Bird Flies 9000 Miles

WASHINGTON (AP) — The longest flight on record for any bird is that of a three-month old Arctic tern. It was banded on the coast of Labrador by a scientist and found on the east coast of South Africa. The shortest distance between the two points was 8000 miles, and the biological survey estimates the flight actually was at least 9000.

AVOID THE DANGER OF CONSTIPATION

Delicious Cereal Overcomes This Condition Safely and Pleasantly

The first signs of constipation may be headaches, tired feelings, sallow complexion, sleeplessness, loss of appetite. If neglected, constipation may seriously impair health.

Today, you can banish constipation by simply eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a good source of iron for the blood.

This "bulk" in ALL-BRAN is gentle in action similar to leafy vegetables. Within the body, it forms a soft mass, and gently clears out the intestinal wastes.

Two tablespoonfuls daily will overcome most types of common constipation. If not relieved this way, see your doctor.

Enjoy ALL-BRAN as a cereal, or use in cooking. Appetizing recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.
