## UPWARD PUSH IN STOCK EXCHANGE

NEW YORK, Nov. 24 (AP)—The utilities led stocks on a quiet upward push today as the currency stabilization was continued on many fronts. The upturn was coincident with a rally in grains and in the face of a sharp decline in leading foreign exchanges. Extreme gains were shaded by late profit taking, but the close was steady to firm. Transfers approximated 1,300,000 shares.

**AND THIS LITTLE PIG**  
RUSHED INTO A STORE

WEST PLAINS, Mo. (AP)—The bull in the snail shop couldn't have caused much more confusion than the pig that dashed into a department store here five minutes before closing time. As he fled from the notions counter, salesmen penned him up among the kitchenware.

**CAMILLE'S FLAT BRINGS HIGH RENT**

PARIS (AP)—The apartment on the Boulevard de la Madeleine for which Alphonse Plessis, immortalized by the young Dumas as "Camille," paid \$640 rent in 1847, has just been leased at \$2,550 a year.

Only sixty per cent of the students at the University of Miami are residents of Florida.

## His 95 Yard Run Gave West Victory Over Fordham

Catching the opening kick-off and streaking 95 yards for a touchdown was the contribution Norman (Red) Franklin, Oregon State's great back, made to his team's 9 to 6 triumph over Fordham in a thrilling intersectional game at the Polo Grounds, New York. Here you see Franklin leaping through a hole in the Fordham line for a substantial gain during the first quarter.

## WEST'S INTEREST CENTERS LARGELY ON SOUTHERN TILT

SAN FRANCISCO, Nov. 24 (AP)—Overshadowing far western football events more commandingly than ever in recent years, the annual "big game" between Stanford University and the University of California will monopolize gridiron interest of the Pacific coast tomorrow.

Up at Pullman, Wash., the Pacific northwest will play a big game of its own—the classic between the University of Washington and Washington State college.

Down at Los Angeles, the Bruins of the University of California at Los Angeles and the Gaels of St. Mary's college will meet in Memorial coliseum, while University of California's Trojans are back at South Bend, Ind., tangling with the Notre Dame Ramblers.

Almost certainly for Stanford and possibly for California a win will mean a bid to represent the west in the Rose bowl. For Stanford a victory will mean a tie with the University of Oregon for the Pacific coast conference championship, and for either team a win will bring possession of the coveted Stanford axe, symbol of the old time rivalry.

In their contest with Washington, the Washington State Cougars will have the advantage of one of the most persistent jinxes in western football. Never during the regime of Coach Orrin Hollingsberry have the Cougars been defeated in a conference game on their home field at Pullman.

## Sport Slants

By Alan J. Gould  
There may be better all-around forward passers over the broad expanse of gridiron warfare in the U. S. A. but we would be satisfied to have any one of these three young men doing the heaving for us:

Douglas Nott of the University of Detroit, Jack Benon of the University of Illinois and Jack Buckler of West Point.

For punters, taking into account accuracy as well as distance, our mythical team would be pretty well fixed with Ralph Kereheral of Kentucky, Ed Danowski of Fordham or Bob Hogan of Pittsburgh.

For the job of backing up the line, as defensive fullback or any other miscellaneous mopping up, the situation would be well under control with Mike Mikulak of Oregon, Pug Lund of Minnesota or George Henry Bauer of Nebraska doing the chores.

For defensive diagnostician, a new name for it so far as most of the boys are concerned, let's have Chuck Bernard of Michigan. Assign Oom Paul Johnson, Army quarterback, to the task of calling the offensive strategy, fill in the remaining positions with sturdy youths and let the whistle blow.

Of course we can't have all these fellows in the game at the same time, without making some special arrangements, but they can take turns and enjoy themselves.

**In The Slot**  
Beynon and Nott have remarkable records this season in heaving the pigskin for accuracy and touchdowns, respectively.

Beynon completed 12 out of 17 passes against Army at Cleveland in the second half but Illinois failed to score. That's like having a beautiful piece of statuary that you can't sell. It looks good but there's no payoff.

Nott, on the other hand, has passed a number of Detroit's opponents dizzy with scoring heaves. His passes were directly responsible, says one of our scouts, for five of the six victories registered by the Titans up to the middle of November.

Against Washington & Jefferson Nott hurled a 35-yard pass after W. & J. players had caught him all over the field. It was caused by Bensinger, a fine end, who ran 35 yards more to score in the last few moments of the first half.

According to a West Virginia observer: "Roy Marshall, Emory and Henry, halfback, is the best passer the south has had since Bobby Dodd of Tennessee." It seems that Marshall "completes passes in every game for touchdowns and accurately tosses the ball thirty or forty yards and often completes longer passes."

