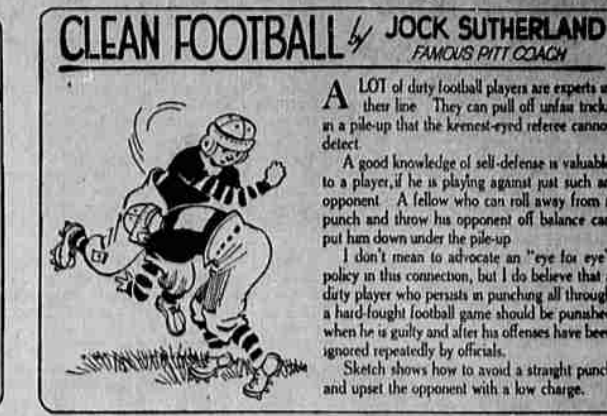

DES MOINES, Nov. 8 (AP) — General Hugh S. Johnson, NRA commander, asserted today a "complete and efficient organization" will be set up soon to enforce observance of the recovery act.

Arriving here for an address, Johnson said "the plan is to make some federal officer in every community the executive officer of enforcement. This officer will have the authority to withdraw the Blue Eagle from any firm not complying with its code."

"We will still retain the local NRA committees," he continued. "These units will have charge of investigating complaints."

Recognizing a disparity of industrial and farm prices in the corn belt as "far worse than the average," Gen. Johnson assured agriculture that promised benefits of the administration's recovery program are "moving rapidly in your direction."

The evidence submitted by the bank did not give any of the details of the transaction or show clearly the stocks in which the syndicate was operating.

Committee members said the list of syndicate participants also included the name of Norman H. Davis, American ambassador at large.

TAMMANY AFTER AL
NEW YORK, Nov. 8 (AP) — The New York Herald-Tribune said today that a movement had been started in the Tammany organization to ask Al Smith to resign his membership.

The former presidential nominee remained aloof from the New York mayoral campaign, in which Tammany got a first-class trouncing.

AT THE LIBERTY

Sheathed in glass and decorated in powder-puff tints and wall textures, the lavish beauty salon settings in the new Metro-Goldwyn-Mayer feature, "Beauty For Sale," represent the most ultra-modern ideas in beautification luxury.

In this expansive setting, occupying an entire sound stage, were built numerous glass treatment rooms containing all the newest beauty aid equipment and conveniences. Wall vaults revealed perfumed showers, beauty lotion sprays, powder-dusters and atomizers of all descriptions. Sun lamps, permanent wave machine, marcelers, wrinkle "irons," reducers, figure developers, shampooers, dryers, curlers, wavers, massage machines, eyelash benders, complexion vibrators, skin vibrators and other articles of beautifying equipment were in use.

Madge Evans and Otto Kruger play the romantic leads in the picture, which opened a three day run yesterday at the Liberty theatre and the cast includes Alice Brady, Una Merkel, May Robson and Phillips Holmes.

The local drive which is officially opened nationally on Armistice Day and continues through Thanksgiving day, will begin in reality here on Monday morning, November 13 and the members of the committees will begin their work at that time.

F. R. PLANNING TO GIVE AID TO 4 MILLION

(Continued from Page One)

put on this basis by December 15.

Harry Hopkins, the federal relief administrator, will direct the civil

works administration.

The president has laid down the principle of a 30 hour week for the workers he intends to employ.

Mr. Roosevelt believes that by this one stroke two-thirds of the families in the country now receiving relief will be removed at least in part from relief rolls.

Approximately three million fam-

ilies are now being cared for by public relief agencies, under White House estimates.

This is a reduction since April of 1,500,000 families. The president has been informed that during September alone 250,000 families were taken off relief rolls, representing about one million persons.

Other recovery signs noted today

at the White House were:

A rise in farm prices for the week ended October 25 from an index figure of 50 to 52;

A rise in prices paid by farmers of less than one per cent;

A decrease in retail food prices of one per cent;

An average rise of less than one per cent in commodity wholesale prices.
