DR. COFFEY AMONG DEAD IN TRAGEDY

(Continued from Page One)
The crash in the isolated canyon before Woodworth and Hart could find their way through the tangled underbrush to a telephone to report the accident. Ambulances could get no closer than a mile from the plane. All the survivors except Pelouze were able to walk to the ambulances.
Dr. Coffey was known throughout the medical world for original contributions in surgical technique. Among a number of important operations he originated, is the one in which the course of the channels from the kidney to the bladder is changed, and functioning of the bladder made unnecessary. In 1931 Dr. Coffey performed this operation on two patients before 100 surgeons of the Western Surgical association, with complete success.

NEW TELEPHONE LINE PLEASES

Clear, distinct telephone service between La Grande and Medical Springs is now enjoyed by both towns since the installation of the new line. It was reported today. The service was unsatisfactory for about a year and a half and the newly installed line was made possible through the co-operation of La Grande and Union people who helped to buy the wire. Medical Springs set up the poles for the line. The Medical Springs people today extended their appreciation of the co-operation received from La Grande and Union.

If You Get Up Nights Make This 25c Test

Lax the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation burning and frequent desire. Get a 25 cent box of BU-KETS, the bladder laxative, from any drug store. After four days if you are not relieved of getting up nights go back and get your money. BU-KETS, containing buchu leaves, juniper oil, etc., acts pleasantly and effectively on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Moon Drug Co. says "BU-KETS is a best seller."

ELK SEASON INQUIRY IS ENDED HERE
(Continued from Page One)
ing Monday in Portland.
His report has as its basis interviews with hundreds of sportsmen, newspapermen, public officials and business men and women, and he said that an attempt was made to get as complete a cross section of opinion as possible.
"Results of the investigation of game law violations coupled with work done during the open season by the game division of the state police and all other officers in this district, are as follows:
"Cases involving elk:
"Union county: No elk case yet tried due to District Attorney Carl Helm's illness. He has returned to office and has deputized Charles E. McCarty, of Portland, as his assistant in prosecution of the group. Nine men have been arrested for either negligent or wanton waste of meat.
"Several of the cases secured by state police officials and on which complaints were filed in Union county by District Attorney Helm covered the territory mentioned in recent affidavits filed in La Grande on the cases wherein elk meat is involved but the charge does not so indicate. In addition, one man from Umatilla county cited to appear Oct. 30 on a charge of wanton waste of elk meat failed to obey the summons and he will be prosecuted on a separate additional charge, one of the first under the new 1933 law for failing to obey summons to appear, and carrying a separate maximum sentence of \$500 fine and 30 days in jail. Union county cases are set for the La Grande justice court Nov. 15, 16, 17 and 18, both mornings and afternoons.
"Umatilla county: All cases cleared. Seventeen individuals involved in 12 cases, all pleaded guilty.
"Baker county: No cases as very few hunters were in the field and very few elk were killed.
"Wallowa county: Several pleas of guilty in Wallowa county, one of which was killing of spiked bull, two more warrants yet to be served. Pleas of guilty in all cases so far."
Several of the cases secured by state police officials and on which complaints were filed in Union county by District Attorney Helm covered the territory mentioned in recent affidavits filed in La Grande on the

sued down the road and captured again.
SAN JOSE, Cal., Nov. 10 (AP)—An anonymous telephone caller who demanded payment of \$40,000 "if you want to see your boy alive again," started federal, state and local officers today on an intensive hunt for kidnapers a few hours after the disappearance here of Brooke Hart, 22, son of Alexander J. Hart, one of San Jose's wealthiest merchants.
Young Hart, a recent graduate of the University of Santa Clara who had just been made a partner of his father, left his department store shortly after 5 o'clock yesterday to go to a nearby parking lot and drive to his parents' home.
His failure to arrive at home on schedule aroused the uneasiness of his family, who said he had been the intended victim of what appeared to have been a kidnaping attempt about three weeks previously.

STOCKS SOMEWHAT HESITANT TODAY

NEW YORK, Nov. 10 (AP)—Stocks were hesitant and somewhat dull today as gains turned reactionary and the dollar displayed resistance in foreign exchange dealings, while buyers were rather shy, offerings were scarce and prices, most of the session, followed a narrow range. The close was a trifle heavy. Transfers approximated 1,400,000 shares.

TRUCK OFFICIAL IN SURVEY HERE

Ralph J. Staehl, manager of the Allied Truck Owners of Oregon, a La Grande visitor yesterday and this morning. He was here on a survey of truck operating conditions and stated that "while standards had increased immeasurably in the last two years, the greatest difficulty today was in those cases where the operator was made an unsafe driver by the shpper and those who hired him."
"Truck accidents are few considering the great mileage which a truck runs as compared to a passenger car," he said, "but good operators know that the showing can still be made much better."