**That's Kicking!**  
Kereheral, the Kentucky fullback, kicked ten times against Alabama for an average of 46.2 yards from the line of scrimmage. If you don't think this is good, glance at the gridiron statistics for any of the big games in last Sunday's papers and see how many kickers come even close to that figure.

Kereheral is the iron man of the Kentucky squad. He played every minute of five successive games, besides kicking, he runs, passes, blocks, tackles and calls the signals.

North Carolina led all states in the number of cotton textile spindles in operation during September.

## Wrestling Referee Suffers Injury

ST. LOUIS, Nov. 24 (AP)—Charles Rentrop, wrestling referee of Memphis, Tenn., was in a hospital here today suffering from a brain concussion received as he officiated in a bout between Ray Steele, Californian, and John Pesek, Nebraskan, here last night.

As Steele applied a front headlock on his opponent, swinging him around, Pesek's heel caught Rentrop on the forehead, knocking him from the ring.

he says. "To allow defensive teams to run with fumbles is simply another step in the direction of throttling the offense and keeping down scoring threats and spectacular play. What should be done is to make it impossible for the defensive side to get possession of the ball on a fumbled backward or lateral pass. Give the ball back to the offense in such a case and count a down. You might do the same on any scrimmage play. Then you'll see some real offensive work, some of the thrills both the boys and the spectators want."

Teams won't be afraid to try double and triple laterals and the ball carrier can cut loose without worrying about somebody knocking the ball out of his arms.

"The way to improve the situation is certainly not to tack another penalty onto brilliant offensive play and make a team afraid to try something new because of the disaster which may come from what should be a minor slip in football."

**Sufficient Reward**  
From what we have observed of the National Football Rules Committee in action, and what we know many of its members think, there is little hope that the committee will do anything at all in regard to permitting the defense to gallop off with a recovered fumble in 1934.

"Take, for example, the case of a team that has negotiated 50 or 60 yards toward the opposing goal, then fumbles a step or two from the goal line," remarked a member of the committee. "suppose also that the defensive side recovers and runs for a touchdown. Who will say that such a mistake merited such a heavy penalty? Loss of the ball, with a consequent opportunity for the defensive side to kick back 40 or 50 yards, is sufficient reward for the defensive side's alertness or luck, whatever you want to call it."

**Rules Take The Rap**  
Moreover, the coaches themselves were loudest among those urging the dead-ball rule now on the books. They felt they were paying too heavy a penalty for the breaks. Now, just because some formerly high-powered offensive teams have been failing to function, the rules are attacked as the cause!

"Do you think any one at Notre Dame is blaming the rules for the team's failure to score in five of the first six games? Or do you hear any complaint from teams such as Army, Princeton, Duke and Purdue, which have been scoring heavily in most of their games?"

Memphis, Tenn. firemen believe times are getting better. They are going to resume the annual firemen's ball, abandoned in 1931 of the depression.

## Picking The Grid Winners For Saturday

By Herbert W. Barker

NEW YORK, Nov. 24 (AP)—Still a bit shell-shocked after last week's dazzling array of upsets, football followers, looking for winners, discover another set of traditional battles rising up to confront them tomorrow.

In most instances, there is little to choose between the big-game rivals but on the basis of results to date, the prospects line up something like this:

Army-Navy—Army favored.  
Yale-Harvard—Leaning toward Yale.

Notre Dame-Southern California—The edge in Southern California's favor.

Michigan-Northwestern—Michigan's the choice.

Princeton-Rutgers—The Scarlet appears in for a beating from the Tigris.

Minnesota-Wisconsin—Minnesota should win handsily.

Stanford-California—Stanford is slightly favored to win.

Duke-North Carolina State—Duke's perfect record seems safe.

Columbia-Syracuse—This looks like a winning finale for Columbia.

Indiana-Purdue—Purdue the indicated winner.

Lafayette-Lafayette—Lafayette favored.

U. C. L. A.-St. Mary's—A ballot for St. Mary's.

Florida-Auburn—The conquerors of Georgia look superior to Florida.

Georgia-Georgia Tech—Georgia's record is better.

Bucknell-Washington & Jefferson—Bucknell's powerful attack seems too much for the Presidents.

Chicago-Dartmouth—Chicago a slight edge.

Nebraska-Iowa—A wavering ballot.

Nothing but the Delicate

Temple-Villanova—Temple's attack looks better.

Louisiana State-Miss. State—Louisiana, considerably.  
Tulane-Sewanee—Ditto, Tulane.  
Texas-Arkansas—Shaky vote for Arkansas.  
Southern Methodist-Baylor—Perhaps Baylor will win.  
Texas Christian-Rice—Rice appears in for a bad afternoon.

A survey conducted by the chamber of commerce at Nashville, Tenn., showed traffic accidents were most numerous during October, November and December.
